The table printed below lists regulation sections, by Virginia Administrative Code (VAC) title, that have been amended, added or repealed in the *Virginia Register* since the regulations were originally published or last supplemented in VAC (the Spring 2003 VAC Supplement includes final regulations published through *Virginia Register* Volume 19, Issue 11, dated February 10, 2003). Emergency regulations, if any, are listed, followed by the designation “emer,” and errata pertaining to final regulations are listed. Proposed regulations are not listed here. The table lists the sections in numerical order and shows action taken, the volume, issue and page number where the section appeared, and the effective date of the section.

TITLE 1. ADMINISTRATION

DEPARTMENT OF HUMAN RESOURCE MANAGEMENT

† Withdrawal of Notice of Intended Regulatory Action
Notice is hereby given that the Department of Human Resource Management has WITHDRAWN the Notice of Intended Regulatory Action for 1 VAC 55-20, Commonwealth of Virginia Health Benefits Program, which was published in 18:22 VA.R. 2882 July 15, 2002.

Contact: Charles Reed, Associate Director, Department of Human Resource Management, 101 N. 14th Street, Richmond, VA 23219, telephone (804) 786-3124.

VA.R. Doc. No. R02-219; Filed August 8, 2003, 11:50 a.m.

TITLE 2. AGRICULTURE

STATE BOARD OF AGRICULTURE AND CONSUMER SERVICES

Notice of Intended Regulatory Action
Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that the State Board of Agriculture and Consumer Services intends to consider promulgating regulations entitled 2 VAC 5-206, Regulation for Scrapie Eradication. The purpose of the proposed regulation is to eradicate scrapie from Virginia sheep and goats. The agency invites comment on whether there should be an advisor appointed.

The agency intends to hold a public hearing on the proposed action after publication in the Virginia Register.

Public comments may be submitted until September 10, 2003.

Contact: W. Curtis Coleburn, III, Chief Operating Officer, Department of Alcoholic Beverage Control, 2901 Hermitage Rd., Richmond, VA 23220, telephone (804) 213-4409, FAX (804) 213-4411 or e-mail wccolen@abc.state.va.us.

TITLE 3. ALCOHOLIC BEVERAGES

ALCOHOLIC BEVERAGE CONTROL BOARD

Notice of Intended Regulatory Action
Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that the Alcoholic Beverage Control Board intends to consider amending regulations entitled 3 VAC 5-40, Requirements for Product Approval and 3 VAC 5-70, Other Provisions. The purpose of the proposed action is to carry out the mandate of Chapters 1029 and 1030 of the 2003 Acts of Assembly to establish regulations to implement the creation of wine and beer shippers’ licenses. The proposed action will create the process for applying for such licenses, and establish the recordkeeping and reporting requirements for such licensees.

The agency intends to hold a public hearing on the proposed action after publication in the Virginia Register.

Public comments may be submitted until September 30, 2003.

Contact: W. Curtis Coleburn, III, Chief Operating Officer, Department of Alcoholic Beverage Control, 2901 Hermitage Rd., Richmond, VA 23220, telephone (804) 213-4409, FAX (804) 213-4411 or e-mail wccolen@abc.state.va.us.

TITLE 11. GAMING

VIRGINIA RACING COMMISSION

† Notice of Intended Regulatory Action
Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that the Virginia Racing Commission intends to consider amending regulations entitled 11 VAC 10-20, Regulations Pertaining to Horse Racing with Pari-Mutuel Wagering. The purpose of the proposed action is to amend the regulations to replace the emergency regulations pertaining to advanced-deposit account wagering. The proposed action will increase purses and days of the live racing at Colonial Downs, and address the interests of the Virginia Breeders Fund, Virginia horsemen, and unlimited licensee in otherwise unregulated pari-mutuel wagering.

The agency intends to hold a public hearing on the proposed action after publication in the Virginia Register.

VA.R. Doc. No. R03-237; Filed June 26, 2003, 1:30 p.m.
Notices of Intended Regulatory Action

Public comments may be submitted until October 10, 2003.

Contact: William H. Anderson, Director of Policy and Planning, Virginia Racing Commission, P.O. Box 208, New Kent, VA 23124, telephone (804) 966-7404, FAX (804) 966-7418 or e-mail Anderson@vrc.state.va.us.
VA.R. Doc. No. R03-320; Filed August 13, 2003, 10:56 a.m.

Notice of Intended Regulatory Action

Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that the Virginia Racing Commission intends to consider amending regulations entitled 11 VAC 10-50, Regulations Pertaining to Horse Racing with Pari-Mutuel Wagering: Racing Officials. The purpose of the proposed action is to amend the regulations for racing officials to bring them into conformance with neighboring jurisdictions. The commission will amend the duties and responsibilities of certain racing officials, replace the term “Standardbred racing” with the preferred term “harness racing,” and repeal the sections pertaining to clocker, gap attendant, stall superintendent and track superintendent, which have previously been moved to 11 VAC 10-60.

The agency intends to hold a public hearing on the proposed action after publication in the Virginia Register.

Public comments may be submitted until October 1, 2003.

Contact: William H. Anderson, Director of Policy and Planning, Virginia Racing Commission, P.O. Box 208, New Kent, VA 23124, telephone (804) 966-7404, FAX (804) 966-7418 or e-mail Anderson@vrc.state.va.us.
VA.R. Doc. No. R03-304; Filed July 31, 2003, 2:03 p.m.

Notice of Intended Regulatory Action

Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that the Virginia Racing Commission intends to consider amending regulations entitled 11 VAC 10-50, Regulations Pertaining to Horse Racing with Pari-Mutuel Wagering: Racing Officials. The purpose of the proposed action is to amend the current regulations pertaining to participants in pari-mutuel horse racing thereby bringing them into conformance with neighboring jurisdictions. The regulations will be amended to account for emergency permits and change fees for applications for permits. Various categories of participants employed by the licensee’s satellite wagering facilities may be merged.

The agency intends to hold a public hearing on the proposed action after publication in the Virginia Register.

Public comments may be submitted until October 1, 2003.

Contact: William H. Anderson, Director of Policy and Planning, Virginia Racing Commission, P.O. Box 208, New Kent, VA 23124, telephone (804) 966-7404, FAX (804) 966-7418 or e-mail Anderson@vrc.state.va.us.
VA.R. Doc. No. R03-305; Filed July 31, 2003, 2:04 p.m.

Notice of Intended Regulatory Action

Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that the Virginia Racing Commission intends to consider amending regulations entitled 11 VAC 10-70, Regulations Pertaining to Horse Racing with Pari-Mutuel Wagering: Stewards. The purpose of the proposed action is to amend the current regulations pertaining to the appointment of stewards to bring them into conformance with neighboring jurisdictions.

The agency intends to hold a public hearing on the proposed action after publication in the Virginia Register.

Public comments may be submitted until October 1, 2003.

Contact: William H. Anderson, Director of Policy and Planning, Virginia Racing Commission, P.O. Box 208, New Kent, VA 23124, telephone (804) 966-7404, FAX (804) 966-7418 or e-mail Anderson@vrc.state.va.us.

TITLE 12. HEALTH

STATE BOARD OF HEALTH

Notice of Intended Regulatory Action

Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that the State Board of Health intends to consider repealing regulations entitled 12 VAC 5-60, Virginia Emergency Medical Services Plan. The purpose of the proposed action is to repeal the statewide EMS plan as a regulation, followed by the development of a replacement plan to serve as a guidance document, allowing for more timely revisions and updates as medical advancements and new system needs are identified. The statewide EMS plan must be dynamic and able to be modified in a timely manner to address changes in funding, staffing, national events and emergencies and system developments.

The agency does not intend to hold a public hearing on the proposed action after publication in the Virginia Register.

In the facilities, equipment and safety subsections of the regulations, the Rules Committee and the Commission relied heavily upon the recommendations of the Jockeys’ Guild in the specifications upon racetracks. These specifications have been presented to the Association of Racing Commissioners International and will be included in Model Rules for the sport. Furthermore, Colonial Downs already meets these specifications and this furthermore establishes a safe foundation for any future unlimited racetracks constructed within Virginia.

And throughout the section, where past experience has been beneficial, amendments have been added to incorporate the changes within the regulations.

**Issues:** The primary advantages and disadvantages to the horse racing community are essential. The clear advantage has been that horsemen, and the racetrack patrons, have grown accustomed to the racing at Colonial Downs, probably the safest racetrack in the nation. The facilities, equipment and safety requirements make it one of the safest racing facilities in the nation with very few serious injuries to the participants and horses. By making these amendments, Virginia will be assured of similar safe racetracks, if there should be an additional one constructed.

The primary advantages and disadvantages to the Virginia Racing Commission are equally essential. The racetrack at New Kent is noted throughout the nation for its safe turf and dirt racecourses. In 2002, almost all of the races were run over the turf course without any serious problems. This is a good reputation that the commission, along with Colonial Downs and the horsemen, want to maintain.

Because Colonial Downs already meets the requirements for facilities, equipment and safety, there will be no fiscal impact on the licensee. Also, the horsemens appreciate the quality of the facilities, equipment and safety requirements where they race their horses. The patrons also appreciate that their wages are upon horses racing over safe courses.

**Department of Planning and Budget’s Economic Impact Analysis:** The Department of Planning and Budget (DPB) has analyzed the economic impact of this proposed regulation in accordance with § 2.2-4007 H of the Administrative Process Act and Executive Order Number 21 (02). Section 2.2-4007 H requires that such economic impact analyses include, but need not be limited to, the projected number of businesses or other entities to whom the regulation would apply, the identity of any localities and types of businesses or other entities particularly affected, the projected number of persons and employment positions to be affected, the projected costs to affected businesses or entities to implement or comply with the regulation, and the impact on the use and value of private property. The analysis presented below represents DPB’s best estimate of these economic impacts.
Proposed Regulations

Summary of the proposed regulation. Pursuant to the Code of Virginia, the proposed changes will allow the Virginia Racing Commission (the commission) to alter the number of live racing days in the Commonwealth and require licensees to post a sign where pari-mutuel wagering is conducted with a toll free number for “Gamblers Anonymous” or for other similar organizations providing assistance to compulsive gamblers. The proposed changes will also establish new racetrack, equipment, and safety specifications.

Estimated economic impact. These rules regulate unlimited horse racing in the Commonwealth. Currently, Colonial Downs located in New Kent is the sole entity with a license for the ownership and operation of a racetrack to conduct a horse race meeting with pari-mutuel wagering privileges in the Commonwealth. It has four satellite simulcast wagering facilities in Brunswick, Chesapeake, Hampton, and Richmond. Approximately 250 employees work permanently at the racetrack and the satellite facilities and about 250 persons work temporarily during the live race meetings. In fiscal year 2002, total pari-mutuel handle was $124 million, total attendance at all facilities was 523,216, and the number of racing days (including both live racing days and days of operation at satellite facilities) was 1,441. The Commonwealth received approximately $2.2 million in license tax revenues. Although these regulations apply potentially to all future racetracks and licensees in Virginia, the commission, at this time, does not expect any new applications in the foreseeable future.

One of the rationales for regulating horse racing activities is to ensure minimum health and safety levels during racing activities. Another, probably more important, rationale is to ensure fairness in pari-mutuel wagering. In the absence of regulatory requirements, it may not be in the best interest of an owner or operator licensee to provide these features. Thus, these regulations protect the interests of parties involved in horse racing. However, other than the conduct of wagering, horse racing is very similar to variety of many other sports competition activities. That is, horse racing is a private business with the ultimate goal to make profits. Thus, from an economic point of view, the regulatory requirements must focus solely on ensuring minimum levels of health and safety and fairness in wagering. The economic value of horse racing to Virginia will likely be maximized when all commercial aspects of horse racing business are left to the discretion of the licensee so that it can maximize profits.

During this regulatory review process, DPB notes that some of the current requirements as well as some of the proposed requirements are well beyond the necessary government involvement in ensuring health and safety and fairness in wagering. These requirements seem to interfere with the commercial aspects of constructing or operating a racetrack and will hinder the ability of a licensee to make profit-maximizing decisions in a competitive market.

One very clear example of interfering with commercial aspect of racing activities is to require a minimum number of live racing days that the licensee must conduct in the Commonwealth. This requirement is established in the Code of Virginia. Prior to 2000, a license holder was required to schedule at least 150 live racing days in the Commonwealth each year. There does not appear to be an economic rationale for this requirement. The number of racing days should be a decision made by the licensee based on the demand in the Commonwealth. The market in Virginia can support only a certain number of live races for a profitable operation. In response to market forces, a licensee will choose an operation level that maximizes its expected profits (or minimizes losses). It is also known that the profit maximizing level of horse racing activity maximizes the total welfare to customers and the licensee, hence to the Commonwealth.

One of the proposed changes will incorporate statutory changes that occurred in 2000 and 2003 that removed the minimum racing days requirement. In 2000, the General Assembly amended § 59.1-369 of the Code of Virginia providing authority to the commission to alter the number of racing days until 2005 and later in 2003 removed the sunset requirement. After the statutory change in 2000, the actual number of live racing days decreased from 150 to about 55 - 60 days at Colonial Downs. The significant decrease in the number of actual live racing days after 2000 indicates that 150 live races was probably more than the profit maximizing level of live racing activity. In fact, according to the commission, Colonial Downs was break-even last year after many years of losses. This experience strongly suggests that the flexibility to decide on the number of live racing days probably provided significant economic benefits to the licensee. As mentioned before, an economic benefit to the licensee also contributes to the total welfare of the Commonwealth. Thus, removing any regulatory restrictions on the commercial decisions that should be made freely by the licensee probably created significant net benefits to the licensee and thus the Commonwealth.

