The table printed below lists regulation sections, by Virginia Administrative Code (VAC) title, that have been amended, added or repealed in the *Virginia Register* since the regulations were originally published or last supplemented in VAC (the Spring 2004 VAC Supplement includes final regulations published through *Virginia Register* Volume 20, Issue 11, dated February 9, 2004). Emergency regulations, if any, are listed, followed by the designation "emer," and errata pertaining to final regulations are listed. Proposed regulations are not listed here. The table lists the sections in numerical order and shows action taken, the volume, issue and page number where the section appeared, and the effective date of the section.

TITLE 8. EDUCATION

LONGWOOD UNIVERSITY
Notice of Intended Regulatory Action
Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that Longwood University intends to consider repealing regulations entitled 8 VAC 50-10, Motor Vehicle Parking and Traffic Rules and Regulations. The purpose of the proposed action is to repeal the regulation as it has been determined that the regulation should become a guidance document.

The agency does not intend to hold a public hearing on the proposed action after publication in the Virginia Register.

Public comments may be submitted until November 22, 2004.
Contact: Jennifer Conkwright, Administrative Staff Assistant, Longwood University, 201 High St., Farmville, VA 23909-1899, telephone (434) 395-2019, FAX (434) 395-2635 or e-mail conkwrightjg@longwood.edu.

TITLE 9. ENVIRONMENT

STATE AIR POLLUTION CONTROL BOARD
Notice of Intended Regulatory Action
Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that the State Air Pollution Control Board intends to consider amending regulations entitled 9 VAC 5-40, Existing Stationary Sources. The purpose of the proposed action is to reduce emissions of volatile organic compounds (VOCs) and nitrogen oxides (NOx) from open burning and special incineration devices in Virginia’s emissions control areas in order to attain and maintain the federal health-based air quality standard for ozone and nitrogen oxides.

The agency intends to hold a public hearing on the proposed action after publication in the Virginia Register.

Public comments may be submitted until 5 p.m. on November 15, 2004.
Contact: Michael Dieter, Department of Environmental Quality, P.O. Box 10009, Richmond, VA 23240, telephone (804) 698-4146, FAX (804) 698-4327, or e-mail: mjdieter@deq.virginia.gov.

STATE WATER CONTROL BOARD
Notice of Intended Regulatory Action
Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that the State Water Control Board intends to consider amending regulations entitled 9 VAC 25-260, Water Quality Standards. The purpose of the proposed action is to amend the state's Antidegradation Policy (9 VAC 25-260-30), part of the Water Quality Standards, by designating portions of the Cowpasture River and Simpson Creek as Exceptional State Waters.

The agency intends to hold a public hearing on the proposed action after publication in the Virginia Register.

Contact: Mary L. Major, Department of Environmental Quality, P.O. Box 10009, Richmond, VA 23240, telephone (804) 698-4423, FAX (804) 698-4510 or e-mail mlmajor@deq.virginia.gov.

Title 12. Health

State Board of Health

† Notice of Intended Regulatory Action

Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that the State Board of Health intends to consider repealing regulations entitled 12 VAC 5-90, Regulations for Disease Reporting and Control. The purpose of the proposed action is to update reporting requirements; update lab, TB and HIV requirements; update vaccine-preventable and toxic substances provisions; and establish new isolation and quarantine requirements.

The agency does not intend to hold a public hearing on the proposed regulation after publication in the Virginia Register.

Statutory Authority: § 32.1-35 of the Code of Virginia.

Public comments may be submitted until 5 p.m. on December 1, 2004.

Contact: Diane Woolard, Ph.D., Department of Health, 109 Governor St., Richmond, VA 23219, telephone (804) 864-8142 or e-mail diane.woolard@vdh.virginia.gov.

VA.R. Doc. No. R05-47; Filed October 13, 2004, 2:42 p.m.

Notice of Intended Regulatory Action

Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that the State Board of Health intends to consider repealing regulations entitled 12 VAC 5-190, State Plan for the Provision of Children’s Specialty Services; and adopting regulations entitled 12 VAC 5-191, State Plan for the Children with Special Health Care Needs Program. The purpose of the proposed action is to replace the current State Plan for the Provision of Children’s Specialty Services with the State Plan for the Children with Special Health Care Needs Program.

The current regulations do not adequately address the existing model for providing services to children with special health care needs. With the expansion of publicly financed health care coverage for children with special health care needs, the growth of managed care delivery systems, and a federal emphasis on developing systems of care that provide family-centered care coordination and services, the Virginia Department of Health (VDH) discontinued the diagnosis-based, clinic direct service, Children’s Specialty Services Program starting in 2000. Based upon results from a 1999 comprehensive needs assessment with families of children with special health care needs, changing federal emphasis, and examination of successful service delivery models, the state Children with Special Health Care Needs Program now contracts with local entities to manage five regional Centers of Excellence known as Care Connection for Children Centers. The sixth center is managed by the Children with Special Health Care Needs Program. Care Connection for Children Centers are affiliated with major hospitals and universities with the capacity to provide pediatric specialty care. These centers provide care coordination, including family-to-family support and health insurance benefits counseling, to any resident of Virginia under age 21 with a chronic physical condition. In addition, the Children with Special Health Care Needs Program continues to administer a limited pool of funds to assist with payment of services for uninsured and underinsured children with special health care needs. The new regulations will amend the state plan to meet the program’s expanded and modified model of care and to address program requirements for access to the pool of funds, which is not an entitlement and subject to availability of funds.

VDH continues to operate child development clinics across the state, another service under the Children with Special Health Care Needs Program. The Children with Special Health Care Needs Program also administers the state-mandated Bleeding Disorders (Hemophilia) Program. The replacement regulations will provide a state plan for administration, eligibility, and scope of these two programs.

The agency does not intend to hold a public hearing on the proposed regulation after publication in the Virginia Register.

Statutory Authority: §§ 32.1-12 and 32.1-77 of the Code of Virginia.

Public comments may be submitted until 5 p.m. on November 5, 2004.

Contact: Bob Swander, Department of Health, 109 Governor St., Richmond, VA 23219, telephone (804) 864-7649 or e-mail bob.swander@vdh.virginia.gov.

State Mental Health, Mental Retardation and Substance Abuse Services Board

Notice of Intended Regulatory Action

Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that the State Mental Health, Mental Retardation and Substance Abuse Services Board intends to consider promulgating regulations entitled 12 VAC 35-210, Regulations to Govern Temporary Leave from State Mental Health and State Mental Retardation Facilities. The purpose of the proposed action is to promulgate a new regulation to govern practices related to temporary absences or leave from state mental health and mental retardation facilities under § 37.1-98 B of the Code of Virginia.
Title 18. Professional and Occupational Licensing

Board of Pharmacy

Notice of Intended Regulatory Action

Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that the Board of Pharmacy intends to consider amending regulations entitled 18 VAC 110-30, Regulations for Practitioners of the Healing Arts to Sell Controlled Substances. The purpose of the proposed action is to conform and update requirements for physicians selling drugs in their practice consistent with regulations for the practice of pharmacy.

The agency intends to hold a public hearing on the proposed action after publication in the Virginia Register.

Statutory Authority: Chapters 33 (§ 54.1-3300 et seq.) and 34 (§ 54.1-3400 et seq.) of Title 54.1 of the Code of Virginia.

Public comments may be submitted until 5 p.m. on December 1, 2004.

Title 24. Transportation and Motor Vehicles

Department of Motor Vehicles

Notice of Intended Regulatory Action

Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that the Department of Motor Vehicles intends to consider repealing regulations entitled 24 VAC 20-120, Commercial Driver Training School Regulations and adopting regulations entitled 24 VAC 20-121, Driver Training School Regulations. The purpose of the proposed action is to ensure that graduates of Class A (commercial vehicle training) and Class B (passenger vehicle training) driver training schools licensed by the Department of Motor Vehicles (DMV) are adequately prepared to safely and independently operate motor vehicles on the public roadways. The overall goals are to (i) strengthen DMV training school standards and develop additional standards to ensure that the instruction provided is uniform and meets all established requirements; (ii) strengthen DMV's oversight process to ensure that review of training documentation are consistent, evaluation of school curricula are expanded, and school audits are more comprehensive and less burdensome on driver training course providers; and (iii) implement additional changes intended to ensure that consistently high quality instruction is provided across the driver training school system and that the learning environment for younger students is safe, secure and peer-oriented.

The agency intends to hold a public hearing on the proposed action after publication in the Virginia Register.

Statutory Authority: §§ 46.2-203 and 46.2-1703 of the Code of Virginia.

Public comments may be submitted until November 3, 2004.

TITLE 18. PROFESSIONAL AND OCCUPATIONAL LICENSING
BOARD OF OPTOMETRY

REPROPOSED

REGISTRAR’S NOTICE: The Board of Optometry is claiming an exemption from the Administrative Process Act in accordance with § 2.2-4002 A 14 of the Code of Virginia, which exempts the Board of Optometry from the Administrative Process Act when specifying therapeutic pharmaceutical agents, treatment guidelines, and diseases and abnormal conditions of the human eye and its adnexa for TPA-certification of optometrists pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32 of Title 54.1.

At its October 6, 2004, meeting, the board made a significant number of changes to the two sections originally proposed in 21:1 VA.R. 22-23 September 20, 2004, and is soliciting comments on these changes for an additional 30 days. Changes in the proposed regulations that were adopted by the Board of Optometry on October 6, 2004, are bracketed. Public comments will be received until December 1, 2004.

Title of Regulation: 18 VAC 105-20. Regulations Governing the Practice of Optometry (adding 18 VAC 105-20-46 and 18 VAC 105-20-47).

Public Hearing Date: N/A -- Public comments may be submitted until December 1, 2004.

(See Calendar of Events section for additional information)

Additional Information:

The Board of Optometry is amending this chapter under an exemption from the Administrative Process Act and under a process specified in § 54.1-3223 of the Code of Virginia. In the promulgation of a regulatory action to amend the treatment guidelines for the use of therapeutic pharmaceutical agents (TPA) and the formulary of drugs that can be used by TPA-certified optometrists, the board is required to receive a recommendation from a TPA Formulary Committee (which includes optometrists, ophthalmologists, and a pharmacist), notify all TPA-certified optometrists and other interested parties, and send notice to the Registrar of Regulations. Proposed regulations were published in 21:1 VA.R. 22-23 September 20, 2004, and a public hearing was held on the proposal on October 6, 2004.

At its meeting on October 6, 2004, the board made a significant number of changes to the proposal and is publishing the revised proposed regulations to allow an additional 30 days of public comment.

Summary:

The reproposed action revises the treatment guidelines for the use of therapeutic pharmaceutical agents (TPA) by TPA-certified optometrists. The amendments provide categories of drugs that may be procured, administered and prescribed rather than a list of specific drugs on the formulary.

Changes made since the proposed regulations were published include the following:

1. In subsection A of the treatment guidelines (18 VAC 105-20-46), the listing of specific structures of the human eye is deleted because the board determined that the current listing of structures was not inclusive and was unnecessary. To clarify the extent of the adnexa that is appropriate for treatment by an optometrist, a definition of adnexa is added.

2. In subsection B of the treatment guidelines, a definition of angle closure glaucoma is added in order to distinguish angle closure glaucoma from narrow angle glaucoma, which an optometrist can treat without restriction.

3. In the formulary of TPA drugs (18 VAC 105-20-47), the board has added the term "medically appropriate" before "therapeutic pharmaceutical agents" for consistency with the treatment guidelines.

18 VAC 105-20-46. Treatment guidelines for [TPA certification TPA-certified optometrists].

A. TPA-certified optometrists may treat diseases and abnormal conditions of the [following structures of the] human eye and its adnexa that may be [appropriately] treated with [medically appropriate] pharmaceutical agents as referenced in 18 VAC 105-20-47. The adnexa is defined as conjointed, subordinate or immediately associated anatomic parts of the human eye, including eyelids and eyebrows.

1. Lids and adnexa;
2. Lacrimal system;
3. Cornea;
4. Conjunctiva; and
5. Episcera.

B. In addition, the following may be treated:
Proposed Regulations

1. Glaucoma (excluding the treatment of congenital and infantile glaucoma). Treatment of angle closure shall follow the definition and protocol prescribed in subsection C of this section.

2. Ocular-related post-operative care in cooperation with patient’s surgeon.

3. Ocular trauma to the above tissues as in subsection A of this section.

4. Uveitis.

5. Anaphylactic shock (limited to the administration of intramuscular epinephrine).

C. The definition and protocol for treatment of angle closure glaucoma shall be as follows:

1. As used in this chapter, angle closure glaucoma shall mean a closed angle in the involved eye with significantly increased intraocular pressure, and corneal microcystic edema;

2. Treatment shall be limited to the initiation of immediate emergency care with appropriate pharmaceutical agents as prescribed by this chapter;

3. Once the diagnosis of acute angle closure glaucoma has been established by the optometrist, the ophthalmologist to whom the patient is to be referred should be contacted immediately;

4. If there are no medical contraindications, an oral osmotic agent may be administered as well as an oral carbonic anhydrase inhibitor and any other medically accepted, Schedule III, IV or VI, oral antiglaucoma agent as may become available; and

5. Proper topical medications as appropriate may also be administered by the optometrist.

D. An oral Schedule VI immunosuppressive agent shall only be used when (i) the condition fails to appropriately respond to any other treatment regimen; (ii) such agent is prescribed in consultation with a physician; and (iii) treatment with such agent includes monitoring of systemic effects.

18 VAC 105-20-47. Therapeutic pharmaceutical agents.

A. A TPA-certified optometrist, acting within the scope of his practice, may procure, administer and prescribe medically appropriate therapeutic pharmaceutical agents (or any therapeutically appropriate combination thereof) to treat diseases and abnormal conditions of the human eye and its adnexa within the following categories:

1. Oral analgesics - Schedule III, IV and VI narcotic and nonnarcotic agents.

2. Topically administered Schedule VI agents:
   a. Alpha-adrenergic blocking agents;
   b. Anesthetic (including esters and amides);
   c. Anti-allergy (including antihistamines and mast cell stabilizers);
   d. Anti-fungal;
   e. Anti-glaucoma (including carbonic anhydrase inhibitors and hyperosmotics);
   f. Anti-infective (including antibiotics and antivirals);
   g. Anti-inflammatory;
   h. Cycloplegics and mydriatics;
   i. Decongestants; and
   j. Immunosuppressive agents.

3. Orally administered Schedule VI agents:
   a. Aminocaproic acids (including antifibrinolytic agents);
   b. Anti-allergy (including antihistamines and leukotriene inhibitors);
   c. Anti-fungal;
   d. Anti-glaucoma (including carbonic anhydrase inhibitors and hyperosmotics);
   e. Anti-infective (including antibiotics and antivirals);
   f. Anti-inflammatory (including steroidal and nonsteroidal);
   g. Decongestants; and
   h. Immunosuppressive agents.

B. Schedule I, II and V drugs are excluded from the list of therapeutic pharmaceutical agents.

C. Over-the-counter topical and oral medications for the treatment of the eye and its adnexa may be procured for administration, administered, prescribed or dispensed.

PUBLIC HEARING

Public Hearing Date: Public hearing will be held upon request. Public comments may be submitted until November 15, 2004.

Agency Contact: Steven C. Bradley, Deputy Director, State Corporation Commission, Division of Communications, P.O. Box 1197, Richmond, VA 23218-1197, telephone (804) 371-9420, FAX (804) 371-9069, or e-mail sbradley@scc.state.va.us.

Summary:

Rules for Local Exchange Telecommunications Company Service Quality Standards, 20 VAC 5-427, are proposed to replace the existing Regulation Governing Service Standards for Local Exchange Telephone Companies; Penalty, 20 VAC 5-400-80 of the Telecommunications regulation.

The regulations apply to all certificated local exchange carriers (carriers) and prescribe a minimum acceptable level of quality of service under normal operating conditions. The regulations call for the design, construction, maintenance, and operation of network facilities in compliance with applicable safety and electrical codes and all applicable commission orders and interconnection requirements under federal and state law.

