# INFORMATION ABOUT THE VIRGINIA REGISTER OF REGULATIONS

## VIRGINIA REGISTER

The *Virginia Register* is an official state publication issued every other week throughout the year. Indexes are published quarterly, and the last index of the year is cumulative.

The *Virginia Register* has several functions. The full text of all regulations, both as proposed and as finally adopted or changed by amendment are required by law to be published in the *Virginia Register of Regulations*.

In addition, the *Virginia Register* is a source of other information about state government, including all Emergency Regulations issued by the Governor, and Executive Orders, the Virginia Tax Bulletin issued monthly by the Department of Taxation, and notices of all public hearings and open meetings of state agencies.

## ADOPTION, AMENDMENT, AND REPEAL OF REGULATIONS

An agency wishing to adopt, amend, or repeal regulations must first publish in the Virginia Register a notice of proposed action; a basis, purpose, impact and summary statement; a notice giving the public an opportunity to comment on the proposal, and the text of the proposed regulations.

Under the provisions of the Administrative Process Act, the Registrar has the right to publish a summary, rather than the full text, of a regulation which is considered to be too lengthy. In such case, the full text of the regulation will be available for public inspection at the office of the Registrar and at the office of the promulgating agency.

Following publication of the proposal in the *Virginia Register*, sixty days must elapse before the agency may take action on the proposal.

During this time, the Governor and the General Assembly will review the proposed regulations. The Governor will transmit his comments on the regulations to the Registrar and the agency and such comments will be published in the *Virginia Register*.

Upon receipt of the Governor's comment on a proposed regulation, the agency (i) may adopt the proposed regulation, if the Governor has no objection to the regulation; (ii) may modify and adopt the proposed regulation after considering and incorporating the Governor's suggestions, or (iii) may adopt the regulation without changes despite the Governor's recommendations for change.

The appropriate standing committee of each branch of the General Assembly may meet during the promulgation or final adoption process and file an objection with the *Virginia Registrar* and the promulgating agency. The objection will be published in the *Virginia Register*. Within twenty-one days after receipt by the agency of a legislative objection, the agency shall file a response with the Registrar, the objecting legislative Committee, and the Governor.

When final action is taken, the promulgating agency must again publish the text of the regulation, as adopted, highlighting and explaining any substantial changes in the final regulation. A thirty-day final adoption period will commence upon publication in the *Virginia Register*.

The Governor will review the final regulation during this time and if he objects, forward his objection to the Registrar and the agency. His objection will be published in the *Virginia Register*. If the Governor finds that changes made to the proposed regulation are substantial, he may suspend the regulatory process for thirty days and

require the agency to solicit additional public comment on the substantial changes.

A regulation becomes effective at the conclusion of this thirty-day final adoption period, or at any other later date specified by the promulgating agency, unless (i) a legislative objection has been filed, in which event the regulation, unless withdrawn, becomes effective on the date specified, which shall be after the expiration of the twenty-one day extension period; or (ii) the Governor exercises his authority to suspend the regulatory process for solicitation of additional public comment, in which event the regulation, unless withdrawn, becomes effective on the date specified which date shall be after the expiration of the period for which the Governor has suspended the regulatory process.

Proposed action on regulations may be withdrawn by the promulgating agency at any time before final action is taken.

## EMERGENCY REGULATIONS

If an agency determines that an emergency situation exists, it then requests the Governor to issue an emergency regulation. The emergency regulation becomes operative upon its adoption and filing with the Registrar of Regulations, unless a later date is specified. Emergency regulations are limited in time and cannot exceed a twelve-months duration. The emergency regulations will be published as quickly as possible in the *Virginia Register*.

During the time the emergency status is in effect, the agency may proceed with the adoption of permanent regulations through the usual procedures (See "Adoption, Amendment, and Repeal of Regulations," above). If the agency does not choose to adopt the regulations, the emergency status ends when the prescribed time limit expires.

## STATEMENT

The foregoing constitutes a generalized statement of the procedures to be followed. For specific statutory language, it is suggested that Article 2 of Chapter 1.1:1 (§§ 9-6.14:6 through 9-6.14:9) of the Code of Virginia be examined carefully.

## CITATION TO THE VIRGINIA REGISTER

The Virginia Register is cited by volume, issue, page number, and date. 1:3 V.A.R. 75-77 November 12, 1984 refers to Volume 1, Issue 3, pages 75 through 77 of the Virginia Register issued on November 12, 1984.

Banks, Jr., Secretary, Director of the Division of Legislative Services.

**Staff of the Virginia Register:** Joan W. Smith, Registrar of Regulations; Ann M. Brown, Assistant Registrar of Regulations.

**Citizen Participation in the Rule-Making Process**

As required by the Administrative Process Act, each agency of the Commonwealth is required to develop, adopt and utilize public participation guidelines for soliciting the input of interested parties in the formation and development of its regulations.

Citizens may participate in the process by which administrative regulations are adopted, amended, or repealed by submitting data or views on proposed regulations either orally or in writing, to the proposing agency (see General Notices and Calendar of Events section of the *Virginia Register*).

**How to Follow State Agency Regulatory Action in the Virginia Register**

Under the provisions of the Administrative Process Act, state agencies must publish in the *Virginia Register* the full text of proposed rules and regulations, if substantive, as well as a summary statement.

In addition, the agency is required to provide a public comment period and hold a public hearing. A notice of hearing will be published sixty days prior to the hearing. Such notices are published in the CALENDAR OF EVENTS section of the *Virginia Register*. Proposed regulations and adopted regulations are published in separate sections of the *Virginia Register*.

All executive orders and comments on regulations issued by the Governor are published under the GOVERNOR section.

The CALENDAR OF EVENTS section not only contains the notices of public comment periods and hearings but also all notices of meetings required to be open under the provisions of the Freedom of Information Act.

## STATE BOARD OF ARCHITECTS, PROFESSIONAL ENGINEERS, LAND SURVEYORS, AND CERTIFIED LANDSCAPE ARCHITECTS.

**Title of Regulations:** VR 130-01-2. Rules and Regulations of the State Board of Architects, Professional Engineers, Land Surveyors, and Certified Landscape Architects.

**Statutory Authority:** Chapters 1.1 and 3 of Title 54, and Chapter 7 of Title 13.1 of the Code of Virginia.

**Summary:**

*Chapters 1.1 and 3 of Title 54 and Chapter 7 of Title 13.1 of the Code of Virginia provide the statutory basis for promulgation of regulations governing the practice of architecture, engineering, land surveying, and landscape architecture in Virginia. As a result of regulatory reform efforts, the Board proposes to entirely revise its regulations governing these practices.*

*The revisions address the following issues, which will affect architects, engineers, land surveyors, and certified landscape architects and professional corporations and business entities of architects, engineers, land surveyors, and certified landscape architects: education and experience necessary to qualify for examination and licensure, provisions for disciplinary actions, suspensions, revocations and fines, and reinstatement of certificates or licenses.*

VR 130-01-2. Rules and Regulations of the State Board of Architects, Professional Engineers, Land Surveyors, and Certified Landscape Architects.

### PART I GENERAL

§ 1.1. Who is required to obtain a license/certificate.

*(Reserved for §§ 54-17.1, 54-26.1, 54-37, 54-37.1 of the Code of Virginia.)*

§ 1.2. Determining qualifications of applicants.

*In determining the qualifications of an applicant for a license as an architect, a majority vote of only the architect members of the Board shall be required. In determining the qualifications of an applicant for a license as a professional engineer, a majority vote of only the engineer members of the Board shall be required. In determining the qualification of an applicant for a license*

*as a land surveyor, a majority vote of only the land surveyor members of the Board shall be required, and in determining the qualifications of an applicant for certification as a landscape architect, a majority vote of only the landscape architect members only shall be required. (§ 54-1.28 1., § 54-25.)*

§ 1.3. Expiration, renewal and fees of licensees.

*For purposes of this regulation, "licenses" shall also mean certificates and certificates of authority. The word "licensee" shall mean certificate holder when referring to certified landscape architects. All fees are nonrefundable.*

*A. Licenses that expire on December 31, 1984, for individuals licensed will be renewed in a staggered renewal system whereby an approximately equal number of licenses will be renewed each month during a biennium. Renewal notices mailed in the fall of 1984 will indicate the amount of fee due and the next expiration date. The amount of fees charged to each licensee will be determined by the following schedule on a one-time basis.*

Expiration Date	Amount of Fee	
	Architects Land Surveyors Landscape Architects	Professional Engineers
July 31, 1985	\$15	\$10
August 31, 1985	17	12

April 30, 1987	58	41
May 31, 1987	60	42
June 30, 1987	63	44

*Any license expiring on or after July 31, 1985, will be renewed for a two-year period upon payment of a fee of \$50 for architects, land surveyors, and certified landscape architects, and \$35 for professional engineers.*

# Proposed Regulations

B. Beginning on July 1, 1984, all new licenses will expire two years from the last day of the month in which issued.

C. Failure to receive a renewal notice shall not relieve the licensee of the obligation to renew. If the licensee fails to receive the renewal notice, a copy of the license may be submitted with the required fee.

D. For any licensee failing to renew the license within one month following the date it expires, a penalty fee of \$50 for architects, land surveyors, and certified landscape architects, and \$35 for professional engineers will be required, in addition to the regular renewal fee. Any licensee failing to renew the license within six months after it expires must apply for reinstatement of the license.

E. The date a fee is received by the Department of Commerce, or its agent, will be used to determine whether a penalty fee or the requirement for reinstatement of a license is applicable.

F. Revoked or suspended licenses are not renewable until reinstated by the Board.

G. Licenses for professional corporations and business entities shall expire on December 31 of each odd-numbered year. Each license will be renewed upon payment of \$50 for professional corporations and \$10 for business entities. Failure to receive written notice from the Department shall not relieve the license holder from the responsibility to renew. (§ 54-1.28. 4., § 54-37.3 C.)

## § 1.4. Reinstatements.

If the licensee fails to renew the license within 6 months following its expiration date, the licensee will be required to apply for license reinstatement. The applicant will be required to present reasons why the license should be reinstated, and the Board may grant reinstatement of the license or require a requalification and/or reexamination. The application fee for reinstatement of a license shall be an amount equal to twice the renewal fee.

A. The date the renewal application and fee are received in the office of the Department shall be the factor determining whether a license shall be renewed without penalty fees or shall be subject to reinstatement procedures.

B. Revoked licenses, suspended licenses, and licenses not renewed from past renewal periods shall not be renewable under this regulation. (§ 54-1.28. 4.)

## § 1.5. Replacement of wall certificate.

Any licensee may obtain a replacement for a lost, destroyed, or damaged wall certificate only upon submission of a \$20 fee accompanied by a written request indicating that the certificate was lost, destroyed, or damaged.

§ 1.6. Grounds for suspension, denial of renewal, or revocation.

No license/certificate shall be suspended, denied renewal, or revoked unless a majority of the members of the entire Board and a majority of the Board members of the profession involved vote for the action. The Board may suspend, fail to renew, or revoke any license, certification, certificate of authority, or registration as a business entity, after the granting of a hearing to the holder thereof if the Board finds that:

A. The license, certification or registration was obtained or renewed through fraud or misrepresentation; or

B. The holder has been found guilty by the Board, or by a court of competent jurisdiction, of any material misrepresentation in the course of professional practice, or has been convicted of any felony or misdemeanor which, in the judgment of the Board, adversely affects the individual's ability to perform satisfactorily within the licensed discipline; or

C. The holder is guilty of professional incompetence or negligence; or

D. The holder is addicted to drugs or alcohol to the extent that professional competence is adversely affected; or

E. The holder violates or induces others to violate any provision of Chapters 1.1 and 3 of Title 54, or Chapter 7 of Title 13.1, of the Code of Virginia, or any other statute applicable to the practice of the professions herein regulated or any provision of these rules and regulations. (§ 54-25., § 54-1.20., § 54-1.21., § 54-1.28.)

## § 1.7. Responsibility to the public.

The primary obligation of the professional is to the public. If the professional judgment of the licensee is overruled under circumstances when the safety, health, property, and welfare of the public are endangered, the professional shall inform that employer or client of the possible consequences and notify appropriate authorities. (§ 54-25.)

## § 1.8. Public statements.

The professional shall be truthful in all professional matters. When serving as an expert or technical witness, the professional shall express an opinion only when it is based on an adequate knowledge of the facts in the issue and on a background of technical competence in the subject matter. Except when appearing as an expert witness in court or an administrative proceeding when the parties are represented by counsel, the professional shall issue no statements, reports, criticisms, or arguments on

matters relating to professional practice which are inspired or paid for by an interested party or parties, unless the licensee has prefaced the comment by disclosing the identities of the party or parties on whose behalf the professional is speaking, and by revealing any self-interest. (§ 54-25. (2))

## § 1.9. Conflicts of interests.

The professional shall promptly and fully inform an employer or client of any business association, interest, or circumstance which may influence the professional's judgment or the quality of service.

A. The professional shall not accept compensation, financial or otherwise, from more than one party for services on or pertaining to the same project, unless the circumstances are fully disclosed to all parties of current interest.

B. The professional shall neither solicit nor accept financial or other valuable consideration from material or equipment suppliers for specifying their products or services.

C. The professional shall not solicit or accept gratuities, directly or indirectly, from contractors, their agents, or other parties dealing with a client or employer in connection with work for which the professional is responsible. (§ 54-25.)

## § 1.10. Solicitation of work.

The professional shall not bribe. The professional shall not falsify or permit misrepresentation of the professional's work or an associate's academic or professional qualifications, nor shall the professional misrepresent the degree of responsibility for prior assignments. Materials used in the solicitation of employment shall not misrepresent facts concerning employers, employees, associates, joint ventures or past accomplishments of any kind. (§ 54-25.)

## § 1.11. Improper conduct.

The professional shall not knowingly associate in a business venture with, or permit the use of the professional's name or firm name by any person or firm where there is reason to believe that that person or firm is engaging in activity of a fraudulent or dishonest nature or is violating statutes or any of these regulations.

A. If the professional has direct knowledge that another individual or firm may be violating any of these provisions, or the provisions of Chapters 1.1 and 3, Title 54, or Chapter 7, Title 13.1 of the Code of Virginia, the professional shall immediately inform the Secretary of the Board in writing and shall cooperate in furnishing any further information or assistance that may be required.

B. Competency for Assignments - The professional

shall undertake to perform professional assignments only when qualified by education or experience in the specific technical field of the profession involved. The professional may accept an assignment requiring education or experience outside of the field of the professional's competence, but only to the extent that services are restricted to those phases of the project in which the professional is qualified. All other phases of such project shall be the responsibility of licensed or certified associates, consultants or employees.

C. If evidence is furnished to the Board which creates doubt as to the competency of a regulant to perform professional assignments in a technical field, the Board may require that individual to prove competence by interview, presentation, or examination. Failure to appear before the Board, pass an examination, or otherwise demonstrate competency to the Board shall be basis for revocation or suspension of licenses/certificates. (§ 54-25.)

## § 1.12. Licensee's approval of an unlicensed person's work.

No licensee shall affix a name, seal, or certification to any plat, design, specification, or other work constituting the practice of the professions regulated which has been prepared by an unlicensed person unless such work was performed under the direction and supervision of the licensee, either while employed by the licensee or while employed by the same firm as the licensee.

A. For the purposes of this section, an "employee" shall mean an individual who receives compensation for work performed from a firm which employs or which has as a principal on full-time basis, a licensee in the appropriate professional discipline.

B. A licensee shall exert control over the end product of professional work performed. (§ 54-25.)

## § 1.13. Organization and styling of practice.

Nothing shall be contained in the name, letterhead, or other styling of a professional practice implying a relationship, ability, or condition which does not exist. (§ 54-1.20., § 54-26.1 C., § 13.1-544.1)

## § 1.14. Use of seal.

A principal or authorized licensed employee shall apply a rubber stamp or preprinted seal to final and complete cover sheets and to each original sheet of plans, drawings, and/or plats, prepared by the regulant. The seal shall be applied to the cover sheet of technical reports and specifications prepared by the regulant or by someone directly responsible to the regulant. (§ 54-1.20., § 54-25.)

A. All seal imprints on final documents shall be signed.

B. Uncompleted plans, documents, and sketches, whether advance or preliminary copies, shall be so

# Proposed Regulations

identified and need not be sealed or signed.