A number of other proposed changes will update the racetrack, equipment, and safety standards. The substantive changes include requiring submission of a certified report on the grade and measurement of the racing surface; establishing a number of turf course, main track, and distance poll construction specifications; requiring barns to have hot and cold water, be ventilated, and properly drained; requiring a sauna or steam room in the jockey’s room; having an adequate number of assistant starters and back up equipment for flat races; requiring two calibrated electronic photo finish devices; providing stewards the ability to direct the video camera operator to videotape any action during racing; requiring an electronic timing device capable of recording accurately to the hundredths of a second; providing adequate lighting for participants, racehorses, and the patrons; establishing equine and human ambulance specifications; prohibiting horse riding without a protective helmet and the chinstrap buckled; and prohibiting racing or exercising without a protective safety vest.

Among these, the commission indicates that the racetrack specifications are the most costly and estimates the additional costs to be anywhere from $10 to $20 million which is probably in the neighborhood of 10% of the total cost to build a new racetrack such as the Colonial Downs. On one hand, these changes would increase cost of building new facilities

---

and discourage a potential licensee to construct a racetrack in Virginia. On the other hand, many of the changes could also improve safety and attract more horse owners and patrons to the races in the Commonwealth both of which are desirable for a potential licensee. According to the commission, the Colonial Downs racetrack already meet these proposed specifications and no racetrack is expected to be built in the Commonwealth in the foreseeable future. Thus, the proposed standards are not anticipated to create any significant economic effects at this time.

However, some of these requirements appear to interfere with the commercial aspects of owning or operating a racetrack and therefore are more likely to produce an economic loss than a gain. As discussed before, the focus of the regulatory requirements should be limited to providing health and safety and fair wagering. For example, it is difficult to understand how requiring a sauna or steam room in the jockey’s room improves health, safety, or ensures fair wagering. A decision to build a sauna or a steam room appears to be strictly a commercial decision and should be left to the discretion of the licensee. If the licensee anticipates that it would contribute to its profits, then it may decide to build one, as is the case with Colonial Downs. However, another potential licensee may wish to operate a racetrack without one. Since some of these requirements seem to interfere with decision making ability of the licensee to maximize profits without contributing to health, safety, and fair wagering, they are not justified from an economic point of view and are bound to introduce excess compliance costs on the licensee, reducing total welfare in Virginia. Thus, DPB suggests reviewing these proposed racetrack, equipment, and safety standards to determine whether they protect health, safety, and ensure fairness in wagering and upon this review eliminate the ones that do not pass this test.

Finally, another statutory change to § 59.1-369 of the Code of Virginia in 1998 requires a licensee to post a toll free number where pari-mutuel wagering is conducted for “Gambler Anonymous” or for other similar organizations providing assistance to compulsive gamblers. Pursuant to this change, the required number has been posted where wagering takes place and included in the race program since 1998. The main benefit of this change is providing access information to compulsive gamblers if they seek help. The cost of producing and posting the signs is estimated to be very small. This requirement is already being enforced in practice as well and therefore no significant economic effect is expected when this amendment is incorporated into the regulations.

Businesses and entities affected. The proposed regulations primarily apply to owner or operator licensees who are authorized to conduct a horse race meeting with pari-mutuel wagering privileges. Currently, Colonial Downs is the only entity with an owner and operator license in the Commonwealth. In addition, employees, particularly jockeys and exercise riders, horse owners, and people attending races or placing wagers may be indirectly affected. There are approximately 500 employees working permanently or temporarily at the racetrack or satellite facilities. Of these, it is estimated that approximately 40 are jockeys and about 80 are exercise riders at a race meeting. The number of horse owners involved in racing activities is about 1,947 annually. The total attendance at the racetrack and the satellite facilities was 523,216 in fiscal year 2002.

Localities particularly affected. The proposed regulations apply throughout the Commonwealth. However, the Colonial Downs racetrack and satellite facilities are located in New Kent, Brunswick, Chesapeake, Hampton, and Richmond.

Projected impact on employment. The proposed changes are not anticipated to have an effect on employment at this time either because they are already implemented or because no racetrack is expected to be built in the near future.

Effects on the use and value of private property. Similarly, no significant effect on the use and value of private property is expected upon promulgation of the proposed amendments.

Agency’s Response to the Department of Planning and Budget’s Economic Impact Analysis: The Virginia Racing Commission is in general agreement with the Department of Planning and Budget’s Economic Impact Analysis.

Summary:

The proposed amendments allow the Virginia Racing Commission to alter the number of live racing days in the Commonwealth and require licensees to post a sign where pari-mutuel wagering is conducted with a toll free number for “Gamblers Anonymous” or for other similar organizations providing assistance to compulsive gamblers. The proposed amendments also establish new racetrack, equipment, and safety specifications.

A. Generally. Every license to conduct a horse race meeting with pari-mutuel wagering privileges, of 15 days or more in any calendar year is granted by the commission upon the condition that the licensee will conduct horse racing at its facility or meeting for the promotion, sustenance, and growth of a native industry in a manner consistent with the health, safety, and welfare of the people. The adequacy and sufficiency with which the licensee meets the criteria for the procedures, facilities, and equipment for conducting a horse race meeting of such duration shall rest with the commission.

1. Each licensee shall accept, observe, and enforce all federal and state laws, regulations of the commission, and local ordinances.

2. Each licensee shall at all time maintain its grounds and facilities so as to be neat and clean, painted and in good repair, with special consideration for the comfort and safety of the public, employees, other persons whose business requires their attendance, and for the health and safety of the horses there stabled.

3. Each licensee shall honor commission exclusions from the enclosure and eject immediately any person found within the enclosure who has been excluded by the commission and report the ejection to the commission. Whenever any licensee ejects a person from the enclosure, it shall furnish a written notice to the person ejected and shall report the ejection to the commission.
4. No later than 30 15 days before the first day of any race meeting, each licensee shall submit to the commission the most recent inspection reports issued by governmental authorities regarding the condition of facilities, sanitation, and fire prevention, detection, and suppression.

5. Each licensee shall provide the commission daily attendance reports showing a turnstile count of all persons admitted to the enclosure and the reports shall indicate the daily number of paid admissions, taxed complimentary admissions, and tax exempt admissions.

6. Each licensee shall furnish to the commission within three months of the closing of its fiscal year, three copies of its balance sheet and of its operating statement for the previous fiscal year with comparison to the prior fiscal year, the same duly sworn to by the treasurer of the association, and certified by an independent certified public accountant. The financial report shall be in the form as may be prescribed from time to time by the commission.

7. Each licensee shall maintain a separate bank account to be known as the "horsemen's account," with the amount of purse money statutorily mandated to be deposited in the account within 48 hours of the running of the race. Withdrawals from this account shall at all times be subject to audit by the commission, and the horsemen's bookkeeper in charge of the account shall be bonded:
   a. All portions of purse money shall be made available when the stewards have authorized payment to the earners; and
   b. No portion of purse money other than jockey fees shall be deducted by the licensee for itself or for another, unless so requested in writing by the person to whom such purse moneys are payable, or his duly authorized representative. Irrespective of whether requested, at the close of each race meeting the horsemen's bookkeeper shall mail to each owner a duplicate of each record of an owner's account showing every deposit, withdrawal, or transfer of funds affecting such owner's racing at the close of each race meeting account.

8. Each licensee shall remit to the commission within five days of the day on which the revenue for pari-mutuel taxes, admission taxes, and breeders' funds were collected. The remittance shall be accomplished by a direct deposit in a financial institution designated by the commission. On those days when the fifth day is a holiday or a weekend day, the payment must be made by the succeeding business day. At the close of each month in which racing is conducted, the licensee must report to the commission all deposits of taxes and breeders' funds for that month.

9. On each day that deposits are made by the licensee, a report must be filed with the commission containing the following recapitulation: total retainerage, pari-mutuel tax; state and local admissions taxes; purse moneys; total breakage; and breeders' fund taxes.

10. Each licensee shall provide areas within the enclosure where publications, other informational materials, and tip sheets, may be sold to the public. All persons holding a tip sheet concession at the facility must be licensed by possess a permit from the commission as vendors. Each handicapper Such vendor shall post in a conspicuous place the previous day's tip sheet and the outcome of the races. Each handicapper Such vendor shall deliver one copy of the tip sheet to a commission representative at least one hour before post time.

11. Each licensee shall supervise the practice and procedures of all vendors of food, horse feed, medication, and tack, who are licensed and have access to the stabling area. No licensee by virtue of this regulation shall attempt to control or monopolize proper selling to owners, trainers, or stable employees; nor shall a licensee grant a sole concession to any vendor of feed, racing supplies, or racing services.

12. Each licensee shall provide to the commission copies of all subordinate contracts, in the amount of $15,000 annual gross and above, entered into by the owner, owner-operator, or operator, and such contracts shall be subject to approval of the commission.

13. Each licensee shall submit to the commission each calendar year a request for live racing days for the next calendar year as provided in 11 VAC 10-20-200. The holder of an unlimited license shall schedule not less than 150 days live racing days in the Commonwealth each calendar year; however, the commission may alter the number of live racing days based on what it deems to be in the best interest of the Virginia horse industry.

14. Each licensee shall post in a conspicuous place in every place where pari-mutuel wagering is conducted a sign that bears a toll-free telephone number for "Gamblers Anonymous" or other organization that provides assistance to compulsive gamblers.

B. Facilities for conducting horse racing. Each unlimited licensee shall provide all of the facilities for the conduct of horse racing so as to maintain horse racing of the highest quality and free of any corrupt, incompetent, or dishonest practices and to maintain in horse racing complete honesty and integrity.

1. Each licensee shall provide for flat racing a main racing surface of at least one mile in circumference; for flat or jump racing on the turf a racing surface of at least seven-eighths of a mile in circumference; for harness racing a main racing surface of at least five-eighths of a mile in circumference; and for other types of racing a racing surface of generally accepted standards.

   a. Prior to the first race meeting at a facility owned or operated by the holder of an unlimited license, the licensee shall provide to the commission a certified report of a qualified surveyor, certifying the grade and measurement of the distances to be run.

   b. Distances to be run shall be measured from the starting line at a distance three feet out from the inside rail.

   c. The surveyor’s report must be approved by the commission’s executive secretary prior to the first race day of the meeting.
Proposed Regulations

2. Turf course requirements include the following:
   a. The licensee shall maintain an adequate stockpile of growing medium, and shall provide an irrigation system or other means of adequately watering the entire turf course evenly.
   b. All turf course paths from inside rails to turf courses shall resemble the rest of the terrain, with no rails leading from the main course to the turf courses.
   c. A portable rail shall be secure to absorb the impact of a horse.

3. Main track requirements include the following:
   2. a. Each licensee shall provide a safety rail on the inside of each racing surface and such other fencing that is appropriate to safely enclose the racing surface for horses and riders.
      b. The rail height shall be from 38 inches to 42 inches from the top of the cushion to the top of the rail. All top rails shall be bolted to poles and shall be smooth with no jagged edges. Rail posts shall be of a gooseneck type design and shall have no less than a 24-inch overhang with a continuous smooth elevated cover over posts.
      c. All rails shall be constructed of materials designed to withstand the impact of a horse running at racing speed.
      d. All rail posts shall be set in concrete at least six inches below the surface and 24 inches deep. A portable turf rail shall be secure to absorb the impact of a horse. No rail or post shall be used that will not take the impact of a horse or will break away, such as fiberglass, PVC, wood or hedges.
      e. The design and construction of rails shall be approved by the commission prior to the first race meeting at the racetrack.

4. Each licensee shall provide distance poles marking off the racing surface and the poles shall be painted in the following colors: quarter poles, red and white; eighth poles, green and white; and sixteenth poles, black and white. All distance poles, including photofinish mirror imaging equipment and any other equipment, shall be set back a minimum of 10 feet from the back of the inside rail.

5. Each licensee shall provide racing surfaces whose construction, elevation, and surfaces have received scientific approval as safe and humane, adequate and proper equipment to maintain the racing surface, and sufficient trained personnel to properly operate the equipment. Daily records of maintenance shall be open for inspection.

6. Each licensee shall provide stabling in a sufficient amount to conduct a successful horse race meeting. The horses shall be quartered in individual stalls with separate feeding and watering facilities. Each barn, including the receiving barn, shall have a hot and cold water supply available, be well-ventilated, have proper drainage to prevent standing water and be constructed to be comfortable in all seasons during which racing is conducted.

7. Each licensee shall provide a stabling area that is maintained in approved sanitary condition with satisfactory drainage, manure, and other refuse kept in separate boxes or containers distant from living quarters, and the boxes or containers promptly and properly removed.

8. Each licensee shall provide a systematic and effective insect control program and programs to eliminate hazards to public health and comfort in the stabling area and throughout the enclosure.

9. Each licensee shall provide satisfactory living quarters for persons employed in the stabling area as well as satisfactory commissary, recreation, and lavatory facilities, and maintain the facilities in a clean and sanitary manner. No employee shall be permitted to sleep in any stall or barn loft.

10. Each licensee shall provide on every racing day satisfactory sanitary toilets and wash rooms, and furnish free drinking water for patrons and persons having business within the enclosure.

11. Each licensee shall provide a paddock where the horses are assembled prior to the post parade. Each licensee shall provide a public viewing area where patrons may watch the activities in the paddock. Each licensee shall also provide a sufficient number of roofed stalls so that horses may be housed during inclement weather.

12. Each licensee shall provide satisfactory facilities for jockeys or drivers who are participating in the day's program. The facilities shall include accommodations for rest and recreation, showers, toilets, wash basins, reducing facilities (sauna or steam room), arrangements for safe keeping of apparel and personal effects, and snack bar during horse race meetings.