Significant changes in the revised proposed rules appear in the reporting requirements (20 VAC 5-427-40), which now allow the option of exception reporting; service outage reporting (20 VAC 5-427-90) no longer required between LECs; printed directories are no longer required to contain complaint procedures for all LECs in the service area represented in each directory (20 VAC 5-427-130); and service quality performance standards have been revised (20 VAC 5-427-140). The revised proposed rules also include additional requirements for LECs: to restore customer property that has been disturbed during the course of construction or maintenance operations (20 VAC 5-427-30 E); and to provide customers with the option of reaching a live agent during automated transactions (20 VAC 5-427-140 G).

The regulations continue to set carrier reporting and record retention requirements; information disclosure requirements for carriers as to their rates, charges and fees; carrier response requirements for reports of trouble and outage; customer complaint handling requirements; requirements for providing call intercept and directories; also, standards are proposed to measure carrier service quality performance and transmission standards. Requirements for auditing and remedial action plans are also proposed for carriers.

COMMONWEALTH OF VIRGINIA, ex rel.

STATE CORPORATION COMMISSION

Ex Parte: Establishment of

CASE NO. PUC-2003-00110

Rules for Service Quality Standards for the Provision of Local Exchange Telecommunications Services

SECOND ORDER PRESCRIBING NOTICE AND GRANTING LEAVE TO COMMENT OR REQUEST HEARING

On August 1, 2003, the State Corporation Commission ("Commission") took under consideration the Staff's proposed Rules For Local Exchange Company Service Quality Standards (to be codified at 20 VAC 5-427-10) ("Rules") for replacement of the Regulations Governing Service Standards for Local Exchange Telephone Companies codified at 20 VAC 5-400-80 ("current rules"). Pursuant to the Order for Notice and Comment, interested parties were permitted to comment on, propose modifications or supplements to, or request a hearing on the Staff's proposed Rules. Interested parties were further requested to comment on selected matters that may be addressed in a final rulemaking.

Pursuant to the Order for Notice and Comment and the Commission's Order Extending Time for Comment or Requests for Hearing entered October 2, 2003, comments were filed by the following interested parties: Verizon Virginia Inc. and Verizon South Inc. (collectively "Verizon"); United Telephone - Southeast, Inc., Central Telephone Company of Virginia and Sprint Communications Company of Virginia, Inc. (collectively, "Sprint"); Cavalier Telephone, LLC ("Cavalier"); NTELOS Inc. ("NTELOS"); AT&T Communications of Virginia, LLC ("AT&T"); WorldCom, Inc. ("MCI"); Cox Virginia Telecom, Inc. ("Cox"); the Virginia Telecommunications Industry Association ("VTIA"); the Virginia Cable Telecommunications Association ("VCTA"); the Division of Consumer Counsel, Office of the Attorney General ("Consumer Counsel"); Virginia Citizens Consumer Counsel; State Senator William Roscoe Reynolds; Mr. Stephen McClelland; and Ms. Adria M. Woods.

Sprint alone requested a hearing on the Rules in order to address issues raised in its comments. Other commenters requested revisions to the Staff's proposed Rules, and another opportunity to comment and/or request a hearing. Finally, the commenters addressed the selected matters presented in the Order for Notice and Comment.

1 Order Prescribing Notice and Granting Leave To Comment Or Request Hearing, August 1, 2003, Case No. PUC-2003-00110 ("Order for Notice and Comment").
2 Order for Notice and Comment, pp. 2-3.
3 Comments by the following interested parties proposed specific revisions to the Rules: Verizon; Cavalier; NTELOS; MCI; Cox; VTIA; and VCTA. AT&T objected to the Rules in their entirety, while alternatively suggesting specific revisions.
4 The selected matters that may be addressed in a final rulemaking include a Bill of Rights (Attachment B of the Order for Notice and Comment) and the following four questions:

1. Should there be further requirements for telephone directory information in addition to the proposed requirements of 20 VAC 5-427-130 Directories in Attachment A to the Order for Notice and Comment?
2. Should the directory be competitively neutral, and, if so, what are the requirements to ensure neutrality?

1. Should there be further requirements for telephone directory information in addition to the proposed requirements of 20 VAC 5-427-130 Directories in Attachment A to the Order for Notice and Comment?

2. Should the directory be competitively neutral, and, if so, what are the requirements to ensure neutrality?
Proposed Regulations

The Staff now proposes in response to all filed comments a revision to the Rules ("proposed revised Rules"), which appears in Attachment A, appended hereto and incorporated herein by reference. The Staff also proposes in response to filed comments a revision to the originally proposed Bill of Rights (Attachment B of the Order for Notice and Comment) ("proposed revised Bill of Rights"). The proposed revised Bill of Rights appears as Attachment B, appended hereto and incorporated herein by reference. Therefore, a hearing will not be convened at this time so as to allow interested parties to review the Staff's revisions as set out in Attachments A and B.

NOW THE COMMISSION, pursuant to § 12.1-13 of the Code of Virginia and 5 VAC 5-20-100 of the Commission's Rules of Practice and Procedure, finds that interested parties should be permitted to comment further on the Staff's proposed revised Rules, which the Commission now considers for replacement of the current rules, and proposed revised Bill of Rights. Additionally, interested parties should be permitted to propose modifications or supplements to, or request a hearing on, the Staff's proposed revised Rules and proposed revised Bill of Rights. The Commission will take under advisement the comments to the selected matters raised in the Order for Notice and Comment to the extent that these matters are not addressed in Staff's proposed revised Rules (Attachment A) and proposed revised Bill of Rights (Attachment B).

Accordingly, IT IS ORDERED THAT:

1. The Commission's Division of Information Resources shall forward the Staff's proposed revised Rules (Chapter 427), Attachment A herein, and proposed revised Bill of Rights, Attachment B herein, to the Registrar of Virginia for publication in the Virginia Register of Regulations.

2. On or before October 15, 2004, the Commission's Division of Information Resources shall make a downloadable version of the Staff's proposed revised Rules, Attachment A, and proposed revised Bill of Rights, Attachment B, available for access by the public at the Commission's website, http://www.state.va.us/scc/caseinfo.htm. The Clerk of the Commission shall make a copy of the Staff's proposed revised Rules and proposed revised Bill of Rights available for public inspection and provide a copy, free of charge, in response to any written request for one.

3. Interested persons wishing to comment on, propose modifications or supplements to, or request a hearing on the Staff's proposed revised Rules or proposed revised Bill of Rights, consistent with the findings above, shall file an original and fifteen (15) copies of such comments, proposals, or requests with the Clerk of the Commission, State Corporation Commission, P.O. Box 2118, Richmond, Virginia 23218, on or before November 15, 2004, making reference to Case No. PUC-2003-00110. Interested persons desiring to submit comments electronically may do so by following the instructions found on the Commission's website, http://www.state.va.us/scc/caseinfo.htm. Requests for hearing shall state with specificity why such concerns cannot be adequately addressed in written comments.

4. On or before October 20, 2004, the Commission's Division of Information Resources shall publish the following notice as classified advertising in newspapers of general circulation throughout the Commonwealth of Virginia.

NOTICE TO THE PUBLIC OF A PROCEEDING TO ADOPT NEW RULES FOR LOCAL TELEPHONE COMPANY SERVICE QUALITY STANDARDS

CASE NO. PUC-2003-00110

By Order dated June 10, 1993, the State Corporation Commission ("Commission") adopted Regulations Governing Service Standards for Local Exchange Telephone Companies (20 VAC 5-400-80). These service standards rely upon customer satisfaction models that predate competition and do not reflect the Telecommunications Act of 1996 and the many technological changes that have since occurred.

The Commission's Division of Communications ("Staff") has proposed revised Rules For Local Exchange Company Service Quality Standards ("proposed revised Rules"), which this Commission is now considering for replacement of the current regulations. The proposed revised Rules supersede the Staff's initial proposed rules for consideration by the Commission. The Staff also proposes a revised Bill of Rights ("proposed revised Bill of Rights") for customers, which also supersedes the initial proposed Bill of Rights.

Interested parties may obtain a copy of the proposed revised Rules and proposed revised Bill of Rights by visiting the Commission's website, http://www.state.va.us/scc/caseinfo.htm, or by requesting a copy from the Clerk of the Commission. The Clerk's office will provide a copy of the proposed revised Rules and proposed revised Bill of Rights to any interested party, free of charge, in response to any written request. The proposed revised Rules will also be forwarded to the Office of the Registrar of Regulations for publication in the Virginia Register of Regulations.

Any person desiring to comment in writing or request a hearing on the proposed revised Rules or proposed revised Bill of Rights may do so by following the instructions found on the Commission's website, http://www.state.va.us/scc/caseinfo.htm. Comments and requests for hearing must refer to Case No. PUC-2003-00110. Requests for hearing shall state...
with specificity why such concerns cannot be adequately addressed in written comments.

VIRGINIA STATE CORPORATION COMMISSION

(5) This matter is continued for further orders of the Commission.

AN ATTESTED COPY hereof shall be sent by the Clerk of the Commission to: C. Meade Browder, Jr., Senior Assistant Attorney General, Division of Consumer Counsel, Office of Attorney General, 900 East Main Street, Second Floor, Richmond, Virginia 23219; Ms. Irene E. Leech, Virginia Citizens Consumer Council, 4220 North Fork Road, Elliston, Virginia 24087; Ms. Adria M. Woods, 2800-G Foxhunt Lane, N.W., Blacksburg, Virginia 24060; Hon. William Roscoe Reynolds, P.O. Box 404, Martinsville, Virginia 24114-0404; Mr. Stephen McClelland, #180075, Buckingham Correction Center, P.O. Box 430, Dillwyn, Virginia 23936-0430; all local exchange carriers certificated in Virginia as set out in Appendix A; and the Commission's Office of General Counsel and the Division of Communications.

20 VAC 5-400-80. Regulation governing service standards for local exchange telephone companies; penalty. (Repealed.)

Each local exchange telephone company shall provide the necessary equipment, plant facilities, and personnel within its certificated area(s) to deliver high quality customer service.

There are eight key indicators that shall be used to measure the quality of service being furnished by the local exchange companies. Where applicable, service results from these key indicators shall be band as follows:

Satisfactory — Represents good service.

Weak spot — Requires management attention and corrective action.

Unsatisfactory — A level of service requiring immediate corrective action and management follow up.

The eight key indicators and their performance level bands are as follows:

SERVICE INDICATOR: Commission complaints per 1000 access lines per year.
DEFINITION: All customer complaints received by the Commission that, upon investigation, prove to be justified.
PERFORMANCE: Less than one per 1000 access lines per year

SERVICE INDICATOR: Trouble reports per 100 access lines per month.
DEFINITION: All customer trouble reports received, whether trouble was found or not found.
PERFORMANCE:
0—6.0 Sat.
6.1—8.0 Wksp.
Over 8.0 Unsat.

SERVICE INDICATOR: Percent repeated trouble reports per month.
DEFINITION: The incidence of two or more trouble reports received from the same access lines within the same 30-day period, stated as a percent of total trouble reports.
PERFORMANCE:
0—16% Sat.
16.1—20% Wksp.
Over 20% Unsat.

SERVICE INDICATOR: Network reports per 100 access lines per month.
DEFINITION: All customer trouble reports, whether found or not found, that are charged against the central office.
PERFORMANCE:
0—35 Sat.
36—45 Wksp.
Over 45 Unsat.

SERVICE INDICATOR: Network switching performance, percent satisfactory per month.
DEFINITION: An index that measures the overall performance of central office equipment in providing dial tone, switching and connecting customers, and collecting call billing data.
PERFORMANCE BAND:
95.5—100% Sat.
92.0—95.4% Wksp.
Under 92% Unsat.

SERVICE INDICATOR: Business office accessibility, percent per month.
DEFINITION: The percent of all calls to the business office which are answered live within 20 seconds.
PERFORMANCE BAND:
85—100% Sat.
80—84.9% Wksp.
Under 80% Unsat.

SERVICE INDICATOR: Repair service accessibility, percent per month.
DEFINITION: The percent of all calls to repair service which are answered live within 20 seconds.
PERFORMANCE BAND:
85—100% Sat.
80—84.9% Wksp.
Under 80% Unsat.
Proposed Regulations

SERVICE INDICATOR: Service orders completed within five working days, percent per month.

DEFINITION: The percent of all single line new service orders completed within five working days of service application or the customer requested completion date.

PERFORMANCE BAND:
90–100% Sat.
85–89.9% Wksp.
Under 85% Unsat.

Local exchange companies which exceed 20,000 access lines shall report data to the Commission’s Division of Communications each month on the above described eight key indicators.

Nothing in this section shall be deemed to excuse a local exchange company from submitting any additional information requested by the Commission’s Division of Communications.

Violations of this section shall be punishable pursuant to either § 56-483 or § 12-1.33 of the Code of Virginia or both.

CHAPTER 427.
RULES FOR LOCAL EXCHANGE [TELECOMMUNICATIONS] COMPANY SERVICE QUALITY STANDARDS.

20 VAC 5-427-10. Applicability; definitions.
A. The provisions of this chapter shall apply to local exchange [telecommunications] carriers (LECs) certificated to provide local exchange telecommunications services within the Commonwealth of Virginia.

B. The following words and terms, when used in this chapter, shall have the following meanings, unless the context clearly indicates otherwise:

"Bridged tap" means a multiple appearance of the same cable pair at several distribution points or a section of a cable pair not on the direct electrical path between the central office and the [user’s customer’s] premises.

"Business office" means any functional entity that accepts service orders, billing inquiries, and processes other related customer requests.

"Busy hour" means the [hour of each month in which a telecommunications system carries the most traffic sliding 60-minute period during which the maximum total traffic load in a given 24-hour period occurs].

"Central office" means a LEC operated switching system, including remote switches and associated transmission equipment (e.g., digital circuit switches, packet switches, carrier systems).

"Central office serving area" means the geographic area in which local service is provided by a LEC’s central office and associated [network outside plant].

"Commission" means the Virginia State Corporation Commission.

"Competitive local exchange carrier (CLEC)" means an entity, other than a locality, certificated to provide local exchange telecommunications services in Virginia after January 1, 1996, pursuant to § 56-265.4:4 of the Code of Virginia [An incumbent local exchange carrier shall be considered a CLEC in any territory that is outside the territory it was certificated to serve as of December 31, 1995, for which it obtains a certificate to provide local exchange telecommunications services on or after January 1, 1996 and 20 VAC 5-417].

"Customer" means any person, firm, partnership, corporation, municipality, cooperative, organization, or governmental agency [using that is an end user of] local exchange telecommunications services [provided by a LEC] that are under the jurisdiction of the commission.

"Emergency" means a sudden or unexpected occurrence involving a clear and imminent danger, demanding immediate action to prevent or mitigate loss of, or damage to, life, health, property, or essential public services.

["Facilities based LEC" means a LEC that provides local exchange telecommunications services in whole or in part by means of its own network facilities.]

"Federal Communications Commission (FCC) reportable outage" means a service outage that meets the FCC criteria for notification of service outage to the FCC as required by 47 CFR 63.100 et seq.

"Final trunk group" means a last-choice trunk group that receives overflow calls and may receive first-route calls for which there is no alternate route.

"In service trouble report" means a customer-reported network trouble that allows calls to be originated or received but affects other aspects of service such as static or hazardous conditions.

"Incumbent local exchange carrier" or "incumbent" or "ILEC" means a public service company providing local exchange telecommunications services in Virginia on December 31, 1995, pursuant to a certificate of public convenience and necessity, or the successors to any such company.

"Intercept" means a [redirected call by an operator or a] suitable [recorded] announcement that provides sufficient information as to the reasons for the call diversion [as well as directions to assist in completing the call].

"Justified commission complaint" means a complaint submitted to the commission or staff involving a telecommunications service under the jurisdiction of the commission where it was determined by the commission or the staff that the LEC, its employees [ , ] or agents either [ (i) ] failed to comply with its tariffs, procedures, or policies [ ; (ii) used poor judgment; (iii) or ] resolved the customer’s problem in an untimely [or unsatisfactory] fashion [or (iv) acted in an unreasonable or unprofessional manner].

"Load coil" means an induction device employed in local loops exceeding 18,000 feet to minimize amplitude distortion.