C. The seal of each person responsible for each discipline shall be used.

D. Application of the seal and signature indicates acceptance of responsibility for work shown thereon.

E. The seal shall conform in detail and size to the design illustrated below:

\* The number referred to is the number, usually four or five digits, as shown on the wall certificate and not the license renewal number issued each biennium as indicated on the licensee's pocket card. The number will not change every two years, but is permanent.

\*\* The 3A certificate number with a suffix B shown on the land surveyor seal applies only if said land surveyor is licensed under § 54-17.1(3)(a) and (3)(b).

## § 1.15. Licensee required at each place of business.

Corporations, partnerships, firms, or other legal entities maintaining any place of business in the Commonwealth of Virginia for the purpose of providing or offering to provide architectural, engineering, land surveying, or certified landscape architectural services to the general public, shall have in responsible charge at each place of business a licensed or certified professional in each discipline being offered. (§ 54-37.3., Chapter 7 Title 13.1)

- Division H. Materials & Methods
- Division I. Construction Documents & Services

G. Candidates who are taking portions of the examination in accordance with the transition schedule must take all divisions required by the schedule at one sitting.

H. Examinees will be given specific instructions as to the conduct of each division of the exam at the exam site. Examinees are required to follow these instructions to assure fair and equal treatment to all examinees during the course of the examination.

I. Examinees will be advised only of passing or failing the examination. Only the Board and its staff shall have access to examination papers, scores, and answer sheets.

## J. Examination Reviews.

1. Upon written request to the Board, examinees will be permitted to individually view only their own failed examinations in the graphic divisions.

2. The Board, upon such written request, will schedule a group meeting with failing examinees for the purposes of reviewing the graphic divisions of the examination.

3. Upon agreement of the Board that a failed examination of Division B or Division C merits a change in grade from fail to pass, the Board will forward that specific examination to the Exam Coordinator's Committee for re-review. All decisions made by the Exam Coordinator's Committee are final. (§ 54-1.28 2.)

## § 2.6. License by reciprocity.

A. Any person licensed in another state, jurisdiction or territory of the United States may be granted a license without written examination, provided that:

1. The applicant meets all the requirements for licensing in Virginia; and

2. The applicant holds a currently valid license in good standing in the jurisdiction of original licensure.

B. The Board may accept a currently valid license in good standing from the applicant's current base state if transferred from the jurisdiction of original licensure. (§ 54-1.28 10.)

<b>EXPLANATION OF REQUIREMENTS</b>					

# Proposed Regulations

---

- B-1 Entry to Exam To be approved to sit for the exam, an applicant must;
- B-1.1.1 Be at least 18 years of age;
  - .2 Hold a high school diploma or equivalent;
  - .3 Be of good character as verified by employers and architects;
  - .4 Hold an architecture degree, approved by the Board, or have at least 5 years of education credits;
  - .5 Have at least 3 years of training credits;

- B-2 Education Credits Education Credits shall be subject to the following conditions:
- B-2.1.1 No education credits may be earned prior to graduation from high school.
  - .2 Applicants with the degree specified in A-1 through A-4 will be allowed the credit shown in the Maximum Credit Allowed column, regardless of the length of the degree program. Applicants without the degree specified in A-1 or A-2 may not accumulate more than 3 years of education credits in the aggregate from all degree programs.
  - .3 32 semester credit hours or 48 quarter credit hours are considered to be 1 year. Fractions of a year of one-half or greater will be considered one-half year, and smaller fractions will not be counted.
  - .4 Foreign education credits will be granted only under classifications A-2 and A-4. Any cost of translation and evaluation will be borne by the applicant.

- B-3 Training Credits Training credits shall be subject to the following conditions:
- B-3.1.1 No training credits may be earned prior to accumulating 2½ education credits.
  - .2 Every applicant must earn at least one year of training credit under A-5 or A-6 and must earn it after earning 5 years of education credits.
  - .3 To earn credit under A-10 or A-11, an applicant's credit hours must be in subjects evaluated by the Board as directly related to architecture. 20 semester credit hours or 30 quarter credit hours of teaching or equivalent time in research will equal 1 year.
  - .4 No credit used as an education credit may be used as a training credit.
  - .5 Organizations will be considered to be "offices of registered architects": (a) the architectural practice of the organization in which the applicant works is in the charge of a person practicing as a principal and the applicant works under the direct supervision of a registered architect, and (b) the organization is not engaged in construction, and (c) the organization has no affiliate engaged in construction which has a substantial economic impact upon the person or persons in the organization practicing as a principal.
  - .6 An organization (or an affiliate) is engaging in construction if it customarily engages in either of the following activities:
    - (a) undertakes to provide labor and/or material for all or any significant portion of a construction project, whether on lump sum, cost plus or other basis of compensation, or
    - (b) agrees to guarantee to an owner the maximum construction cost for all or any significant portion of a construction project.
  - .7 A person practices as a "principal" by being (a) a registered architect and (b) the person in charge of the organization's architectural practice, either alone or with other registered architects.
  - .8 In evaluating training credits the Board may, prior to licensure, require the applicant to substantiate training experience by comparing this experience to the training requirements as indicated for the Intern-Architect Development Program (IDP). See IDP Training Requirements below.

- B-4 General Evaluation Criteria
- B-4.1 To earn full education or training credits under A-5, A-6, A-7, A-8 and A-9 an applicant must work at least 35 hours per week for a minimum period of Criteria consecutive weeks under A-5 or 6 consecutive months under A-6, A-7, A-8 or A-9. An applicant may earn one-half the credit specified under A-5 for work of at least 20 hours per week in periods of 6 or more consecutive months; no credit will be given for part-time work in any category other than A-5.
  - .2 Other education and training may be substituted for the requirements outlined above, only insofar as the Board considers them to be equivalent to the required qualifications.
  - .3 In evaluating credits, the Board may, prior to registration, require substantiation of the quality and character of the applicant's experience, notwithstanding the fact that the applicant has complied with the technical education and training requirements set forth above.

PART II SPECIAL TRAINING REQUIREMENTS FOR INTERN-ARCHITECT DEVELOPMENT PROGRAM (IDP) APPLICANTS

IDP Applicant Defined An IDP Applicant for registration is a person whose training is evaluated by the following criteria in accordance with procedures accepted by the Board.

# Proposed Regulations

**Training Requirements**

An IDP Applicant must acquire a total of 700 Value Units (VU's) to satisfy the training requirements. One VU equals 8 hours of acceptable activity.

The following chart lists the IDP Training Categories and Areas and the Value Unit requirements for each.

**CATEGORY A**

Design and Construction Documents	Minimum VU's Required
1. Programming--Client Contact.....	10
2. Site and Environmental Analysis.....	10
3. Schematic Design.....	15
4. Building Cost Analysis.....	10
5. Code Research.....	15
6. Design Development.....	40
7. Construction Documents.....	155
8. Specifications & Materials Research.....	15
9. Documents Checking and Coordination.....	15

Minimum Total VU's Required **360\***

**CATEGORY C**

**Office Management**

13. Office Procedures.....	15
14. Professional Activities.....	10

Minimum Total VU's Required **35\***

\*The differences between the minimum total VU's required in each of Categories A, B and C and the sum of the minimums required for each Training Area within the Category must be acquired by earning VU's from Training Areas within the same Category.

**CATEGORY B**

**Construction Administration**

10. Bidding Procedures.....	10
11. Construction Phase--Office.....	15
12. Construction Phase--Observation..	15

Minimum Total VU's Required **70\***

**CATEGORY D**

**Related Special Activities**

No Minimum Required

The above listing of required minimums in Categories A, B and C totals 465 VU's, allowing for 235 additional VU's to be acquired in any of the listed Categories. All of the 235 additional VU's may be acquired in one Category or distributed among the Categories.

**Explanation of Requirements**

- VU's in Categories A, B and C may be acquired only if the applicant meets the time requirements of B-5.1 of Part I. VU's may be acquired in Category D only if the activity is substantial and continuous.
- No VU's may be acquired prior to earning 2 1/2 years of education credits (see Part I).
- A Master or Doctoral degree in architecture (except where the degree is the first professional degree) qualifies for 235 VU's under Category D.
- An IDP applicant may earn VU's by completing Board-approved supplementary education programs; credit to be in accordance with a table of credits established by the Board. No VU's may be earned for supplementary education while enrolled in a first or second professional degree program in architecture.
- To satisfy Categories A and B of the Training Requirements, VU's must be acquired in settings described in A-5 or A-7 of Part I.
- A minimum of 235 VU's must be acquired in the setting described in A-5 of Part I after having earned five years of education credits.
- In evaluating training, the Board may, prior to registration, require substantiation of the quality and character of the training notwithstanding the fact that the IDP applicant has complied with the technical training requirements set forth above.
- For detailed descriptions of the IDP Training Categories and Supplementary education requirements, see IDP Training Guidelines available through NCARB. Refer to Part I for education requirements and registration requirements.

## PART III QUALIFICATIONS FOR LICENSING AS A PROFESSIONAL ENGINEER

### § 3.1. Definitions.

The following definitions shall apply in the regulations relating to the licensing of professional engineers.

A. "Approved Engineering Curriculum" means an engineering curriculum of four years or more approved by the Board as being of satisfactory standing. ABET approved engineering curricula are acceptable to the Board.

B. "Approved Experience" means a specific record of acceptable professional experience which the Board, in its discretion, judges to be pertinent in acquiring engineering skills, on engineering projects of a grade and character indicating that the applicant may be competent to practice engineering. Experience required "in responsible charge of important engineering projects" shall also be subject to the Board's approval.

C. "Engineering Examination" means the professional examination in engineering consisting of an eight-hour written examination in the fundamentals of engineering and an eight-hour written examination in the principles and practice of engineering and/or the oral examination where required.

D. "Engineering Intern Designation" means the designation of applicants who complete any one of several combinations of education, or education and experience, and pass the fundamentals of engineering examination. (§ 54-25.)

### § 3.2. Fees.

A. The required fees are listed below. All fees shall be nonrefundable, including the registration fee for any examination the applicant fails to appear for or complete.

To apply for a professional engineer's license ..... \$ 40.

To apply for a professional engineer's examination ..... \$40.

To apply for the professional engineer's examination when the applicant has previously obtained engineer intern status in Virginia ..... \$ 20.

To apply for engineer intern status only ..... \$ 20.

To register for the fundamentals-of-engineering examination or reexamination ..... \$ 40.

To register for the principles and practice of engineering examination or reexamination ..... \$ 40.

To register for an oral examination ..... \$100.

### § 3.3. Character and age.

A. Applicants must be of good character and at least 18 years of age. (§ 54-1.28., § 54-25.)

### § 3.4. References for professional engineering examination.

To be eligible for admission to the principles and practice of the engineering examination, an applicant must indicate competence and integrity to engage in the engineering profession by submitting three references with the application, all of whom shall be licensed professional engineers in some state or territory of the United States. The professional engineers providing the references must have personal knowledge of the applicant's engineering experience and must have known the applicant for at least one year. References must be no more than one year old at the time the applicant is approved to take the requisite examination. (§ 54-1.28., § 54-25.)

### § 3.5. References for fundamentals examination.

Applications for the fundamentals-of-engineering examination only must provide one reference from a professional engineer, or from the dean of the engineering school or a departmental professor in the school attended by the applicant, or an immediate work supervisor. Any reference provided shall be from a person who has known the applicant for at least one year. (§ 54-1.28., § 54-25.)

### § 3.6. Engineering intern status.

The education, and/or experience, and examination requirements for engineering intern status:

A. An applicant who has graduated from an engineering or related science curriculum of four years or more shall pass an eight-hour written examination in the fundamentals of engineering; or

B. An applicant who is not a graduate of a curriculum of four years or more but who, in the judgment of the Board, has obtained the equivalent of such graduation as described, by self study or otherwise, and who has acquired six additional years of Board-approved professional experience on engineering projects, shall pass the fundamentals-of-engineering examination. Experience used to determine educational equivalency shall not be used in satisfying professional experience. (§ 54-1.28., § 54-25.)

### § 3.7. Requirements for professional engineering license.

Education, experience, and examination requirements for licensing as a professional engineer, except for licensing by endorsement as set forth in § 3.8 of these regulations, are as follows:

A. An applicant who has graduated from an approved engineering curriculum, who has passed the fundamentals-of-engineering examination or an equivalent

# Proposed Regulations

exam, and who has a specific record of at least four years of progressive professional experience, shall pass the principles and practice of engineering examination; or

B. An applicant who has graduated from an engineering or a related science curriculum of four years or more, other than those approved by the Board, shall pass the fundamentals-of-engineering examination or an equivalent exam, and who has acquired a specific record of at least six years of progressive professional experience, shall pass the principles and practice of engineering examination; or

C. An applicant who is not a graduate of an approved engineering curriculum of four years or more but who has obtained the equivalent of such graduation by self-study or otherwise, shall pass the fundamentals-of-engineering examination and who acquired ten years of approved professional experience, shall pass the principles and practice of engineering examination. (Experience used to determine educational equivalency not to be used in satisfying professional experience); or

D. An applicant who has graduated from an engineering or related science curriculum of four years or more and who has acquired a specific record of 20 years or more of Board-approved professional experience on engineering projects, of which at least 10 years have been in responsible charge of important engineering projects and of a grade and character which the Board judges to be pertinent to acquiring professional skills, such that the applicant may be competent to practice engineering, shall pass the examination in the principles and practice of engineering; or

E. An applicant who has graduated from an engineering or related science curriculum of four years or more, and who has acquired a specific record of 30 years or more of Board-approved professional experience on engineering projects, of which at least 20 years have been in positions of responsible charge of important engineering projects and of a grade and character which the Board judges to be pertinent to acquiring professional skills, demonstrating that the applicant is eminently qualified to practice engineering, shall pass a special oral examination which indicates to the Board that the applicant is eminently qualified to practice engineering. If the Board has any doubt concerning an applicant's eminent qualifications, the applicant shall be reclassified as an advanced professional engineer candidate. (§ 54-1.28., § 54-25.)

## § 3.8. Licensing by endorsement (reciprocity).

A person holding a license to engage in the practice of engineering, issued to the applicant by another state, territory, or possession of the United States, or the District of Columbia, based on requirements that do not conflict with and are at least as vigorous as these regulations and supporting statutes of this Board, may be licensed without further examination. No person shall be so licensed,

however, who has not passed a written examination in another jurisdiction which is comparable to that administered by the Board. (§ 54-1.28. 10.)

## § 3.9. Training and experience.

Professional engineering training and experience shall be progressive in complexity and based on a knowledge of engineering mathematics, physical and applied sciences, properties of materials, and fundamental principles of engineering design, provided:

A. In general, experience in sales, estimating, field surveying, nonengineering military service, and inspection are considered nonqualifying; and

B. Engineering experience gained by post-graduate engineering study or by engineering teaching as an instructor or higher in an institution approved by the Board may be deemed professional experience; and

C. Engineering experience gained during a Board-approved co-op program may be deemed professional experience to a maximum of one year of credit; and

D. The Board, in its sole discretion, may permit partial credit, not to exceed 3/4 of that required, for engineering experience obtained prior to graduation from an engineering school when such experience is judged to be pertinent in acquiring engineering skills and involves engineering projects under the direct supervision of a licensed professional engineer, who shall clearly differentiate between subprofessional and professional level experience. (§ 54-1.28., § 54-25.)

## § 3.10. Conduct of the examination.

Written examinations shall be conducted under the following general rules:

A. No candidate shall communicate with any other candidate in any way without the direct permission of the proctor.

B. All papers handed in by a candidate shall bear an assigned code number and shall not bear any other identification which can identify the candidate.

C. Textbooks, bound notes, and standard printed references may be used as aides during any part of any examination.

D. Silent, self-powered, electronic calculators may be used.

E. A candidate eligible for admission to both parts of the examination must first successfully complete the fundamentals of engineering examination before being admitted to the principles and practice of engineering examination.

# Proposed Regulations

---

F. Grading - Each part of the written examination will have a value of 100 points. A passing score shall be 70 points. Candidates will be notified of passing or failing and their scores. All requests for score appeals must be received within one year of the date the examination was administered, after which time examinations will no longer be retained.

G. Reexamination - Upon paying a reexamination fee, an applicant may retake either part of the written examination which may have been failed.