13. Each licensee shall maintain an information desk where the public may make complaints regarding the facilities, operations of the licensee, or rulings of the commission. The licensee shall respond promptly to complaints, and inform the commission regarding any alleged violation of its regulations.

14. Each licensee shall maintain a detention test barn for use by commission employees in securing from horses which that have run a race, samples of urine, saliva, blood, or other bodily substances for chemical analysis. The detention test barn shall include a wash rack, commission veterinarian office, a walking ring, and a sufficient number of stalls each equipped with a window sufficiently large to allow the taking of samples to be witnessed from outside the stall. The detention test barn shall be located convenient to the racing surface and shall be enclosed by a fence so that unauthorized persons shall be excluded. Space shall be provided for signing in and signing out of permittees whose attendance is required in the detention test barn.

15. Each licensee shall maintain a receiving barn conveniently located for use by horses arriving for races.
that are not quartered in the stabling area. The licensee shall have a sufficient number of stalls to accommodate the anticipated number of horses, hot and cold running water, and stall bedding. The licensee shall maintain the receiving barn in a clean and sanitary manner.

16. Each licensee shall provide and maintain lights so as to ensure adequate illumination in the stabling area and parking area. Adequacy of track lighting for night racing shall be determined by the commission.

17. Each licensee shall provide and maintain stands commanding an uninterrupted view of the entire racing surface for the stewards with the location to be approved by the commission. The licensee shall provide patrol judge stands so that the floor shall be at least six feet higher than the track rail. For harness racing, each licensee shall provide space for a patrol judge in the mobile starting gate which will accompany the horses during the race.

18. Each licensee shall furnish office space, approved by the commission, for the commission’s use within the enclosure and an appropriate number of parking spaces so that its members and staff may carry out their duties.

19. Each licensee shall submit to the commission, at least 30 days prior to the opening day of a meeting, a complete list of its racing officials, as set forth elsewhere in these regulations, and department heads. No person shall hold any appointment for a horse race meeting unless approved by the commission after determination that the appointee is qualified for his duties, not prohibited by any law of the Commonwealth of Virginia or regulation of the commission, and eligible to be licensed hold a permit issued by the commission.

20. Each licensee shall provide a condition book, or for harness racing, a condition sheet, listing the proposed races for the upcoming racing days and prepared by the racing secretary, to the commission at least one week prior to opening day. Additional condition books or condition sheets shall be provided to the commission as soon as published.

21. No licensee shall allow any person to ride in a race or exercise any horse within the enclosure unless that person is wearing a protective helmet of a type approved by the stewards with the chin strap is buckled. For flat racing, the term “exercising” is defined to include breezing, galloping, or ponying horses.

22. Each licensee shall employ at least two three outriders for flat racing, at least four outriders for jump races, and steeplechase racing and at least one outrider for harness racing, to escort starters to the post and to assist in the returning of all horses to the unsaddling area for flat racers.

No outrider shall lead any horse that has not demonstrated unruliness, but shall assist in the control of any horse which might cause injury to a jockey or driver or others. During racing hours, outriders will wear traditional attire. For flat race meetings, outriders shall be required to be present on the racing strip, mounted, and ready to assist in the control of any unruly horse or to recapture any loose horse, at all times when the track is open for exercising.

23. Each licensee shall employ for flat meets a sufficient number of valets to attend each jockey on a day’s program. Valets will be under the immediate supervision and control of the clerk of scales. No valet shall be assigned to the same jockey for more than two consecutive racing days. Valets shall be responsible for the care and cleaning up of his assigned rider’s apparel and equipment; shall ensure his rider has the proper equipment and attend the saddling of his rider’s mount; and shall attend the weighing out of his rider. No valet or other jockey room attendant may place a wager for himself or another, directly or indirectly, on races run while he is serving as a valet. Each licensee shall provide uniform attire for valets who shall wear the uniform attire at all times while performing their duties within public view.

24. No licensee shall allow any person to ride in a race or to exercise any horse within the enclosure unless that person is wearing a protective safety vest. The vest shall be designed to provide shock-absorbing protection to the upper body of at least a rating of five as defined by the British Equestrian Trade Association (BETA).

C. Equipment for conducting horse racing. Each unlimited licensee shall provide all of the equipment for the conduct of horse racing so as to maintain horse racing of the highest quality and free of any corrupt, incompetent, dishonest, or unprincipled practices, and to maintain in horse racing complete honesty and integrity.

1. Each licensee shall maintain at least two operable starting gates for flat meetings and two operable mobile starting gates for harness racing. The licensee shall have in attendance one or more persons qualified to keep the starting gates in good working order and provide for periodic inspection. For flat meetings, the licensee shall also make at least one starting gate along with adequate personnel available for schooling for two hours each day during training hours, exclusive of nonrace days. For flat race meetings, the licensee shall have an adequate number of assistant starters to ensure the integrity of the start and to provide safe conditions for horse and rider. If a flat race is started at a place other than in a chute, the licensee shall maintain in good operating condition backup equipment for moving the starting gate. The backup equipment must be immediately available to replace the primary moving equipment in the event of failure. For harness racing meetings, a mobile starting gate shall be made available for qualifying races and schooling.

2. Each licensee shall maintain photo-finish equipment to assist the stewards and placing judges, where employed for flat race meetings, in determining the order of finish of each race. The licensee shall provide at the finish line two photo-finish cameras for photographing the finish of races; one camera to be held in reserve two electronic photo-finish devices with mirror images to photograph the finish of each race. The location and operation of the photo-finish devices must be approved by the commission before its first use in a race. The licensee shall ensure that the photofinish devices are calibrated before the first day of each race meeting and at other times as required by the commission. The standards and operations of the photo-finish camera as well
as the methodology of the personnel shall be subject to the approval of the stewards:

a. The photo-finish photographer shall promptly furnish the stewards and placing judges prints as they are requested, and the photographer will promptly inform the stewards and placing judges of any malfunction of his equipment;

b. A print of a photo finish where the placing of horse is a half of length or less shall be displayed either by posting copies of the print or video means to the public promptly after the race has been declared "official"; and

c. Each licensee shall be responsible for maintaining a file of photo finishes of all races for one year after the closing of the horse race meeting.

3. Each licensee shall provide color video tape recordings of the running of each race clearly showing the position and actions of the horse and jockeys or drivers at close range. Each licensee shall provide at least three cameras to record panoramic and head-on views of the race. One camera shall be located on the finish line:

a. Promptly after a race has been declared "official," video tape recordings shall be replayed for the benefit of the public. In those races where there was a disqualification, video tapes of the head-on views may also be shown with an explanation by the public address announcer; and

b. The licensee shall safeguard the tapes of all video tapes for one year after the close of the horse race meeting. The licensee shall also provide a totalizator and employ qualified personnel to operate the system, provide maintenance of the hardware, software, and ancillary wagering devices, and be able to perform emergency repairs in case of emergencies. The licensee shall also provide a mutuel board in the infield where approximate odds, amounts wagered in the win, place, and show pools and display them to the public at intervals of not more than 60 seconds;

c. The stewards may, in their discretion, direct a video camera operator to videotape the activities of any horses or persons handling horses prior to, during or following a race.

4. Each licensee shall provide an electronic timing system. The system shall have the capability of timing the leading horse in at least hundredths of a second. Each licensee shall also provide a qualified person to manually time each race, including splits of each quarter of a mile, in the event of a malfunction of the electronic system.

5. Each licensee shall provide an internal communication system which links the stewards' stand, racing secretary's office, pari-mutuel department, jockeys' or drivers' room, paddock, detention test barn, commission veterinarian's office, starting gate, film patrol office, ambulances, public address announcer, patrol judges, and any other personnel designated by the commission.

6. Each licensee shall provide a public address system whereby calls of the races and other pertinent information may be communicated to the public. This system shall be utilized by a qualified person, and the system shall have the capability of transmitting throughout the stabling area.

7. Each licensee shall restrict the use of all external communication devices for a period of time beginning 30 minutes before post time of the first race and ending when the last race is declared "official":

a. The licensee shall render inoperable each telephone or other instrument of communication located in the enclosure, other than those designated for the exclusive use of the commission;

b. The licensee may not permit an individual within the enclosure to receive a telephone call, telegram, or message from outside the enclosure without the approval of the stewards;

c. Each licensee shall confiscate until the end of the restricted time period a portable telephone, transmitter, or other instrument of external communication, including a car phone, located within the enclosure; and

d. The licensee may have telephone or telegraph systems within the enclosure for the benefit of the media, but no information regarding the results shall be transmitted out of the enclosure until the results are official except for races that are broadcast or televised live.

8. Each licensee shall provide a totalizator and employ qualified personnel to operate the system, provide maintenance of the hardware, software, and ancillary wagering devices, and be able to perform emergency repairs in case of emergencies. The licensee shall also provide a mutuel board in the infield where approximate odds, amounts wagered in the win, place, and show pools on each betting interest, and other pertinent information may be prominently displayed to the public:

a. The totalizator shall maintain at least two independent sets of pool totals and compare them at least once every 60 seconds. The totalizator shall record in a system log file any difference in the final pool totals;

b. The totalizator shall have the capability of calculating the mutuel pools, approximate odds, probable payoffs and display them to the public at intervals of not more than 60 seconds;

c. The totalizator shall have the capability of being locked and wagering terminated automatically at the command of a steward. Any failure of the system to lock at the start of the race shall be reported immediately by the mutuel manager to the stewards;

d. The totalizator shall have the capability of displaying the probable payoffs payouts on various combinations in the daily double, perfecta exacta, and quinella wagering, and displaying the payoffs to the public;

e. The totalizator shall have the capability of recording the wagering by individual wagers, including the amount wagered, the betting interest, and the mutuel window where the wager was placed. The records of the wagering shall be promptly made available to the commission upon request. The licensee shall preserve the records of the wagering for 30 days, one year after closing of the horse race meeting. The records shall not be destroyed without permission of the commission;
Proposed Regulations

f. The personnel operating the totalizator shall report immediately to the stewards any malfunction in the system, or what they perceive to be any unusual patterns in the wagering;

g. The totalizator personnel shall make available to the commission any special reports or requests that may assist the commission in carrying out its statutory duties and responsibilities for the conduct of horse racing; and

h. The commission may require an independent certified audit of the totalizator’s software attesting to the accuracy of its calculations and the integrity of its accounting processes.

9. Each licensee shall provide at least one human ambulance and at least one equine ambulance within the enclosure at all times during those hours when the racing and training surface is open for racing and training exercising. The ambulances shall be manned and equipped to render immediate assistance, and shall be stationed at a location approved by the stewards.

a. The equine ambulance must be a covered vehicle that is low to the ground and large enough to accommodate a horse in distress. The equine ambulance must be able to navigate on the racetrack during all weather conditions and transport a horse outside the enclosure.

b. The equine ambulance must be equipped with large portable screens to shield a horse from public view, ramps to facilitate loading a horse, adequate means of loading a horse that is down, a rear door and a door on each side, a padded interior, a movable partition to initially provide more room to load a horse and to later restrict a horse’s movement, a shielded area for the person who is attending to the horse, and an adequate area for the storage of water and veterinary medicines and equipment.

c. A licensee shall not conduct a race unless an equine ambulance or a commission veterinarian-approved substitute is readily available.

d. The equine ambulance, its supplies and attendants, and the operating procedures for the vehicle must be approved by the commission veterinarian.

e. The licensee shall maintain a properly equipped human ambulance, staffed with certified paramedics at any time the racetrack is open for racing or exercising horses. If the ambulance is being used to transport an individual, horses may not be raced or exercised until the ambulance is replaced.

f. Unless otherwise approved by the stewards, a human ambulance shall follow the field at a safe distance during the running of races, or in the event of inclement weather, two ambulances shall be parked to render immediate service. The human ambulance must be parked at an entrance to the racing surface unless the ambulance is being used to transport a person or when it is following the field during the running of a race.

g. During a racing day, the licensee shall maintain a first aid room equipped with at least two beds and other appropriate equipment, and the services of at least one physician during flat race meetings.

9. Each licensee shall maintain lighting for the racetrack and the patron facilities that is adequate to ensure the safety and security of the patrons, participants and horses. Lighting to ensure the proper operation of the videotape and photofinish devices must be approved by the commission.

a. The licensee shall maintain adequate additional lighting in the stable area as required by the commission.

b. If racing is conducted at night, the licensee shall maintain a backup lighting system that is sufficient to ensure the safety of patrons, participants and horses.

D. Provisions for safety, security and fire prevention. Each unlimited licensee shall employ sufficient trained personnel to provide for the safety and security of the public and others who have business within the enclosure. Each licensee shall also take all measures to prevent the outbreak of fires within the enclosure and develop plans for the quick extinguishing of any fires that should occur.

1. Each licensee shall provide sufficient trained security personnel under the supervision of a qualified director of security. If the licensee contracts with a private security service, the security service must be bonded and meet all applicable licensing requirements. If the licensee establishes its own security force, then director of security shall forward to the commission detailed plans for the screening, hiring, and training of its own personnel.

2. The director of security of each licensee shall cooperate fully with the commission and its staff, federal and state law enforcement agencies, local police and fire departments, and industry security services to enforce all laws and regulations to ensure that horse racing in the Commonwealth of Virginia is of the highest integrity.

3. Each licensee shall develop a detailed security plan describing the equipment, i.e., fences, locks, alarms, and monitoring devices; the procedures to admit persons to restricted areas, i.e., stabling area, paddock, jockeys’ or drivers’ room, vault, mutual lines, totalizator room, and post-race detention test barn; and the trained personnel in sufficient numbers to provide for the safety and security of all persons during racing and nonracing hours.