"Local exchange carrier (LEC)" means a certificated provider of local exchange telecommunications services, whether an incumbent or a new entrant.
"Local exchange telecommunications services" means local exchange telephone service as defined by § 56-1 of the Code of Virginia.

"Locality" means a city, town, or county that operates an electric distribution system in Virginia.

"Major service outage" means any network condition that causes 1,000 or more customers to be out of service for 30 or more minutes; causes an unplanned outage of, or completely isolates, a central office for 30 or more minutes; or disrupts 911 emergency call processing for any period.

"Municipal local exchange carrier (MLEC)" means a locality certified to provide local exchange telecommunications services pursuant to § 56-265.4.4 of the Code of Virginia.

"Network" means a system of central offices and associated outside plant.

"Network access line (NAL)" means a customer dial tone line, or its equivalent, that provides access to the public telecommunications network.

"New entrant" means a CLEC or an MLEC.

"Out of service" means a [network] service condition causing [ ] an inability to complete an incoming or outgoing call or [ ] the presence of interference any other condition that causes a connected call to be incomprehensible.

"Outside plant" means [all remaining the network] facilities not included in the definition of central office [e.g., including, but not limited to], copper [cables cable], fiber optic [cables cable], coaxial [cables cable], terminals, pedestals, load coils, or any other equipment normally associated with interoffice, feeder [,] and distribution facilities up to and including the rate demarcation point [ ].

"Rate demarcation point" means the point at which a LEC’s network ends and a customer’s wiring or facilities begin.

"Repeat report" means a customer-reported network trouble that is received by a LEC within 30 days of another network trouble report on the same NAL.

"Speed of answer interval (SAI)" means the period of time [measured in seconds] following [customer direction either at] the completion of direct dialing [,] or upon completion of [the a customer’s] final selection within an automated answering system[, ] and lasting until the call is answered by a live agent or is abandoned by the customer or the LEC. [In the case of automated transactions where a customer opts to speak to a live agent, the SAI is the period of time following the customer opting to speak to a live agent until the call is answered by a live agent or is abandoned by the customer or the LEC.]

"Staff" means the commission’s Division of Communications and associated personnel.

"Standard load" means transmission loss has been reduced on a cable pair by means of configuring the twisted copper pair loop using a 6,000 foot H spacing loading scheme or 4,500 foot D spacing loading scheme, which may be expressed as 6,000 foot H88 mh load or 4,500 foot d66 mh load scheme.

"Subsequent report" means a customer-reported network trouble received by a LEC while [the a related] initial customer trouble report remains open.

"Telecommunications relay service" means a telephone transmission service that provides the ability for an individual with a hearing or speech disability to engage in communication with a hearing individual in a manner functionally equivalent to someone without such a disability.

"Transmission" means a process of sending information from one [network] point to another.

"Trouble" means an impairment of a LEC’s network.

"Trouble report" means an initial oral or written notice, including voice mail and e-mail, to any LEC employee or agent of a condition that affects or may affect network service [for which there is no pending network trouble report].

"Trunk blockage" means the unavailability of network transmission capacity at the time of a call that prevents call completion and results in the call originator receiving a busy signal or an indication of trunk blockage.

"Unbundled network elements (UNE)" means the physical and functional components of the network, as defined by the FCC, that may be used or leased by a CLEC or a MLEC from an ILEC.

"Virginia universal service plan (VUSP)" means the program under which eligible low-income customers may obtain certain telecommunications services at reduced monthly charges and may also receive a discount on certain nonrecurring connection or service charges from participating LECs. This program is also referred to as lifeline or link up.

"Voice grade service" means the transmission of communication signals in the range of 0 to 4000 Hertz.

A. The provisions of this chapter prescribe the minimum acceptable level of quality of service under normal operating conditions.

B. The commission may, after investigation, suspend application of any provision of this chapter during periods of emergency, catastrophe, natural disaster, severe storm, or other events affecting large numbers of customers. The commission may also suspend application of the provisions of this chapter for other extraordinary or abnormal conditions, including work stoppage, civil unrest, major transportation disruptions, or other events beyond the control of a LEC.

20 VAC 5-427-30. Network facilities, construction, maintenance, and operation.

A. Network facilities shall be designed, constructed, maintained, and operated in compliance with the latest edition of the National Electric Safety Code of the Institute of Electrical and Electronics Engineers, Inc., applicable safety and electrical codes, applicable commission orders, and all requirements for interconnection under applicable federal and state law.
B. Outside plant shall be designed, constructed, and maintained so as to [prevent minimize] transmission interference from services provided by other public utilities.

C. A LEC shall participate in operational reviews held at the staff's discretion to ensure that construction, design, maintenance, disaster recovery plans, and any other applicable programs are adequate to meet the needs of a LEC's customers.

D. A LEC shall have the test equipment and technical ability to determine the operating and transmission characteristics of [its own] circuit and switching equipment.

E. A LEC, whenever it disturbs property during the course of construction or maintenance operations, shall restore the property to a condition that is at least as good as that which existed prior to the disturbance.

20 VAC 5-427-40. Reporting requirements.

A. The reporting requirements as set forth in this section shall apply to a LEC with a total of 20,000 or more NALs.

B. A LEC subject to the reporting requirements of this section shall fulfill its reporting requirements in conformance with 20 VAC 5-427-140. [Reports shall be electronically submitted to the staff on a quarterly basis no later than one month following the end of each calendar quarter reporting period. A LEC may use its own report format with the prior approval of the staff. Any reported data resulting in an unsatisfactory rating shall be addressed in an action plan as set forth in 20 VAC 5-427-170 and shall be included in the LEC's required report. And shall report its results by one of the following two methods:

1. General reporting shall include all of the measurements set forth in 20 VAC 5-427-140 and shall be submitted to the staff on a quarterly basis no later than one month following the end of each calendar quarter reporting period. A LEC may use its own report format with the prior approval of the staff.

2. Exception reporting shall include each of the measurements set forth in 20 VAC 5-427-140 where a LEC failed to meet a given performance standard and shall be submitted to the staff on a monthly basis no later than one month following the end of each calendar monthly reporting period. A LEC may use its own report format with the prior approval of the staff.]

C. A [CLEC or an MLEC] may request an exemption from [any of the individual] reporting requirements in this section if it demonstrates that its services are provided through the resale of an ILEC's tariffed services [or through] the use or lease of an ILEC's unbundled network elements [or, the use or lease of any other network components], over which it has no direct control. The commission or staff shall grant or deny a request for exemption on a case-by-case basis.

20 VAC 5-427-50. Availability and retention of records.

A. A LEC shall make available to the commission or staff, upon request, all records, reports, and other information required to determine compliance with this chapter [and to permit the commission and staff to investigate and resolve quality of service complaints related to regulated telecommunications services].

B. A LEC shall retain records pursuant to the requirements of 20 VAC 5-427-140 [and 20 VAC 5-427-160], where applicable, for a minimum of [three two] years in a manner that permits audit by the commission or staff.

C. A LEC shall retain customer billing records for a minimum of three years to permit the commission or staff to investigate and resolve billing complaints.

20 VAC 5-427-60. Maintenance of facility maps and records.

A LEC [or its affiliates] shall maintain maps and records that show the [current] location, description, and capacity fill data of its network.

20 VAC 5-427-70. Rate and special charges information.

A. A LEC shall, upon request, disclose [verbally] to a current or prospective customer all rates, charges, and fees applicable to a customer's service request or inquiry including, but not limited to, the federal subscriber line charge or its equivalent [or] any other rates, charges, and fees that it collects and retains. In addition, these rates, charges, and fees shall each be disclosed as line items on customer bills separately from governmental fees, taxes, and surcharges.

B. Upon the request of a current or prospective customer, a LEC shall describe and disclose the fees, taxes, and surcharges that it collects [from a customer] and distributes to governmental agencies.

C. Upon the request of a current or prospective customer, a LEC shall [refer a customer to an Internet website containing its Virginia intrastate tariffs or, at the customer's request,] provide a copy of the applicable tariff section or pages for the Virginia intrastate regulated telecommunications service [or, at the customer's option, may refer a customer to an Internet website containing its tariffs].

D. Upon the request of a current or prospective customer, a LEC shall provide reasonable access to information and provide assistance necessary to enable the current or prospective customer to obtain the most economical service available to meet the customer's needs, including VUSP or any other discount programs that may be available.

E. Before changing or installing a service, a LEC shall provide to the current or prospective customer an estimate of any special charges not specifically set forth in the LEC's applicable tariff. Special charges include, but are not limited to, any of the following: extraordinary construction, maintenance, and replacement costs; expenses for overtime work to be performed at the customer's request; or special installations, equipment, or assemblies needed to fulfill a customer's request.

20 VAC 5-427-80. Response to trouble reports.

A. A LEC shall [take a process] trouble [report reports] from [a customer customers] at all times through an automated or live means. A LEC shall take immediate action to clear trouble reports of an emergency nature.
B. A LEC shall make a full and prompt investigation of all trouble reports and shall render reasonable assistance [to its customer, whether an end user or another LEC] to identify a cause for [the an] outage that may be corrected by the customer.

C. A LEC shall maintain an accurate record of trouble reports by telephone number or circuit number, as appropriate. The record shall include all of the following information:

1. The customer or service affected;
2. The time, date, and nature of the trouble report;
3. The action taken to clear the trouble or satisfy the complaint; and
4. The date and time the repair was completed or the trouble report was otherwise closed.

20 VAC 5-427-90. Service outage reporting requirements.

A. A service outage report shall be made to the staff according to the following guidelines:

1. A major service outage shall be reported to the staff on the same business day or, if the outage occurs after normal business hours or during a state holiday, at the beginning of the next business day;
2. An FCC reportable service outage shall be reported by a LEC to the staff at the same time it is reported to the FCC; and
3. A central office that experiences two or more unplanned outages within any 30-day period shall be reported by a LEC to the staff at the end of the calendar month in which the second unplanned [stoppage outage] occurred.

B. A facilities-based LEC shall notify any affected LEC dependent upon its network, in whole or in part, within 90 minutes of becoming aware of a major or FCC reportable service outage, unless interconnection agreements specify otherwise.

C. Service outages first shall be reported by a LEC to the staff via telephone and followed up with an e-mail or facsimile message and contain the following:

1. The central office, remote switch, or other network facility involved;
2. The date and estimated time of commencement of the outage;
3. The geographic area affected;
4. The estimated number of customers affected;
5. The types of services affected;
6. The duration of the outage (e.g., time elapsed from the commencement of the outage until estimated restoration of full service); and
7. The apparent or known cause of the [incident outage], including the name and type of equipment involved and the specific part of the network affected, and methods used to restore service.

20 VAC 5-427-100. Emergency operation.

A LEC shall make reasonable preparations to continue operations and restore service outages resulting from fire, major electric power failures, other emergencies, and acts of divine providence. A LEC’s employees or agents shall be instructed to follow predetermined emergency procedures to prevent or minimize interruption or degradation of service. A central office shall have access to adequate facilities to provide emergency electric power. A LEC shall determine the necessary reserve power capacity requirement based on its operating experience with its energy provider. If a central office does not have power generation equipment installed, a LEC shall design and maintain sufficient battery reserve, within the appropriate ampere hour rating, to allow [time for timely] delivery and setup of portable generators.

20 VAC 5-427-110. Customer complaint handling.

A LEC shall establish customer complaint processing procedures in compliance with § 56-247.1 C of the Code of Virginia by:

1. Providing the staff a means for immediate telephone access to company complaint resolution personnel during normal business hours;
2. Providing the staff an escalation list of at least three company contacts responsible for resolving customer complaints received by the commission or staff. This list shall include the names, titles, addresses, telephone numbers, fax numbers, and e-mail addresses of each individual contact. Any changes to the escalation list shall be provided to the staff within 30 days of the change;
3. Making a full and prompt investigation of all customer complaints;
4. Assisting customers who report obscene, threatening, or harassing calls;
5. Providing customers [with who call from within their local serving area] toll-free [numbers] access to report complaints;
6. Making its customer complaint procedure and its record of the number and type of complaints available to the staff whenever requested;
7. Noting and retaining customer contact records when an inquiry or complaint is resolved. Customer contact records shall be retained for a minimum of [three two] years; and
8. Conducting an investigation upon notification by the staff or a customer inquiry or complaint. Out-of-service complaints shall be [resolved immediately] given immediate attention with a written response provided to the staff within 24 hours. For other complaints, the LEC shall provide a written [or e-mail] response to the staff detailing its resolution of the complaint within 10 business days following the initial notification by the staff. Upon extraordinary circumstances when the matter cannot be resolved within [the a] 10 business-day period, the LEC shall provide [written] updates [on a schedule agreed to by] the staff [every fifth business day, or sooner] until the matter is finally resolved.
Proposed Regulations

20 VAC 5-427-120. Intercept.

When a customer's telephone number is changed or disconnected, the LEC shall offer to intercept all calls to the former telephone number in accordance with the following:

1. Intercept service shall be provided for changed numbers until the former number is reassigned due to equipment or telephone numbering resource shortages or until it is no longer listed in the current directory; and

2. Intercept service shall be updated daily to reflect the most current service order activity affecting a LEC's customers.

20 VAC 5-427-130. [Printed directories.]

A. A LEC responsible for publishing a directory shall make every reasonable effort to resolve directory error disputes in a timely and efficient manner. A LEC responsible for directory publication may be required by the commission or directed by the staff to postpone publication depending upon the nature and severity of a complaint. A LEC responsible for publishing a directory includes, but is not limited to, a LEC that publishes directories, causes directories to be published, or provides customer information for inclusion in directories.

B. A LEC shall publish directories or cause its customers' listing information to be published in directories at yearly intervals. Exceptions to the yearly publication schedule shall be reviewed with the staff.

C. A LEC shall distribute, or cause to be distributed at no charge to each customer, at least one directory for each [residential premises and at least one directory for each business] NAL that includes listings contained in a customer's local and extended calling areas. [Where a residential customer has more than one NAL, a LEC shall, upon request of that customer, provide, at no charge, additional directories not to exceed the total number of NALs.] In cases where one directory does not include the listings contained in a customer's local and extended calling areas, then a LEC shall provide, upon request of that customer, at no charge, any additional directories or supplements that may be required to provide such listings.

D. A LEC shall provide the staff one copy of each directory it publishes or causes to be published.

E. If an error occurs in the listed telephone number of a customer, then the LEC shall, at no charge, offer to intercept calls to the listed number for the remaining life of the directory, or change the customer's telephone number to the listed telephone number provided that it is technically feasible and that the telephone number is not in service for another customer.

F. If an error or omission in the name, address, or telephone number of a customer occurs, a LEC shall, if applicable, include, or cause to be included, the customer's correct name, address, or telephone number in the files of the directory assistance database.

G. If additions or changes to the network or any other operations require changing a telephone number assigned to a customer, then the serving LEC shall give reasonable notice to the customer affected even though the change in telephone number may coincide with the issuance of a directory.

H. A [LEC responsible for publishing a] directory shall, in the opening information pages, include:

1. Information pertaining to accessing emergency services such as fire and police;

2. Information giving the commission's address, telephone number, website information, and regulatory authority;

3. An explanation of the services for which local exchange telecommunications services may be terminated for failure to pay;

4. Information pertaining to accessing the Telecommunications Relay Service. This service is also referred to as Virginia Relay;

5. Information describing illegal telephone use;

6. Information describing procedures for the prevention of damage to underground facilities;

7. Information describing procedures on handling harassing, obscene, abusive, or threatening calls;

8. Information pertaining to consumer rights to privacy including procedures on how to opt out or block services that may lead to the disclosure of personal information; and

9. Information pertaining to procedures on how to prevent solicitation calls.

[All LECs providing service in an area represented by a directory shall, in the opening pages, include or cause to be included:

1. The LEC's complaint procedure established in compliance with § 56-247.1 C of the Code of Virginia;

2. Contact information necessary to reach directory assistance, repair service, and the appropriate business office;

3. An Internet address directing access to its tariffs. If tariffs are not accessible via the Internet, a LEC shall provide a toll-free telephone number from which a customer can receive assistance in obtaining tariffs directly from the LEC;

4. Instructions for obtaining information on billing and annoyance call procedures; and

5. Information describing the availability of VUSP services.

I. All LECs appearing in the opening information pages of a directory shall include or cause to be included contact information necessary to call the repair service and the appropriate business office.]