H. The oral examination shall consist of a review of the engineering background and examples of the work of the professional engineering candidate in the presence of one or more members of the Board and their consultants. This examination may encompass any facts appearing in the application and supporting papers of the candidate and such direct evidence as the candidate may desire to present to the Board to substantiate the breadth and depth of professional engineering experience, primarily in experience in engineering design and analysis.

1. Substantiating evidence shall be in the form of drawings, sketches, reports, specifications, calculations, published articles, textbooks, or other suitable information demonstrating the engineering experience of the candidate. Based upon this information, the candidate will be subject to questions regarding principles of engineering followed in the execution of such work.

2. The candidate shall demonstrate that the experience record is of a professional level and shall leave no doubt as to the ability to protect the public in the practice of engineering. To fail to demonstrate this ability shall result in reclassification. (§ 54-1.28. 2.)

## § 3.11. Engineering intern designation.

The engineering intern designation shall remain valid indefinitely.

## PART IV QUALIFICATIONS FOR LICENSING AS A LAND SURVEYOR

### § 4.1. Fees.

A. The following nonrefundable fees are required.

Upon application for 3(a) Parts I and II ..... \$ 40.

Upon application for 3(a) Part I only ..... \$ 20.

Upon application for 3(a) Part II only ..... \$ 40.

Upon application for 3(b) ..... \$ 40.

Upon examination or reexamination for Part I or II of 3(a) or 3(b) ..... \$ 40.

B. Applicants approved to sit for an examination must register for the examination and submit the appropriate examination fee not less than 45 days prior to the scheduled examination. Failure to appear for or complete any examination shall result in the forfeiture of said fees. Applicants not properly registered for a scheduled examination shall not be allowed into the examination site. (§ 54-1.28. 4.)

### § 4.2. Transcript of educational records.

The application shall be accompanied by an official transcript of the applicant's college, university or technical institute record, with evidence of successful completion of the required courses in algebra, geometry, trigonometry and surveying. (§ 54-25.)

### § 4.3. Character and age.

Applicants must be of good character and at least 18 years of age. (§ 54-1.28., § 54-25.)

### § 4.4. Applicants licensed in other states.

No land surveyor license shall be granted in this state on the basis of reciprocity to any applicant licensed as a land surveyor in another jurisdiction of the United States; however, full credit will be given to the applicant who has passed the NCEE examination for surveyors given in other jurisdictions. In any event, it will be necessary for an applicant to pass a four-hour examination on Virginia principles, practices, and law in order to obtain a license to practice surveying in this Commonwealth. (§ 54-1.28. 10.)

### § 4.5. Reference.

The applicant shall send to each person listed as a reference on the application form a questionnaire, to be completed according to its accompanying instructions. The references furnished shall be from current business associates or from employees of the same or closely related firm. (§ 54-1.28., § 54-25.)

### § 4.6. Practical 3(a) experience.

"Satisfactory or approved practical experience" means diversified practical training in land surveying under the supervision and direction of a licensed land surveyor. This experience shall have been acquired in positions requiring the exercise of independent judgment, initiative, and professional skill. (§ 54-1.28., § 54-25.)

### § 4.7. Education.

Credit for education shall be allowed as follows:

A. Five years of the six-year 3(a) experience requirement shall be credited to any applicant holding a bachelor of science degree in a Board-approved program emphasizing professional land surveying, with courses including a minimum of 20 semester hours (30 quarter

# Proposed Regulations

hours) in advanced surveying courses; and a minimum of 10 semester hours (15 quarter hours) in supporting courses directly related to land surveying (for example: real property law; land planning; drainage); or

B. In lieu of the foregoing, a program of courses having the prior endorsement and approval of the Land Surveyor Section will be credited with five years of the six-year requirement.

C. Any applicant holding a bachelor of science degree in a Board-approved program emphasizing professional land surveying, including less than the 20 semester hours in advanced surveying courses and 10 semester hours in suitable supporting courses, shall be credited with up to a maximum of four years of the six-year experience requirement.

D. An applicant satisfactorily completing at least two academic years of a curriculum satisfactory to the Land Surveyor Section in a college or technical institute shall be credited with 3/4 year for each year completed, limited to a maximum allowance of three years. The curriculum shall have included surveying, geometry, trigonometry, and algebra, in addition to geodesy, mapping, and related courses.

E. Applicants for 3(b) land surveyor licensure shall present satisfactory evidence of having passed a course in hydraulics, acceptable to the Board, in addition to meeting the other minimum education requirements. Training in any apprenticeship program shall not be an acceptable equivalent to any approved college-level curriculum, but may satisfy one or more of the minimum requirements in mathematics. (§ 54-1.28., § 54-25.)

## § 4.8. Combined education and experience requirements.

To be eligible for admission to the land surveyor examination, an applicant shall meet the following requirements:

A. For Part I of the 3(a) examination: Have six years of practical experience, or a combination of six years of formal education and practical experience acceptable to the Land Surveyor Section, as described in regulations § 4.2.

B. For Part II of the 3(a) examination and for license pursuant to § 54-17.1 (3)(a): Pass Part I of the 3(a) examination and have eight years of practical experience, or have a combination of eight years of formal education and practical experience of a nature and character satisfactory to the Land Surveyor Section.

C. For the 3(b) examination: Hold a valid license as a 3(a) land surveyor and present satisfactory evidence of two years of practical experience in 3(b) professional land surveying, as defined in § 54-17.1 (3)(b), under the supervision and direction of a 3(b) land surveyor or professional engineer. (§ 54-1.28., § 54-25.)

## § 4.9. Interval and duration of examination.

A. The examination for land surveying under § 54-17.1 (3)(a) shall consist of two parts, each part being of eight hours duration. These examinations shall be given at approximately six-month intervals.

B. The examination for land surveying under § 54-17.1 (3)(b) shall be of eight hours duration and shall be given annually. (§ 54-1.28. 2.)

## § 4.10. Grading.

Candidates shall be notified of passing or failing but shall not be notified of their grades. All requests for score appeals must be received within one year of the date the examination was administered, after which examinations will no longer be retained.

A. Each part of the written examination for Part I of the 3(a) examination shall have a value of 100. The passing grade for each separate part shall be 70.

B. For Part II of the (3)(a) examination, each applicant must obtain a minimum passing grade of 70 on the four-hour NCEE increment (Part III) and must obtain a grade of 75 for the four-hour increment related to Virginia requirements.

C. For the (3)(b) examination, each applicant must obtain a minimum passing grade of 75 for the entire eight-hour examination. (§ 54-1.28. 2.)

## § 4.11. Reexamination eligibility.

Should the applicant not pass that examination approved for within two years of the applicant's first sitting, the applicant must reapply for examination. In considering any applicant for requalification, the Land Surveyor Section shall consider all prior examination results as part of the review. The Land Surveyor Section, if notified in advance, will extend the stated time limit up to three years for an applicant serving in the United States armed forces, if the applicant qualifies before entering the military service. (§ 54-1.28. 2.)

## § 4.12. Minimum standards and procedures for land boundary surveying practice.

The following minimum standards and procedures are to be used in the Commonwealth of Virginia. The application of the land surveyor's seal and signature as required by regulations in § 1.14 shall be evidence that the boundary survey or other land survey to be used for conveyance of title or mortgage purposes is correct to the best of the land surveyor's knowledge and belief, and complies with the minimum standards and procedures.

A. Research procedure: The land surveyor shall search the land records for the proper description of the land to be surveyed and obtain the description of adjoining land

# Proposed Regulations

---

as it pertains to the common boundaries. The land surveyor shall have the additional responsibility to utilize any other available data pertinent to the survey being performed from any other source that is known. Evidence found, from all sources, shall be carefully compared with that located and found in the field survey in order to establish the correct boundaries of the land being surveyed. It is not the intent of this rule to require the land surveyor to research the question of title or encumbrances on the land involved.

## B. Minimum field procedures:

1. **Angular Measurement:** Angle measurements made for traverse or boundary survey lines will be made by using a properly adjusted transit type instrument which allows a direct reading to a minimum accuracy of 30 seconds of arc or metric equivalent. The number of angles turned a given station or corner will be the number which, in the judgment of the land surveyor, can be used to substantiate the average true angle considering the condition of the instrument being used and the existing field conditions.

2. **Linear Measurement:** Distance measurement for the lines of traverse or boundary surveys shall be made with metal tapes which have been checked and are properly calibrated as to incremental distances, or with properly calibrated electronic distance measuring equipment following instructions and procedures established by the manufacturer of such equipment. All linear measurements shall be reduced to the horizontal plane and other necessary corrections performed before using for computing purposes.

3. **Field Traverse and Boundary Closure:** The maximum permissible error of closure for a field traverse in connection with a boundary survey located in a rural area shall be one foot in 5,000 feet or metric equivalent of perimeter length. The attendant angular closure shall be that which will sustain the 1/5,000 foot closure. The maximum permissible error of closure for a traverse in connection with a boundary survey located in an urban area shall be one foot in 10,000 feet or metric equivalent of perimeter length. The attendant angular closure shall be that which will sustain the 1/10,000 foot closure. (§ 54-1.28., § 54-25.)

## § 4.13. Office procedures:

A. **Computations:** The computation of field work data shall be accomplished by using mathematical routines that produce closures and mathematical results that can be compared with descriptions and data of record. Such computations shall be used to determine the final boundary of the land involved.

B. **Plats and Maps:** The following information shall be shown on all plats and/or maps used to depict the results of the boundary survey:

1. The title of the boundary plat identifying the land surveyed and showing the district and county or city in which the land is located.

2. The owner's name and deed book referenced where the acquisition was recorded.

3. Names of all adjacent owners or subdivision lot designations.

4. Names of highways and roads with route numbers, railroads, streams adjoining or running through the land, and other prominent or well-known objects or areas which are informative as to the location of the boundary survey.

5. Bearings of all property lines to nearest 10 seconds, or metric equivalent.

6. Distances of all property lines to the nearest one hundredth (.01) of a foot or metric equivalent.

7. Area to the nearest hundredth (.01) of an acre or metric equivalent for rural located surveys.

8. Area to the nearest square foot or decimal of an acre or metric equivalent for urban located surveys.

9. North arrow and source of meridian used for the survey.

10. On interior surveys, a reference distance to a property corner of an adjoining owner.

11. Tax Map designation of parcel number if available.

12. Each monument found and each monument set by the land surveyor.

13. A statement that the boundary survey shown is based on a current field survey. If the land boundaries shown on the plat are the result of a compilation from deed and/or plats by others, that fact will be clearly stated and the title of plat shall not represent a current boundary survey.

14. Name and address of the land surveyor. (§ 54-1.28., § 54-25.)

## § 4.14. Monumentation:

A. Each boundary survey of a tract or parcel of land shall be monumented with objects made of permanent materials at all corners and changes in direction on the boundary with the exceptions of meanders of streams, tidelands, swamps, and roads. Where it is not feasible to set actual corners, appropriate reference markers shall be set, preferable on line, and the location of each shown on the plat or map of the boundary.

B. Original subdivision surveys shall be monumented

in accordance with local ordinances and regulations. Corner monuments are required to be set on subdivision lots or parcels of land to be used for conveyance of title or mortgage purposes, or, if found to be correctly in place, identified by witness stakes. The plat of such survey shall show corner monuments found and those set. (§ 54-1.28., § 54-24.)

## PART V QUALIFICATIONS FOR CERTIFICATION OF LANDSCAPE ARCHITECTS

### § 5.1. Fees.

A. The following non-refundable fees are required.

Upon application ..... \$ 40.

Upon entire examination ..... \$175.

Upon Part A reexamination ..... \$ 30.

Upon Part B reexamination ..... \$ 30.

Upon Part C reexamination ..... \$ 65.

Upon Part D reexamination ..... \$ 65.

Examination fees must be received at least 45 days prior to the examination. (§ 54-1.28. 4.)

### § 5.2. Character and age.

## EXPLANATION OF REQUIREMENTS

### 14. Standards for Certification

1. All applicants requesting Council Certification will be required to meet standards as outlined below. Applicants applying under the "Seasoned Practitioner" category for admission to the Oral Examination must conform to requirements a, b, and d only. Other applicants must meet requirements of a, b, c, and e.
  - a. Good character - established by references from Landscape Architects, employers and clients.
  - b. Landscape Architectural degree - graduation from a school of Landscape Architecture with a four or five year program which was accredited not later than two years following graduation.
  - c. Practical training - have had at least three years of practical training in the offices of registered Landscape Architects.
  - d. Seasoned Practitioner - at least ten years of full time legal Landscape Architectural practice of a quality and character satisfactory to the Council. Applicant will be required to submit a verified record of substantial practice.
  - e. Passing grade on the CLARB Uniform National Examination or its equivalent as outlined under Item #5 below.

NOTE: Other education, training and practice credits may be substituted for requirements 1.b., c., and d. in accordance with provisions in the Table of Equivalents.
2. Council Standards require fulfillment of items a., b., and c. above prior to admission of exam. However, the Council recognizes the prerogative of State Boards utilizing the Uniform National Examination to admit candidates prior to fulfillment of practical training requirement. The Council will accept satisfactory grades of these examinations but any deficit in the education or training requirements must be fulfilled before Certification will be granted.
3. In evaluating credit for education, training or experience, employment of less than a standard working week will be converted to an equivalent standard working week. No additional credit will be allowed for employment in excess of a standard working week.
4. For purpose of CLARB Certification, there is no limit to the number of retakes in either individual examination or the total examination.
5. Since 1970 the CLARB Written Examination has been of 32 hours duration. In those instances where an entire State Board Written Examination of less than 32 hours was taken and passed, compensation for each one hour deficiency in duration may be achieved either by two additional years of acceptable training or by one additional year of practice of a quality and character satisfactory to the Council. The above applies in all cases except those who qualify under the "Seasoned Practitioner" category (see Item #6 below).
6. Those individuals who have ten years experience of a quality and character satisfactory to the Council, not including equivalencies, and initial registration by Written Examination, regardless of length of exam, are eligible for Certification under "Seasoned Practitioner" classification.
7. Council Oral Examinations will be given to those individuals who are presently registered by a State Board other than Written Examination and have ten years practice of a quality and character satisfactory to the Council or the equivalent as established in the Table of Equivalents.

### 15. EDUCATION

1. Substitution of education listed in Table of Equivalents for requirements 14 1.b above shall be subject to the following conditions:
  - a. With a passing grade, 32 semester credit hours or 48 quarters credit hours is considered to be one year. Fractions greater than one-half year will be counted one-half year and smaller fractions will not count.

## PART VI PROFESSIONAL CORPORATIONS AND BUSINESS ENTITIES

### § 6.1. Professional corporations.

A. Definition: "Landscape architecture," as used in these regulations, means certified landscape architecture.

B. The initial application shall include certified true copies of the articles of incorporation, bylaws, and charter, after the applicant corporation has been issued a charter as a domestic corporation by the State Corporation Commission; or, if a foreign professional corporation, after the corporation has been registered with the State Corporation Commission pursuant to § 13.1-544.2 of the Code of Virginia.

C. Bylaws must specifically state that cumulative voting is prohibited. Bylaws shall include a statement, in each applicable instance, that nonlicensed individuals as authorized by §§ 13.1-549, 13.1-544.2, 13.1-550, and other pertinent sections of applicable law, will not have voice or standing in any matter affecting the practice of the corporation requiring professional expertise and/or considered professional practice as defined in § 54-17.1 of the Code of Virginia.

D. Fees - The application fee for a certificate of authority shall be \$50. All fees shall be nonrefundable. (§ 54-37.3 C.)

E. Certificates of Authority - Certificates of authority shall be issued in two categories, general or limited. A general certificate of authority will entitle the corporation to practice the professions of architecture, professional engineering, land surveying, and landscape architecture. A limited certificate of authority will permit a corporation to practice only the profession or professions shown on its certificate of authority, architecture, engineering, land surveying, landscape architecture, or in any two or three. Professional corporations offering services in landscape architecture under provisions of this section must meet the requirements established in § 13.1-549.

F. In the event there is a change in the corporate directorship, whether the change is temporary or permanent and whether it may be caused by death, resignation, or otherwise, the certificate of authority shall be automatically modified to be limited to that professional practice permitted by those pertinent licenses held by the remaining directors of the corporation. The corporation shall notify the State Board within 30 days of the occurrence.