4. Each licensee may provide a perimeter fence around the entire enclosure, but shall fence off the stabling area. The entrance to the stabling area shall be guarded on a 24-hour basis by uniformed security personnel so that unauthorized persons shall be denied access to the restricted stabling area. The licensee shall also provide for routine patrolling by uniformed security personnel on a 24-hour basis within the stabling area.

5. During racing hours, the licensee shall provide uniformed security personnel to guard the entrances to the paddock, jockeys’ or drivers’ room, stewards’ stand, and other restricted areas as may be deemed appropriate by the commission so that unauthorized persons shall be denied access to them.
6. The licensee’s director of security shall submit to the commission and Virginia State Police a written report describing every arrest or completed incident of security investigation or rule violation including the person charged, the charges against the person, the present whereabouts of the person, and disposition of the charges, if any.

7. The licensee’s director of security shall submit to the commission a detailed plan describing the procedures to be followed in case of fire or any other emergency within the enclosure. The plan shall contain the resources immediately available within the surrounding communities to cope with fire or other emergencies, route of evacuation for the public, controlling traffic, and those resources available from the surrounding communities for police, fire, ambulance, and rescue services.

8. Each licensee shall observe and enforce all state and local building codes and regulations pertaining to fire prevention, and shall prohibit the following:
   a. Smoking in horse stalls, feed rooms, or under the shedrow;
   b. Open fires and oil or gasoline burning lanterns or lamps in the stable area;
   c. The unsafe use of electrical appliances or other devices which would pose a hazard to structures, horses, permittees, or the public; and
   d. Keeping flammable materials including cleaning fluids or solvents in the stabling area.

Agency Contact: William H. Anderson, Director of Policy and Planning, Virginia Racing Commission, P.O. Box 208, New Kent, VA 23124, telephone (804) 966-7404, FAX (804) 966-7418, or e-mail Anderson@vrc.state.va.us.

Basis: The Virginia Racing Commission derives its statutory authority to promulgate regulations from the provisions of § 59.1-369 of the Code of Virginia. The Code states, in part in subdivision 3, "The Commission shall promulgate regulations and conditions under which horse racing with pari-mutuel wagering shall be conducted in the Commonwealth, and all such other regulations it deems necessary and appropriate to effect the purposes of this chapter."

Purpose: In accepting the recommendations of its Rules Committee, the Virginia Racing Commission has amended two subsections of the regulations pertaining to request for racing days. First, it has become evident to the horse racing community that making a request for racing days cannot be effectively accomplished by September 1. The Rules Committee and the Commission agreed that this date should be established by the Commission in late summer or early autumn. Second, there has been some misunderstanding over the provisions of making amendments to requests. The Rules Committee and the commission agreed that this matter must be clarified. Through these amendments, the regulations will protect the health, safety and welfare of the participants in horse racing.

Substance: The establishment of a date by the commission would facilitate the request for racing days. Originally, the commission established September 1 as the date for making requests for racing days; however, often the licensee and horsemen wanted to have the results of the most recent meet before making a schedule for the coming year. This amendment would allow the commission as well as the licensee and horsemen to have the benefit of this matter.

In addition, there has been some misunderstanding concerning the amendment of requests for racing days. The revision of the wording of this subsection should clarify the matter before the licensee and horsemen.

Issues: The primary advantages and disadvantages to the horse racing community are important. By establishing a later date, rather than the specific September 1 date, the licensee and horsemen will be in a better position to make more accurate economic plans for the following year of racing. However, it is a disadvantage to have the date set back further from September to October, November or December because this limits the amount of publicity that can be generated.

The primary advantages and disadvantages to the Virginia Racing Commission are essential. By using a later date, this will allow for the potential of maximizing the revenue available to the Commonwealth and localities. Again, the later date could set back the planning by horsemen to send horses to the race meeting.

Fiscal Impact: There will be no projected cost to the Virginia Racing Commission because of new substantive provisions and there will be no projected costs to the localities. Further, there will be no projected costs to the licensee or the horsemen.

Department of Planning and Budget's Economic Impact Analysis: The Department of Planning and Budget (DPB) has analyzed the economic impact of this proposed regulation in accordance with § 2.2-4007 H of the Administrative Process Act and Executive Order Number 21 (02). Section 2.2-4007 H requires that such economic impact analyses include, but need not be limited to, the projected number of businesses or other entities to whom the regulation would apply, the identity of any localities and types of businesses or other entities particularly affected, the projected number of persons and employment positions to be affected, the projected costs to affected businesses or entities to implement or comply with the regulation, and the impact on the use and value of private property. The analysis presented below represents DPB’s best estimate of these economic impacts.
Proposed Regulations

Summary of the proposed regulation. The proposed change will provide discretion to the Virginia Racing Commission (the Commission) to establish a deadline for a licensee to place a request for racing days.

Estimated economic impact. Current regulations require the licensee to submit the request for racing days for the following calendar year no later than September 1. The proposed amendment will allow the commission to set a final submission date at any time at its discretion. Currently, Colonial Downs located in New Kent is the sole entity with a license for the ownership and operation of a racetrack to conduct a horse race meeting with pari-mutuel wagering privileges in the Commonwealth. Thus, this change would specifically affect Colonial Downs.

The two main rationales for regulating horse racing activities are ensuring minimum health and safety levels during racing activities and ensuring fairness in pari-mutuel wagering. In the absence of regulatory requirements, it may not be in the best interest of an owner or operator licensee to provide these features. Thus, these regulations protect the interests of parties involved in horse racing. However, other than the conduct of wagering, horse racing is very similar to variety of many other sports competition activities. That is horse racing is a private business with the ultimate goal to make profits. Thus, from an economic point of view, the regulatory requirements must focus solely on ensuring minimum levels of health and safety and fairness in wagering. The economic value of horse racing to Virginia will likely be maximized when all commercial aspects of horse racing business are left to the discretion of the licensee so that it can maximize profits.

Under the current regulations, a licensee must submit the request for racing days for the following calendar year to the commission no later than September 1. This requirement seems to interfere with the commercial aspects of horse racing activities. In fact, according to the commission, making a request for racing days cannot be effectively accomplished by the September 1 deadline. The reason for this inconvenience is that both the licensee and horse owners prefer to have the results of the most recent meet prior to developing a schedule for the upcoming year. Thus, this current requirement is probably costly for the licensee and the horse owners as they are forced to make business decisions with less information. In addition, it is not clear how this September 1 deadline contributes to ensuring health and safety and fairness in wagering.

The proposed change will remove the requirement to submit the request for racing days by September 1 so that the commission may establish a date anytime during the year. Although not specified in the regulations, the commission currently plans to establish the November 1 as the deadline to submit the requests. While moving the deadline closer to the start of the new racing year will leave the schedule unknown for additional two months, leave less time to generate publicity for the races, and potentially have a negative impact on the licensee and the horse owners in terms of smaller purses, this change will allow the commission the flexibility to respond to requests it receives from the licensee. With this change, the licensee and the horsemen will have a chance to observe the results in the most recent additional two months and make a better-informed decision about the next year’s schedule. Since, the rational licensee and horse owners will use this information to their advantage, this change is expected to provide net benefits to them. Thus, if the commission is responsive to the requests it receives from the licensees in establishing the deadline for submission of racing days, this change will most likely benefit the licensees and probably the horse owners.

Businesses and entities affected. The proposed regulations primarily apply to owner’s or operator’s licensees who are authorized to conduct a horse race meeting with pari-mutuel wagering privileges. Currently, Colonial Downs is the only entity with an owner’s and operator’s license in the Commonwealth. In addition, approximately 1,947 horse owners would also be affected per year. Moreover, employees, particularly jockeys and exercise riders, and people attending races or placing wagers may be indirectly affected. There are approximately 500 employees working permanently or temporarily at the racetrack or satellite facilities. Of these, it is estimated that approximately 40 are jockeys and about 80 are exercise riders at a race meeting. The total attendance at the racetrack and the satellite facilities was 523,216 in fiscal year 2002.

Localities particularly affected. The proposed regulations apply throughout the Commonwealth.

Projected impact on employment. The proposed changes are not anticipated to have a significant effect on employment.

Effects on the use and value of private property. If this change improves the profits of the licensee and horse owners from better-informed scheduling, there is likely to be a positive impact on the value of businesses involved with operating a racetrack and owning a race horse.

Agency’s Response to the Department of Planning and Budget’s Economic Impact Analysis: The Virginia Racing Commission is in general agreement with the Department of Planning and Budget’s Economic Impact Analysis.

Summary:

The proposed amendments (i) respectively the date at which the licensee is to make a request for racing days and (ii) clarify the manner for making an amendment to a properly submitted request.

11 VAC 10-20-200. Request for racing days.

A. Generally. A holder of an owner-operator’s or operator’s license has the privilege of conducting horse race meetings at facilities, licensed by the commission, with pari-mutuel wagering for a period of 20 years, subject to annual review by the commission. A holder of an owner-operator’s or operator’s license shall submit an annual request to the commission for racing days.

B. Where to file request. The licensee shall submit the request for racing days for the following calendar year in writing to the main general business office of the commission no later than September 1, excluding Saturdays, Sundays, or holidays, for the following calendar year at a time designated by the commission. The commission may, in its discretion,
extend the deadline as new horse racing facilities are licensed and completed.

1. A request to be sent by certified mail shall be addressed to:
   
   Executive Secretary
   Virginia Racing Commission
   Post Office Box 1123
   New Kent, VA 23124

2. A request to be hand-delivered shall be delivered to:
   
   Executive Secretary
   Virginia Racing Commission
   1500 East Main Street
   Suite 301
   Richmond, VA 23219

3. A request delivered by hand or by certified mail will be timely only if received at the main office of the commission by 5 p.m. on or before the date prescribed.

4. Delivery to other than the commission's main office or to commission personnel by hand or by mail is not acceptable.

5. The licensee assumes full responsibility for the method chosen to deliver the request.

C. Content of request. The licensee's request in writing shall include a statement of how the request will provide for the promotion, sustenance, and growth of a native industry, in a manner consistent with the health, safety and welfare of the people, except that the commission, in its discretion, may waive the foregoing. The request shall include the following:

1. A request, signed by an officer of the licensee, for assignment of racing days;

2. A statement of the precise nature and extent of the assignment requested including the total number of racing days requested, the dates within which the racing days are to be conducted and the dark days, the breed or breeds to be utilized, the type or types of racing to be offered, the horse racing facility where the racing days are to be conducted, the hours of racing, and the projected purse structure.

3. A detailed statement of how the request meets the criteria established in 11 VAC 10-20-220 C; and

4. Any other documentation the licensee deems material to ensure a complete understanding of the request.

D. Revision Amendment of request. A licensee may at any time request a revision or amend a properly submitted request for racing days for commission approval.

E. Rescission of racing days. The commission may in its discretion rescind one or more racing days assigned to a licensee, if the commission finds that the licensee has not or will not meet the terms of its license. Any days rescinded may be reassigned to another licensee.

Basis: The Virginia Racing Commission derives its statutory authority to promulgate regulations from the provisions of § 59.1-369 of the Code of Virginia. The Code states, in part in subdivision 3, "The Commission shall promulgate regulations and conditions under which horse racing with pari-mutuel wagering shall be conducted in the Commonwealth, and all such other regulations it deems necessary and appropriate to effect the purposes of this chapter."

Purpose: In accepting the recommendations of its Rules Committee, the Virginia Racing Commission has amended three substantive provisions of the regulations pertaining to the assignment of racing days. First, the commission will be allowed to consider the assignment or amendment of racing days without the 15-day delay in the matter. Second, the commission can consider a change in the racing days, upon application by the licensee, at any time during the calendar year. Third, the licensee can submit a letter of credit instead of a bond with surety to cover any indebtedness. Through these amendments, the regulations will protect the health, safety and welfare of the participants in horse racing.

Substance: The experience of the commission has been that the assignment or the revision of racing days should be considered at the earliest possible moment. Hence, the commission, the licensee and horsemen agreed that the imposition of a 15-day delay should be avoided unless the commission determines that a public hearing is necessary. Also, the commission may change the assignment of racing, upon application by the licensee, at any time during the calendar year. Finally, the commission can accept a letter of credit or a bond with surety to cover indebtedness upon the licensee.

Issues: The primary advantages and disadvantages to the horse racing community are important. The amendments allow for a more expeditious consideration of the assignment and revision of racing days. The amendments make the revision of racing days, upon the application of the licensee, at any time of the year rather than the early part of the calendar year. The amendments allow the use of a letter of credit or a bond with surety for indebtedness upon the licensee.

Fiscal Impact: There will be no projected cost to the Virginia Racing Commission because of new substantive provisions and there will be no projected costs to the localities. Further,
Proposed Regulations

there will be no projected costs to the licensee or the horsemen.

Department of Planning and Budget's Economic Impact Analysis: The Department of Planning and Budget (DPB) has analyzed the economic impact of this proposed regulation in accordance with § 2.2-4007 H of the Administrative Process Act and Executive Order Number 21 (02). Section 2.2-4007 H requires that such economic impact analyses include, but need not be limited to, the projected number of businesses or other entities to whom the regulation would apply, the identity of any localities and types of businesses or other entities particularly affected, the projected number of persons and employment positions to be affected, the projected costs to affected businesses or entities to implement or comply with the regulation, and the impact on the use and value of private property. The analysis presented below represents DPB's best estimate of these economic impacts.