20 VAC 5-427-140. Service quality performance standards.

[The rate of trunk blockage is a measure of the effectiveness of a LEC's engineering, forecasting, and maintenance of its circuit switched inter- and intra-exchange trunk paths. The threshold for satisfactory performance is less than or equal to 1.0. This measurement shall be calculated]
for a given month, per central office, as illustrated by the following formula:

\[ \text{Busy hour calls blocked} \times \frac{x}{100} = \text{Trunk blockage} \]

1. Include in this report the following:
   a. Final trunk groups that carry local traffic;
   b. Final trunk groups that carry two-way local and long distance traffic between a central office and an access tandem switch; and
   c. Umbilicals or links that carry local traffic between central offices, including remotes.

2. Exclude from this report the following:
   a. Trunk groups that alternately route calls to another trunk group in handling public message calls; and
   b. Trunk groups that are dedicated to private or virtual private line use and trunk groups associated with mass calling networks or both.

[B. A.] Central office [related] trouble reports per 100 NALs is a measure of [the quality of the] switching [systems and associated components system] performance in processing calls. The [threshold standard] for satisfactory performance is less than or equal to 0.35. This measurement, [as shown by the following formula,] shall be calculated for [a given month, per central office, as illustrated by the following formula: each central office on a monthly basis and shall be reported to the staff if the LEC fails to meet the performance standard for three consecutive months.]

\[ \text{Central office [related] reports} \times \frac{x}{100} = \text{Central office [related] trouble reports} \]

Exclude from this report the following:

1. Reports of trouble from an employee or agent of a LEC discovered through diagnostic [or other] work [done or] during routine maintenance [of equipment];

2. Reports of trouble cleared to the connecting company's network;

3. Reports of trouble [as in] which the employee or agent [of a LEC] upon arriving at the customer location [is] unable to gain access to the rate demarcation point [within the scheduled time frame,] and access is necessary for trouble analysis [and clearance repair]; and

[D. C.] Repeat [report reports] is a measure of [a LEC's failure to resolve a network trouble on the initial attempt. Beginning January 1, 2004, through December 31, 2004, the performance threshold for repeat reports shall be no greater than 16%. As of January 1, 2005, the performance threshold for repeat reports shall be no greater than 14%. As of January 1, 2006, the performance threshold for repeat reports shall be no greater than 12%. As of January 1, 2007, the performance threshold for repeat reports shall be no greater than 10% customer-reported network troubles received by a LEC within 30 days of another network trouble report on the same NAL. The standard for satisfactory performance for repeat reports shall be no greater than 16%.] This measurement [as shown by the following formula,] shall be calculated for [a given month, per central office serving area, as illustrated by the following formula: each central office serving area, or by some other relevant designation as determined by the staff on a case-by-case basis, on a monthly basis and shall be reported to the staff if the LEC fails to meet the performance standard for three consecutive months.]

\[ \text{Repeat reports} \times \frac{x}{100} = \text{Percent repeat reports} \]

Trouble reports cleared

[Excluded Exclude] from this report [are the following]:

1. Reports of trouble from an employee or agent of a LEC discovered through diagnostic [or other] work [done or] during routine maintenance [of equipment];

2. Reports of trouble in which the employee or agent [of a LEC] upon arriving at the customer location [is] unable to gain access to the rate demarcation point [within the scheduled time frame,] and access is necessary for trouble analysis and repair; and

[E. D.] Out-of-service trouble reports repaired within 24 or 48 hours are measures of a LEC’s ability to [provide timely and effective restoration of a customer's service after receiving a trouble report that calls cannot be received or originated restore network service in a timely manner].
Proposed Regulations

1. [A LEC shall maintain a performance threshold of 80% or greater cleared within 24 hours. The standard for satisfactory performance shall be that no less than 80% of out-of-service trouble reports are cleared within 24 hours, excluding Sundays and holidays.] This measurement [as shown by the following formula] shall be calculated for [a given month, per central office serving area, as illustrated by the following formula]:

\[
\text{Percentage of out-of-service trouble reports cleared within 24 hours} = \left( \frac{\text{Out-of-service trouble reports cleared within 24 hours}}{\text{Out-of-service trouble reports}} \right) \times 100
\]

2. [A LEC shall maintain a performance threshold of 99% or greater cleared within 48 hours. The standard for satisfactory performance shall be that no less than 99% of out-of-service trouble reports are cleared within 48 hours, excluding Sundays and holidays.] This measurement [as shown by the following formula] shall be calculated for [a given month, per central office serving area, as illustrated by the following formula]:

\[
\text{Percentage of out-of-service trouble reports cleared within 48 hours} = \left( \frac{\text{Out-of-service trouble reports cleared within 48 hours}}{\text{Out-of-service trouble reports}} \right) \times 100
\]

3. [Excluded Exclude] from these reports [are the following]:

a. Customer requested extended interval appointments;
b. Reports of trouble from an employee or agent of a LEC discovered through diagnostic [or other] work [done or] during maintenance [of telecommunications equipment];
c. [An out-of-service trouble report on Reports of trouble in which the employee or agent of a LEC, upon arriving at the customer location, is unable to gain access to the rate demarcation point [within the scheduled time frame,] and access is necessary for trouble analysis and repair; and
d. [A subsequent report Subsequent reports].

[H. G.] Business office answer time is a measure of workforce performance in answering a LEC’s ability to provide an automated workforce to render timely assistance to customers calling its business office [calls in a timely manner]. The standard for satisfactory performance [threshold] for business office answer time shall be an average speed of answer interval (“SAI”) of no greater than [30 60] seconds [during normal hours of operation]. A call is considered to have been answered when a live agent is ready to render assistance or accept the information necessary to process the call. [In automated transaction systems where a customer transaction can be completed without the assistance of a live agent, a customer shall be given the option to reach a live agent at any time during the automated transaction.] Information [including, other than that necessary to direct customers to a live agent, for example, marketing or promotional material provided by an automated answering system, other than that necessary to direct customers to a live agent, during normal hours of operation.] shall be included in the cumulative SAI. This measurement [as shown by the following formula] shall be calculated [for a given month, on a statewide basis, as illustrated by the following formula] on a monthly basis and shall be reported to the staff if the LEC fails to meet the performance standard on a statewide basis for three consecutive months.]

Cumulative SAI in seconds

Exclude from this report the following automated transactions where the customer did not opt to speak to a live agent.

1. Customer initiated web transactions; and
2. Customer initiated automated transactions.

I. Business office hold time is a measure of workforce efficiency in processing customer requests. The performance threshold shall be an average hold time of no greater than 60 seconds. Business office hold time is any period after the call has been answered when the live agent is not actively engaged with the customer. This measurement shall be calculated for a given month, on a statewide basis, as illustrated by the following formula:

Total hold time in seconds

Proposed Regulations

Service orders completed within five business days  
\[ \frac{\text{Total orders}}{\text{Service orders completed within five business days}} \times 100 = \text{Percentage of service orders completed within five business days} \]

Excluded from this report the following:
1. Customer requested extended interval installation orders;
2. Orders completed late due to customer caused delay; and
3. Scheduled installations in which the employee or agent of a LEC upon arriving at the customer location is unable to gain access to the rate demarcation point within the scheduled time frame, and access is necessary to perform the work.

\[ Q. M. \] Service orders completed within 30 calendar days [are is] a measure of a LEC's ability to forecast installation work requests in a manner to meet customer demand. [A LEC shall complete] The standard for satisfactory performance shall be that no less than 99% of installations for one to five NALs [are completed] within 30 calendar days. Installation orders include requests for new service or transfers to new locations.

This measurement [as shown by the following formula,] shall be calculated [for on] a [given month as illustrated by the following formula] on a monthly basis and shall be reported to the staff if the LEC fails to meet the performance standard on a statewide basis for three consecutive months.

\[ \frac{\text{Service orders completed within 30 calendar days}}{\text{Total installation orders}} \times 100 = \text{Percentage of service orders completed within 30 calendar days} \]

Excluded from this report the following:
1. Customer requested extended interval installation orders;
2. Orders completed late due to customer caused delay; and
3. Scheduled installations in which the employee or agent of a LEC upon arriving at the customer location is unable to gain access to the rate demarcation point within the scheduled time frame, and access is necessary to perform the work.

\[ R. N. \] Commitments met [are is] a measure of a LEC's ability to complete meet customer installation and repair requests on time appointment times. [A LEC shall meet] The performance standard for satisfactory performance shall be that no less than 90% of customer commitments [are met]. This measurement [as shown by the following formula,] shall be calculated for [central office serving area, as illustrated by the following formula] or by some other relevant designation as determined by the staff on a case-by-case basis, on a monthly basis and shall be reported to the staff if the LEC fails to meet the performance standard for three consecutive months:

\[ \frac{\text{Total Commitments met}}{\text{Total Commitments made}} \times 100 = \text{Percentage of customer commitments met} \]

Excluded from this report commitments missed [due to inability to gain access to in which the employee or agent of a LEC, upon arriving at the location, is unable to gain access to the rate demarcation point within the scheduled time frame, and access is necessary to perform the work.

20 VAC 5-427-150. Transmission and auditing standards.

A. The copper twisted loop transmission standards are as follows:
1. [Properly Fully] load all voice grade loops greater than 18,000 feet;
2. No load coils on loops 18,000 feet or less;
3. [Central office end section shall be] Loop length from central office to first load coil approximately 1/2 of one standard load section [for loaded loops];
4. The customer end section should be no more than Loop length from last load coil to rate demarcation point approximately 1-1/2 standard load sections;
5. No bridged taps between load coils;
6. Tip Ground, Ring Ground, or Tip Ring leakage [should be] equal to or greater than 100K ohms;
7. Longitudinal noise less than or equal to 80 dBmC;
8. Metallic noise less than 20 dBmC; and
9. 100% cable shield integrity between office frame ground and customer terminal.

B. In conducting a copper twisted pair transmission audit, the following shall be considered major faults:
1. Missing coil or coils on loops exceeding 18,000 feet;
2. Customer located less than 1/2 load section distance from last coil;
3. Customer [end section located] more than [40,000 feet 1-1/2 load sections] from last coil;
4. Deviation greater than 10% from standard load spacing;
5. Double loads;
6. Wrong type load coils;
7. Load coils varying more than 25% from threshold load coil;
8. Load coils on a loop 18,000 feet or less;
9. More than a 12% deviation on the standard spacing on the office end section; and
10. Bridged taps between load coils;
Proposed Regulations

11. Tip Ground, Ring Ground, or Tip Ring leakage less than 100K ohms;
12. Voltage greater than 15 volts AC;
13. Voltage greater than 10 volts DC;
14. Longitudinal noise greater than 90 dBmC; and
15. Metallic noise greater than 20 dBmC.

C. In conducting a copper twisted pair transmission audit, the following shall be considered minor faults:
   1. Longitudinal noise greater than 80 but less than or equal to 90 dBmC; and
   2. Failure to maintain shield continuity.

D. A rate exceeding 6.0% in the major fault category or a rate exceeding 16% in the minor fault category will constitute a failed inspection. A failed inspection shall require a corrective action plan when appropriate as determined by the staff, as set forth in [20 VAC 5-427-170 20 VAC 5-427-180].

E. The staff may audit the design, construction, and maintenance of network facilities. A LEC shall participate in such audits as requested by the staff.

The commission complaint threshold is a measure of the number of justified commission complaints filed with the commission or staff against a LEC in a calendar year. Justified commission complaints in excess of one per 1,000 NALs, annualized, is unsatisfactory.

20 VAC 5-427-160. Trunk group blockage.

The rate of trunk group blockage is a measure of the quality of a LEC’s engineering, forecasting, and maintenance of its circuit-switched inter- and intra-exchange trunk paths. The standard for satisfactory performance shall be less than or equal to 2.0% call blockage, during the busy hour, per month. The commission or the staff may conduct an investigation of trunk group blockage based solely on customer complaints. This measurement, when requested by the commission or staff as part of an investigation, shall be calculated for the trunk groups in question, as shown by the following formula:

Busy hour calls blocked

---------------------------------

Busy hour calls attempted

Trunk blockage

1. Include in this report the following:
   a. Trunk groups that alternately route calls to another trunk group in handling public message calls; and
   b. Trunk groups that are dedicated to private or virtual private line use and trunk groups associated with mass calling networks or both.

2. Exclude from this report the following:

A. A LEC subject to the reporting requirements of 20 VAC 5-427-140 shall submit a written action plan to remedy noncompliance if a LEC has:
   1. Failed to meet a service quality performance standard established in 20 VAC 5-427-140 for at least three consecutive months;
   2. Failed an audit pursuant to 20 VAC 5-427-150; or
   3. Exceeded the commission complaint threshold pursuant to 20 VAC 5-427-160.

B. An action plan to remedy noncompliance shall be submitted to the staff within 30 days following the reported noncompliance or as otherwise requested by the staff. An action plan shall at a minimum contain:
   1. A complete identification of the cause of noncompliance;
   2. An explicit remedy or corrective action and a schedule of implementation of the remedial or corrective action to be taken by a LEC; and
   3. A date by which a LEC will complete the remedial or corrective action identified.

C. Compliance by a LEC with the provisions of this section does not preclude the commission from further enforcement under its regulatory authority.

Commission complaints are a measure of a LEC’s ability to resolve customer complaints adequately and independently. The standard for satisfactory performance shall be less than one justified commission complaint per 1,000 NALs per year. Commission complaints within the satisfactory range may still be indicative of problems not otherwise addressed by this chapter. Accordingly, the commission or staff may investigate commission complaints without regard to a LEC’s performance in this standard.

20 VAC 5-427-180. Remedies.

A. A LEC subject to the provisions of this chapter shall, upon request of the staff, take corrective action to remedy any area of unsatisfactory performance or to address commission complaints.

B. A LEC subject to the provisions of this chapter shall, upon request of the staff, submit a corrective action plan to address any area of noncompliance or commission complaints. Such action plan shall be submitted to the staff within 30 days unless otherwise requested by the staff. An action plan shall at a minimum contain:
   1. A complete identification of the cause of unsatisfactory performance or commission complaints;
2. An explicit remedy or corrective action and a schedule of implementation of the remedial or corrective action to be taken by a LEC; and

3. A date by which a LEC will complete the remedial or corrective action identified.

C. Failure by a LEC to meet any of the provisions of this chapter may result in enforcement and sanctions by the commission pursuant to its regulatory authority and applicable statutes.

[20 VAC 5-427-180 20 VAC 5-427-190]. Waiver.

The commission may, at its discretion, waive or grant exceptions to any provision of this chapter.

TITLE 4. CONSERVATION AND NATURAL RESOURCES

MARINE RESOURCES COMMISSION

REGISTRAR'S NOTICE: The following regulations filed by the Marine Resources Commission are exempt from the Administrative Process Act in accordance with § 2.2-4006 A 12 of the Code of Virginia; however, the commission is required to publish the full text of final regulations.

Statutory Authority: § 28.2-201 of the Code of Virginia.

Effective Date: October 1, 2004.

Summary:

The amendments establish harvest restrictions for the 2004-2005 public oyster harvest season.

The following words and terms when used in this chapter shall have the following meanings unless the context clearly indicates otherwise:

"Deep Rock Dredge Area" means the area described as follows: starting at Cherry Point, Gwynns Island, thence northeast to G'1P" along the south side of channel to Piankatank River; thence east-southeast to G'1R"; thence southwest to Sandy Point, Gwynns Island, north of Hole in Wall (see map).