G. Joint Ownership Prohibited - Any type of joint ownership of the stock of the corporation is prohibited. Ownership of stock by nonlicensed or noncertified employees shall not entitle those employees to vote in any matter affecting the practice of the professions herein regulated. Cumulative voting is prohibited.

H. Definition of "Employee" - For the purpose of stock ownership, an employee of a corporation is a person regularly employed by the corporation who devotes sixty percent or more of his gainfully employed time to that of the corporation.

I. Amendments to Charter, Articles of Incorporation, or Bylaws - Each corporation holding a certificate of authority to practice in one or in any combination of the professions covered in these regulations shall file with the Secretary of the Board, within 20 days of its adoption, a certified true copy of any amendment to the articles of incorporation or bylaws.

J. Board of Directors - At least one director appropriately licensed or certified in each discipline offered or practiced by a professional corporation shall devote substantially full time to the business of the corporation to provide effective supervision and control of the final professional product. Nonlicensed or noncertified directors shall not be entitled either to exercise control or to vote in any matters affecting the practice of the professions herein regulated. (§ 13.1-549.)

### § 6.2. Business entities other than professional corporations.

A. Filing of Applications - Each application for registration shall be filed on a form approved by the Board. The application shall identify each regulated professional responsible for professional services in architecture, professional engineering, or certified landscape architecture.

B. Fees - The application fee for registration shall be \$20. All fees shall be nonrefundable. (§ 54-37.3 C.)

C. Registration Certification - The application shall contain an affidavit by an authorized official in the corporation, partnership, sole proprietorship, or other entity unit that the practice of architecture, professional engineering, land surveying, or certified landscape architecture to be done by that entity shall be under the direct supervision and control of the individuals identified in the application as responsible for the practice. In addition, the individuals responsible for the practice shall sign their names indicating that they are the responsible individuals and that they understand and shall comply with all statutes and regulations of the Board. (§ 54-37.3.)

D. Change of Status - Any change in the information on the application must be reported to the Board within 30 days following the change.

## DEPARTMENT OF SOCIAL SERVICES

**Title of Regulations:** VR 615-08-1. Virginia Fuel Assistance Program.

**Statutory Authority:** § 63.1-25 of the Code of Virginia.

**Summary:**

*The amendments make several changes to the Virginia Fuel Assistance Program. The eligibility criteria concerning voluntary quit is being deleted. Benefits for fuel assistance will be based on fuel type as well as income, household size and geographic area. The Heating Equipment Repairs/Replacements component will be replaced with a new Energy Crisis Assistance Program. Finally, there will be a ceiling placed on administrative expenses that will be reimbursed to local departments of social services.*

VR 615-08-1. Virginia Fuel Assistance Program.

PART I  
DEFINITIONS

§ 1.1. The following words and terms, when used herein, shall have the following meaning unless the context indicates otherwise:

"Department" means the Department of Social Services.

"Disabled person" means a person receiving Social Security disability, Railroad Retirement Disability, Supplemental Security Income as disabled, or an individual who has been certified as permanently and totally disabled for Medicaid purposes.

"Elderly person" means anyone who is 60 years of age or older.

"Good cause" means but is not limited to circumstances beyond the household member's control, such as, but not limited to illness, illness of another household member requiring the presence of the person claiming good cause, a household emergency, or the unavailability of transportation; discrimination by an employer based on age, race, sex, handicap, religious belief, national origin, or political beliefs; work demands or conditions that render continued employment unreasonable; enrollment of the wage earner at least halftime in any recognized school, training program, or institution of higher education that requires the wage earner to leave employment; and resignations that are recognized by the employer as retirement.

"Household" means an individual or group of individuals who occupy a housing unit and function as an economic unit by: purchasing residential energy in common (share heat); or, making undesignated payments for energy in the form of rent (heat is included in the rent).

"Poverty Guidelines" means the Poverty Income Guidelines as established and published annually by the Department of Health and Human Services.

"Primary Heating System" means the system that is currently used to heat the majority of the house.

"Resources" means cash, checking accounts, savings account, saving certificates, stocks, bonds, money market certificates, certificates of deposit, credit unions, Christmas clubs, mutual fund shares, promissory notes, deeds of trust, individual retirement accounts, prepaid funeral expenses in excess of \$900, or any other similar resource which can be liquidated in not more than 60 days.

"Energy-related, weather-related, or supply shortage emergency" means a household has: no heat or an imminent utility cut-off; inoperable or unsafe heating equipment; frozen water pipes; major air infiltration of housing unit; or a need for air conditioning because of medical reasons.

# Proposed Regulations

## PART II FUEL ASSISTANCE

§ 2.1. The purpose of the Fuel Assistance Program is to provide heating assistance to eligible households to offset the costs of home energy that are excessive in relation to household income.

### § 1.1. A. Eligibility Criteria.

A. 1. Income Limits - Maximum income limits shall be at or below 150% of the Poverty Guidelines. In order to be eligible for Fuel Assistance, a household's income must be at or below the maximum income limits.

B. 2. Resource Limits - The resource limit for a household containing an elderly or disabled person shall be \$3,000. The resource limit for all other households shall be \$1,500. In order to be eligible for Fuel Assistance, a household's resources must be at or below the amount specified.

C. Voluntary Quit - Any person 16 years of age or older who voluntarily quits his/her employment the month of application or the month prior to application without good cause shall render the household ineligible for fuel assistance for that fuel season.

D. B. Resource Transfer - Any applicant of fuel assistance shall be ineligible for that fuel season if he improperly transfers or otherwise improperly disposed of his legal or equitable interest in non-exempt liquid resources without adequate compensation within one year of application for Fuel Assistance.

Compensation that is adequate means goods, services or money that approximates the value of the resources.

This policy does not apply if any of the following occur:

1. The transfer was not done in an effort to become eligible for Fuel Assistance;
2. The resource was less than the allowable resource limit;
3. The disposition or transfer was done without the person's full understanding.

### § 1.2. § 2.2. Benefits.

Benefit levels shall be established based on income in relation to household size, fuel type, and geographic area, with the highest benefit given to households with the least income and the highest energy need.

Geographic areas are determined by dividing the

Commonwealth into five areas: Central, Eastern, Northern, Southern and Western. These areas represent climate zones as defined by Dr. Samuel Bowen from the Virginia Center for Coal and Energy Research at the Virginia Polytechnic Institute and State University.

Each year, the Division of Energy within the Department of Mines, Minerals, and Energy will supply data on the average costs of various fuels.

Each year the benefit amounts for each geographic area shall be determined by the following method:

A. A projection will be made of the number of households who will apply for Fuel Assistance. The projection will be based on the number of households who applied the previous year increased by the additional number of people who applied the year before.

B. An average grant per household will be determined based on the estimated amount of funds that will be available for benefits.

$$\frac{\$ \text{ available}}{\text{no. of households}} = \text{average grant}$$

C. The benefits for each geographic area will be determined by using the average grant as a base figure and obtaining the highest and lowest benefits by using a ratio for each area based on degree days and the cost of various fuel types.

## PART III HEATING EQUIPMENT REPAIRS/REPLACEMENTS

The purpose of the Heating Equipment Repairs/Replacement Component is to assist eligible households in alleviating situations of an emergency nature by repairing or replacing inoperable or unsafe heating equipment.

### § 2.1. Eligibility Criteria:

A household is eligible for Heating Equipment Repairs/Replacement assistance provided that:

A. The household meets all of the eligibility requirements for Fuel Assistance as stated in § 1.1; and;

B. The applicant, or a member of the household, owns or is responsible for the maintenance of the heating equipment; and;

C. The heating equipment to be repaired or replaced is the primary heating system (or part of) used by the household; and;

D. The heating equipment is inoperable or unsafe at the time of the request. Unsafe is defined as dangerous or harmful to the health or safety of the household.

## § 2.2. Benefits.

An eligible household shall be entitled to up to \$200 in assistance for repairs or replacement of inoperable or unsafe heating equipment.

### PART III ENERGY CRISIS ASSISTANCE PROGRAM

§ 3.1. The purpose of the Energy Crisis Assistance Program component is to assist households with energy-related, weather-related or supply shortage emergencies. This component is intended to meet energy emergencies that cannot be met by the Fuel Assistance Program or other local resources.

#### § 2.1. A. Eligibility Criteria.

In order to be eligible for Energy Crisis Assistance, a household shall meet the following criteria:

1. All of the Fuel Assistance Program criteria as set forth in Part II, § 1.1 § 2.1;
2. Have an energy-related, weather-related or supply shortage emergency as defined in Part I;
3. Other resources cannot meet the emergency (including Fuel Assistance);
4. Did not receive Energy Crisis Assistance during the current federal fiscal year: October 1 - September 30.

#### § 2.2. B. Benefits.

An eligible household can receive no more than \$200 for Energy Crisis Assistance during any federal fiscal year, unless the assistance is for the repair or replacement of heating equipment, in which case the maximum amount of assistance shall be \$400.

The following forms of assistance must be provided:

1. Repairs or replacement of inoperable or unsafe heating equipment;
2. Emergency repairs of dwelling to prevent heat loss;
3. Paying secondary heating sources. Secondary heating source means the energy source used to operate the primary heating equipment;
4. Paying utility security deposits;
5. Repair of frozen water pipes.

The following forms of assistance can be provided at local option:

1. Providing space heaters;

2. Providing blankets or warm clothing;

3. Providing emergency shelter;

4. Paying for cooling assistance when it is medically needed;

5. Other (locality must specify).

### PART IV ADMINISTRATIVE COSTS

§4.1. Local administrative expenditures for the implementation of the Fuel Assistance Program shall not be reimbursed in excess of whichever is the higher of 9% of the agency's allocation of 150% of the average administrative cost per case for the previous year.

## DEPARTMENT OF TAXATION

### Title of Regulations: VR 630-10-3. Retail Sales and Use Tax Regulation 1-3: Advertising

Statutory Authority: § 58.1-203 of the Code of Virginia.

Effective Date: June 6, 1985.

#### Summary:

*The final regulation does not differ substantively from the proposed regulation. Section 1 was amended to add language specifically stating the basic premise of the regulation, i.e., the production of commercial advertising is the production of tangible personal property. Section 2 relating specifically to advertising agencies was added to clearly identify the application of the tax to these agencies, but does not expand or alter the policy set forth in the proposed regulation. Language relative to specific forms of billing was added for clarity. Section 3 was amended to specifically state that surcharges in connection with newspaper advertising are not subject to the tax. This was implicit in the proposed regulation. All changes are nonsubstantive and are made pursuant to public comments in order to make the regulation more easily understood.*

### VR 630-10-3. Retail Sales and Use Tax Regulation 1-3: Advertising.

§ 1-3. Advertising.—(a) Advertising agencies. The tax does not apply to charges for services made by an advertising agency for preparing and placing advertising in media such as newspapers, magazines, radio, television, billboards, etc. The tax applies to purchases by an advertising agency of tangible personal property to be used or consumed in preparing and placing advertising in such media. For example, the tax applies to ink, paper, paint, office supplies, artwork purchased from independent artists, engraver's charges for metal plates, electrotyper's charges for electrotypes or matrices, tape recordings, television films and recordings, billboards posters, etc.

When an agency goes beyond the rendition of services and sells tangible personal property it has purchased for its own account (as differentiated from property it purchases as a service for a specific client and charges the client no more for the property than the agency pays its vendor for the property including the tax), it must register as a dealer in order to collect and pay the tax on the sale of

such property. Registered dealers may purchase tangible personal property for resale by furnishing the seller with a certificate of exemption.

(b) Charges for advertising.—The tax does not apply to charges for advertising in media such as newspapers, magazines, radio, television and billboards. The tax applies to purchases of tangible personal property for use or consumption in preparing, publishing, broadcasting or displaying advertising matter.

Persons engaged in the business of painting signs or applying posters on a building, storefront or other real property must pay the tax on all tangible personal property purchased for use and consumption in preparing, maintaining, displaying and servicing such signs.

(c) Commercial advertising.—The tax applies to all sales at retail of tangible personal property commonly known as commercial advertising, including, but not limited to catalogs, calendars, handbills, novelties, etc.

(d) Premiums and gifts.—The tax applies to purchases of tangible personal property to be given away by persons in advertising their business or products, or given away as premiums, door prizes or for any other reasons. For catalogs and other printed materials, see § 1-18.1. Section under review 1/79.

#### § 1. Generally.

[A person who is engaged in the production of commercial advertisements is not providing a service but is engaged in the production of tangible personal property.] The total charge for the production of tangible personal property used in any form of advertising, including any services in connection with such production, is subject to the tax, absent any other specific exemption. Charges for professional services performed by advertising agencies for others where such services do not result in the production of tangible personal property are not subject to the tax. For example, if a customer contracts with an advertising agency to conduct a marketing survey which results only in a report or recommendations, the charge for conducting such survey represents a nontaxable charge for a professional service. However, if the same customer contracts with the agency to produce a magazine advertisement for a product and in conjunction therewith the agency conducts a marketing survey, the total charge for the production of the advertisement, including charges for the survey, is subject to the tax.

Any person engaged in producing tangible property must register as a dealer and collect and remit the tax on sales of all such property.

## [ § 2. Advertising Agencies.

The tax applies to the total charge made by an advertising agency as set forth in § 1 above, regardless of the method in which the agency bills a client for the production of an advertisement whether as a fixed fee, hourly rate or cost plus basis. Where an agency is paid a retainer for the performance of a variety of functions which may or may not involve the production of tangible advertising, the entire retainer will be subject to the tax unless the agency separately states the charge for the production of the tangible product.

Where an agency provides services which do not result in the production of a tangible product, the tax will not apply to charges for such services. However, all tangible personal property purchased by the agency for use in performing the services is subject to the tax at the time of purchase. ]

## [ § 2- § 3. ] Newspaper and other print media advertising.

### A. Ad production.

The tax applies to the total charge for preparing an advertisement for placement in a newspaper or other publication. The amount subject to the tax includes charges for concept and copy, art work furnished to the customer, charges for labor to produce the layout, compose the ad or display, and to produce mechanicals and charges for models, props, type, and similar items.

Materials which become a part of the newspaper advertisement such as art work, typesetting, photographs, and similar items may be purchased exclusive of the tax under a resale exemption. However, pencils, layout boards, and similar equipment and supplies used in producing advertising are used and consumed by the person engaged in such production and are subject to the tax at the time of purchase.

B. Charges for placing and running advertisement in newspaper or other print media.

1. The charge for placing and running an advertisement in a newspaper or in any other print media is not subject to the tax.

2. Where the newspaper or magazine develops the advertisement but makes no charge, either implicit or specific, for such development, there is no taxable transaction. Generally, this nontaxable transaction will occur only where a newspaper or magazine utilizes standard "space" charges based upon the amount of newspaper or magazine space purchased by a customer and such charge is uniformly applied to all customers regardless of whether the advertisement is prepared by the newspaper or furnished by the customer. [ Additional surcharges for special effects, such as color, will not negate this exclusion provided

all other criteria are met. ] Where a newspaper or magazine prepares an advertisement and does not utilize standard space charges or makes a separate charge for the production of the advertisement, such charges will be subject to the tax.

## [ § 2- § 4. ] Audio-visual advertising.

### A. Ad production.

The tax applies to the total charge for the production of an audio advertisement or an audio-visual film or television advertisement or promotion. The amount subject to the tax includes charges for concept development, sound effects, props, canned music and talent. The film or tape on which the advertisement or promotion is transmitted may be purchased exclusive of the tax under a resale certificate of exemption. Items used or consumed by the producer of the advertising such as cameras, film or tape editing equipment, and similar items are subject to the tax at the time of purchase.

B. Charges for placing and airing advertisement on television or radio.

1. The charge for airing an advertisement on television or radio is not subject to the tax.

2. Where the television or radio station develops the advertisement but makes no charge, either implicit or specific, for such development, there is no taxable transaction. Generally, this nontaxable transaction will occur only where the station utilizes standard "airtime" charges based upon the amount and the time period of airtime purchased by a customer and such charge is uniformly applied to all customers regardless of whether the advertisement is prepared by the station or furnished by the customer. Where a radio or television station prepares an advertisement and does not utilize standard airtime charges or makes a separate charge for the production of the advertisement such charges will be subject to the tax.