Summary of the proposed regulation. Pursuant to amendments to § 59.1-380 of the Code of Virginia in 2000, the proposed changes will allow the Virginia Racing Commission (the commission) to accept a letter of credit in addition to a surety bond from an owner's licensee to cover any indebtedness incurred and will reduce the amount of surety required from at least $1 million to any amount the commission determines sufficient to cover such indebtedness. Additionally, two other changes will allow the commission to consider a request to change the assignment of racing days at its next meeting without having to wait for 15 days and once the request is approved allow the commission to change the schedule without having to wait until the beginning of the calendar year.

Estimated economic impact. Prior to 2000, the Code of Virginia required $1 million or higher amount in a surety bond to cover any indebtedness of a licensee to purses, awards to horsemen, and monies due to the Commonwealth. The proposed changes will allow the use of a letter of credit in addition to a surety bond and allow the commission to determine the amount of security needed to cover such indebtedness. The commission believes that letter of credit is less expensive and easier to convert to cash if needed. Thus, the potential administrative costs to the commission are probably lower should it need to recover any monies from the licensee. Currently, the licensee provides letters of credit instead of a surety bond. Since it is optional to use letters of credit, it could be reliably inferred that the licensee would use it only if it is economically more beneficial than the surety bond.

Also, allowing the commission to determine the amount of surety rather than requiring a standard at least $1 million security for potential indebtedness would provide economic benefits to the licensee. From an economic point of view, the amount of surety should be just enough to cover potential risks arising from indebtedness, or the security should be commensurate with the amount of risk taken. Since the statutory change went into effect, the commission requires $200,000 security to cover purses and $200,000 to cover taxes due to the Commonwealth, or a total of $400,000 as opposed to previously required at least $1 million. It is also known that the cost of a letter of credit is about 2% of its face value and the licensee prefers letters of credit now. These indicate that providing authority to establish a surety amount below $1 million reduces the costs to the licensee from $20,000 to $8,000, or provides $12,000 net benefits to the licensee every year. Although this change has the potential to introduce some administrative costs to the commission while determining the appropriate amount of security, they are probably minor as it is probably easy to estimate the potential sizes of purses and taxes based on the readily available statistical records for similar races. However, the potential economic effects expected from these statutory changes already occurred when they went in to effect. Thus, these changes are not expected to produce any significant economic effects upon promulgation of these regulations as they are already realized in practice.

In addition to the statutory changes, the proposed regulations will provide more flexibility to the commission to revise the assignment of racing days when it receives such requests. Currently, the commission, upon receiving a request for racing days from a licensee, considers them at least 15 days later, and has to wait until the beginning of next calendar year to change the assignment. The proposed changes will remove these two limitations so that requests can be considered at the next regular meeting without having to wait 15 days and if the request is approved, the assignment for racing days can be changed immediately. These two changes provide more flexibility to both the licensee and the commission and will probably allow both to react to unforeseeable events more expeditiously. Since it is at the discretion of the licensee to submit a request, an expeditious process would probably increase potential benefits of such a request. And, if the administrative costs of an expeditious process do not outweigh the benefits to the licensee, these changes would provide net economic benefits.

Businesses and entities affected. The proposed regulations primarily apply to owner’s licensees who are authorized to conduct a horse race meeting with pari-mutuel wagering privileges. Currently, Colonial Downs is the only entity with an owner’s and operator’s license in the Commonwealth. In addition, 1,947 horse owners would also be affected annually. Moreover, employees, particularly jockeys and exercise riders, and people attending races or placing wagers may be indirectly affected. There are approximately 500 employees working permanently or temporarily at the racetrack or satellite facilities. Of these, it is estimated that approximately 40 are jockeys and about 80 are exercise riders at a race meeting. The total attendance at the racetrack and the satellite facilities was 523,216 in fiscal year 2002.

Localities particularly affected. The proposed regulations apply throughout the Commonwealth. However, cities of New Kent, Brunswick, Chesapeake, Hampton, Richmond, and Henrico County receive taxes from pari-mutuel wagering proceeds, which are covered by the surety requirements being amended with this action. It is in this sense that these localities are particularly affected.

Projected impact on employment. The proposed change’s effect on employment is not known because the effect on the horse racing activity is uncertain.
Effects on the use and value of private property. If this change improves the profits of the licensee from more flexibility to change the assignment of racing days, there is likely to be a positive impact on the value of businesses involved with operating a racetrack.

Agency’s Response to the Department of Planning and Budget’s Economic Impact Analysis: The Virginia Racing Commission is in general agreement with the Department of Planning and Budget’s Economic Impact Analysis.

Summary:
The proposed amendments (i) allow the commission to consider an assignment or revision of racing days at its next regular meeting without waiting 15 days after receipt of such request, (ii) change the racing days upon application by the licensee instead of at the beginning of any calendar year, and (iii) allow for a letter of credit instead of a bond with surety.

11 VAC 10-20-220. Assignment of racing days.

A. Generally. The commission shall promptly consider a request for racing days and assign racing days to a licensee.

B. Consideration of requests. Upon receipt of a request for assignment or revision of racing days, the commission shall consider the request at its next regular meeting, which is scheduled 15 days after receipt of such request, and may, in its discretion, assign the racing days as requested, modify the request, deny the request, or hold a public hearing pursuant to the following procedures.

1. If the commission deems a hearing is appropriate, the commission shall send written notice to the licensee and give due notice of the public hearing. The notice must include a brief description of the request, a statement that persons wishing to participate may do so in writing, the time and place of any public hearing on the request, and the earliest and latest date when the commission may act.

2. The licensee will be afforded the opportunity to make an oral presentation, and the licensee or its representative shall be available to answer inquiries by the commissioners.

3. Any affected parties, including horsemen, breeders, employees of the licensee, representatives of other state and local agencies will be afforded the opportunity to make oral presentations. The public may be afforded the opportunity to make oral presentations and shall be given the opportunity to submit written comments.

4. If, after a request is received, the commission determines that additional information from the licensee is necessary to fully understand the request, the commission shall direct the licensee to submit additional information.

5. If the commission further determines it is necessary for a full understanding of a request, the commission shall request the licensee or a person submitting comments to appear before the commission. The commission shall request the appearance in writing at least five days in advance.

6. If a licensee fails to comply with the foregoing, the commission may deny the request for racing days.

7. A record of the proceedings shall be kept, either by electronic means or by court reporter, and the record shall be maintained until any time limits for any subsequent court appeals have expired.

8. Three or more members of the commission are sufficient to hear the presentations. If the chairman of the commission is not present, the commissioners shall choose one from among them to preside over the hearing.

C. Criteria for assignment of racing days. The commission, in making its determination, must consider the success and integrity of horse racing; the public health and safety, and welfare; public interest, necessity and convenience; as well as the following factors:

1. The integrity of the licensee;
2. The financial resources of the licensee;
3. The ability of the licensee to conduct horse racing, including the licensee’s facilities, systems, managers, and personnel;
4. Past compliance of the licensee with statutes, regulations, and orders regarding horse racing with pari-mutuel wagering privileges;
5. The licensee’s market, including area, population, and demographics;
6. The performance of the horse race meeting with previously assigned dates;
7. The impact of the assignment of racing days on the economic viability of the horse racing facility including attendance and pari-mutuel handle;
8. The quantity and quality of economic development and employment generated;
9. Commonwealth tax revenues from racing and related economic activity;
10. The entertainment and recreation opportunities for residents of the Commonwealth;
11. The breeds of horse racing;
12. The quality of racing;
13. The availability and quality of horses;
14. The development of horse racing;
15. The quality of the horse racing facility;
16. Security;
17. Purses;
18. Benefits to Virginia breeders and horse owners;
19. Stability in racing dates;
20. Competition among horse racing facilities, other racing days and with other providers of entertainment and recreation as well as its effects;
21. The social effects;
22. The environmental effects;
Proposed Regulations

23. Community and government support;

24. Sentiment of horsemen; and

25. Any other factors related to the assignment of racing days which the commission deems crucial to its decision-making as long as the same factors are considered with regard to all requests.

D. Assigning racing days. In assigning racing days to a licensee, the commission shall designate in writing the total number of racing days assigned, the dates within which the racing days are to be conducted and dark days, the breed or breeds to be utilized, the type or types of racing to be offered, the horse racing facility where the racing days will be conducted, and the hours of racing.

1. The commission shall approve, deny or give its qualified approval to a request for racing days within 45 days after a public hearing, if a public hearing was held on the request.

2. Upon application by the licensee, the commission may, in its discretion, change the assignment of racing days previously made.

3. The commission shall require a bond with surety or within the amount of $1 million or a higher amount as the commission may require to cover any indebtedness, including but not limited to purses, awards to horsemen and moneys due the Commonwealth of Virginia, incurred by the licensee.

E. Denial of request final. The denial of a request by the commission shall be final unless appealed by the licensee under the provisions of these regulations.

Summary:

The amendments (i) provide for the electronic reporting of births; (ii) allow delayed reporting of births when warranted; (iii) specify information needed to evidence home births; (iv) establish protections against the unauthorized, unwarranted, and indiscriminate disclosure of vital records; (v) increase the fee for issuance of a vital record and charge an administrative fee when documents are amended or when a delayed birth certificate is requested one year or more after the event; and (vi) allow for administratively amending a mother's name and a given name of a child on a birth certificate with supporting evidence.

A change was made to the proposed regulation allowing parents who have had a fetal death of 20 weeks or more gestation to receive upon request a certificate of birth resulting in a stillbirth.

Summary of Public Comments and Agency's Response: A summary of comments made by the public and the agency's response may be obtained from the promulgating agency or viewed at the office of the Registrar of Regulations.

REGISTRAR'S NOTICE: The proposed regulation was adopted as published in 19:6 VA.R. 891-904 December 2, 2002, with the changes identified below. Pursuant to § 2.2-4031 of the Code of Virginia, the adopted regulation is not published at length; however, the sections that have changed since publication of the proposed are set out.

12 VAC 5-550-5 through 12 VAC 5-550-120. [ No change from proposed. ]

In accordance with § 32.1-258.1 of the Code of Virginia, a certificate of birth resulting in a stillbirth shall be issued upon request from the parent for a fetal death of 20 weeks or more gestation and payment of the appropriate fee for a vital record. This certificate shall contain the following information; name (optional), mother's maiden name, father's name (if indicated), date of event, and hospital of occurrence. When no report of spontaneous fetal death is available to establish the event, documentation from the following sources is acceptable: physician or licensed nurse midwife who provided care to the mother, documentation from the medical record maintained at the hospital of occurrence, copy of the report of spontaneous fetal death or documentation from funeral service director (if such services were provided). ]

FORMS [ No change from proposed. ]
The Virginia Racing Commission seeks to bring advanced-deposit pari-mutuel wagering within the Commonwealth and, hence, to the welfare and safety of wagering Virginians. Furthermore, the absence of emergency regulations will allow unlicensed operators to avoid paying licensing fees to the Commonwealth and fees payable to the horsemen racing at Colonial Downs for purses, the Virginia Breeders Fund, and to Colonial Downs. These fees that should be paid will advance the integrity, quality, and quantity of live racing in the Commonwealth.

PART V.
ADVANCE DEPOSIT ACCOUNT WAGERING.

The following definitions and interpretations shall apply to these rules unless otherwise indicated or the text otherwise requires:

"Account" means an account for account wagering with a specific identifiable record of deposits, wagers, and withdrawals established by an account holder and managed by the account-wagering licensee.

"Account Holder" means an individual who successfully completed an application and for whom the account-wagering licensee has opened an account.

"Advance Deposit Account Wagering" (hereafter account wagering) means a form of pari-mutuel wagering in which an individual may deposit money in an account with an account wagering licensee and then use the current balance to place pari-mutuel wagers in person or electronically.

"Account Wagering Center" means an actual location, equipment, and staff of an account wagering licensee and/or agents of the account wagering licensee involved in the management, servicing and operation of account wagering.

"Account Wagering Licensee" means an entity licensed by the Virginia Racing Commission in violation of § 59.1-369.5. These circumstances leave the citizens of the Commonwealth at risk of participating in unregulated pari-mutuel wagering. Additionally, the absence of such regulation deprives the Commonwealth, the horsemen who race at Colonial Downs’ New Kent track, the Virginia horse breeders, and the unlimited licensees of revenues they are otherwise entitled to receive under the regulations and § 59.1-369.5. Thus, the public welfare will be directly and imminently threatened without the promulgation of these emergency regulations.

"Applicant" means an individual who has submitted an application to establish an account with either (1) an account wagering licensee or (2) a company applying for an account wagering license.

"Advance Deposit Account Wagering License" means a form of pari-mutuel wagering in which an individual may deposit money in an account with an account wagering licensee and then use the current balance to place pari-mutuel wagers in person or electronically.

"Account Wagering Licensee" means an entity licensed by the Virginia Racing Commission to conduct account wagering under Commission-approved terms of agreement. Additionally, they will increase purses and days of the live racing at Colonial Downs, and address the interests of the Virginia Breeders Fund, Virginia horsemen, and unlimited licensees in otherwise unregulated pari-mutuel wagering.

Purpose: The Virginia Racing Commission seeks to bring advanced-deposit account wagering under the regulation of the Commonwealth. During the hearings before both houses of the General Laws Committees in the 2003 Session of the General Assembly, the Commission, Colonial Downs and the horsemen cited the need to speedily bring this form of pari-mutuel wagering under regulation. These emergency regulations will serve the purposes of bringing advanced-deposit account wagering under proper licensure and ensure that the licensees conduct account wagering under Commission-approved terms of agreement. Additionally, they will increase purses and days of the live racing at Colonial Downs, and address the interests of the Virginia Breeders Fund, Virginia horsemen, and unlimited licensees in otherwise unregulated pari-mutuel wagering.