"Deep Water Shoal State Replenishment Seed Area (DWS)" in the James River (574.66 Acres) means the areas beginning at a point approximat ely 530 feet west of Deep Water Shoal Light, said point being Corner 1 as located by Virginia State Plane Coordinates, South Zone, NAD 1927, north 302,280.00, east 2,542,360.00; thence north azimuth 30°49'59", 4,506.99 feet to Corner 2, north 306,150.00, east 2,544,670.00; thence north azimuth 135°08'57", 5,430.60 feet to Corner 3, north 302,300.00, east 2,548,500.00; thence north azimuth 135°08'57", 3,430.60 feet to Corner 4, north 299,350.00, east 2,546,640.00; thence north azimuth 32°10'16", 2,765.29 feet to Corner 5, north 299,310.00, east 2,543,875.00; thence north azimuth 332°58'26", 3,334.09 feet to Corner 1, being the point of beginning.

"Great Wicomico River Hand Scrape Area" means that area of a line drawn from Sandy Point to Cockrell Point.

"Hand scrape" means any device or instrument with a catching bar having an inside measurement of no more than 22 inches, which is used or usable for the purpose of extracting or removing shellfish from a water bottom or the bed of a body of water.

"James River Hand Scrape Area" means that area of the James River west of the Monitor and Merrimac Bridge Tunnel to the James River Bridge (Route 17).

"Pocomoke and Tangier Sounds Management Area (PTSMA)" means the area as defined in § 28.2-524 of the Code of Virginia.

"Pocomoke Sound" means that area northeast from a line from Beach Island Light to the house on the Great Fox Island.

"Pocomoke Sound Hand Scrape Area" means that area northeast of the Pocomoke and Tangier Management Area near Saxie.

"Public oyster ground" means all those grounds defined in § 28.2-551 of the Code of Virginia, all ground set aside as public oyster ground by court order, and all ground set aside as public oyster ground by order of the Marine Resources Commission.

"Rappahannock River Drumming Ground Hand Scrape Area" means that portion of the Rappahannock and Corrotoman River, west of the Route 3 bridge (Norris Bridge), and north of a line from the center of the Route 3 bridge (Norris Bridge) following westward along the channel to Towles Point at Buoy "R6," excluding the Corrotoman River north of a line from Balls Point to Corrotoman Point. (See map.)

"Rappahannock River Hand Scrape Area" means that area including all public grounds between a line extending from the eastern-most point of Long Point thence in an easterly direction to flashing red buoy "8"; thence due east to Rogue Point, upriver to a line extending from Tarpley Point; thence in a southwesterly direction to flashing green buoy "13"; thence south-southwesterly to Jones Point. (See map.)

"Rappahannock River Temples Bay Hand Scrape Area" means that area in the Rappahannock River, west of the Route 3 bridge (Norris Bridge) and south of a line drawn from the center of the Route 3 bridge (Norris Bridge) upriver to Towles Point continuing the line upriver to red buoy 8; thence across to the southside of the river to Long Point, thence back to the Route 3 bridge (Norris Bridge) along the southern shoreline. (See map.)

"Tangier Sound" means that area from Tangier Light North to the Maryland-Virginia line (red buoy #6).
"Tangier Sound Hand Tong Area" means that area in the PTSMA south and west of a line from Fishbone Island thence southeast to bell buoy "5", thence south southwest to buoy "3" (such area to include all of Public Ground 3 and Flat Rock) and shall be a hand tong area only (see map) and Cod Harbor (approximately 1,124 acres) beginning at a point of East Point Marsh, said point having the Virginia state coordinates, south section, coordinates of north 555,414.89, east 2,730,388.85; thence south 79°59', east 2,260 feet to a line designating the western extent of the PTSMA as described in § 28.2-524 of the Code of Virginia; thence southeast to bell buoy "5", thence south 28°46', west 8,500 feet to a point on Sand Spit, position north 545,131.78, east, 2,728,014.94; thence along the mean low water line of Cod Harbor in a west, north and northeast direction crossing Canton Creek and Mailboat Harbor from headland to headland to the point of beginning. (See map.)

"Unassigned ground" means all grounds other than public oyster ground as defined by this chapter and which have not been set aside or assigned by lease, permit, or easement by the Marine Resources Commission.

4 VAC 20-720-40. Open season and areas.

The lawful seasons and areas for the harvest of oysters from the public oyster grounds and unassigned grounds are as follows:

4. That area of the Rappahannock River, west of the line drawn from Tarpley Point to green buoy #13 to Jones Point and the area of the Corrotoman River, north of the line drawn from Balls Point to Corrotoman Point; that area of the Nomini and Lower Machodoc Rivers to the Virginia-Maryland state line; that area of the Coan River to the Virginia-Maryland state line, except for above a line from Walnut Point to Stephens Point; that area of the Yeocomico River inside Public Grounds 102, 104, 107, 112 and 113; the Little Wicomico River; the PTSMA in Tangier Sound, from Tangier Light north to the Maryland-Virginia Line; the Pocomoke Sound, northeast from a line from Beach Island Light to the house on the Great Fox Island, excluding the Tangier Sound Hand Tong Areas: December 1, 2003, through March 31, 2004, February 28, 2005. By dredge only.

4 VAC 20-720-50. Closed harvest season and areas.

It shall be unlawful for any person to harvest oysters from the following areas during the specified periods:

1. All public oyster grounds and unassigned grounds in the Chesapeake Bay and its tributaries, including the tributaries of the Potomac River, except the following areas: that area of the Rappahannock River west of the line drawn from Tarpley Point to green buoy #13 to Jones Point; the area of the Corrotoman River north of the line drawn from Balls Point to Corrotoman Point; the Rappahannock River Hand Scrape Area; the Drumming Ground Hand Scrape Area; the Temples Bay Hand Scrape Area; that area of the Piankatank River west of the Route 3 bridge; that area of the Nomini and Lower Machodoc Rivers to the Virginia-Maryland state line; that area of the Coan River to the Virginia-Maryland state line, except for above a line from Walnut Point to Stephens Point; that area of the Yeocomico River inside Public Grounds 102, 104, 107, 112 and 113; the Little Wicomico River; the PTSMA in Tangier Sound, from Tangier Light north to the Maryland-Virginia Line; the Pocomoke Sound, northeast from a line from Beach Island Light to the house on the Great Fox Island; the James River Seed Area; the James River Jail Island and Point of Shoals Clean Cull Areas; the Seaside of Eastern Shore; the Great Wicomico River Hand Scrape Area; the Drumming Ground Hand Scrape Area; and the Deep Rock Dredge Area: October 1, 2003, through September 30, 2004.

3. All public oyster grounds and unassigned grounds on the Seaside of Eastern Shore: for clean cull oysters, all year. Oyster harvest from leased oyster ground and fee simple oyster ground shall require a permit from the Marine Resources Commission as set forth in 4 VAC 20-720-90.

4. That area of the Rappahannock River west of the line drawn from Tarpley Point to green buoy #13 to Jones Point; the area of the Corrotoman River, north of the line...
Final Regulations

drawn from Balls Point to Corrotoman Point; the Rappahannock River Hand Scrape; the Rappahannock River Drumming Ground Hands scrape Area; the Rappahannock River Temples Bay Hand Scrape Area; that area of the Nomini and Lower Machodoc Rivers to the Virginia-Maryland state line; that area of the Coan River to the Virginia-Maryland state line, except for above a line from Walnut Point to Stephens Point; that area of the Piankatank River west of the Route 3 bridge; and that area of the Yeocomico River inside Public Grounds 102, 104, 107, 112 and 113; and Little Wicomico River: October 1, 2003, through October 14, 2003, and January 16, 2004, through September 30, 2004.

5. The following areas of the PTSMA: in Tangier, from Tangier Light north to the Maryland-Virginia line, and in the area of the PTSMA in the Pocomoke Sound, northeast from a line from Beach Island Light to the house on the Great Fox Island: October 1, 2003, through November 30, 2004, and April 1, 2004, March 1, 2005, through September 30, 2005.

4 VAC 20-720-60. Day and time limit.

A. It shall be unlawful to take, catch or possess oysters on Saturday and Sunday from the public oyster grounds or unassigned grounds in the waters of the Commonwealth of Virginia, except that this provision shall not apply to any person harvesting no more than one bushel per day by hand for household use only during the season when the public oyster grounds or unassigned grounds are legally open for harvest. The presence of any gear normally associated with the harvesting of oysters on board the boat or other vehicle used during any harvesting under this exception shall be prima facie evidence of violation of this chapter.

B. It shall be unlawful for any person to harvest oysters prior to sunrise or after 2 p.m. from the areas described in subdivisions 1, and 3 through 9. 6 of 4 VAC 20-720-40.

C. The Commissioner of Marine Resources hereby is authorized to issue licenses to applicants to dredge for oysters where permitted on public oyster grounds by the Code of Virginia and Marine Resources Commission regulation or order, provided the applicant is eligible under all applicable laws and regulations, and further provided that such license shall be granted only upon the condition that the boat not leave the dock until one hour before sunrise and be back at dock before sunset.

D. The Commissioner of Marine Resources hereby is authorized to issue licenses to applicants to hand scrape, as described in 4 VAC 20-720-20, for oysters where permitted on public oyster grounds by the Code of Virginia and Marine Resources Commission regulation or order, provided the applicant is eligible under all applicable laws and regulations, and further provided that such license shall be granted only upon the condition that the boat not leave the dock until one-half hour before sunrise and be back at dock before sunset.

4 VAC 20-720-70. Gear restrictions.

A. It shall be unlawful for any person to have a hand scrape on a boat that is harvesting or attempting to harvest oysters from public grounds by hand tong.

B. It shall be unlawful for any person to harvest shellfish with a dredge from the public oyster grounds who has not first obtained a current gear license to use said dredge, and only at times and in areas as established by the commission can this dredge be used for harvesting on public oyster grounds. In order to be allowed to operate a dredge for harvesting oysters from any public oyster grounds, a harvester must have a current dredge gear license and the cost of this license shall be $50.

C. It shall be unlawful for any person to harvest shellfish from the Rappahannock River Hand Scrape Area; Drumming Ground Hand Scrape Area; Great Wicomico River Hand Scrape Area; James River Hand Scrape Area; and Temples Bay Hand Scrape Area without first obtaining a valid hand scrape license at a cost of $50.

D. It shall be unlawful for any person to harvest shellfish with a hand scrape from any public oyster grounds without first obtaining a valid hand scrape license and in accordance with times and areas established by the commission.

E. It shall be unlawful for any person to have more than one hand scrape on board any boat that is harvesting oysters or attempting to harvest oysters from public grounds. It shall be unlawful for any person to have a hand tong on board a boat that is harvesting or attempting to harvest oysters from public grounds by hand scrape.

F. Harvesting with a standard oyster dredge shall be allowed in that area in the Deep Rock Dredge Area and in the PTSMA in Tangier Sound from Tangier Light north to the Maryland-Virginia line, and in the Pocomoke Sound, northeast from a line from Beach Island Light to the house on the Great Fox Island, except for the designated hand tong areas. Only a standard oyster dredge (maximum weight 150 pounds with attachment, maximum width of 50 inches, maximum tooth length of four inches, minimum tooth spacing of three inches) may be used.

4 VAC 20-720-80. Quotas and harvest limits.

A. In the James River Seed Area, including the Deep Water Shoal State Replenishment Seed Area, there shall be an
oyster harvest quota of 80,000 bushels of seed oysters. It shall be unlawful for any person to harvest seed oysters from the James River Seed Area after the 80,000 bushel quota has been reached. In the James River Seed Area, including the Deep Water Shoal State Replenishment Seed Area, and Clean Cull Areas there shall be an oyster harvest quota of 15,000 bushels of market oysters. It shall be unlawful for any person to harvest market oysters from the James River Seed and Clean Cull Areas after the 15,000 bushel quota has been reached.

B. The lawful daily limit of clean cull oysters harvested from the areas as described in subdivisions 3, 4, 7 8, and 9 of 4 VAC 20-720-40 shall be determined by the number of registered commercial fishermen licensees on board the vessel multiplied by eight bushels. It shall be unlawful to possess on board any vessel or to land more than the daily limit of clean cull oysters.

C. In the PTSMA in Tangier Sound, from Tangier Light north to the Maryland-Virginia line, and in the Pocomoke Sound, northeast from a line from Beach Island Light to the house on the Great Fox Island, where harvesting is allowed by dredge, there shall be a harvest limit of 15 bushels per day per vessel. It shall be unlawful to possess on board any vessel more than 15 bushels per day, per vessel. No blue crab bycatch is allowed. It shall be unlawful to possess on board any vessel more than 250 hard clams.

D. In the Deep Rock Dredge Area there shall be a harvest limit of 15 bushels per day per vessel. It shall be unlawful to possess on board any vessel or to land more than 15 bushels per day per vessel. No blue crab bycatch is allowed. It shall be unlawful to possess on board any vessel more than 250 hard clams.

E. D. Harvesters who export the oysters to an out-of-state market or do not sell the oysters to a licensed and Department of Health certified Virginia buyer but sell the oysters directly to the public for human consumption shall report oysters harvested on a daily basis and pay oyster taxes weekly.

4 VAC 20-720-90. Harvest permit required; the James River Hand Scrape Area and Seaside of Eastern Shore.

A. It shall be unlawful for any person to harvest, or attempt to harvest, oysters from leased oyster ground, fee simple ground, or aquacultural operations on the Seaside of Eastern Shore without first obtaining a harvest permit from the Marine Resources Commission.

B. Applicants for the harvest permit shall have paid all rent fees and shall specify the location of the lease or fee simple ground to be harvested and shall verify that the ground is marked properly as specified by 4 VAC 20-290-10 et seq.

C. Applicants for the permit to harvest from aquacultural operations shall have these operations verified by the Marine Resources Commission and with this aquaculture harvest permit shall be exempt from all other fisheries regulations pertaining to harvesting and handling of wild oyster stocks.

D. No person shall hold more than four permits at any time.

E. The aquaculture harvest permit does not eliminate or exempt the aquacultural operation from all applicable Division of Shellfish Sanitation regulations pertaining to the harvest and marketing of shellfish.

F. A permit is required for the James River Hand Scrape Area. It shall be unlawful for any person to harvest, or attempt to harvest, oysters from the James River Hand Scrape Area without first obtaining a harvest permit from the Marine Resources Commission as required by § 28.2-518 of the Code of Virginia.

4 VAC 20-720-100. Seed oyster planting procedures.

A. The marine patrol officer at the point of seed harvest may require that an officer be present during the seed planting. When this is required, it will be specified on the seed transfer permit. If an officer is required to be present at planting, the planter shall notify the law-enforcement officer in the area prior to planting. It shall be unlawful for the permittee or planter to plant the oysters without a marine patrol officer being present.

B. The planting of seed oysters shall consist of spreading the oysters loosely on the bottom of the planting area. It shall be unlawful to plant seed oysters in any manner except by spreading the oysters loosely on the bottom.

C. Seed oysters shall be placed on a designated and marked area of the private ground from which said oysters will not are not to be removed until after the public oyster season has closed (4 VAC 20-720-40). It shall be unlawful to reharvest these seed oysters prior to the end of the public oyster season.

Title of Regulation: 4 VAC 20-1045. Pertaining to Establishment of Restricted Areas (adding 4 VAC 20-1045-10, 4 VAC 20-1045-20 and 4 VAC 20-1045-30).

Effective Date: October 1, 2004.

Summary:
This regulation enables the Virginia Marine Police to enhance the physical security of bridge and tunnel complexes located in the waters of the Commonwealth of Virginia by prohibiting entrance into restricted areas when necessary.

Agency Contact: Robin Stippich, Marine Resources Commission, 2600 Washington Avenue, 3rd Floor, Newport News, VA 23607, telephone (757) 247-8088.
**Final Regulations**

**4 VAC 20-1045-10. Purpose.**

The purpose of this regulation is to enhance the physical security of bridge and tunnel complexes located in waters of the Commonwealth of Virginia. This regulation is part of a comprehensive plan to protect the public, environment and economic interests from sabotage and other subversive acts, accidents, or incidents of a similar nature.

**4 VAC 20-1045-20. Activation and enforcement of restricted areas.**

A. Pursuant to § 28.2-106.2 of the Code of Virginia, the following restricted areas are established adjacent to all bridge and tunnel complexes located in waters of the Commonwealth of Virginia including those that are privately owned. The restricted areas associated with this regulation shall only be activated when there is a specific threat or condition of heightened security for the port and shall remain active for the duration of the threat. Once the threat passes, the restricted area will be deactivated until such time as it is needed again. Restricted areas may be activated at any one bridge or all of the bridges. This decision is discretionary. The restricted areas authorized by this regulation are intended to complement appropriate threat-based restrictions on vehicular traffic at the bridge and tunnel complexes.