## [ § 4- § 5. ] Other advertising.

The tax applies to the total charge for other advertising which results in the production of tangible personal property. Examples of such taxable property include the design of advertising logos, business cards, envelopes, forms, banners, display racks, brochures, letters, specialty, promotional and premium items, and campaign flyers, posters, and brochures. The amount subject to the tax includes any labor or service charges in connection with the production of this property. Items which become a part of taxable property may be purchased exclusive of the tax under a resale certificate of exemption. However, supplies and equipment used in the production of taxable property, including art supplies, drawing boards and similar items are used and consumed by the person engaged in such production and are subject to the tax at the time of purchase.

# Final Regulations

---

[ § 6. § 6. ] *In-house advertising.*

*Materials and supplies and other tangible personal property used in "in-house" advertising, that is, advertising produced by any entity to advertise, promote or display its own product or services, are subject to the tax at the time of purchase.*

*For outdoor signs, see § 630-10-100, for interstate commerce, see § 630-10-51. Section under review 1/79 through 5/85; section revised 6/85.*

*NOTE: This regulation is effective June 1, 1985 and will expire on June 30, 1986. Effective July 1, 1986, charges for the planning, creating, or placing of advertising in newspapers, magazines, billboards, broadcasting or other media, including without limitation, the providing of concept, writing, graphic design, mechanical art, photography and production supervision will not be subject to the tax. Persons providing these services will be deemed to be the users and consumers of all tangible personal property purchased.*

## GOVERNOR'S COMMENTS ON PROPOSED REGULATIONS

(Required by § 9-6.14:9.1 of the Code of Virginia)

**Title of Regulation: Revisions to 1984 Virginia Voluntary Formulary (VR 355-01-1).**

**Agency: Department of Health**

**Governor's Comment:**

No objections to the proposed regulations as presented.

Charles S. Robb  
Date: April 4, 1985

**Title of Regulation: Use of Diesel-Powered Equipment in Underground Coal Mines (VR 480-05-8.1)**

**Agency: Division of Mines, Minerals, & Energy**

**Governor's Comment:**

I have reviewed the proposed regulation governing the use of diesel-powered equipment in underground coal mines (VR 480-05-8.1) and have no objections to the proposed regulation as presented. Given the fact that the regulation contains a number of technical criteria which must be complied with under the proposed regulation, I would like to review any public comments that are received on this regulation at the Public Hearing scheduled for April 10, 1985. After reviewing the Department's response to any issues that might be raised, I will forward the additional comments I might have on this regulation.

Charles S. Robb  
Date: April 4, 1985

**Title of Regulation: Retail Sales and Use Tax Regulation: Advertising (VR 630-10-3)**

**Agency: Department of Taxation**

**Governor's Comment:**

I am writing to provide final comments on the proposed Retail Sales and Use Tax Regulation VR 630-10-3: Advertising, which I indicated on February 23, 1985, I would provide to you after:

1. Review and final action of any bills that are approved by the 1985 General Assembly on this issue; and
2. Receipt of recommendations from the Secretary of Finance on the proposed final regulation developed in response to public comments received on February 26, 1985.

Chapter 473 of the 1985 Acts of Assembly which I signed into law March 22, 1985, will require, as indicated in the proposed final regulation, that the regulation be modified effective July 1, 1986, to exempt certain advertising charges from the tax. Persons providing these services will be deemed to be the users and consumers of all tangible personal property purchased and will not be subject to the tax beginning July 1, 1986. Until that time, the proposed final regulation, as indicated by the office of the Attorney General, will accurately administer existing statutes and the judicial mandate of WTAR Radio-TV Corporation v. Commonwealth, 217 Va. 877 (1977).

Stuart W. Connock, Secretary of Finance, has reviewed the public comments received, your response, and has approved the proposed regulation. I concur in his recommendation.

**TAXABLE SALES**

IN VIRGINIA COUNTIES & CITIES  
BASED ON RETAIL SALES TAX REVENUES

**QUARTERLY REPORT**

**OCT. *Thru* DEC.**

**1984**

COMMONWEALTH OF VIRGINIA • DEPARTMENT OF TAXATION • RICHMOND, VIRGINIA

VIRGINIA DEPARTMENT OF TAXATION  
RESEARCH DIVISION  
RICHMOND, VIRGINIA 23282

## INTRODUCTION

THE FOLLOWING STATEMENTS DEAL WITH TAXABLE SALES THAT REFLECT DEPOSITS OF VIRGINIA SALES TAX REVENUES, ADJUSTED FOR THE DEALER DISCOUNT, RATHER THAN ACTUAL SALES REPORTED BY THE DEALER. SALES ARE BROKEN DOWN BY BUSINESS CLASSIFICATIONS IN VIRGINIA COUNTIES AND CITIES DURING THE CALENDAR PERIOD INDICATED. THE FIGURES PRESENTED SHOULD BE VIEWED AS APPROXIMATIONS TO THE ACTUAL TAXABLE SALES FOR THE PERIOD SINCE A VARIETY OF FACTORS COULD CAUSE SALES MADE NEAR THE CLOSE OF THE PERIOD TO BE SHIFTED INTO THE NEXT PERIOD. THESE SHIFTS MIGHT RESULT FROM VARIATIONS IN DEALER ACCOUNTING PERIODS, OVERPAYMENT OR UNDERPAYMENT OF TAXES DUE IN A PARTICULAR PERIOD LATER ADJUSTED, UNAVOIDABLE ADMINISTRATIVE DELAYS SUCH AS PROCESSING EQUIPMENT BREAK-DOWNS, OR A COMBINATION OF FACTORS. PECULIAR VARIATIONS OF SALES IN A LOCALITY MAY REFLECT THE CORRECTION OF AN ERROR BY A MULTI-LOCALITY DEALER WHO ERRED IN ALLOCATING SALES AMONG THESE LOCALITIES.

THE FIRST ISSUE, COVERING TAXABLE SALES DURING THE PERIOD OCTOBER - DECEMBER, 1986, SHOWED THE NUMBER OF ESTABLISHMENTS IN EACH BUSINESS CLASSIFICATION. THE FIGURES UNDER THIS HEADING WERE SUBJECT TO MIS-UNDERSTANDING BECAUSE A MULTI-LOCALITY DEALER WHO WAS AUTHORIZED TO FILE A CONSOLIDATED RETURN WAS COUNTED ONLY ONE TIME. IN ISSUES BEGINNING WITH JANUARY - MARCH, 1987, THE TERM NUMBER OF ESTABLISHMENTS WAS CHANGED TO READ NUMBER REGISTERED DEALERS, AND EACH SEPARATE PLACE OF BUSINESS WAS COUNTED ONCE.

EFFECTIVE FOR ALL REPORTS BEGINNING WITH APRIL - JUNE, 1973, THE OTHER MISCELLANEOUS AND UNIDENTIFIABLE CATEGORY ON THE COMMONWEALTH PAGE WAS REDUCED AND THE APPROPRIATE CODE WAS INCREASED TO REFLECT THE TRUE SALES CODE. THIS WAS PERMITTED SINCE ABANDONING THE DISCLOSURE RULE ON THE COMMONWEALTH PAGE WOULD NOT PERMIT THE IDENTIFICATION OF AN INDIVIDUAL DEALER. THE TECHNIQUE OF PUTTING SALES DATA IN THE OTHER MISCELLANEOUS AND UNIDENTIFIABLE CODE WAS CONTINUED ON A LOCALITY BASIS TO AVOID DISCLOSURE.

THE USER OF THESE DATA SHOULD FAMILIARIZE HIMSELF WITH THE EXCLUSIONS AND EXEMPTIONS SET OUT IN SECTION 58-441.6 OF THE VIRGINIA RETAIL SALES AND USE TAX ACT. NUMEROUS SALES ARE EXCLUDED OR EXEMPTED UNDER THE PROVISIONS OF THE ACT, AMONG THE SALES SPECIFICALLY EXCLUDED FROM THE ACT ARE SALES OF ALCOHOLIC BEVERAGES IN GOVERNMENT STORES, SALES OF CERTAIN MOTOR VEHICLES, TRAILERS AND SEMI-TRAILERS, MOBILE HOMES AND TRAVEL TRAILERS, AND SALES OF CERTAIN MOTOR VEHICLE FUELS.

THE DEPARTMENT OF TAXATION HAS AND WILL CONTINUE TO RELEASE REASONABLY COMPARABLE DATA ON A CALENDAR QUARTER AND YEAR BASIS. IF YOU SO DESIRE YOU MAY REQUEST THAT THE DEPARTMENT OF TAXATION PLACE YOUR NAME ON ITS PERMANENT MAILING LIST TO RECEIVE THE QUARTERLY AND YEARLY PUBLICATIONS. NO CHARGE IS CURRENTLY MADE.

EFFECTIVE OCTOBER 1, 1981, THE STATE AND LOCAL TAX BASES MAY BE DIFFERENT AS A RESULT OF THE STATE EXEMPTION OF FUELS FOR DOMESTIC CONSUMPTION (CODES 60, 61, 62, AND 69). LOCALITIES HAVE THE OPTION OF EXEMPTING OR CONTINUING TO TAX FUELS FOR DOMESTIC CONSUMPTION. THIS REPORT IS GENERATED USING THE LOCAL SALES TAX DEPOSITS AND, THEREFORE, IN THOSE LOCALITIES WHICH EXEMPT FUELS FOR DOMESTIC CONSUMPTION THE TAXABLE SALES WILL BE CALCULATED ON A DIFFERENT TAX BASE THAN THOSE THAT DO NOT EXEMPT THESE SALES.

VIRGINIA RETAIL SALES AND USE TAX  
BUSINESS CLASSIFICATION CODE

VIRGINIA DEPARTMENT OF TAXATION  
RESEARCH DIVISION  
RICHMOND, VIRGINIA 23282

MANY BUSINESSES FALL INTO MORE THAN ONE CLASS. FOR EXAMPLE, GROCERY STORES SELL MANY NONFOOD ITEMS, DEPARTMENT STORES, HOTELS, ETC., SELL FOOD. THEREFORE THE CLASSIFICATIONS REFLECT THE PRINCIPAL BUSINESS ACTIVITY, AS REPORTED BY DEALERS.

## INTRODUCTION

THE FOLLOWING STATEMENTS DEAL WITH TAXABLE SALES THAT REFLECT DEPOSITS OF VIRGINIA SALES TAX REVENUES, ADJUSTED FOR THE DEALER DISCOUNT, RATHER THAN ACTUAL SALES REPORTED BY THE DEALER. SALES ARE BROKEN DOWN BY BUSINESS CLASSIFICATIONS IN VIRGINIA COUNTIES AND CITIES DURING THE CALENDAR PERIOD INDICATED. THE FIGURES PRESENTED SHOULD BE VIEWED AS APPROXIMATIONS TO THE ACTUAL TAXABLE SALES FOR THE PERIOD SINCE A VARIETY OF FACTORS COULD CAUSE SALES MADE NEAR THE CLOSE OF THE PERIOD TO BE SHIFTED INTO THE NEXT PERIOD. THESE SHIFTS MIGHT RESULT FROM VARIATIONS IN DEALER ACCOUNTING PERIODS, OVERPAYMENT OR UNDERPAYMENT OF TAXES DUE IN A PARTICULAR PERIOD LATER ADJUSTED, UNAVOIDABLE ADMINISTRATIVE DELAYS SUCH AS PROCESSING EQUIPMENT BREAK-DOWNS, OR A COMBINATION OF FACTORS. PECULIAR VARIATIONS OF SALES IN A LOCALITY MAY REFLECT THE CORRECTION OF AN ERROR BY A MULTI-LOCALITY DEALER WHO ERRED IN ALLOCATING SALES AMONG THESE LOCALITIES.

THE FIRST ISSUE, COVERING TAXABLE SALES DURING THE PERIOD OCTOBER - DECEMBER, 1959, SHOWED THE NUMBER OF ESTABLISHMENTS IN EACH BUSINESS CLASSIFICATION. THE FIGURES UNDER THIS HEADING WERE SUBJECT TO MIS-UNDERSTANDING BECAUSE A MULTI-LOCALITY DEALER WHO WAS AUTHORIZED TO FILE A CONSOLIDATED RETURN WAS COUNTED ONLY ONE TIME. IN ISSUES BEGINNING WITH JANUARY - MARCH, 1967, THE TERM NUMBER OF ESTABLISHMENTS WAS CHANGED TO READ NUMBER REGISTERED DEALERS, AND EACH SEPARATE PLACE OF BUSINESS WAS COUNTED ONCE.

EFFECTIVE FOR ALL REPORTS BEGINNING WITH APRIL - JUNE, 1973, THE OTHER MISCELLANEOUS AND UNIDENTIFIABLE CATEGORY ON THE COMMONWEALTH PAGE WAS REDUCED AND THE APPROPRIATE CODE WAS INCREASED TO REFLECT THE TRUE SALES CODE. THIS WAS PERMITTED SINCE ABANDONING THE DISCLOSURE RULE ON THE COMMONWEALTH PAGE WOULD NOT PERMIT THE IDENTIFICATION OF AN INDIVIDUAL DEALER. THE TECHNIQUE OF PUTTING SALES DATA IN THE OTHER MISCELLANEOUS AND UNIDENTIFIABLE CODE WAS CONTINUED ON A LOCALITY BASIS TO AVOID DISCLOSURE.

THE USER OF THESE DATA SHOULD FAMILIARIZE HIMSELF WITH THE EXCLUSIONS AND EXEMPTIONS SET OUT IN SECTION 58-441.5 OF THE VIRGINIA RETAIL SALES AND USE TAX ACT. NUMEROUS SALES ARE EXCLUDED OR EXEMPTED UNDER THE PROVISIONS OF THE ACT. AMONG THE SALES SPECIFICALLY EXCLUDED FROM THE ACT ARE SALES OF ALCOHOLIC BEVERAGES IN GOVERNMENT STORES, SALES OF CERTAIN MOTOR VEHICLES, TRAILERS AND SEMI-TRAILERS, MOBILE HOMES AND TRAVEL TRAILERS, AND SALES OF CERTAIN MOTOR VEHICLE FUELS.

THE DEPARTMENT OF TAXATION HAS AND WILL CONTINUE TO RELEASE REASONABLY COMPARABLE DATA ON A CALENDAR QUARTER AND YEAR BASIS. IF YOU SO DESIRE YOU MAY REQUEST THAT THE DEPARTMENT OF TAXATION PLACE YOUR NAME ON ITS PERMANENT MAILING LIST TO RECEIVE THE QUARTERLY AND YEARLY PUBLICATIONS. NO CHARGE IS CURRENTLY MADE.

EFFECTIVE OCTOBER 1, 1981, THE STATE AND LOCAL TAX BASES MAY BE DIFFERENT AS A RESULT OF THE STATE EXEMPTION OF FUELS FOR DOMESTIC CONSUMPTION (CODES 60, 61, 62, AND 69). LOCALITIES HAVE THE OPTION OF EXEMPTING OR CONTINUING TO TAX FUELS FOR DOMESTIC CONSUMPTION. THIS REPORT IS GENERATED USING THE LOCAL SALES TAX DEPOSITS AND, THEREFORE, IN THOSE LOCALITIES WHICH EXEMPT FUELS FOR DOMESTIC CONSUMPTION THE TAXABLE SALES WILL BE CALCULATED ON A DIFFERENT TAX BASE THAN THOSE THAT DO NOT EXEMPT THESE SALES.

"Instruction Sheet"

Land Surveyor Application - (3) (b)

1. Rules and Regulations: All applicants must have a thorough knowledge of the Rules and Regulations of the Board.

2. Application: The applicant must be typewritten except for signatures. The applicant is responsible to insure that all materials, including references, transcripts, etc., be submitted at least sixty days prior to the examination for which the applicant intends to sit.

Education: A transcript must be submitted from each institution from which the applicant has received credit the applicant wishes to claim. Pursuant to the rules and regulations of the Board, all applicants must submit evidence of a course in trigonometry, algebra, geometry, trigonometry, and geodesy, mapping, and related courses.

Practical Experience and References: (a) The applicant will complete item 16 by engagement. The applicant shall give a brief description of each engagement and outline duties performed. In addition, the applicant must indicate the level of responsibility for each level of engagement and the specific duties of the applicant and fulfilling those responsibilities. DO NOT USE SEPARATE SHEETS. Note that (3) (b) experience is that attained under the direct supervision of a licensed (3) (b) land surveyor or professional engineer in positions of responsibility which require exercise of independent judgment, initiative and professional skill. Applicants for the (3) (b) license must show two years of professional level experience in (3) (b) work.