Substance: Without these regulations, advanced-deposit account wagering is likely to continue to be conducted by unlicensed operators of such wagering operations. This unlicensed activity, and the Commission’s lack of authority to control it, poses a threat to the integrity of horse racing in the Commonwealth and, hence, to the welfare and safety of wagering Virginians.
e. Unless otherwise authorized by the account holder, the name, address, and other information in the possession of the account wagering center and race meet licensee that would identify the account holder to anyone other than the commission or the account wagering licensee.

"Credits" means all inflow of money to an account.

"Debits" means all outflow of money from an account.

"Deposit" means a payment of money by cash, check, money order, credit card, debit card, or electronic funds transfer made by an account holder to the account holder’s account.

"Individual" means any natural person at least 18 years of age, but does not include any corporation, partnership, limited liability company, trust, estate or other legal entity.

"Other Electronic Media" means any electronic communication device or combination of devices including but not limited to personal computers, the internet, private networks, interactive televisions and wireless communication technologies or other technologies approved by the commission.

"Principal Residence Address" means the street address where the individual submitting an application for an account resides.

"Proper Identification" means a form of identification accepted in the normal course of business to establish that the person making a transaction is an account holder.

"Racetrack Licensee" means any person holding a current unlimited license to own or operate a horse racetrack or satellite facility where pari-mutuel wagering is permitted.

"Secure Personal Identification Code" means an alphanumeric character code chosen by an account holder as a means by which the account wagering licensee may verify a wager or account transaction as authorized by the account holder.

"Source Market Fee" means the fee payable by the account wagering licensee pursuant to the terms and provisions of the contractual agreement among the prospective account wagering licensee, the racetrack licensee and the recognized majority horsemen's organizations.

"Source Market Fee Area" means territory or similar area, encompassing at least the Commonwealth of Virginia.

"Terms of Agreement" means the agreement, approved by the commission, between an account wagering licensee and an account holder that includes but is not limited to the deposits, credits, debits, withdrawals and the opening and closing of accounts.

"Withdrawal" means a payment of money from an account by the account wagering licensee to the account holder when properly requested by the account holder.

"Withdrawal Slip" means a form provided by the account wagering licensee for use by an account holder in withdrawing funds from an account.

11 VAC 10-20-411. Authorization to conduct account wagering.

A. No person shall conduct account wagering in the Commonwealth unless he has applied for and has been granted an account wagering license by the commission.

B. An account wagering license shall be valid for the calendar year in which it is issued.

C. An application shall include, on a form prescribed by the commission, the names, addresses and telephone numbers of all officers and directors. It shall solicit the same information for an account wagering license, to the extent relevant, as required for an unlimited license as specified in 11 VAC 10-20-30 (Applicant’s Affidavit), 11 VAC 10-20-40 (Disclosure of ownership and control), 11 VAC 10-20-50 (Disclosure of character information) and 11 VAC 10-20-80.1 (a)(b)(c)(d)(e) (Disclosure of financial resources) of the commission’s regulations.

D. As part of the application, the license applicant also shall submit a detailed plan, including a detailed budget of the cost of implementation, of how its proposed account wagering system would operate including internal controls procedures. The commission may require changes in a proposed plan of operations as a condition of granting a request. No subsequent material changes in the system’s operation may occur unless ordered by the commission or until approval is obtained from the commission after it receives a written request.

E. As part of the application, the license applicant must provide a copy of the contractual agreement among the prospective account wagering licensee, the racetrack licensee, and representatives of the recognized majority horsemen's organizations. Included in such agreement shall be the agreed upon terms between the racetrack licensee and the recognized majority horsemen's organizations that details the distribution of retainage generated by account wagering within the source market fee area for each breed after the license fee to the commission has been paid.

F. The commission may conduct investigations or inspections or request additional information from the applicant for a license and its officers, directors, managers and equity holders, as applicable, holding 5% or more of the applicant’s equity interest as it deems appropriate in determining if the applicant has the financial resources to conduct account wagering, and whether to allow the applicant to conduct account wagering.

G. Before being granted its original account wagering license, and every six months thereafter, the account wagering licensee shall furnish the commission with proof that the account holders will be guaranteed the full value of their accounts regardless of the acts of the account wagering licensee or any other entity. If the proof offered to the commission is not acceptable to the commission, the commission may require the account wagering licensee to purchase a bond or other form of insurance guaranteeing that the account holders receive the full value of their accounts.

H. An application to renew an account wagering license for each succeeding calendar year is due in the offices of the
commission by 5 p.m. on December 1 on a form prescribed by the commission.

A. Before beginning operations in Virginia, the account wagering licensee must be qualified to do business in Virginia.

B. Any action that suspends or otherwise prohibits an account wagering licensee of the commission from operating in another state shall be grounds for a suspension of its account wagering license in Virginia pursuant to Virginia Code § 59.1-385 C.

C. All employees, either direct or indirect, working on behalf of the licensed account wagering center must have a Virginia commission permit or a permit or license from the state where the account wagering center is located.

D. Within 45 days following the end of each quarter, the account wagering licensee shall provide to the racetrack licensee a summary report detailing wagering processed through the account wagering system by Virginia residents wagering on both in-state and out-of-state races and non-Virginia residents wagering on Virginia races. The reports shall be subject to review by the commission.

E. Only individuals who have established accounts with an account wagering company licensed by the commission may wager through an account and that account must be with an account wagering company licensed in Virginia.

F. Opening an account.

1. An account wagering licensee shall require from an applicant the following information including, but not limited to:
   a. Name,
   b. Principal residence address,
   c. Telephone number,
   d. Social security number,
   e. Age, and
   f. Other information necessary for the account administration.

2. The information obtained from the applicant shall be verified by the account wagering licensee using means acceptable to the commission.

G. Administration of an account.

1. Each account holder's wagering account shall be administered in accordance with the terms of agreement, which have been approved by the commission, including but not limited to:
   a. Deposits;
   b. Credits to accounts;
   c. Debits to accounts;
   d. Withdrawals;
   e. Minimum deposit; and
   f. Fees, if any, per wager.

2. A person may not directly or indirectly act as an intermediary, transmitter or agent in the placing of wagers for an account holder. A person may not place a wager on behalf of an account holder. Only an account holder may place an account wager. Direct or indirect involvement as an intermediary, transmitter or agent in the placing of wagers includes a system, known as a transfer account or master account, whereby funds are deposited to one account from another account. This section does not prohibit use of credit or debit cards specifically approved by the account wagering center or the use of checks, money orders or negotiable orders of withdrawal.

3. An account wagering licensee shall maintain for at least one year all records of the opening and closing of accounts, wagers, earnings and withdrawals;

4. An account wagering licensee may close accounts for violation of its terms of agreement or other appropriate reasons;

5. An account wagering licensee may close wagering on any particular race or racetrack;

6. An account wagering licensee shall provide the account holder with appropriate identification materials and the terms of agreement; and,

7. The principal residence address provided in writing by the account holder at the time of application is deemed to be the proper address for the purposes of mailing checks, statements of account, account withdrawals, notices, or other appropriate correspondence. The mailing of checks or other correspondence to the address given by the account holder shall be at the sole risk of the account holder.

11 VAC 10-20-413. Account wagering licensee requirements.

A. An account wagering licensee shall conduct its operations with account holders in accordance with the terms of agreement, previously approved by the commission.

B. No employee or agent of the account wagering licensee shall divulge any confidential information related to the placing of any wager or any confidential information related to the operation of the account wagering center, except:

   1. To the account holder as required by these rules;
   2. To the commission;
   3. To the racetrack licensee as required by the agreement between the account wagering licensee and the racetrack licensee; and,
   4. As otherwise required by state or federal law.

C. All wagering conversations, transactions or other wagering communications through the account wagering system, verbal or electronic, shall be recorded by means of the appropriate electronic media, and the tapes or other records of such communications shall be kept by the account wagering center
Emergency Regulations

for a period of one year. These tapes and other records shall be made available to commissioners, employees and/or designees of the commission on request.

D. The voice recording of the transaction shall be deemed to be the actual wager, regardless of what was recorded by the pari-mutuel system.

E. An account wagering licensee shall not accept wagers, if its transcribing system is not operable;

F. An account wagering license shall be administered in accordance with its terms of licensure and the previously approved terms of agreement; and

G. The commission may review and monitor the equipment, staff and records of an account wagering licensee and any of the transactions conducted by the account wagering licensee in regards to wagers made by account holders.

11 VAC 10-20-415. Fees.

A. Application for Account Wagering License:

1. A non-refundable application fee of $5,000 must be submitted with the application.

2. The applicant will be billed and shall be responsible for any costs involved in the background checks and review of the application in excess of $5,000.

B. Annual Fees:

1. An annual fee of $1,000 shall be payable to the commission on issuance of the original license and thereafter on or before January 1 of each year. The licensee will be billed and shall be responsible for any costs in excess of $1,000 associated with the review of the annual renewal application.

2. .5% of gross total handle from the source market area, shall be payable to the commission on the 10th day of each month for the previous month.

C. Distribution for Source Market Fees -- single racetrack licensee:

1. The account wagering licensee shall distribute source market fees, and host fees if applicable, to the racetrack licensee on the 10th of each month for the previous month.

2. The racetrack licensee shall distribute the horsemen's shares to the respective Partners Accounts within 48 hours after receipt from the account wagering licensee.

D. Distribution of Source Market Fees -- more than one racetrack licensee:

1. If more than one racetrack licensee operates in Virginia, then the source market fees shall be distributed as follows:
   a. All source market fees derived from account wagers placed within a 50-mile radius (the “50-mile radius”) of any track or satellite wagering facility operated by a racetrack licensee shall be distributed to each such licensee;
   b. All source market fees derived from account wagers placed outside any 50-mile radius shall be shared among the racetrack licensees in proportion to each licensee’s respective capital expenditures on such licensee’s track and satellite wagering facilities in Virginia.

2. If an overlap exists between two 50-mile radii, the racetrack licensee to first operate a track or satellite wagering facility in such area shall receive the source market fees from account wagers placed within the overlapping area.

11 VAC 10-20-416. Enforcement and penalties.

A. The commission shall have all of the rights, powers and remedies provided for in the Act to ensure compliance with these regulations, including, but not limited to, injunctive relief and the imposition of fines and suspensions.

B. Additionally, with respect to any entity that engages in account wagering in Virginia without a license issued by the commission, the commission may take such measures as it deems necessary, including referral to the appropriate regulatory and law-enforcement authorities for civil action or criminal prosecution.

11 VAC 10-20-417. State employee use of certain computers prohibited.

No pari-mutuel wager may be made on or with any computer owned or leased by the Commonwealth, or any of its subdivisions, or at any public elementary or secondary school, or any public college or university.

ACCOUNT-WAGERING LICENSE APPLICATION

Owner’s affidavit.

The application must include an affidavit from the chief executive officer or a major financial participant that sets forth:

1. That application is made for a license to own and operate an account-wagering license.

2. That the affiant is the agent of the applicant, its owners, partners, members, directors, officers, and personnel and is duly authorized to make the representations in the application on their behalf. (Documentation of the authority must be attached)

3. That the applicant seeks a grant of a privilege from the Commonwealth of Virginia, and the burden of proving the applicant’s qualifications rests at all times with the applicant.

4. That the applicant consents to inquiries by the Commonwealth of Virginia, its employees, the commission members, staff and agents, into the financial, character, and other qualifications of the applicant by contacting individuals and organizations.

5. That the applicant, its owners, partners, members, directors, officers, and personnel accept any risk of adverse public notice, embarrassment, criticism, or other circumstances, including financial loss, which may result from action with respect to the application and expressly waive any claim which otherwise could be made against the Commonwealth of Virginia, its employees, the commission, staff, or agents.
Disclosure of ownership and control.

An applicant must disclose:

1. The type of organizational structure of the applicant, whether individual, business corporation, nonprofit corporation, partnership, joint venture, trust, association, or other.

2. If the applicant is an individual, the applicant's legal name, whether the applicant is a United States citizen, any aliases and business or trade names currently or previously used by the applicant, and copies of all state and federal tax returns for the past five years.

3. If the applicant is a corporation:
   a. The applicant's full corporate name and any trade names currently or previously used by the applicant;
   b. The jurisdiction and date of incorporation;
   c. The date the applicant intends on doing business in Virginia and a copy of the applicant's certificate of authority to do business in Virginia;
   d. Copies of the applicant's articles of incorporation, bylaws, and all state and federal corporate tax returns for the past five years;
   e. The general nature of the applicant's account-wagering business;
   f. Whether the applicant is publicly held as defined by the rules and regulations of the Securities and Exchange Commission;
   g. The classes of stock of the applicant. As to each class, the number of shares authorized, number of shares subscribed to, number issued, number outstanding, par value per share, issue price, current market price, number of shareholders, terms, position, rights, and privileges must be disclosed;
   h. Whether the applicant has any other obligations or securities authorized or outstanding which bear voting rights either absolutely or upon any contingency, the nature thereof, face or par value, number of units authorized, number outstanding, and conditions under which they may be voted;
   i. The names, in alphabetical order, and addresses of the directors and, in a separate list, officers of the applicant. The number of shares held of record directly or indirectly by each director and officer as of the application date of each class of stock, including stock options and subscriptions, and units held of record or beneficially of other obligations or securities which bear voting rights must be disclosed;
   j. The names, in alphabetical order, and addresses of each record holder as of the date of application or beneficial owner of shares, including stock options and subscriptions, of the applicant or units of other obligations or securities that bear voting rights. As to each holder of shares or units, the number and class or type of shares or units must be disclosed;
   k. Whether the requirements of the Securities Act of 1933 and Securities and Exchange Act of 1934, as amended, and Securities and Exchange Commission rules and regulations have been met in connection with issuance of applicant's securities, and copies of the most recent registration statement and annual report filed with the Securities and Exchange Commission;
   l. Whether the securities registration and filing requirements of the applicant's jurisdiction or incorporation have been met, and a copy of the most recent registration statement and annual report filed with the securities regulator in that jurisdiction; and
   m. Whether the securities registration and filing requirements of the Commonwealth of Virginia have been met. If they have not, the applicant must disclose the reasons why. The applicant must provide copies of all securities filings with Virginia's State Corporation Commission during the past five years.