B. Restricted areas encompass all waters within 100 yards of any portion of any structure attached to or associated with any bridge or tunnel complex located in, on, or under navigable waters of the United States, located within the Commonwealth of Virginia. This authorization begins and ends at the ordinary mean high water line. The State Coordinator of Emergency Management of the Virginia Department of Emergency Management, or his designee, or the Commissioner of the Virginia Marine Resources Commission, or his designee, may increase the overall size of a restricted area as deemed necessary for the safety and security of the port, public, environment or economy.

C. No vessels or persons may enter restricted areas established in accordance with this regulation without the permission of persons in charge, or persons or agencies authorized to act in his behalf.

1. Patrol vessels enforcing the restricted area shall monitor marine channels (VHF) 13 and 16 at all times so vessels approaching a restricted area can contact them for instructions. Commercial and recreational vessels shall contact the Patrol Commander on channel 13 or 16 prior to entering a restricted area.

2. City, state and federal law-enforcement vessels shall contact the Patrol Commander of a restricted area on marine channel 13 or 16 or other channel designated by Port Operations Teams/Commanders/COTP prior to entering a restricted area.

D. Any vessels and/or persons that need to transit a restricted area because it encompasses a designated channel, fairway or established route of navigation, and where no reasonable alternative route of navigation exists, must contact the Patrol Commander prior to entering the restricted area. This regulation authorizes security personnel to ascertain the identity and intent of the vessel. If a determination is made that the vessel and/or persons are a threat to a designated asset located within the restricted area, security units may take actions as provided by law or regulation that are deemed necessary to protect designated assets.

E. The primary enforcement agency for the Commonwealth of Virginia shall be the Virginia Marine Police, the law-enforcement division of the Virginia Marine Resources Commission and or agents or agencies authorized to act in their behalf.

F. Restricted areas under this regulation may be activated by the State Coordinator of Emergency Management of the Virginia Department of Emergency Management, or his designee, the Commissioner of the Virginia Marine Resources Commission, or his designee, or the Governor of the Commonwealth of Virginia, when specific information indicating that the bridge and tunnel complexes within the Commonwealth of Virginia have been threatened/targeted or a condition of heightened security for the ports exists. The activation of a restricted area shall be used in conjunction with appropriate vehicular restrictions unless the information obtained indicates that a specific waterborne threat exists.

G. The Commissioner of the Virginia Marine Resources Commission, or his designee, shall notify the public that a restricted area has been activated in association with the provisions of this regulation via the most efficient means that may include, but are not limited to, local broadcast notice to mariners, posting of signs, media releases, posting of public notices, patrol vessels and vehicles with loud speakers broadcasting from the bridges and waterways, or any other means necessary to inform the public.

H. The Commissioner of the Virginia Marine Resources Commission, or his designee, shall notify the public that a restricted area has been deactivated once a threat is determined to no longer exist via the most efficient means that may include, but are not limited to, local broadcast notice to mariners, media releases and posting of public notices.

**4 VAC 20-1045-30. Penalty.**

Any person violating the provisions of this regulation shall be guilty of a Class 1 misdemeanor.

Virginia Register of Regulations 412
TITLE 8. EDUCATION

STATE BOARD OF EDUCATION

REGISTRAR'S NOTICE: The following regulatory action is exempt from the Administrative Process Act in accordance with § 2.2-4006 A 4 a of the Code of Virginia, which excludes regulations that are necessary to conform to changes in Virginia statutory law where no agency discretion is involved. The State Board of Education will receive, consider and respond to petitions by any interested person at any time with respect to reconsideration or revision.

Title of Regulation: 8 VAC 20-210. Classifications of Expenditures (amending 8 VAC 20-210-10).

Effective Date: January 1, 2005.

Agency Contact: Dr. Margaret N. Roberts, Office of Policy and Public Affairs, Department of Education, P.O. Box 2120, 101 N. 14th Street, 25th Floor, Richmond, VA 23219, telephone (804) 225-2540, FAX (804) 225-2524, or e-mail mroberts@mail.vak12ed.edu.

Summary:
The amendments conform the board's regulations to the language of § 22.1-115 of the Code of Virginia by changing the major classification of expenditures for use by local school boards when the division superintendent prepares the estimate of moneys needed for public schools.

8 VAC 20-210-10. Classification of expenditures.
The following major classification of expenditures is prescribed for use by local school boards when the division superintendent, with the approval of the school board, prepares the estimate of moneys needed for public schools.

1. Instruction;
2. General Support Administration, attendance and health;
3. Noninstructional Operation Pupil transportation;
4. Other Uses of Funds; and Operation and maintenance;
5. School food services and other nonoperations;
6. Facilities.;
7. Debt and fund transfers; and
8. Contingency reserves.

TITLE 9. ENVIRONMENT

STATE AIR POLLUTION CONTROL BOARD

REGISTRAR'S NOTICE: The following regulatory action is exempt from the Administrative Process Act in accordance with § 2.2-4006 A 4 c of the Code of Virginia, which excludes regulations that are necessary to meet the requirements of federal law or regulations provided such regulations do not differ materially from those required by federal law or regulation. The State Air Pollution Control Board will receive, consider and respond to petitions by any interested person at any time with respect to reconsideration or revision.

Title of Regulation: 9 VAC 5-80. Permits for Stationary Sources (Rev. G04) (amending 9 VAC 5-80-2000 and 9 VAC 5-80-2010).

Effective Date: December 1, 2004.

Agency Contact: Karen G. Sabasteanski, Department of Environmental Quality, P.O. Box 10009, Richmond, VA 23240, telephone (804) 698-4426, FAX (804) 698-4510 or e-mail kgsabastea@deq.virginia.gov.

Summary:
The amendment adds language to indicate that sources in the Ozone Transport Region (OTR) are subject to Article 9 (9 VAC 5-80-2000 et seq.) of this chapter. The statement that areas located in the OTR are subject regardless of their nonattainment status is added to emphasize this applicability as established by the federal Clean Air Act. A new section is added to emphasize the portion of the rule directly affected by inclusion of the OTR: offset requirements for ozone nonattainment areas classified as moderate. The definition of major stationary source is modified to include sources that emit or have the potential to emit 100 tons per year or more of nitrogen oxides or 50 tons per year of volatile organic compounds in the OTR. Finally, a definition of OTR is added.

Article 9.
Permits for Major Stationary Sources and Major Modifications
Locating in Nonattainment Areas or the Ozone Transport Region.

A. The provisions of this article apply to any person seeking to construct or reconstruct any new major stationary source or to make a major modification to a major stationary source, if the source or modification is or would be major for the pollutant for which the area is designated as nonattainment.

B. The provisions of this article apply in (i) nonattainment areas designated in 9 VAC 5-20-204 or (ii) the Ozone
Final Regulations

Transport Region as defined in 9 VAC 5-80-2010 C. This article applies to all localities in the Ozone Transport Region regardless of a locality's nonattainment status.

C. Sources located or planning to locate in the Ozone Transport Region shall be subject to the offset requirements for areas classified as moderate in 9 VAC 5-80-2120 B 2.

D. At such time that a particular source or modification becomes a major stationary source or major modification solely by virtue of a relaxation in any enforceable limitation which was established after August 7, 1980, on the capacity of the source or modification otherwise to emit a pollutant, such as a restriction on hours of operation, then the requirements of this article shall apply to the source or modification as though construction had not commenced on the source or modification.

E. Where a source is constructed or modified in contemporaneous increments which individually are not subject to approval under this article and which are not part of a program of construction or modification in planned incremental phases approved by the board, all such increments shall be added together for determining the applicability of this article. An incremental change is contemporaneous with the particular change only if it occurs between the date five years before construction on the particular change commences and the date that the increase from the particular change occurs.

F. Unless specified otherwise, the provisions of this article apply as follows:

1. Provisions referring to "sources," "new and/or modified sources" or "stationary sources" apply to the construction, reconstruction or modification of all major stationary sources and major modifications.

2. Any emissions units or pollutants not subject to the provisions of this article may be subject to the provisions of Article 6 (9 VAC 5-50-270 and any other related use, the words or terms shall have the meanings given them in subsection C of this section.

C. Terms defined.

"Actual emissions" means the actual rate of emissions of a pollutant from an emissions unit, as determined in accordance with subdivisions a through c of this definition.

a. In general, actual emissions as of a particular date shall equal the average rate, in tons per year, at which the unit actually emitted the pollutant during a two-year period which precedes the particular date and which is representative of normal source operation. The board shall allow the use of a different time period upon a determination that it is more representative of normal source operation. Actual emissions shall be calculated using the unit's actual operating hours, production rates, and types of materials processed, stored, or combusted during the selected time period.

b. The board may presume that the source-specific allowable emissions for the unit are equivalent to the actual emissions of the unit.

c. For any emissions unit which has not begun normal operations on the particular date, actual emissions shall equal the potential to emit of the unit on that date.

"Administrator" means the Administrator of the U.S. Environmental Protection Agency (EPA) or an authorized representative.

"Allowable emissions" means the emissions rate of a stationary source calculated using the maximum rated capacity of the source (unless the source is subject to federally and state enforceable limits which restrict the operating rate, or hours of operation, or both) and the most stringent of the following:

a. The applicable standards set forth in 40 CFR Parts 60 and 61;

b. Any applicable Implementation Plan emissions limitation including those with a future compliance date; or

c. The emissions limit specified as a federally and state enforceable permit condition, including those with a future compliance date.

"Applicable federal requirement" means all of the following as they apply to emissions units in a source subject to this article (including requirements that have been promulgated or approved by the administrator through rulemaking at the time of permit issuance but have future-effective compliance dates):

a. Any standard or other requirement provided for in an implementation plan established pursuant to § 110 or § 111(d) of the federal Clean Air Act, including any source-specific provisions such as consent agreements or orders.

b. Any limit or condition in any construction permit issued under the new source review program or in any operating
permit issued pursuant to the state operating permit program.

c. Any emission standard, alternative emission standard, alternative emission limitation, equivalent emission limitation or other requirement established pursuant to § 112 or § 129 of the federal Clean Air Act as amended in 1990.

d. Any new source performance standard or other requirement established pursuant to § 111 of the federal Clean Air Act, and any emission standard or other requirement established pursuant to § 112 of the federal Clean Air Act before it was amended in 1990.

e. Any limitations and conditions or other requirement in a Virginia regulation or program that has been approved by EPA under subpart E of 40 CFR Part 63 for the purposes of implementing and enforcing § 112 of the federal Clean Air Act.

f. Any requirement concerning accident prevention under § 112(r)(7) of the federal Clean Air Act.

g. Any compliance monitoring requirements established pursuant to either § 504(b) or § 114(a)(3) of the federal Clean Air Act.

h. Any standard or other requirement for consumer and commercial products under § 183(e) of the federal Clean Air Act.

i. Any standard or other requirement for tank vessels under § 183(f) of the federal Clean Air Act.

j. Any standard or other requirement in 40 CFR Part 55 to control air pollution from outer continental shelf sources.

k. Any standard or other requirement of the regulations promulgated to protect stratospheric ozone under Title VI of the federal Clean Air Act, unless the administrator has determined that such requirements need not be contained in a permit issued under this article.

l. With regard to temporary sources subject to 9 VAC 5-80-130, (i) any ambient air quality standard, except applicable state requirements, and (ii) requirements regarding increments or visibility as provided in Article 8 (9 VAC 5-80-1700 et seq.) of this part.

"Begin actual construction" means, in general, initiation of physical on-site construction activities on an emissions unit which are of a permanent nature. Such activities include, but are not limited to, installation of building supports and foundations, laying of underground pipework, and construction of permanent storage structures. With respect to a change in method of operation, this term refers to those on-site activities other than preparatory activities which mark the initiation of the change.

"Building, structure, facility, or installation" means all of the pollutant-emitting activities which belong to the same industrial grouping, are located on one or more contiguous or adjacent properties, and are under the control of the same person (or persons under common control) except the activities of any vessel. Pollutant-emitting activities shall be considered as part of the same industrial grouping if they belong to the same "major group" (i.e., which have the same two-digit code) as described in the "Standard Industrial Classification Manual," as amended by the supplement (see 9 VAC 5-20-21).

"Commence," as applied to construction of a major stationary source or major modification, means that the owner has all necessary preconstruction approvals or permits and either has:

a. Begun, or caused to begin, a continuous program of actual on-site construction of the source, to be completed within a reasonable time; or

b. Entered into binding agreements or contractual obligations, which cannot be canceled or modified without substantial loss to the owner, to undertake a program of actual construction of the source, to be completed within a reasonable time.

"Complete application" means that the application contains all the information necessary for processing the application and the provisions of § 10.1-1321.1 of the Virginia Air Pollution Control Law have been met. Designating an application complete for purposes of permit processing does not preclude the board from requesting or accepting additional information.

"Construction" means any physical change or change in the method of operation (including fabrication, erection, installation, demolition, or modification of an emissions unit) which would result in a change in actual emissions.

"Emissions cap" means any limitation on the rate of emissions of any regulated air pollutant from one or more emissions units established and identified as an emissions cap in any permit issued pursuant to the new source review program or operating permit program.

"Emissions unit" means any part of a stationary source which emits or would have the potential to emit any pollutant subject to regulation under the federal Clean Air Act.

"Enforceable as a practical matter" means that the permit contains emission limitations that are enforceable by the board or the department and meet the following criteria:

a. Are permanent;

b. Contain a legal obligation for the owner to adhere to the terms and conditions;

c. Do not allow a relaxation of a requirement of the Implementation Plan;

d. Are technically accurate and quantifiable;

e. Include averaging times or other provisions that allow at least monthly (or a shorter period if necessary to be consistent with the Implementation Plan) checks on compliance. This may include, but not be limited to, the following: compliance with annual limits in a rolling basis, monthly or shorter limits, and other provisions consistent with 9 VAC 5-80-2050 and other regulations of the board; and
f. Require a level of recordkeeping, reporting and monitoring sufficient to demonstrate compliance.

"Federally enforceable" means all limitations and conditions which are enforceable by the administrator and citizens under the federal Clean Air Act or that are enforceable under other statutes administered by the administrator. Federally enforceable limitations and conditions include, but are not limited to the following:

a. Emission standards, alternative emission standards, alternative emission limitations, and equivalent emission limitations established pursuant to § 112 of the federal Clean Air Act as amended in 1990.

b. New source performance standards established pursuant to § 111 of the federal Clean Air Act, and emission standards established pursuant to § 112 of the federal Clean Air Act before it was amended in 1990.

c. All terms and conditions in a federal operating permit, including any provisions that limit a source's potential to emit, unless expressly designated as not federally enforceable.

d. Limitations and conditions that are part of an implementation plan established pursuant to § 110 or § 111(d) of the federal Clean Air Act.

e. Limitations and conditions that are part of a federal construction permit issued under § 111 of the federal Clean Air Act, and construction permit issued under regulations approved by EPA in accordance with 40 CFR Part 51.

f. Limitations and conditions that are part of an operating permit issued pursuant to a program approved by EPA into a SIP as meeting EPA's minimum criteria for federal enforceability, including adequate notice and opportunity for EPA and public comment prior to issuance of the final permit and practicable enforceability.

g. Limitations and conditions in a Virginia regulation or program that has been approved by EPA under subpart E of 40 CFR Part 63 for the purposes of implementing and enforcing § 112 of the federal Clean Air Act.

h. Individual consent agreements that EPA has legal authority to create.

"Fixed capital cost" means the capital needed to provide all the depreciable components.

"Fugitive emissions" means those emissions that could not reasonably pass through a stack, chimney, vent, or other functionally equivalent opening.