(b) The applicant will copy each engagement exactly as listed in item 16 separately on DOC Form L-3(3b). This form will be forwarded to the employer listed in column "c" for return to the applicant above. This is required for each engagement including periods of self-employment for which an associate may be used. All forms should be returned directly to the applicant.

5. References: The applicant shall provide to the three references listed in item 15 a copy of DOC Form L-2(3B). The lower portion of the form is to be completed by the referencer and returned directed to the applicant. The referencer shall be licensed as (3) (b) land surveyors or as professional engineers in the Commonwealth of Virginia.

6. Fee: Each application shall be accompanied by a fee of \$40. Should an examination be required, an examination fee will be assessed. Make checks payable to the Treasurer of Virginia. All fees are nonrefundable.

7. Identification: All supplementary papers, forms, transcripts, etc. must be identified with the applicant's name. All appropriate forms, transcripts, references, fees, etc., must accompany the application at the time it is submitted and all such material becomes the property of the Board.

APPLICATIONS NOT COMPLETED IN ACCORDANCE WITH THESE INSTRUCTIONS WILL BE RETURNED TO THE APPLICANT

VIRGINIA STATE BOARD OF ARCHITECTS, PROFESSIONAL ENGINEERS,  
 LAND SURVEYORS AND CERTIFIED LANDSCAPE ARCHITECTS

Dear Applicant:

Your application kit contains the following information:

1. One (1) application - DOC Form E-1.
2. One (1) letter of instruction - DOC Form E-5.
3. Two (2) State Verification of Registration forms - DOC Form E-4.
4. Two (2) verification of degree granted forms - DOC Form E-3.
5. Three (3) reference forms - DOC Form E-2.
6. A written examination schedule for 1985-88.
7. An envelope to return your application and fee.

If, upon inspection, you find that any of the above items are not included, please contact the office of the Virginia State Board of Architects, Professional Engineers, Land Surveyors, and Certified Landscape Architects at (804) 257-8512.

All completely documented applications must be received in this office by January first in order to qualify for the spring examination and no later than August first in order to qualify for the fall examinations, (see the Board's regulation 5.5).

Sincerely,

*Johnsie Williams*

APPLICATION FOR PROFESSIONAL ENGINEER OR ENGINEER-IN-TRAINING

VIRGINIA STATE BOARD OF ARCHITECTS, PROFESSIONAL ENGINEERS,  
LAND SURVEYORS AND CERTIFIED LANDSCAPE ARCHITECTS

APPLICANT CHECK-OFF FORM

Dear Applicant:

Please review your application and qualifications prior to making application since your application fee is non-refundable. The following check-off sheet is provided for your convenience (not to be returned to the Board) as your application package cannot be reviewed by the Board without the appropriate information.

-----  
Prior to mailing my application package to the Board, I have made certain that the following items were complete and appropriate:

- 1. Application Fee of \$20.00, if an EIT applicant, made payable to the Treasurer of Virginia.
- 2. Application Fee of \$40.00, if a PE applicant, made payable to the Treasurer of Virginia. If you have previously applied as an EIT applicant in Virginia, only a \$20.00 application fee is required.
- 3. Completed and notarized application form.
- 4. One letter of endorsement (reference) if an EIT applicant. This requirement will be waived for a graduate from an engineering curriculum of four years or more, approved by the Board, whose application is endorsed by the respective Dean of the Engineering School or Department, or an immediate supervisor, when such application is received within one year of the date of graduation.
- 5. Three letters of endorsement (reference) if a PE applicant.
- 6. All experience listed under item 22 of the application verified.

- 1. All applicants must have a thorough knowledge of the Rules and Regulations of the Board.
- 2. Forms should be typewritten in their entirety except for signatures. Your attention is also directed to paragraph 5.5 of the State Board's rules and regulations. Applications arriving to the Assistant Director must be complete to include all required documentation, references, and verifications. Applicants having taken the EIT in another state are alerted to the fact that there must be verification of the applicant's EIT from the State that administered the examination. Submission of applications just prior to the cut-off date normally results in extremely late notification of eligibility to sit for the scheduled examination.
- 3. EDUCATION: One copy of DOC Form E-3 should be supplied to the college or university from which a degree in engineering or engineering technology has been obtained. This form shall be completed by the institution and returned to the applicant. If a degree was awarded but not in engineering, a transcript must be submitted.
- 4. REFERENCES: One copy of DOC Form E-2 shall be supplied to each of the referencers listed in Item 14. All referencers must be licensed Professional Engineers. If possible, at least two of the referencers should be licensed in Virginia. The referencers shall be other than those persons who verify the applicant's experience (see 5 below). The referencers shall submit completed forms directly to the applicant.
- 5. EDUCATION, TRAINING AND EXPERIENCE RECORD: Under Item 19, show all education, training and experience. DO NOT USE SEPARATE SHEETS! Make concise and explicit statements giving a description of your tasks, duties and nature of work performed for each engagement. List engagements in chronological order with earliest engagement first.  
  
Each engagement (except formal education) must be verified by signature in Column D and returned to the applicant. This includes periods of self employment which may be verified by an associate. This may be done by copying the completed Form E-1 and submitting that copy with signature. However, the original form submitted must be completed as outlined above. Verification of the Experience Record is not normally required prior to 1945. Persons who act as referencers may not verify experience!
- 6. RECIPROCIITY: If you are registered in another state, show all states in Item 9 in which you took a written examination and forward each state a verification of registration form-DOC Form E-4.
- 7. NEC/NCEE CERTIFICATE: Any person applying on the basis of a National Engineering Council Certificate will be required to complete Items 1 through 13a and Items 20 and 21 of the Virginia DOC Form E-1 only. There is no requirement for references or an experience record. This record must be submitted directly from the National Council of Engineering Examiners.
- 8. FEES: Each application must be accompanied by a fee to be returned in the enclosed envelope. (see fee schedule)
- 9. EXAMINATION: Additional information concerning the examination can be obtained from the National Council of Engineering Examiners, P. O. Box 1686, Clemson, South Carolina 29633-1686.
- 10. All supplementary papers accompanying the application must be identified with the applicant's name.
- 11. If degree obtained outside United States, notify office before submitting application. Degree must be verified. Forms mailed upon applicant's request.

APPLICATIONS NOT COMPLETED IN ACCORDANCE WITH THESE INSTRUCTIONS WILL BE PROMPTLY RETURNED TO THE APPLICANT

FEES:

All applications must be accompanied by a fee to defray costs of reviewing same.

1. All applicants seeking licensing as an engineer-in-training by examination must submit a fee of \$20.00. An additional fee of \$20.00 will then be required prior to consideration of eligibility for Part B of the examination.
2. All other applicants (all those with the exception of those who have previously applied for certification as an engineer-in-training by examination in Virginia) must submit a fee of \$40.00. This includes the following:
  - A. All applicants who seek approval for both examinations leading to certification as an engineer-in-training and licensing as a Professional Engineer by examination.
  - B. All applicants who seek approval for Part B only, and have obtained certification as an engineer-in-training in a jurisdiction other than Virginia.
  - C. All applicants seeking endorsement (reciprocity) as a Professional Engineer.
3. Make all checks payable to the Treasurer of Virginia and return them in the enclosed envelope.
4. All fees are non-refundable.

SPECIAL ATTENTION

PROFESSIONAL ENGINEER APPLICANTS

The following additional information concerning the application process is provided for your information:

- A. Applications are circulated by mail to each Board member for review. The average transit time for the review process is approximately 10 days. Creatively review requirements make strict compliance with the established cut-off dates mandated. All applications, including applications of experience, education and examination must be submitted with the basic application.
- B. Applicants planning to enroll in refresher courses should make application in sufficient time to be approved to allow the necessary time to complete the course. Individuals desiring to enroll in such courses prior to having obtained board approval to sit the scheduled examination risk the loss of valuable time and expense.

APPLICANT CHECK-OFF FORM

Dear Applicant:

Please review your application and qualifications prior to making application since your application fee is non-refundable. The following check-off sheet is provided for your convenience (not to be returned to the Board) as your application package cannot be reviewed by the Board without the appropriate information.

-----  
Prior to mailing my application package to the Board, I have made certain that the following items were complete and appropriate:

- 1. Application Fee of \$20.00, if an applicant for Part I or Part II only, made payable to the Treasurer of Virginia.
- 2. Application Fee of \$40.00, if a 3A applicant for both Part I and Part II, made payable to the Treasurer of Virginia.
- 3. Completed and notarized application form.
- 4. Three letters of reference on DOC Form L-2.
- 5. All experience listed under item 16 of the application verified on DOC Form L-3.

Effective 12-14-83

1. Rules and Regulations: All applicants must have a thorough knowledge of the Rules and Regulations of the Board.
2. Application: The application must be typewritten except for signatures. The applicant is responsible to insure that all material, including references, transcripts, etc., be submitted at least sixty days prior to the examination for which the applicant intends to sit. The application and all supporting materials become property of the Board.
3. Education: A transcript must be submitted from each institution from which the applicant has received credit the applicant wishes to claim. Note the requirement for courses in surveying, geometry, trigonometry, and algebra in addition to geodesy, mapping, and related courses.
4. Practical Experience and References: (a) The applicant will complete item 16 by engagement. The applicant shall give a brief description of each engagement and outline duties performed. In addition, the applicant must indicate the level of responsibility for each the time span of each level of responsibility, whether each of the levels was on a full-time or part-time basis, and the specific duties of the applicant in fulfilling those responsibilities. DO NOT USE SEPARATE SHEETS. Note that professional level experience is that attained under the direct supervision of a licensed land surveyor in positions of responsibility which require exercise of independent judgment, initiative and professional skill. Sub-professional experience such as chainman, rodman, instrumentman or transitman, ordinary draftsman is considered non-qualifying. (See explanation on reverse side.)  
  
(b) The applicant will copy each engagement exactly as listed in item 16 separately on DOC Form L-3. This form will be forwarded to the employer listed in column "G" for return to the applicant. This is required for each engagement including periods of self-employment for which an associate may be used. All forms should be returned directly to the applicant.
5. References: The applicant shall provide to the three references listed in item 15 a copy of DOC Form L-2. The lower portion of the form is to be completed by the referencer and returned directly to the applicant. Note that the referencers must be licensed surveyors in Virginia.

Effective 12-14-83

DOC Form L-4

- 6. Application Fee: Each application shall be accompanied by a fee as follows:
  - (a) Application fee for 3A licensure
    - Part I and Part II - - - - \$40.00
    - Part I only - - - - - \$20.00
    - Part II only - - - - - \$20.00
  - (b) Application fee for 3B licensure - - - - - \$40.00
- 7. Reciprocity: If all requirements of Virginia law and regulations have been met, applicants who are licensed in another jurisdiction will be routinely considered for licensing via reciprocity. The applicant must indicate the states in which the applicant was licensed in items 9 and 10. If, in the opinion of the Board, the written examination was not equivalent to that given in Virginia, an examination in part or in entirety may be required.
- 8. Identification: All supplementary papers, forms, transcripts, etc., must be identified with the applicant's name. All appropriate forms, transcripts, references, fees, etc., must accompany the application at the time it is submitted.

APPLICATIONS NOT COMPLETED IN ACCORDANCE WITH THESE INSTRUCTIONS WILL BE PROMPTLY RETURNED TO THE APPLICANT

The following information is provided in determining how to classify experience as professional or sub-professional in item 16 of the application form.

PROFESSIONAL EXPERIENCE

Professional experience is that obtained under the direction and supervision of a licensed land surveyor or someone authorized under statute to engage in such work. Such positions as party chief, computer or others in such positions whose work requires exercise of independent judgment, initiative and skill may so qualify for admission to the examination. Experience as party chief in construction or other such commercial activity is not considered as covering all aspects of land surveying as defined in Section 54-17.1 3(a) and will be credited at a rate of 2/3 year for each year gained with a maximum credit of 2/3 year toward the total requirement. Accredited education, gained in approved colleges and universities, may be credited for 2 years of the total requirement if related to surveying.

SUB-PROFESSIONAL EXPERIENCE

Sub-professional experience is that experience such as draftsman, chainman, rodman, instrumentman, transitman, apprentice or other positions of routine work. Education, not surveying related or gained through correspondence courses or self-study, is considered non-qualifying.

Architect Section  
Instruction Sheet

(In addition to the instructions outlined in Circular 310)

1. **RULES AND REGULATIONS:** All applicants must have a thorough knowledge of the Rules and Regulations of the Board.
2. **APPLICATION:** The application must be typewritten except for signatures. The applicant is responsible for insuring that all material, including references, transcripts, etc., is submitted at least ninety days prior to the examination for which you wish to sit.

Applications for architectural registration:

- A. Application for the Architect Registration Examination - Applicants in this category must complete the entire application.
- B. Application for Licensure Based on Comity/Reciprocity with Another State - Applicants in this category will complete the application in accordance with instructions given below.
3. **EDUCATION:** A transcript must be submitted from each college or university from which the applicant has received a degree to document credit the applicant wishes to claim.
4. **PRACTICAL EXPERIENCE:** The applicant will provide to each employer listed in Section D of the application a copy of DOC Form A-3. The lower portion of the form is to be completed by the employer and returned to the applicant. This is required of each engagement, including self-employment for which an associate may be used as a reference. No credit is allowed for non-referenced employment.
5. **ARCHITECTURAL REFERENCE:** The applicant shall provide to each architect listed in Section E of the application a copy of DOC Form A-4. The lower portion of this form is to be completed by the referencer and returned to the applicant. All architects used as references must be licensed in some state or legal jurisdiction. Architect references may not be present or past employment references, relatives or fellow employees.
6. **FEE:** Each application shall be accompanied by a fee of \$40.00. Should examination be required, an additional fee will be assessed based on the cost of such examination. All checks should be made payable to the Treasurer of Virginia.

7. **NCARB CERTIFICATE/RECORD:** As stated in Circular 310, the applicant that submits a Council Certificate/Record need only complete pages 1 and Item F on page 4 of the Virginia application. The applicant is responsible to insure that such information is transmitted to the State Board from NCARB. It is suggested that should an applicant apply on the basis of an NCARB Council Certificate, all material, including fee and state application, be forwarded to NCARB for transmittal to the Virginia Board. Items 3, 4, and 5 above do not apply to those submitting a Council Record/Certificate.
8. **COMITY/RECIPROCITY:** Applicants who are licensed in another jurisdiction will be considered for license via comity/reciprocity. The applicant must indicate on page 1 of the application the state in which the applicant was registered on the basis of written examination and submit DOC FORM A-2.
9. All supplementary papers, forms, transcripts, etc. must be identified with the applicant's name.

APPLICATIONS NOT COMPLETED IN ACCORDANCE WITH THESE INSTRUCTIONS WILL BE PROMPTLY RETURNED TO THE APPLICANT.

## ARCHITECT REGISTRATION EXAMINATION

## Description of Divisions

## DIVISION A - PRE-DESIGN (Programming, concept development):

Application of the principles of land use planning with respect to the interrelationship of the intended use or uses with the environment in which it is a part; the conversion of raw data, identification of missing data, evaluation of implications, establishing alternatives, and stating the building problem in terms usable for conceptual resolution in the building and site design development phase of service.

## DIVISION B - SITE DESIGN:

The analysis and resolution of the problems involving the topography, geologic aspects of sites, and vegetation and climate, and incorporation of the principles of land use planning, site design and aesthetics, in conjunction with the site placement of a building, group of buildings and/or other site improvements.

## DIVISION C - BUILDING DESIGN:

The synthesis of programmatic and environmental requirements into a coherent and aesthetic concept through the processes of schematic design and design development.

## DIVISION D - STRUCTURAL TECHNOLOGY (General):

The identification, resolution, and incorporation of the technical aspects of construction in structural systems as related to the design of buildings.

## DIVISION E - STRUCTURAL TECHNOLOGY (Lateral Forces):

The identification and resolution of the effects of lateral forces on the technical aspects of the design of buildings and the process of construction.

## DIVISION F - STRUCTURAL TECHNOLOGY (Long Span):

The identification, resolution, and incorporation of the technical aspects of long span design in the design of buildings and the process of construction.