4. If the applicant is an organization other than a corporation:
   a. The applicant's full name and any aliases, business or trade names currently or previously used by the applicant;
   b. The jurisdiction of organization of the applicant;
   c. The date the applicant intends to begin doing business in Virginia;
   d. Copies of any agreements creating or governing the applicant's organization and all of the applicant's state and federal tax returns for the past five years;
   e. The general nature of the applicant's business;
   f. The names, in alphabetical order, and addresses of any partners and officers of the applicant and other persons who have or share policy-making authority. As to each, the applicant shall disclose the nature and extent of any ownership interest, direct or indirect, including options, or other voting interest, whether absolute or contingent, in the applicant; and
g. The names, in alphabetical order, and addresses of any individual or other entity holding a record or beneficial ownership interest, direct or indirect, including options, as of the date of the application, or other voting interest, whether absolute or contingent, in the applicant. As to each, the applicant must disclose the nature and extent of the interest.

5. If a nonindividual record or beneficial holder of an ownership or other voting interest of 5.0% or more in the applicant is identified pursuant to subdivision 3, i or j or subdivision 4, f and g, the applicant shall disclose the information required by those subdivisions as to record or beneficial holders of an ownership or other voting interest of 5.0% or more in that nonindividual holder. The disclosure required by those subdivisions shall be repeated, in turn, until all other voting interests of 5.0% or more in the applicant or any non-individual holder are identified. When an applicant is unable to provide the information required, it shall explain fully and document its inability to do so;

6. Whether the applicant is directly or indirectly controlled to any extent or in any manner by another individual or entity. If so, the applicant must disclose the identity of the controlling entity and a description of the nature and extent of control;

7. Any agreements or understandings which the applicant or any individual or entity identified pursuant to this part has entered into regarding ownership or operation of applicant’s account-wagering activity and copies of any such agreement in writing;

8. Any agreements or understandings which the applicant has entered into for the payment of fees, rents, salaries, or other compensation concerning the proposed account wagering by the applicant, and copies of any such agreements in writing; and

9. Whether the applicant, any partner, director, officer, other policymaker, or holder of a direct or indirect record or beneficial ownership interest or other voting interest or control of 5.0% or more has held or holds a license or permit issued by a governmental authority to own or operate an account-wagering license or other gaming activity. If so, the applicant must disclose the identity of the license or permit holder, nature of the license or permit, issuing authority, and dates of issuance and termination.

Disclosure of management.

An applicant for an account-wagering license must disclose with regard to the development, ownership and operation of its account-wagering operation:

1. A description of the applicant’s management plan, with budget and identification of management personnel by function, job descriptions and qualifications for each management position and a copy of the organization chart;

2. Management personnel to the extent known and with respect to each:
   a. Legal name, alias(es), and previous name(s);

b. Current residence and business addresses and telephone numbers;

c. Qualifications and experience in the following areas:
   (1) General business;
   (2) Marketing, promotion and advertising;
   (3) Finance and accounting;
   (4) Horse racing;
   (5) Pari-mutuel wagering; and
   (6) Security.

Disclosure of character information.

An applicant for an account-wagering license shall disclose and furnish particulars as follows whether the applicant or any individual or other entity identified pursuant to subsection C of 11 VAC 10-20-411 has:

1. Been charged in any criminal proceeding other than a traffic violation. If so, the applicant must disclose nature of the charge, the date, charged, court and disposition;

2. Had a horse racing, gambling, business, professional, or occupational license or permit revoked or suspended or renewal denied or been a party in a proceeding to do so. If so, the applicant must disclose the date of commencement, circumstances and disposition;

3. Been accused in an administrative or judicial proceeding of violating a statute or regulation relating to horse racing or gaming;

4. Been charged in an administrative or judicial proceeding of violating a statute or regulation relating to unfair labor practices or discrimination;

5. Begun an administrative or judicial action against a governmental regulator of horse racing or gaming. If so, the applicant must disclose the date of commencement, forum, circumstances, and disposition;

6. Been the subject of voluntary or involuntary bankruptcy proceedings. If so, the applicant must disclose the date of commencement, forum, circumstances, date of decision and disposition;

7. Failed to satisfy any judgment, decree of an administrative or judicial tribunal. If so, the applicant must disclose the date and circumstances; and

8. Been delinquent in filing a tax return required or remitting a tax imposed by any government. If so, the applicant must disclose the date and circumstances.
Authorization for release.

In an application for an account-wagering license, the applicant shall include the following with respect to each individual identified as an applicant, partner, director, officer, other policymaker, or holder of a direct or indirect record or beneficial ownership interest or other voting interest or control of 5.0% or more in the applicant and management personnel:

1. Full name, business and residence addresses and telephone numbers, residence addresses for past five years, date of birth, place of birth, Social Security number, if the individual is willing to provide it, and two references; and

2. An authorization for release of personal information, on a form prepared by the commission, signed by the individual and providing that he:
   a. Authorizes a review by, and full disclosure to, an agent of the Virginia State Police, of all records concerning the individual;
   b. Recognizes the information reviewed or disclosed may be used by the Commonwealth of Virginia, its employees, the commission, members, staff and agents to determine the signer’s qualifications; and
   c. Releases authorized providers and users of the information from any liability under state or federal data privacy statutes.

Disclosure of financial resources.

A. Financial resources. An applicant for an account-wagering license shall disclose with regard to its financial resources its most recent independently audited financial statement showing:

1. The applicant’s current assets, including investment in affiliated entities, loans and accounts receivable;
2. Fixed assets;
3. Current liabilities, including loans and accounts payable;
4. Long-term debt and equity; and
5. Statement of income and expenses, and statement of cash flow.

B. Costs of operations. The applicant shall submit a budget including the cost of implementing an account-wagering license in the Commonwealth. The applicant shall submit a detailed plan for the Commonwealth. The plan shall include how the applicant would operate the license within the Commonwealth. The plan shall include, but not be limited to, accounting and other internal control procedures.

C. Necessary resources. The applicant shall submit a plan of financial resources so that it can conduct account wagering within the Commonwealth.

Account wagering center.

An applicant for an account-wagering license shall submit to the commission the location or locations where management, servicing and operation of account wagering shall take place. The applicant shall explain the type of equipment used in transacting account wagering including the location of the "wagering hub," whether the "wagering hub" is located within a jurisdiction where "wagering hubs" have been legalized, and where the working personnel will be located.

Contractual obligations.

An applicant for an account-wagering license shall submit to the commission a copy of the contractual agreement with the unlimited licensee and the recognized horsemen’s organizations representing the majority of the horsemen racing at the unlimited race meeting. Any contractual agreement between the account-wagering licensee, the unlimited licensee and the recognized horsemen’s organizations shall be subject to the approval of the commission. (The applicant shall submit a copy of its contract with its application.)

Terms of agreement.

An applicant for an account-wagering license shall submit a copy of its terms of agreement between the licensee and account holders.

Emergency Regulations

Standards for Establishing Payment Rates-Inpatient Hospital Services (Attachment 4.19-A (12 VAC 30-70-291, 12 VAC 30-70-301, and 12 VAC 30-70-331)).

In 1991, DMAS determined it would be appropriate to place the state teaching hospitals in their own peer group (named Type One hospitals) for purposes of Disproportionate Share adjustment payments, known as DSH payments. DSH payments are made to those hospitals that render proportionately higher amounts of care to indigent people than other hospitals. Over the years, Medicaid DSH payments to Type One hospitals have figured significantly in these hospitals’ revenues. In addition, Type One hospitals’ operating rates are subject to an adjustment factor of one, while Type Two hospitals’ adjustment factors have historically been less than one. This has contributed to higher payment rates for Type One hospitals relative to Type Two hospitals.

To determine the capitated rates for its managed care organizations (MCOs), DMAS considers all providers’ rates. However, since Type One hospitals are paid significantly higher rates (due to the adjustment factor), it is not prudent to include the Type One hospital rates in the calculations of the MEDALLION II rates. Instead, Type One hospital fee for service data is assigned a “community rate” for capitation rate setting purposes, and this rate is less than those facilities’ actual fee-for-service cost experience.

The emergency regulation proposes to take two parallel actions: (i) to reduce FFS operating rates for Type One hospitals to a level commensurate with Type Two hospitals; and, (ii) to increase payments to the Type One hospitals through other means to compensate them for revenue losses due to the federal regulatory change. Further discussion of these parallel proposals follows.

Because the Medicaid program recognizes that higher costs are incurred at the Type One hospitals, the adjustment factor calculated for Type Two hospitals is not sufficient to address such additional costs. Therefore, DMAS is proposing a methodology change that will calculate an adjustment factor that causes the Type One hospital statewide operating rate per case to equal the statewide operating rate per case as calculated for the Type Two hospitals. This serves to bring fee-for-service reimbursement at Type One hospitals in line with reimbursement levels under MEDALLION II.

An unintended consequence of the reduction in operating payments to Type One hospitals is also a reduction in DSH payments. DSH payments are directly related to the fee-for-service operating side due to the use of the new adjustment factor. Because operating payments also affect DSH calculations, DMAS has determined that a multiplier applied to the current DSH percentage is the most efficient way to accomplish this goal.

The net effect of these three changes will be the maintenance of payment levels that would have been had the current methodology, with the additional payments for MEDALLION II claims made outside of the system through the managed care organizations to the Type One hospitals, continued unchanged. Because this is simply a shifting of payments currently in the fee-for-service operating side to the DSH program, with DSH held harmless, there is no additional financial impact on the Commonwealth nor is there added pressure to upper payment limits imposed on the program.

Preamble:

Due to a change in federal regulations (42 CFR 438.6) regarding actuarial soundness of capitation rates, DMAS will be prohibited from making supplemental payments to Type One hospitals (the state teaching hospitals) for services that these providers render in the DMAS managed care program (MEDALLION II). This prohibition, effective August 13, will create a significant disincentive for the Type One hospitals to continue participation in the Medallion II program. If the Type One hospitals choose to not participate in the Medicaid managed care program, the viability of the managed care program in the areas of the Commonwealth served by these hospitals will be threatened. As such, access to a proper level of care will be impeded, therefore threatening the public health.

12 VAC 30-70-291. Payment for indirect medical education costs.

A. Hospitals shall be eligible to receive payments for indirect medical education. These payments recognize the increased use of ancillary services associated with the educational process and the higher case-mix intensity of teaching hospitals. The payments for indirect medical education shall be made in estimated quarterly lump sum amounts and settled at the hospital’s fiscal year end.

B. Final payment for IME shall be determined as follows:

1. Type One hospitals shall receive an IME payment equal to the hospital’s Medicaid operating reimbursement times an IME percentage determined as follows:

\[\text{IME Percentage for Type One Hospitals} = \left[1.89 \times \left((1 + r)\right)^{0.405} - 1\right] \times (\text{IME Factor})\]

An IME Factor shall be calculated for each Type One Hospital and shall equal a factor that, when used in the calculation of the IME Percentage, shall cause the resulting IME Payments to equal what the IME Payments would be with an IME Factor of one, plus an amount equal to the difference between operating payments using the
adjustment factor specified in subsection B-1 of 12 VAC 30-70-331 and operating payments using an adjustment factor of one in place of the adjustment factor specified in subsection B-1 of 12 VAC 30-70-331.

2. Type Two hospitals shall receive an IME payment equal to the hospital's Medicaid operating reimbursement times an IME percentage determined as follows:

\[ \text{IME Percentage for Type Two Hospitals} = \left(1.89 \times (1 + \frac{r}{0.405} - 1)\right) \times 0.4043 \]

In both equations, \( r \) is the ratio of full-time equivalent residents to staffed beds, excluding nursery beds. The IME payment shall be calculated each year using the most recent reliable data regarding the number of full-time equivalent residents and the number of staffed beds, excluding nursery beds.

C. An additional IME payment shall be made for inpatient hospital services provided to Medicaid patients but reimbursed by capitated managed care providers. This payment shall be equal to the hospital's hospital specific operating rate per case, as determined in 12 VAC 30-70-311, times the hospital's HMO paid discharges times the hospital's IME percentage, as determined in subsection B of this section.

12 VAC 30-70-301. Payment to disproportionate share hospitals.

A. Payments to disproportionate share hospitals (DSH) shall be prospectively determined in advance of the state fiscal year to which they apply. The payments shall be made on a quarterly basis, shall be final, and shall not be subject to settlement except when necessary due to the limit in subsection D of this section.

B. Hospitals qualifying under the 15% inpatient Medicaid utilization percentage shall receive a DSH payment based on the hospital's type and the hospital's Medicaid utilization percentage.

1. Type One hospitals shall receive a DSH payment equal to:
   a. The sum of (i) the hospital's Medicaid utilization percentage in excess of 10.5%, times 17, times the hospital's Medicaid operating reimbursement, times 1.4433 and (ii) the hospital's Medicaid utilization percentage in excess of 21%, times 17, times the hospital's Medicaid operating reimbursement, times 1.4433r,
   b. Multiplied by the Type One Hospital DSH Factor.