"Lowest achievable emissions rate" means for any source, the more stringent rate of emissions based on the following:

a. The most stringent emissions limitation which is contained in the implementation plan of any state for such class or category of stationary source, unless the owner of the proposed stationary source demonstrates that such limitations are not achievable; or

b. The most stringent emissions limitation which is achieved in practice by such class or category of stationary sources. This limitation, when applied to a modification, means the lowest achievable emissions rate for the new or modified emissions units within the stationary source. In no event shall the application of this term permit a proposed new or modified stationary source to emit any pollutant in excess of the amount allowable under an applicable new source standard of performance.

"Major modification"

a. Means any physical change in or change in the method of operation of a major stationary source that would result in a significant net emissions increase of any qualifying nonattainment pollutant.

b. Any net emissions increase that is considered significant for volatile organic compounds shall be considered significant for ozone.

c. A physical change or change in the method of operation shall not include:

   (1) Routine maintenance, repair and replacement;

   (2) Use of an alternative fuel or raw material by a stationary source which:

      (a) The source was capable of accommodating before December 21, 1976, unless such change would be prohibited under any federal and state enforceable permit condition which was established after December 21, 1976, pursuant to 40 CFR 52.21 or this chapter; or

      (b) The source is approved to use under any permit issued under 40 CFR 52.21 or this chapter;

   (3) An increase in the hours of operation or in the production rate, unless such change is prohibited under any federal and state enforceable permit condition which was established after December 21, 1976, pursuant to 40 CFR 52.21 or this chapter.

"Major new source review (major NSR)" means a program for the preconstruction review of changes that are subject to review as new major stationary sources or major modifications under Article 7 (9 VAC 5-80-1400 et seq.), Article 8 (9 VAC 5-80-1700 et seq.) or Article 9 (9 VAC 5-80-2000 et seq.) of this part.

"Major stationary source"

a. Means:

   (1) Any stationary source of air pollutants which emits, or has the potential to emit, (i) 100 tons per year or more of any nonattainment pollutant, (ii) 50 tons per year or more of volatile organic compounds or nitrogen oxides in ozone nonattainment areas classified as serious in 9 VAC 5-20-204, or (iii) 25 tons per year or more of volatile organic compounds or nitrogen oxides in ozone nonattainment areas classified as severe in 9 VAC 5-20-204, or (iv) 100 tons per year or more of nitrogen oxides or 50 tons per year of volatile organic compounds in the Ozone Transport Region; or
(2) Any physical change that would occur at a stationary source not qualifying under subdivision a (1) of this definition as a major stationary source, if the change would constitute a major stationary source by itself.

b. A major stationary source that is major for volatile organic compounds shall be considered major for ozone.

c. The fugitive emissions of a stationary source shall not be included in determining for any of the purposes of this article whether it is a major stationary source, unless the source belongs to one of the following categories of stationary sources:

(1) Coal cleaning plants (with thermal dryers).
(2) Kraft pulp mills.
(3) Portland cement plants.
(4) Primary zinc smelters.
(5) Iron and steel mills.
(6) Primary aluminum ore reduction plants.
(7) Primary copper smelters.
(8) Municipal incinerators (or combinations of them) capable of charging more than 250 tons of refuse per day.
(9) Hydrofluoric acid plants.
(10) Sulfuric acid plants.
(11) Nitric acid plants.
(12) Petroleum refineries.
(13) Lime plants.
(14) Phosphate rock processing plants.
(15) Coke oven batteries.
(16) Sulfur recovery plants.
(17) Carbon black plants (furnace process).
(18) Primary lead smelters.
(19) Fuel conversion plants.
(20) Sintering plants.
(21) Secondary metal production plants.
(22) Chemical process plants.
(23) Fossil-fuel boilers (or combination of them) totaling more than 250 million British thermal units per hour heat input.
(24) Petroleum storage and transfer units with a total storage capacity exceeding 300,000 barrels.
(25) Taconite ore processing plants.
(26) Glass fiber manufacturing plants.
(27) Charcoal production plants.
(28) Fossil fuel steam electric plants of more than 250 million British thermal units per hour heat input.
(29) Any other stationary source category which, as of August 7, 1980, is being regulated under § 111 or § 112 of the federal Clean Air Act.

"Minor new source review (minor NSR)" means a program for the preconstruction review of changes that are subject to review as new or modified sources and that do not qualify as new major stationary sources or major modifications under Article 7 (9 VAC 5-80-1400 et seq.), Article 8 (9 VAC 5-80-1700 et seq.) or Article 9 (9 VAC 5-80-2000 et seq.) of this part.

"Necessary preconstruction approvals or permits" means those permits or approvals required under federal air quality control laws and regulations, and those air quality control laws and regulations which are part of the applicable Implementation Plan.

"Net emissions increase" means the amount by which the sum of the following exceeds zero:

a. Any increase in actual emissions from a particular physical change or change in the method of operation at a stationary source; and

b. Any other increases and decreases in actual emissions at the source that are contemporaneous with the particular change and are otherwise creditable.

b. An increase or decrease in actual emissions is contemporaneous with the increase from the particular change only if it occurs before the date that the increase from the particular change occurs. For sources located in ozone nonattainment areas classified as serious or severe in 9 VAC 5-20-204, an increase or decrease in actual emissions of volatile organic compounds or nitrogen oxides is contemporaneous with the increase from the particular change only if it occurs during a period of five consecutive calendar years which includes the calendar year in which the increase from the particular change occurs.

c. An increase or decrease in actual emissions is creditable only if:

(1) It occurs between the date five years before construction on the change specified in subdivision a (1) of this definition commences and the date that the increase specified in subdivision a (1) of this definition occurs; and

(2) The board has not relied on it in issuing a permit for the source pursuant to this chapter which permit is in effect when the increase in actual emissions from the particular change occurs.

d. An increase in actual emissions is creditable only to the extent that the new level of actual emissions exceeds the old level.
Final Regulations

e. A decrease in actual emissions is creditable only to the extent that:

(1) The old level of actual emissions or the old level of allowable emissions, whichever is lower, exceeds the new level of actual emissions;

(2) It is federally and state enforceable at and after the time that actual construction on the particular change begins;

(3) The board has not relied on it in issuing any permit pursuant to this chapter or the board has not relied on it in demonstrating attainment or reasonable further progress in the Implementation Plan; and

(4) It has approximately the same qualitative significance for public health and welfare as that attributed to the increase from the particular change.

f. An increase that results from a physical change at a source occurs when the emissions unit on which construction occurred becomes operational and begins to emit a particular pollutant. Any replacement unit that requires shakedown becomes operational only after a reasonable shakedown period, not to exceed 180 days.

"New source review program" means a program for the preconstruction review and permitting of new stationary sources or expansions to existing ones in accordance with regulations promulgated to implement the requirements of §§ 110 (a)(2)(C), 165 (relating to permits in prevention of significant deterioration areas), 173 (relating to permits in nonattainment areas), and 112 (relating to permits for hazardous air pollutants) of the federal Clean Air Act.

"Nonattainment pollutant" means, within a nonattainment area, the pollutant for which such area is designated nonattainment. For ozone nonattainment areas, the nonattainment pollutants shall be volatile organic compounds (including hydrocarbons) and nitrogen oxides.

"Ozone transport region" means the area established by § 184(a) of the federal Clean Air Act or any area established by the administrator pursuant to § 176A of the federal Clean Air Act for purposes of ozone. For the purposes of this article, the Ozone Transport Region consists of the following localities: Arlington County, Fairfax County, Loudoun County, Prince William County, Stafford County, Alexandria City, Fairfax City, Falls Church City, Manassas City, and Manassas Park City.

"Potential to emit" means the maximum capacity of a stationary source to emit a pollutant under its physical and operational design. Any physical or operational limitation on the capacity of the source to emit a pollutant, including air pollution control equipment, and restrictions on hours of operation or on the type or amount of material combusted, stored, or processed, shall be treated as part of its design only if the limitation or the effect it would have on emissions is federally and state enforceable. Secondary emissions do not count in determining the potential to emit of a stationary source.

"Public comment period" means a time during which the public shall have the opportunity to comment on the new or modified source permit application information (exclusive of confidential information), the preliminary review and analysis of the effect of the source upon the ambient air quality, and the preliminary decision of the board regarding the permit application.

"Qualifying pollutant" means, with regard to a major stationary source, any pollutant emitted in such quantities or at such rate as to qualify the source as a major stationary source.

"Reasonable further progress" means the annual incremental reductions in emissions of a given air pollutant (including substantial reductions in the early years following approval or promulgation of an implementation plan and regular reductions thereafter) which are sufficient in the judgment of the board to provide for attainment of the applicable ambient air quality standard within a specified nonattainment area by the attainment date prescribed in the Implementation Plan for such area.

"Reconstruction" means when the fixed capital cost of the new components exceeds 50% of the fixed capital cost of a comparable entirely new stationary source. Any final decision as to whether reconstruction has occurred shall be made in accordance with the provisions of subdivisions a through c of this definition. A reconstructed stationary source will be treated as a new stationary source for purposes of this article.

a. The fixed capital cost of the replacements in comparison to the fixed capital cost that would be required to construct a comparable entirely new facility.

b. The estimated life of the facility after the replacements compared to the life of a comparable entirely new facility.

c. The extent to which the components being replaced cause or contribute to the emissions from the facility.

"Regulated air pollutant" means any of the following:

a. Nitrogen oxides or any volatile organic compound;

b. Any pollutant for which an ambient air quality standard has been promulgated;

c. Any pollutant subject to any standard promulgated under § 111 of the federal Clean Air Act;

d. Any pollutant subject to a standard promulgated under or other requirements established under § 112 of the federal Clean Air Act concerning hazardous air pollutants and any pollutant regulated under 40 CFR Part 63; or

e. Any pollutant subject to a regulation adopted by the board.

"Secondary emissions" means emissions which would occur as a result of the construction or operation of a major stationary source or major modification, but do not come from the major stationary source or major modification itself. For the purpose of this article, secondary emissions...
must be specific, well defined, quantifiable, and affect the same general area as the stationary source or modification which causes the secondary emissions. Secondary emissions include emissions from any off-site support facility which would not be constructed or increase its emissions except as a result of the construction or operation of the major stationary source or major modification. Secondary emissions do not include any emissions which come directly from a mobile source, such as emissions from the tailpipe of a motor vehicle, from a train, or from a vessel.

"Significant" means, in reference to a net emissions increase or the potential of a source to emit any of the following pollutants, a rate of emissions that would equal or exceed any of the following rates:

"State enforceable" means all limitations and conditions that are enforceable as a practical matter, including any regulation of the board, those requirements developed pursuant to 9 VAC 5-170-160, requirements within any applicable order or variance, and any permit requirements established pursuant to this chapter.

"State operating permit program" means a program for issuing limitations and conditions for stationary sources in regulations of the board or in the federal Clean Air Act.

Title of Regulation: 9 VAC 5-80. Permits for Stationary Sources (Rev. L04) (amending 9 VAC 5-80-2250).

Effective Date: December 1, 2004.

Agency Contact: Gary Graham, Department of Environmental Quality, P.O. Box 10009, Richmond, VA 23240, telephone (804) 698-4103, FAX (804) 698-4510 or e-mail gegraham@deq.virginia.gov.

Summary:

The applicability section lists "permit applications for the construction of a major source, as defined in 40 CFR 63.2" among those applications that are subject to permit application fees. The qualifying phrase "at an undeveloped site" is added to subdivision 9 VAC 5-80-2250 A 1 b.

9 VAC 5-80-2250. Applicability.

A. Except as provided in subsection C of this section, the provisions of this article apply as follows:

1. For permit applications subject to review under the provisions of Article 6 (9 VAC 5-80-1100 et seq.) of this part, the provisions of this article shall apply to any of the following:

   a. Permit applications for the construction of a major stationary source at an undeveloped site.

   b. Permit applications for the construction of a major source, as defined in 40 CFR 63.2 at an undeveloped site.

   c. Applications for coverage of a major stationary source (or portion thereof) or a major source (or portion thereof) under a general permit issued for a stationary source category, if the source is to be located at an undeveloped site.

   d. Permit applications for the reactivation of any major source or major stationary source that was shut down in accordance with 9 VAC 5-20-220.

2. For permit applications subject to review under the provisions of Article 7 (9 VAC 5-80-1400 et seq.) of this
part, the provisions of this article apply to permit applications for the construction of a major source at an undeveloped site.

3. For permit applications subject to review under the provisions of Article 8 (9 VAC 5-80-1700 et seq.) or Article 9 (9 VAC 5-80-2000 et seq.) of this part, the provisions of this article apply to any of the following:
   a. Permit applications for the construction of a major stationary source at an undeveloped site.
   b. Permit applications for the reactivation of any major stationary source that was shut down in accordance with 9 VAC 5-80-1930 or 9 VAC 5-20-220.

B. The provisions of this article apply throughout the Commonwealth of Virginia.

C. The provisions of this article shall not apply to the following:
   1. Applications for permits for reconstruction of all or part of any stationary source, providing that the application is not otherwise subject to permit application fees pursuant to the provisions of subsection A of this section.
   2. Applications that are deemed complete prior to July 1, 2004.

D. The department shall make any final determinations required by this article, including, but not limited to:
   1. The applicability of this article;
   2. Any applicability determinations required pursuant to Articles 6 (9 VAC 5-80-1100 et seq.), 7 (9 VAC 5-80-1400 et seq.), 8 (9 VAC 5-80-1700 et seq.) and 9 (9 VAC 5-80-2000 et seq.) of this part that affect the applicability of this article; and

VA.R. Doc. No. R05-31; Filed September 22, 2004, 1:49 p.m.
B. Physical neglect occurs when there is the failure to provide food, clothing, shelter, or supervision for a child to the extent that the child's health or safety is endangered. This also includes abandonment and situations where the parent's or caretaker's own incapacitating behavior or absence prevents or severely limits the performing of child caring tasks pursuant to § 63.2-100 of the Code of Virginia. In situations where the neglect is the result of family poverty and there are no outside resources available to the family, the parent or caretaker shall not be determined to have neglected the child; however, the local department may provide appropriate services to the family.

1. Physical neglect may include multiple occurrences or a one-time critical or severe event that results in a threat to health or safety.

2. Physical neglect may include failure to thrive.

   a. Failure to thrive occurs as a syndrome of infancy and early childhood which is characterized by growth failure, signs of severe malnutrition, and variable degrees of developmental retardation.

   b. Failure to thrive can only be diagnosed by a physician and is caused by nonorganic factors.

C. Medical neglect occurs when there is the failure by the caretaker to obtain or follow through with a complete regimen of medical, mental or dental care for a condition which if untreated could result in illness or developmental delays pursuant to § 63.2-100 of the Code of Virginia. Medical neglect also includes withholding of medically indicated treatment.

   1. A child who, in good faith, is under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination pursuant to § 63.2-100 of the Code of Virginia shall not for that reason alone be considered a neglected child.

   2. For the purposes of this regulation, "withholding of medically indicated treatment" does not include the failure to provide treatment (other than appropriate nutrition, hydration, or medication) to an infant when in the treating physician's or physicians' reasonable medical judgment:

      a. The infant is chronically and irreversibly comatose;

      b. The infant has a terminal condition and the provision of such treatment would:

         (1) Merely prolong dying;

         (2) Not be effective in ameliorating or correcting all of the infant's life-threatening conditions;

         (3) Otherwise be futile in terms of the survival of the infant; or

         (4) Be virtually futile in terms of the survival of the infant and the treatment itself under such circumstances would be inhumane.

D. Mental abuse or neglect occurs when a caretaker creates or inflicts, threatens to create or inflict, or allows to be created or inflicted upon a child a physical injury by other than accidental means or creates a substantial risk of death, disfigurement, or impairment of bodily functions, including, but not limited to, a child who is with his parent or other person responsible for his care either (i) during the manufacture or attempted manufacture of a Schedule I or II controlled substance or (ii) during the unlawful sale of such substance by that child's parents or other person responsible for his care, where such manufacture, or attempted manufacture or unlawful sale would constitute a felony violation of § 18.2-248 of the Code of Virginia.

   a. Failure to thrive occurs as a syndrome of infancy and early childhood which is characterized by growth failure, signs of severe malnutrition, and variable degrees of developmental retardation.

   b. Failure to thrive can only be diagnosed by a physician and is caused by nonorganic factors.
E. Sexual abuse occurs when there is any act of sexual exploitation or any sexual act upon a child in violation of the law which is committed or allowed to be committed by the child's parents or other persons responsible for the care of the child pursuant to § 63.2-100 of the Code of Virginia.