## DIVISION G - MECHANICAL PLUMBING/ELECTRICAL AND LIFE SYSTEMS:

The identification and resolution of the technical aspects of construction as they relate to mechanical, plumbing, electrical, and life safety systems with their incorporation into building design.

## DIVISION H - MATERIALS AND METHODS:

The evaluation and selection of materials and methods as related to the technical aspects of construction and their incorporation into the design of buildings.

## DIVISION I - CONSTRUCTION DOCUMENTS AND SERVICES:

The translation of design concepts, building materials, and systems into instruments of service for construction and the related construction administration of a building project.

#### STATE BOARD OF ACCOUNTANCY

**May 14, 1985 - 7 p.m. – Public Hearing**  
Travelers Building, 3600 West Broad Street, Conference Room 395, 3rd Floor, Richmond, Virginia. (Location accessible to handicapped.)

**May 15, 1985 - 7:30 p.m. – Public Hearing**  
Northern Virginia Community College, Annandale Campus, 8333 Little River Turnpike, Science Building, Annandale, Virginia

**May 16, 1985 - 7 p.m. – Public Hearing**  
City Hall Building, Court House Drive, Council Chambers, Virginia Beach, Virginia

**May 16, 1985 - 7 p.m. – Public Hearing**  
Municipal Building, 215 Church Avenue, Council Chambers, Roanoke, Virginia

*Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Virginia State Board of Accountancy intends to amend regulations entitled: **Regulations of the Board of Accountancy. The regulations govern the practice of public accountancy, including entry qualifications, standards of practice, and provisions for revoking and reinstating licenses and certificates.***

#### STATEMENT

*The Virginia State Board of Accountancy proposes to repeal current regulations, and adopt new regulations*

*consistent with the Commonwealth's policy of intruding as little as possible into the legitimate operations of the Commonwealth's businesses and citizens. The Board is proposing to delete those requirements considered procedural or informational only. Regulations which merely repeat applicable statutes is also being proposed for elimination. A complete listing of the changes is on file in the Board's office and at the office of the Registrar of Regulations, General Assembly Building, Richmond, Virginia.*

*The proposed regulations are grouped into three major parts or categories: General, Entry, and Standards of Practice.*

*Part I, General, describes definitions, fees, license renewal requirements and appeals.*

*Part II, Entry, describes the education requirements to become eligible to sit for the CPA examination; the administration and passing requirements for the examination; experience requirements for licensure; and requirements for applicants applying from other jurisdictions.*

*Part III, Standards of Practice, describes practice requirements for individual licenses and CPA professional corporations. Included in Part III are the requirements for maintaining independence, integrity and objectivity, for maintaining conformity with Generally Accepted Auditing Standards (GAAS) and Generally Accepted Accounting Principles (GAAP), for maintaining confidentiality of client information, for release of clients' documents, and for revocation, suspension, fines and reinstatement of licenses and certificates.*

*1. Part I of the proposed regulations incorporate and modify definitions. Policy statements and sections which relate to the structure of the Board of Accountancy are being deleted as they are informational in nature. Proposed § 1.3 adds new language so as to provide a better explanation of the renewal procedure. Part I deals with general provisions involving license requirements, a definition of the practice of public accountancy, and the use of professional designations and titles. The Board is revising the definition of the term "practice of public accountancy" to include, not only the rendering of opinions and disclaimers, but also the use of language so similar to that used by CPAs that it could be misunderstood by the public. The Board also intends to retain its prohibition against the use of the term "public accountant" by individuals who are not CPAs, since the term may be confusing to the public. These provisions are considered both significant and controversial. Comments on these provisions will be sought at the scheduled public hearings.*

*2. Part II of the proposed regulations outlines the education requirements for the Uniform CPA Examination, examination conduct, the work experience required for licensing, and the endorsement requirements for applicants*

# Calendar of Events

from other jurisdictions seeking licensure in Virginia. Part II incorporates much of the requirements outlined in current § 5.00 of the regulations, with major modifications in the education and certification requirements. Education requirements for the CPA examination are being modified to provide that an applicant may have: a degree in accounting; a degree with a concentration in accounting; 120 semester hours (which must include 60 semester hours of designated business and accounting courses); or a written examination demonstrating the equivalent of a bachelor's degree plus 27 semester hours of accounting subjects. The current requirement, a bachelor's degree of any kind, plus 27 semester hours of accounting subjects, is being given a three-year extension period. Under the proposed regulations a candidate who completes the CPA examination and an ethics examination will be eligible for certification. Under current regulations, certification is granted after an experience requirement has been met. The proposal provides that experience must be documented for obtaining a license if the applicant wishes to practice as a CPA. These changes are expected to have a positive effect on those seeking to enter the profession by eliminating the experience requirement for certification.

3. Part III of the proposed regulations provides for a substantial modification in the licensing requirements for firms. The proposed regulations eliminate temporary permits, which are considered unnecessary, and should result in less burdensome requirements and lessen the administrative requirements for the regulatory program. Part III of the proposed regulations also describes revocation, suspension, censure, fines and probation, which are restated from current regulations. Procedural requirements for hearings and reinstatement found in current regulations are being deleted.

**Purpose:** The aim of the proposed regulations is to clarify, simplify and reduce regulations wherever possible.

† **July 10, 1985 - 9 a.m. - Public Hearing**  
Travelers Building, 3600 West Broad Street, Room 395, 3rd Floor, Richmond, Virginia. (Location accessible to handicapped.)

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the State Board of Architects, Professional Engineers, Land Surveyors and Certified Landscape Architects intends to adopt regulations entitled: **Rules and Regulations of the State Board of Architects, Professional Engineers, Land Surveyors and Certified Landscape Architects.** These regulations govern the practice of architecture, engineering, land surveying, and landscape

---

architecture. It includes entry requirements, standards of practice and provisions for revocation and reinstatement of licenses.

## STATEMENT

### Basis, Purpose, Impact and Summary:

Pursuant to chapter 1.1 and 3 of Title 54; and Chapter 7 of Title 13.1, of the Code of Virginia, and in accordance with §§ 9-6.14:1 - 9-6.14:25 also of the Code of Virginia, the State Board of Architects, Professional Engineers, Land Surveyors, and Certified Landscape Architects proposes to amend, add to, delete, and reorganize existing regulations governing the practices of architecture, professional engineering, land surveying, and landscape architecture.

Regulations governing the practice of these professions apply to approximately 16,190 licensees, 340 professional corporations, and 2,681 business entities offering architecture, engineering, land surveying, and landscape architecture services. Also affected will be approximately 2,900 persons applying for licensure in these professions per year and approximately 2,300 persons annually scheduled for the examinations for architects, engineers, land surveyors, and landscape architects.

The cost of administration of the proposed regulations is estimated at \$260,400.00 for the 1984-1986 biennium. Funds for implementation will come from part of the special dedicated revenue appropriated to the Department of Commerce. Fees from applicant and licensees make up this revenue. No changes in the current fees are considered necessary to generate sufficient funds for administering the proposed regulations.

The Board proposes to repeal current regulations, and adopt new regulations consistent with the Governor's Regulatory Review Program to ensure that they represent the least burdensome alternative to meet clearly established and justified regulatory needs.

For the purpose of clarity, these proposed regulations were grouped into six major parts or categories: General, Qualifications for Licensing of Architects, Qualifications for Licensing as a Professional Engineer, Qualifications for Certification of Landscape Architects, and Professional Corporations and Business Entities.

Part I, General, specifies who must obtain a license/certificate; expiration, renewal and fees; reinstatement; grounds for suspension, denial of renewal or revocation of a license/certificate; conflicts of interest; solicitation of work and improper conduct; and use of the license/certificate holder's seal.

Part II, Qualifications for Licensing of Architects establishes fees, education and experience requirements to become eligible for the Architect Registration Examination (ARE) and licensing and reciprocity requirements.

Part III, Qualifications for Licensing as a Professional Engineer sets the fee structure and sets education and experience requirements for licensing and eligibility for examinations.

Part IV, Qualifications for Licensing as a Land Surveyor, sets the fees, and establishes experience

requirements or the combination of education and experience necessary for licensing and examination. Also, minimum standards and procedures for land boundary surveying practice are established.

Part V, Qualifications for Certification of Landscape Architects, sets fees and establishes experience requirements or the combination of education and experience necessary to become eligible for the written examination and licensing.

Part VI, Professional Corporations and Business Entities, set the information and documents necessary to acquire a certificate of authority as a professional corporation, provides definitions and lists fees, and sets the information required to become registered as a business entity.

A summary of the major changes and their estimated impact is as follows:

1. Part II of the proposed regulations include incorporation of regulation § 2.5 J which formalizes the existing practice of holding a review session between board members and candidates failing Division B and C of the Architect Registration Examination. The table of equivalents regarding education and experience was modified. Proposed regulation § 2.6 would allow the Board to accept a currently valid license in good standing from the applicant's current base state if he transferred his licensure from the jurisdiction of original licensure.

2. Part III of the proposed regulations includes regulation § 3.9 which broadened the type of experience the Board would accept, thus enabling more persons to qualify faster for the examination.

Regulation § 3.6 differs from the old 5.9 regulation as no certificates will be issued and no experience is required after passing the Fundamentals of Engineering Exam. Upon passing the exam, the Engineering Intern Status will be achieved.

3. Part IV of the proposed regulations, through regulations § 4.4, allows full credit to be given to an applicant who has passed the NCEE examination in another jurisdiction. Such an applicant should find it easier to become licensed in Virginia.

Regulation § 4.10 clarifies the method for grading. It indicates the grade required for the Part II 3(a) NCEE portion of the exams. This exam is currently used by the Board in lieu of the exam which was previously written by Board members.

Regulation § 4.14 B. addresses the problem of subdivision surveys lacking corner monuments. The Board has received several inquiries and complaints regarding this issue. The proposed regulation would require corner monuments identified by witness stakes to be set on such subdivision lots or parcels.

4. Part V of the proposed regulations was revised and unnecessary regulations deleted.

## BOARD OF HOUSING AND COMMUNITY DEVELOPMENT

**June 17, 1985 - 10 a.m.** – Public Hearing  
State Capitol, House Room 4, Richmond, Virginia.  
(Location accessible to handicapped.)

*Notice is hereby given in accordance with § 9-6.14:7.1  
of the Code of Virginia that the Board of Housing and  
Community Development intends to amend regulations  
entitled: Virginia Industrialized Building and Mobile  
Home Safety Regulations/1981. The proposed  
amendments provide for safety to life and property  
from fire in manufactured buildings as defined in  
Chapter 4, (§ 36-70 et seq.) of the Code of Virginia.*

### STATEMENT

**Subject and Substance:** Proposed adoption by the Board of  
Housing and Community Development of a 1984 edition of  
the Virginia Industrialized Building and Mobile Home  
Safety Regulations which will amend and supersede the  
1981 edition.

**Issues:** 1. Estimated impact with respect to number of  
persons affected: Producers of factory built industrialized  
buildings and mobile homes, approved independent  
inspection agencies, building officials in local jurisdictions,

and all owners and users of industrialized buildings and  
mobile homes will be affected.

2. Projected costs for implementation and compliance: No  
increase in cost to the Department is anticipated because  
the 1984 edition is merely an updating of the currently  
effective 1981 edition of the Virginia Industrialized  
Building and Mobile Home Safety Regulations. Similarly,  
no increase in cost to those affected is anticipated.

**Basis:** § 36-70 et seq. of the Code of Virginia.

**Purpose:** To update the regulations providing for the  
administration and enforcement of minimum, uniform,  
statewide health and safety standards for factory built  
industrialized buildings and mobile homes, wherever  
produced, in order to make good quality housing more  
affordable for the citizens of Virginia.

Statutory Authority: § 36-70 et seq. of the Code of Virginia.

Written comments may be submitted until June 17, 1985.

**Contact:** C. S. Mullen, Deputy Director, Department of  
Housing and Community Development, 205 N. 4th St.,  
Richmond, Va. 23219, telephone (804) 786-4751

**June 17, 1985 - 10 a.m.** – Public Hearing  
State Capitol, House Room 4, Richmond, Virginia.  
(Location accessible to handicapped.)

*Notice is hereby given in accordance with § 9-6.14:7.1  
of the Code of Virginia that the Board of Housing and  
Community Development intends to amend regulations  
entitled: Virginia Liquefied Petroleum Gas  
Regulations. The proposed amendments establish  
minimum general standards covering design,  
installation and operation of LP gas equipment and  
the odorization thereof for the protection of health,  
welfare and safety of the people.*

### STATEMENT

**Subject and Substance:** Proposed adoption by the Board of  
Housing and Community Development of a 1984 edition of  
the Virginia Liquefied Petroleum Gas Regulations which  
will amend and supersede the 1981 edition.

**Issues:** 1. The regulation potentially protects all citizens of  
Virginia from the hazards of liquefied petroleum gas use  
by third parties.

2. Projected Costs for Implementation and Compliance: No  
material increase in cost to the agency is anticipated  
because the 1984 edition is merely an updating of the  
currently effective 1981 edition of the Virginia Liquefied  
Petroleum Gas Regulations. Similarly, no increase in cost  
to those affected is anticipated.

**Basis:** Liquefied Petroleum Gases Law, Chapter 7, Title 27,  
of the Code of Virginia.

**Purpose:** To amend the minimum, statewide standards  
covering the design, construction, location, installation, and

*Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Board of Housing and Community Development intends to amend regulations entitled: Virginia Public Building Safety Regulations/1981. The proposed amendments provide for safety to life and property from fire in public buildings as defined in § 27-72 of the Code of Virginia.*

## STATEMENT

Subject and Substance: Proposed adoption by the Board of Housing and Community Development of a 1984 edition of the Virginia Public Building Safety Regulations which will amend and supersede the 1981 edition.

Issues: 1. Estimated impact with respect to number of persons affected: All citizens of Virginia who enter or use public buildings will be affected.  
2. Projected costs for implementation and compliance: No material increase in cost to the agency is anticipated because the 1984 edition is merely an updating of the currently effective 1981 edition of the Virginia Public Building Safety Regulations. Similarly, no increase in cost to those affected is anticipated.

Basis: § 27-72 of the Code of Virginia.

Purpose: To update minimum, statewide fire safety standards for the protection of life and property in public buildings. Public building generally means any building used by 10 or more persons, and also includes homes for adults when subject to licensure under Ch. 9 (§ 63-1.172 et seq.) of Title 63.1 of the Code of Virginia.

## DEPARTMENT OF MEDICAL ASSISTANCE SERVICES

May 8, 1985 - 9 a.m. - Public Hearing  
James Madison Building, 109 Governor Street, Main Floor Conference Room, Richmond, Virginia. (Location accessible to handicapped.)

*Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Department of Medical Assistance Services intends to adopt regulations entitled: Home and Community-Based Care Waiver for the Mentally Retarded and the Geriatric Mentally Ill. This waiver would allow the Medicaid Program to provide community-based services to a group of mentally retarded and geriatric mentally ill clients who are presently institutionalized in intermediate-care certified areas of state institutions.*

### STATEMENT

Legal Authority: The Social Security Act, § 1915(c) allows State Medicaid Programs to offer home and community-based care to individuals who are eligible for intermediate-care in certified areas of geriatric treatment centers, geriatric hospitals, and training centers for the mentally retarded. "Intermediate care" is defined to mean the provision primarily of services such as help with bathing, dressing or feeding; and other types of personal assistance which are usually provided by trained aides under the supervision of a registered nurse and/or habilitative services for the mentally retarded. Specific requirements are outlined in the Federal Register of October 1, 1981, and in the Code of Federal Regulations (42 CFR §§ 440.180, 441.300-305, 447.15).

Summary, Purpose, and Need: Within the Commonwealth

of Virginia, there are currently hundreds of mentally retarded and mentally ill citizens living in state institutions who could be more appropriately served in their own communities. Their presence in the institution is predicated on the lack of appropriate community-based services for them outside the institution, rather than on their inability to function in a community-based setting, and the lack of service dollars to fund the types of community-based services these clients need.

In response to the nationwide need for community services for mentally retarded and mentally ill persons, as well as for elderly and disabled persons, Congress responded with the enactment of § 2176 of P. L. 97-35 of the Social Security Act, entitled "The Omnibus Budget Reconciliation Act of 1981". Section 2176 allowed for waivers to be approved by the Secretary of the Department of Health and Human Services, in order to give states the opportunity for innovation in providing home and community-based services to eligible persons who would otherwise require care in a skilled nursing facility, an intermediate-care facility, or in an intermediate-care facility for the mentally retarded.