   The Type One Hospital DSH Factor shall equal a percentage that, when applied to the DSH payment calculation yields a DSH payment equal to the total calculated using the methodology outlined in subsection 1 a of this section using an adjustment factor of one in the calculation of operating payments rather than the adjustment factor specified in subsection B-1 of 12 VAC 30-70-331.

2. Type Two hospitals shall receive a DSH payment equal to the sum of (i) the hospital's Medicaid utilization percentage in excess of 10.5%, times the hospital's Medicaid operating reimbursement, times 1.2074 and (ii) the hospital's Medicaid utilization percentage in excess of 21%, times the hospital's Medicaid operating reimbursement, times 1.2074.

C. Hospitals qualifying under the 25% low-income patient utilization rate shall receive a DSH payment based on the hospital's type and the hospital's low-income utilization rate.

1. Type One hospitals shall receive a DSH payment equal to the product of the hospital's low-income utilization in excess of 25%, times 17, times the hospital's Medicaid operating reimbursement.

2. Type Two hospitals shall receive a DSH payment equal to the product of the hospital's low-income utilization in excess of 25%, times the hospital's Medicaid operating reimbursement.

3. Calculation of a hospital's low-income patient utilization percentage is defined in 42 USC § 1396r-4(b)(3).

D. No DSH payments shall exceed any applicable limitations upon such payments established by federal law or regulations and OBRA 1993 §13621. A DSH payment during a fiscal year shall not exceed the sum of:

1. Medicaid allowable costs incurred during the year less Medicaid payments, net of disproportionate share payments, for services provided during the year.

2. Costs incurred in serving persons who have no insurance less payments received from those patients or from a third party on behalf of those patients.

3. Calculations of a hospital's low-income patient utilization percentage are made using an adjustment factor of one in place of the adjustment factor specified in subsection B-1 of 12 VAC 30-70-331 and operating payments using an adjustment factor specified in subsection B-1 of 12 VAC 30-70-331.

E. Each hospital's eligibility for DSH payment shall be calculated at the time of each rebasing using the most recent reliable utilization data and projected operating reimbursement data available. The utilization data used to determine eligibility for DSH payment and the amount of the DSH payment shall include days for Medicaid recipients enrolled in capitated managed care programs. In years when DSH payments are not rebased in the manner described above, the previous year's amounts shall be adjusted for inflation.

1. Each hospital with a Medicaid-recognized Neonatal Intensive Care Unit (NICU), a unit having had a unique NICU operating cost limit under subdivision 6 of 12 VAC 30-70-50, shall have its DSH payment calculated separately for the NICU and for the remainder of the hospital as if the two were separate and distinct providers.

2. For freestanding psychiatric facilities licensed as hospitals, DSH payment shall be based on the most recently settled Medicare cost report available before the beginning of the state fiscal year for which a payment is being calculated.
Emergency Regulations

12 VAC 30-70-331. Statewide operating rate per case.

A. The statewide operating rate per case shall be equal to the base year standardized operating costs per case, as determined in 12 VAC 30-70-361, times the inflation values specified in 12 VAC 30-70-351 times the adjustment factor specified in subsection B of this section.

B. The adjustment factor shall be determined separately for Type One and Type Two hospitals and:

1. For Type One Hospitals the adjustment factor shall be a calculated percentage that causes the Type One Hospital statewide operating rate per case to equal the Type Two Hospital statewide operating rate per case;

2. For Type Two Hospitals the adjustment factor shall be the ratio of the following two numbers:

   a. The numerator of the factor is the aggregate total Medicaid operating payments to affected hospitals in hospital fiscal years ending in the base year.

   b. The denominator of the factor is the aggregate total Medicaid allowable operating cost as determined from settled cost reports from the same hospitals in the same year.

EXECUTIVE ORDER NUMBER 54 (2003)

ENERGY CONSERVATION BY STATE AGENCIES

Wise use of taxpayer dollars and efficiency and economy in government demands that state agencies are prudent in their use of energy. By virtue of the authority vested in me as Governor under Article V of the Constitution of Virginia and under the laws of the Commonwealth, including but not limited to Chapter 1 of Title 2.2 of the Code of Virginia, I hereby direct the Governor's Secretaries and all executive branch agencies to reduce energy costs and consumption in state government operations. I hereby set a short-term goal of all agencies reducing energy consumption by at least seven percent by 2004, when compared to a 2002 baseline. I further set an intermediate goal of reducing energy usage by at least 10 percent by 2006 relative to a 2002 baseline, with a long-term goal of reducing energy consumption by the maximum event feasible.

Responsibilities of the Department of Mines, Minerals and Energy

The Department of Mines, Minerals and Energy (DMME) shall be responsible for providing technical assistance to state agencies in achieving energy consumption savings. Specifically, DMME shall accomplish the following:

- Review, revise, and maintain the Virginia Energy Plan through collaboration with other state agencies,
- Draw on expertise of other agencies and Virginia businesses to ensure that state agencies conserve energy to the maximum extent feasible, and
- Maintain a system to monitor and report energy costs and consumption for state-owned facilities.

Responsibilities of All Executive Branch Agencies

Each executive agency and institution shall accomplish the following:

- Implement an energy management plan in an orderly and timely manner and undertake modifications to internal agency operations and programs consistent with the goal of reducing energy consumption to the maximum extent feasible,
- Monitor and report energy costs and consumption and progress on implementation of the energy management plan to DMME,
- Use the Energy Efficiency and Operational Performance Contracting Act as a procurement mechanism to accomplish these energy conservation projects.

This Executive Order rescinds Executive Order 56 (1999), Virginia Energy Plan, issued by the Honorable James S. Gilmore on September 3, 1999.

This Executive Order shall become effective upon its signing and shall remain in full force and effect until June 30, 2006, unless amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia this 23rd day of July 2003.

DECLARATION OF A STATE OF EMERGENCY DUE TO AN ECONOMIC CRISIS IN HENRY COUNTY AND THE CITY OF MARTINSVILLE

On July 31, 2003, I verbally declared a state of emergency to exist due to the abrupt closure of a manufacturing plant in the Fieldale community of Henry County and the ensuing employment and economic crisis in Henry County and the City of Martinsville. The crisis was brought about by the announcement on July 30, 2003, by Pillowtex Corporation of its filing for Chapter 11 bankruptcy protection and its immediate closure of all plants nationwide. The loss of jobs directly impacts almost 1,000 families in the immediate area. The plant's closure also depletes resources needed to operate the county's Public Service Authority and drastically reduces the county's tax base.

The threat to the health and general welfare of the citizens of Henry County and the City of Martinsville required that state action be taken to assist in alleviating these conditions. I find that the potential effects of this economic crisis are of sufficient severity and magnitude to warrant disaster assistance by the Commonwealth to supplement the efforts and available resources of the localities in preventing or alleviating the loss, hardship, or suffering threatened or caused thereby, as defined in § 44-146.16(5).

Therefore, by virtue of the authority vested in me by § 44-146.17 of the Code of Virginia, as Governor and as Director of Emergency Management, and by virtue of the authority vested in me by Article V, Section 7 of the Constitution of Virginia and subject always to my continuing and ultimate authority and responsibility to act in such matters, I hereby confirm, ratify, and memorialize in writing my verbal orders issued July 31, 2003, wherein I proclaimed that a state of emergency exists in Henry County and the City of Martinsville and directed that appropriate assistance be rendered by agencies of both state and local governments to prevent and alleviate any conditions resulting from increased unemployment, loss of tax revenues and reduction of financial support for the delivery of basic public services, and to implement relief and recovery activities so as to alleviate impacted areas from the effects of these conditions insofar as possible.

All state agencies are directed to provide assistance in dealing with this emergency to the extent required by the Coordinator of Emergency Management in consultation with the Secretary of Public Safety, the State Health Commissioner, and others as required. I specifically direct the Departments of Health, Environmental Quality, and Housing and Community Development to provide technical assistance as requested by...
Henry County officials, officials of the City of Martinsville, and officials of the Fieldale Sanitary District.

In order to marshal all public resources and appropriate preparedness, response and recovery measures to meet this crisis and recovery from its effects, and in accordance with my authority contained in § 44-146.17 of the Emergency Services and Disaster Laws, I hereby order the following prevention and restoration measures:

A. The full implementation by agencies of the state and local governments of Volume I, Virginia Emergency Operations Plan (COVEOP) Basic Plan, July 1997, as amended, along with other appropriate state agency plans.

B. Authorization for the Secretary of Commerce and Trade to activate the State Recovery Task Force to maintain a state-level capability to assist affected local governments during this economic crisis.

C. Authorization for the Department of Emergency Management to implement the Commonwealth Emergency Relief to Localities Program, authorized by § 44-146.28(a), to assist eligible localities located in an area declared to be in a state of emergency but not declared to be a major disaster area for which federal assistance might be forthcoming.

D. The activation, implementation and coordination of appropriate statewide and national mutual aid agreements and compacts, including the Emergency Management Assistance Compact, and the authorization of the State Coordinator of Emergency Management to enter into any other supplemental agreements, pursuant to § 44-146.17 (5) of the Code of Virginia, to provide for the exchange of public utility, welfare, transportation and communications personnel, and equipment and supplies. The State Coordinator of Emergency Management is hereby designated as Virginia's authorized representative within the meaning of the Emergency Management Assistance Compact, § 44-146.28:1 of the Code of Virginia.

E. The implementation by public agencies under my supervision and control of their emergency assignments as directed in the COVEOP without regard to normal procedures pertaining to performance of public work, entering into contracts, incurring of obligations, or other logistical and support measures of the Emergency Services and Disaster Laws, as provided in § 44-146.28 (b) of the Code of Virginia. Section 44-146.24 of the Code of Virginia also applies to the disaster activities of state agencies.

Upon my approval, the costs incurred by state agencies and other agents in performing mission assignments through the VEOC of the Commonwealth as defined herein and in § 44-146.28 of the Code of Virginia in performing these missions shall be paid out of the sum sufficient appropriation for Disaster Planning and Operations contained in Item 47 of Chapter 1042, 2003 Virginia Acts of Assembly.

This Executive Order shall be effective today, and shall remain in full force and effect until June 30, 2004, unless sooner amended or rescinded by further executive order. Termination of the Executive Order is not intended to terminate any state federal-type benefits granted or to be granted due to injury or death as a result of service under this Executive Order.

Given under my hand and under the Seal of the Commonwealth of Virginia, this 31st day of July 2003.

DEPARTMENT OF ENVIRONMENTAL QUALITY

Total Maximum Daily Load (TMDL) for fecal coliform bacteria on a 35-mile segment of Catoctin Creek

The Department of Environmental Quality (DEQ) and the Department of Conservation and Recreation (DCR) seek written and oral comments from interested persons on the development of an Implementation Plan (IP) for the Total Maximum Daily Load (TMDL) for fecal coliform bacteria on a 35-mile segment of Catoctin Creek, including 10.5 miles of the North Fork, all of the South Fork (17 miles), and 7.5 miles of the mainstem. A TMDL for the Catoctin Creek bacteria impairments was approved by EPA on May 31, 2002, and is available on DEQ’s website at http://www.deq.state.va.us/tmdlrpts.html. The Catoctin Creek impairments are located in Loudoun County.

Section 62.1-44.19:7 C of the Code of Virginia requires the development of an IP for approved TMDLs. The IP should provide measurable goals and the date of expected achievement of water quality objectives. The IP should also include the corrective actions needed and their associated costs, benefits and environmental impacts.

The first public meeting on the development of the IP for the Catoctin Creek fecal coliform bacteria TMDL will be held on Tuesday, September 30, 2003, at 7 p.m. in the Luckett's Community Center, located on Route 15 (access to parking off State Route 662) in Luckett's, VA.

The public comment period will end on October 30, 2003. A fact sheet on the development of an IP for the fecal coliform bacteria on Catoctin Creek is available upon request.

VIRGINIA DEPARTMENT OF HEALTH

Drinking Water State Revolving Fund Program Intended Use Plan for FY 2004

Waterworks Owner and Other Interested Parties:

The Virginia Department of Health (VDH) received numerous loan requests and set-aside suggestions following our announcement in January 2003, of funds available from the Drinking Water State Revolving Fund Program. Through the Safe Drinking Water Act, Congress authorizes capitalization grants to the states but authorization has not been finalized.

The VDH’s Office of Drinking Water (ODW) has prepared a draft Intended Use Plan (IUP) using information submitted via the loan requests and set-aside suggestions. This IUP is for your review and comment. The document dated January 14, 2003, and entitled “Virginia Drinking Water State Revolving Fund Program – Program Design Manual” is a part of the Intended Use Plan. This document was mailed in our January announcement and is available on our website at www.vdh.state.va.us(dw).

As previously announced in January, the VDH will hold a public meeting. The meeting will be on Wednesday, October 1, 2003, from 2 p.m. to 3:30 p.m. at the Virginia Housing Development Authority (VHDA) in Richmond, Virginia. In addition, comments from the public are to be postmarked by Friday, October 3, 2003.

If you plan to attend, please contact Theresa Hewlett at (804) 786-1087 by the close of business on September 25, 2003, so that we may properly plan the meeting.

Please direct your requests for information and forward written comments to Thomas B. Gray, P. E., Virginia Department of Health, Financial and Construction Assistance Programs, Office of Drinking Water, Main Street Station, Suite 109, 1500 East Main Street, Richmond Virginia 23219, telephone (804) 786-1087, FAX (804) 225-4539.