The Virginia Medicaid Program seeks to expand its existing Home and Community-Based Services Program by requesting a waiver to provide services to a group of mentally retarded and geriatric mentally ill clients who are presently institutionalized in intermediate-care certified areas of the geriatric treatment centers, geriatric hospitals, or the state training centers for the mentally retarded. The goal of the waiver is to serve clients in community-based settings at a cost equal to or less than the cost of their care in the institution.

In order to guarantee that adoption of new services under Medicaid does not result in greater expenditures of Medicaid funds than is currently being spent for care of individuals in intermediate-care facilities for the mentally retarded and geriatric mentally ill, certain administrative controls will be placed on these Home and Community-Based Care services. First, only individuals institutionalized in Central Virginia Training Center, Southside Virginia Training Center, Barrow Geriatric Treatment Center, and Piedmont Geriatric Hospital may receive these Home and Community-Based Care services. Second, no individual may receive these services without assessment of need and determination that he meets the Medicaid criteria for intermediate-care. Third, the individual's plan of care in the community must be certified by a physician and monitored at specific intervals for necessity and quality of care. In addition, this monitoring will also include an evaluation of the cost-effectiveness of the services. At the point that the cost of in-home services surpasses the cost of institutional care, the individual will no longer be eligible for the Home and Community-Based Care services.

Statutory Authority: 1983 Appropriations Act.

Written comments may be submitted until May 8, 1985.

## June 14, 1985 - 9 a.m. - Public Hearing

James Madison Building, 109 Governor Street, Main Floor Conference Room, Richmond, Virginia. (Location accessible to handicapped.)

*Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Department of Medical Assistance Services intends to adopt regulations entitled: Appeals Process for Hospital Providers. This regulation provides an appropriate and meaningful appeals process to be utilized by hospital providers of Medicaid services.*

### STATEMENT

**Basis and Authority:** The regulations governing hospital reimbursement is based upon federal statutes and regulations which require the Medicaid Agency to provide hospitals which choose to challenge a rate determination an opportunity to submit additional evidence and request prompt administrative review of payment rates under § 32.1-325(A) of the Code of Virginia. The State Plan for the Department of Medical Assistance Services shall be consistent with Title XIX of the United States Social Security Act under the same section. The State Board of Medical Assistance Services has the authority to amend the State Plan for Medical Assistance Services.

Section 32.1-325A of the Code of Virginia.

Neither the statute nor the proposed regulations conflict with state or federal laws. The Office of the Attorney General has reviewed these regulations and has made no adverse comment.

**Purpose:** The purpose of the proposed regulation is to establish an appropriate and meaningful appeal process to be utilized by hospital provider of Medicaid services in accordance with The Final Judgement Order, Civil Action No. 83-0551-R entered on January 4, 1985, by Judge Robert Merhige, United States District Court for the Eastern District of Virginia.

**Impact:** No cost to the providers outside appropriate attorney fees should they decide counsel is needed if they appeal is anticipated. The cost to the Department of Medical Assistance services is approximately \$150,000 which includes the addition of new staff and increased related administrative functions. In addition, the appeals rules will result in making additional payments to those hospitals which successfully appeal their rate determination. The amount of this additional financial cost to the Department is unknown.

**Evaluation:** Ongoing informal assessments of the effectiveness of the appeals process will be conducted. At the end of the first year, a formal evaluation using data acquired over the first year period will be completed.

Statutory Authority: § 32.1-325 of the Code of Virginia.

Written comments may be submitted until June 14.

## June 28, 1985 - 9 a.m. - Public Hearing

James Madison Building, 109 Governor Street, Main Floor Conference Room, Richmond, Virginia. (Location accessible to handicapped.)

*Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Department of Medical Assistance Services intends to adopt regulations entitled: Guidelines for Public Participation in the Formation and Development of Regulations. This regulation provides guidelines for obtaining input from the public prior to and during the rule making process.*

### STATEMENT

**Impact:** Every person identified by these guidelines or who identifies himself as an interested party will be offered an opportunity to comment. Cost to the public should be minimal since comments may be offered in writing for only the cost of paper, an envelope, and postage. There should be no additional cost to local governments since their input can be provided in the same way.

The Department is currently compiling mailing lists of interested persons who have generated substantial comment in the past. The major expense associated with these guidelines will be the biennial advertisement in several newspapers across the State for persons interested in participating. Based on current data for this advertising, the cost should run no more than \$2,000. There will also be some increase in staff time for this activity, but this is expected to be minimal, on the order of ten hours per month.

**Evaluation:** The Department will evaluate increased input from the public in the regulatory process by comparing members and content of comments received under these guidelines with those received prior to the implementation of guidelines. This evaluation will be performed at least annually for those regulations modified during the year.

Statutory Authority: § 9-6.14:7.1 of the Code of Virginia.

Written comments may be submitted until June 28, 1985.

**Contact:** Dr. Elizabeth Lloyd, Legislative Analyst, Department of Medical Assistance Services, 109 Governor St., Richmond, Va. 23219, telephone (804) 786-7933

## DEPARTMENT OF MENTAL HEALTH AND MENTAL RETARDATION

May 14, 1985 - 9 a.m. - Public Hearing  
Division of Motor Vehicles, 2300 West Broad Street, Room 131, Richmond, Virginia

Title of Regulation: Core Standards for Interdepartmental Licensure and Certification of Residential Facilities for Children.

NOTICE: Please refer to Notice of Comment Period listed under the Department of Social Services.

May 14, 1985 - 9 a.m. - Public Hearing  
Division of Motor Vehicles, 2300 West Broad Street, Room 131, Richmond, Virginia

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Department of Mental Health and Mental Retardation intends to amend regulations entitled: **Mandatory Certification/Licensure Standards for Treatment Programs for Residential Facilities for Children.** These standards are the minimum requirements for treatment programs for mentally ill, mentally retarded and substance abuse clients in residential facilities for children, except private psychiatric hospitals licensed by the department. This treatment module for treatment programs for mentally ill, mentally retarded and substance abuse clients in residential facilities for children will be reviewed along with the Core Standards for Interdepartmental Licensure and Certification of Residential Facilities for Children. These standards do not apply to private psychiatric hospitals licensed by the department.

### STATEMENT

Purpose: The Mandatory Certification/Licensure Standards for Treatment Programs for Residential Facilities for Children (Mandatory Standards) are designed to work in conjunction with the Core Standards for Interdepartmental Licensure and Certification of Residential Facilities for Children (Core Standards). The State Departments of

Corrections, Education, Mental Health and Mental Retardation, and Social Services are responsible under the Code of Virginia for the licensure, certification and/or approval of public and private residential facilities for children. Residential facilities for children (because of whom they serve, the sources of funds or the types of services they provided) are subject to the authority of one and often more than one of the four departments. To better coordinate their efforts, the four departments have entered into an interdepartmental agreement that provides for the application of common standards for residential care that must be met by all residential facilities for children in order to qualify for licensure/certification by one or more of these four departments.

The Mandatory Standards, originally promulgated in February, 1981, are a treatment module that delineate the areas necessary for programs to become certified/licensed as providing treatment or training for the mentally ill, mentally retarded or substance abusing client in 24-hour residential care. The purpose of the proposed regulations is to establish minimum requirements for treatment programs in residential facilities for children (except those in private psychiatric hospitals licensed by the department) in the areas of the residential environment, an organized management structure, qualifications of personnel, admission and discharge procedures, an individual program of care and a system record keeping.

Basis: Chapter 8 of Title 37.1 (§§ 37.1-179 et seq.) and § 37.1-199.

Issues and Substance: Residential care facilities in Virginia provide services to children with a wide range of needs and problems including educational difficulties, mental retardation, emotional disturbance, dysfunctional families, behavior problems and chemical dependency. Residential facilities offer a wide variety of approaches for addressing these needs and problems. Children and their families who find no appropriate services available in the community may need the intensive and comprehensive programming that is often available only in a residential setting. As courts, families and schools encounter more and more children in the community with complex difficulties, out-of-home residential care will continue to be a resource for intensive service delivery.

Residential care is inherently a high risk situation for children. Institutionalized children are typically not in regular contact with their families or others who will act as their advocates or protectors. These children are usually more disabled or dysfunctional as a group than other children; and because of their greater disabilities, they are subject to more structured, more intensive and often riskier treatment and training methods in institutions. It is imperative, therefore, to have a regulatory oversight process that thoroughly and frequently monitors treatment programming to assure that it exists and is adequate and appropriate for the clients.

The current standards were evaluated in several ways to assure that each proposed regulation was the least burdensome available alternative. Each standard was (i) challenged on the grounds of clarity and ease to

# Calendar of Events

compliance determination; (ii) reviewed to assure that the requirement was the most effective way to achieve the protection of children in residential care; and (iii) examined to ascertain whether a lack of observance of the standard would negatively affect the care of children.

The proposed effective date of the regulation is November 1, 1985.

Statutory Authority: §§ 37.1-179 through 37.1-189 and § 37.1-199 of the Code of Virginia.

Written comments may be submitted until May 14, 1985.

## Mental Retardation Advisory Council

June 25, 1985 - 10:30 a.m. - Public Hearing

James Madison Building, 109 Governor Street, Mezzanine Level (1st Floor) Conference Room, Richmond, Virginia. (Location accessible to handicapped.)

Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Virginia Department of Mental Health and Mental Retardation intends to adopt regulations entitled: **Mandatory Standards for the Certification of First Offender Drug Abuse Diversion and Education Programs.** These standards are intended to establish the criteria for the establishment and operation of programs designed specifically to provide a substance education alternative for court clients. These Standards set minimum criteria for the establishment and operation of the above mentioned programs.

## STATEMENT

Subject, Substance Issues, Basis and Purpose: The Mandatory Standards for the Certification of First Offender Drug Abuse Diversion and Education Programs are designed to establish minimum criteria for substance abuse diversion and education programs operated in the Commonwealth of Virginia. These programs offer an alternative disposition to courts for first offenders convicted on drug violations.

The standards delineate criteria for the application for certification, program, design, curriculum design, referral agreement, drug toxicology screening, fee structure, staffing and reporting requirements.

The mandatory standards affect substance abuse diversion and education programs currently operating and any proposed program.

Statutory Authority: § 18.2-251 of the Code of Virginia.

Written comments may be submitted until June 25, 1985.

## STATE BOARD OF OPTOMETRY

**May 1, 1985 - 9 a.m. — Public Hearing**  
Department of Health Regulatory Boards, 517 West Grace Street, Board Room, Richmond, Virginia. (Location accessible to handicapped.)

*Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Virginia Board of Optometry intends to adopt regulations entitled: **Public Participation Guidelines**. These regulations will establish guidelines for soliciting participation of interested parties in the revision and adoption of regulations.*

### STATEMENT

**Subject and Substance:** Proposed adoption by the Virginia Board of Optometry of Public Participation Guidelines to be used to solicit participation by interested parties in the formulation, development, and adoption of regulations that the Board may promulgate as required or authorized by state law.

**Issues:** 1. *Estimated Impact with Respect to Number of Persons Affected:* The guidelines will provide a means for

all persons affected by regulations of the agency to participate in their development, formulation, and adoption.  
2. **Projected Cost for Implementation and Compliance:** Since the Board of Optometry is part of an agency that generates operating funds from licensees, any additional costs would be borne by them. At present, a one-day Board meeting cost approximately \$1,000. If additional meetings would be required to fulfill the requirement of a biennial review of regulations' effectiveness and continued need, then this cost figure need be borne in mind. The cost of a public hearing and transcript should not exceed \$500. There is no enforcement cost.

**Basis:** §§ 9-6.14:7.1 and 54-376 of the Code of Virginia.

**Purpose:** To solicit participation of interested parties in the development of regulations prior to and during the entire drafting, formulation, promulgation, and final adoption process.

**Statutory Authority:** §§ 9-6.14:7.1 and 54-376 of the Code of Virginia.

Written comments may be submitted until May 1, 1985.

*Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Department of Social Services intends to amend regulations entitled: Virginia Fuel Assistance Program. The proposed amendments will delete the voluntary quit provision; vary benefits by fuel type; replace the Heating Equipment Repairs/Replacement component with an Energy Crisis Assistance Program; and add a ceiling to the administrative costs reimbursement.*

## STATEMENT

**Subject:** *Proposed Amendments to the Virginia Fuel Assistance Program. These amendments are being proposed for a 60-day public comment period.*

**Substance:** *The amendments to the Program are as follows; (i) delete the voluntary quit provision as an eligibility criteria, (ii) vary benefits by fuel type, (iii) replace the Heating Equipment Repairs/Replacements (HER/R) component with an Energy Crisis Assistance Program (ECAP), and (iv) add a ceiling to the administrative costs reimbursement to local departments of social service.*

**Issues:** *The issues that relate to each amendment are as follows; (i) deleting the voluntary quit provision would mean that quitting a job will have no effect on an applicant's eligibility for fuel assistance or ECAP, (ii) varying benefits by fuel type will lower benefits for lower priced fuels and increase benefits for higher priced fuels, (iii) in administering ECAP, local departments of social services will have the flexibility of choosing which forms of assistance will best meet the needs of the clientele in their locality, and (iv) placing a ceiling on administrative costs reimbursement will mean that some local departments of social services will not be reimbursed for all their expenditures.*

**Basis:** *Virginia Code, § 63.1-25 as amended, provides the statutory basis for the promulgation of regulations relative to the Fuel Assistance Program.*

**Purpose:** *The purpose of each amendment is as follows; (i) the voluntary quit provision is being deleted because it is not cost effective and is not administered equitably statewide, (ii) basing benefits on fuel types more realistically ensures that the program's goal of assisting households with the least income and highest energy costs is achieved, (iii) replacing HER/R with ECAP will provide assistance to households who have energy emergencies that cannot be taken care of by other resources, and (iv) the addition of a ceiling in administrative cost reimbursement will ensure that the Department contains administrative expenses to the maximum federal reimbursable amount at the same time freeing up more funds for direct benefits to clients.*

Statutory Authority: § 63.1-25 of the Code of Virginia.

*Notice is hereby given in accordance with § 9-6.14:7.1 of the Code of Virginia that the Boards of Corrections, Education, Mental Health and Mental Retardation, and Social Services, intend to adopt regulations entitled: Core Standards for Interdepartmental Licensure and Certification of Residential Facilities for Children. The proposed standards will provide children in residential facilities with at least a minimal level of care.*

## STATEMENT

**Subject:** *Proposed revisions to the Core Standards for Interdepartmental Licensure and Certification of Residential Facilities for Children.*

**Substance:** *Under the current definitions and exceptions in the Code of Virginia, the Departments of Corrections, Education, Mental Health and Mental Retardation, Social Services are responsible for the licensure, certification and/or approval of public and private residential facilities for children. Such facilities are licensed, certified, or approved under the Core Standards for Interdepartmental Licensure and Certification of Children except (i) facilities which do not accept public funds, (ii) private psychiatric hospitals serving children, and (iii) residential facilities serving children which successfully meet the requirements of nationally recognized standards setting agencies.*

**Issues:** *The document is comprised of the following issues which have impact on residential facilities for children subject to licensure, certification, and/or approval: Organization and administration, personnel, residential environment, programs and services, and disaster or emergency plans.*

**Basis:** *Chapters 11 and 14 of Title 16.1, Chapters 13 and 16 of Title 22.1, Chapters 8 and 10 of Title 37.1, Chapters 3 and 10 of Title 63.1, and Chapter 14 of Title 53.1 of the Code of Virginia provide the statutory basis for promulgation of standards for licensure and certification of residential facilities for children. The State Boards of Corrections, Education, Mental Health and Mental Retardation, and Social Services have approved the proposed revisions for 60-day public comment period.*

# Calendar of Events

**Purpose:** *The purpose of the proposed revisions is to establish the minimum requirements necessary to protect children in the care of residential facilities for children. The document has been revised with an emphasis on clarity and ease of comprehension.*

**Statutory Authority:** §§ 16.1-286, 53.1-237 through 53.1-239, 16.1-310 through 16.1-314, 53.1-249, 22.1-319 through 22.1-335, 22.1-218, 37.1-179 through 37.1-189, 37.1-199, 63.1-195 through 63.1-219, and 63.1-56.1 of the Code of Virginia.