FAST-TRACK REGULATIONS

Section 2.2-4012.1 of the Code of Virginia provides an exemption from certain provisions of the Administrative Process Act for agency regulations deemed by the Governor to be noncontroversial. To use this process, Governor's concurrence is required and advance notice must be provided to certain legislative committees. Fast-track regulations will become effective on the date noted in the regulatory action if no objections to using the process are filed in accordance with § 2.2-4012.1.

TITLE 8. EDUCATION

STATE BOARD OF EDUCATION

Title of Regulation: 8 VAC 20-470. Nurses, Physicians, and Therapist Standards (repealing 8 VAC 20-470-10).

Public Hearing Date: N/A -- Public comments may be submitted until 5 p.m. on January 18, 2005.

Effective Date: March 1, 2005.

Agency Contact: Dr. Margaret N. Roberts, Office of Policy and Public Affairs, Department of Education, P.O. Box 2120, 101 N. 14th Street, 25th Floor, Richmond, VA 23219, telephone (804) 225-2540, FAX (804) 225-2524, or e-mail mroberts@mail.vak12ed.edu.

Basis: Section 22.1-16 of the Code of Virginia vests the Board of Education with the authority to promulgate such regulations as may be necessary to carry out its powers and duties and the provisions of Title 22.1 of the Code of Virginia.

Purpose: This regulation is repealed because the requirements are unnecessary. Section 22.1-274 of the Code of Virginia states that local school boards may employ school nurses, physicians, physical therapists, occupational therapists and speech therapists under the same provisions as provided by the board regulation. Since the Code of Virginia already permits school divisions to employ these personnel and board regulations are not required, this regulation is unnecessary.

Rationale for Using Fast-Track Process: The fast track process is applicable because the repeal of this regulation is noncontroversial.

Substance: There are no substantive changes. The regulation is being repealed.

Issues: The advantage to the Board of Education is the elimination of a regulation that is no longer necessary. The advantage to the public is the elimination of an unnecessary regulation. There are no disadvantages to the public or the Commonwealth.

Department of Planning and Budget's Economic Impact Analysis: The Department of Planning and Budget (DPB) has analyzed the economic impact of this proposed regulation in accordance with § 2.2-4007 H of the Administrative Process Act and Executive Order Number 21 (02). Section 2.2-4007 H requires that such economic impact analyses include, but need not be limited to, the projected number of businesses or other entities to whom the regulation would apply, the identity of any localities and types of businesses or other entities particularly affected, the projected number of persons and employment positions to be affected, the projected costs to affected businesses or entities to implement or comply with the regulation, and the impact on the use and value of private property. The analysis presented below represents DPB's best estimate of these economic impacts.

Summary of the proposed regulation. The Board of Education (board) proposes to repeal these regulations.

Estimated economic impact. These regulations in their entirety are as follows: "School boards may employ school nurses, physicians, physical therapists, occupational therapists, and speech therapists and pay such personnel from public funds, provided each such person shall hold appropriate recognition within the Commonwealth of Virginia by the board or agency having jurisdiction over the respective occupations." The Code of Virginia already makes this clear. Since these regulations neither clarify nor add to language in the Code, the board's proposal to repeal the regulations will have no impact.

Businesses and entities affected. The proposed repeal of these regulations will not affect any business or other entity.

Localities particularly affected. The proposed repeal of these regulations will not affect any locality.

Projected impact on employment. The proposed repeal of these regulations will not affect employment.

Effects on the use and value of private property. The proposed repeal of these regulations will not affect the use and value of private property.

Agency's Response to the Department of Planning and Budget's Economic Impact Analysis: The agency agrees with the Economic Impact Analysis done by DPB on August 13, 2004. The agency will continue to examine the economic and administrative impact of the regulations as they progress through the Administrative Process Act process.

Summary:

This regulation permits local school divisions to employ nurses, physicians, physical therapists, occupational therapists, and speech therapists, and to pay them from public funds. Section 22.1-274 of the Code of Virginia permits school divisions to employ these personnel, therefore, this regulation is not necessary and is being repealed.

Virginia Register of Regulations

Form SCC21.2 - Expedited Service Request
Information & Instructions

General Considerations
The Clerk’s Office of the State Corporation Commission will use its best efforts to timely review and process business entity documents that are submitted for expedited service in accordance with these instructions and procedures. Expedited service requests will be processed, to the extent possible, in the order in which they are received. No submission will be changed to an expedited service request after it is delivered to the Clerk’s Office. The following are not subject to expedited service: providing copies of filed documents and certificates of fact, including certificates of good standing; UCC filings; tax lien filings; registered agent resignations; annual report filings; annual continuation report filings; registration fee payments; and service of process. The practice of the Clerk’s Office with respect to these matters is unchanged.

Categories of Expedited Service
Category A – Business Entity Documents listed in Schedule A
Entails the review and processing of any document listed in Schedule A.

- Same Day Service – $200
- Next Day Service – $100

Category B – Preliminary Review of a Category A Document (Next Day Service only)
Entails the review of a draft of any document listed in Schedule A to determine if it contains a deficiency that would make the document unacceptable if submitted for filing. Subsequent modified drafts of the document resubmitted for preliminary review will be examined at no additional charge if submitted with Form SCC21.2 within 30 days of the initial submission. The resubmission should include the original submission’s document control number (DCN), if known. (The DCN is printed on the expedite fee receipt for the initial submission.)

(Note: Preliminary review is not the equivalent of pre-filing clearance. Overlooked deficiencies will not be waived if noticed when a document is presented for filing.)

- Initial Submission – $50
- Resubmissions within 30 days of Initial Submission – No Charge

Category C – Business Entity Documents listed in Schedule C
Entails the review and processing of any document listed in Schedule C.

- Next Day Service – $50

Category D – Fax Evidence of Expedited Filing
Entails the facsimile transmission of evidence (e.g., certificate and receipt) upon completion of the filing. (The original evidence will be sent to the correspondent by First-Class Mail unless another method of delivery is indicated on Form SCC 21.2.)

- Fee – $25
Expedited Service Schedule

Same Day Service – Documents received in the Clerk’s Office by 12:00 noon will be processed by 4:00 p.m. on the day of receipt.

Next Day Service – Documents received in the Clerk’s Office by 4:00 p.m. will be processed by 4:00 p.m. on the next business day after receipt.

A document accompanied by a request for expedited service is considered "received" when it is received and identified as an "expedite" by the Clerk’s Office staff that processes such expedited documents.

The above schedules for the anticipated completion of expedited services are based on full business days (8:15 a.m. – 5:00 p.m.). When the Commission is closed for all or part of a day due to a holiday or emergency (e.g., inclement weather), the schedules will be extended for a like period of time.

The Clerk’s Office strives to provide expedited services as promptly as possible. A request for next day service will not preclude same day service when that can be reasonably accomplished.

Request Requirements

An Expedited Service Request form (Form SCC21.2) must be completed and placed on top of each business entity document submitted for expedited service (so the submission can be readily identified as a request for expedited service).

A cover letter, if submitted, should be inserted immediately behind the Expedited Service Request form. (Note: This form is not a substitute for information normally provided in a cover letter.)

Payment for all required fees (including expedite fees) must accompany the expedited service request.

Hand Deliveries

To ensure that a hand-delivered document is promptly identified as an "expedite" at the time of delivery, it must be presented to the front desk of the Clerk’s Office either (1) removed from its envelope (or with no envelope), with an Expedited Service Request form (SCC21.2) on top, or (2) in an envelope that prominently displays the words "FORM SCC21.2 ENCLOSED."

(Note: "Hand deliveries" do not include documents delivered to the Commission by overnight delivery companies.)

Overnight Deliveries

Overnight delivery companies are required to make deliveries to the Commission’s mailroom. They do not make their deliveries to the front desk of the Clerk’s Office. Accordingly, there is usually a one hour delay between the time that an overnight delivery is received by the Commission’s mailroom and the time that it is received and identified as an expedite by the staff of the Clerk’s Office.

Multiple Submissions

Each document submitted for expedited service must have its own Expedited Service Request form (on top) and will be charged a separate expedited service fee. (Example 1: Articles of dissolution and articles of termination are submitted for a corporation. To expedite the filing of both of these documents, an expedited service fee of $50.00 will be charged for each document. Example 2: An application for reinstatement and articles of amendment are submitted for a corporation. To expedite the filing of both of these documents, expedited service fees of $50.00 and $100.00, respectively, will be charged.)

If two or more documents that relate to the same entity or transaction are submitted on the same day for expedited service, they should be submitted together. This will facilitate our contemporaneous processing of the documents. If the submissions include documents from Category A and Category C, the Category A submission needs to be placed on top, even if the correspondent’s cover letter instructs us to file the Category C document first. If a single cover letter has been prepared for multiple submissions (which is preferred), the original or a copy of the cover letter needs to be placed behind the Expedited Service Request form for each submission.
Effective Dates

Virginia Business Entities – Documents submitted for filing by a Virginia business entity are effective when filed with the Commission or upon the issuance of a certificate by the Commission, unless a later effective date is allowed by law and is specified in the document. See §§ 13.1-606, 13.1-606, 13.1-1004, 13.1-1203, 50-73.11, 50-73.13, 50-73.48:3 and 50-73.83 of the Code of Virginia. (Note: A document can have a delayed effective date if a delayed effective date is permitted by statute and the effective date is set forth in the document. It is not sufficient to request a delayed effective date in the cover letter that accompanies the document.)

Foreign (Non-Virginia) Business Entities – Documents submitted for filing by a foreign business entity are effective when filed with the Commission or upon the issuance of a certificate by the Commission. See §§ 13.1-606, 13.1-806, 13.1-1004, 13.1-1203, 50-73.55, 50-73.57 and 50-73.57:2 of the Code of Virginia. (Note: There is no provision in the Code of Virginia for a delayed effective date with respect to a foreign business entity document. Also, a foreign business entity document may not be filed with the Commission unless it is effective in the foreign business entity’s home jurisdiction.)

To obtain the earliest possible effective date in accordance with the schedule for expedited services, the document MUST (1) be presented with an Expedited Service Request form, (2) be accompanied by payment for all required fees and (3) be acceptable for filing as presented to the Commission. Otherwise, the document will become effective when all deficiencies are remedied and it is reviewed, processed and filed.

Deficiencies, Corrections and Rejections

If a document submitted for expedited service contains a deficiency, the correspondent's contact person will be notified of all identified deficiencies within the timeframe for the requested service in the following order of priority: verbally (by telephone; messages will be left on voice mail), by e-mail, or in writing by fax.

The correspondent will have until 3:00 p.m. of the second business day following the date of notice to correct all deficiencies and make the document acceptable for filing. If the correspondent presents a revised submission to correct the deficiencies before the deadline, the document will be processed from the time the revised submission is received as if the revised submission was an original submission. In other words, the process will start anew. The document, with its revised submission, will be reviewed within the same timeframe as originally requested, and if it still contains deficiencies, another revised submission may be presented by 3:00 p.m. of the second day after notice of the additional deficiencies. An unlimited number of revised submissions may be tendered to correct the deficiencies in an expedited document, provided that they are received before the deadline established by each deficiency notice. No additional expedited service fee will be required for any revised submission that is received before the deadline established by a deficiency notice.

If a revised submission is not received within the allotted time to correct identified deficiencies, the document will be rejected and returned to the correspondent, and the expedited service fee shall be deemed fully utilized. Any resubmission of the document thereafter will require a new expedited service fee (and request form) if the resubmitted document is to be processed as an expedite.

Information Orders

A request for a certified or an uncertified copy of an expedited document after it is filed, a certificate of fact for the filing entity and other such requests related to the expedited filing will be processed by the Clerk’s Office in accordance with previously established procedures. These requests are not subject to expedited processing and there may be a delay between the filing of an expedited document and the fulfillment of a related information order request.

The evidence of an expedited document’s filing (receipt, order, certificate, etc.) and documents generated pursuant to a related information order request will be forwarded to the customer separately. Therefore, a customer must provide two completed airbills with the expedited submission if the customer wants both the evidence of an expedited filing and documents generated incident to a related information order request returned by overnight carrier.

Send the completed Expedited Service Request form, along with payment for all required fees made payable to the State Corporation Commission, to the Clerk of the State Corporation Commission, FORM SCC21.2 ENCLOSED, P. O. Box 1197, Richmond, VA 23218-1197, (Street address: 1300 East Main Street, Tyler Building, 1st floor, Richmond, VA 23219). The envelope must be clearly marked FORM SCC21.2 ENCLOSED. If you have any questions, please call (804) 371-9733 or toll-free in Virginia, 1-866-722-2551. The following Telecommunications "Bill of Rights" is referenced in State Corporation Commission order PUC-2003-00110, which is published in the Proposed Section of this issue of the Virginia Register. This order revises proposed rules for Service Quality Standards for the Provision of Local Exchange Telecommunication Services. The proposed “Bill of Rights” document is not a regulation but instead a notice to consumers of their rights as provided by law and regulation.
General Notices/Errata

Guest River watershed will be held on November 4, 2004, at 6 p.m. at the Tacoma Community Center. Tacoma Community Center is located in Wise County in the community of Tacoma on Stone Mountain Road approximately 0.2 miles south off of Alt. Route 58 between Coeburn and Norton, Virginia.

The impaired aquatic life use segment extends from Guest River headwaters to Bad Branch, from south of Indian Mountain through Norton and Coeburn. It is 27.65 miles in length. Guest River was identified in Virginia's 1998 303(d) TMDL Priority List and Report due to violations of the General Standard for benthic impairment. The bacteria impairments are on Sepulcher Creek, Crab Orchard Branch and Toms and Little Toms creeks. The TMDL reports for the bacteria and benthic impairments were approved by U.S. EPA in 2002 and 2003.

Section 303(d) of the Clean Water Act and § 62.1-44.19:7 C of the Code of Virginia require DEQ to develop TMDLs for pollutants responsible for each impaired water contained in Virginia's 303(d) TMDL Priority List and Report. The 1997 Virginia Water Quality Monitoring, Implementation and Restoration Act requires an Implementation Plan for all approved TMDL Reports. The Implementation Plan provides a framework for corrective actions needed to meet the Total Maximum Daily Load reductions so that impaired streams can meet water quality standards.

The public comment period will end on December 4, 2004. A copy of the draft Implementation Plan for Guest River watershed is available on the Virginia Department of Environmental Quality website at http://www.deq.state.va.us/tmdl/tmdlrpts.html. Or you may request a copy by contacting Nancy T. Norton, P. E., at Department of Environmental Quality, 355 Deadmore Street, P.O. Box 1688, Abingdon, VA 24212, telephone (276) 676-4807, FAX (276) 676-4899, or e-mail ntnorton@deq.virginia.gov. Written comments should include the name, address, and telephone number of the person submitting the comments and be addressed to Nancy T. Norton, P. E., Department of Environmental Quality, 355 Deadmore Street, P.O. Box 1688, Abingdon, VA 24212, telephone (276) 676-4807, FAX (276) 676-4899, or email ntnorton@deq.virginia.gov.

Total Maximum Daily Load (TMDL) Report for Hunting Camp Creek in Bland County

The Department of Environmental Quality (DEQ) and the Department of Conservation and Recreation seek written and oral comments from interested persons on the draft Total Maximum Daily Load (TMDL) report for Hunting Camp Creek in Bland County. The stream was listed on the 1998 303(d) TMDL Priority List and Report as impaired due to violations of the state's water quality standard for Aquatic Life Use due to benthic impairment. In 2002 the 303(d) List was amended to include impairment of the recreational use due to bacteria violations. The draft TMDL report addresses both impairments.

There will be a public meeting for this TMDL draft report for Hunting Camp Creek on Monday, November 8, 2004, 7 p.m. at the Bland County Board of Education offices in Bastian, Virginia. The Bland County Board of Education Office is located on Route 615 in Bastian, Virginia. Section 303(d) of the Clean Water Act and § 62.1-44.19:7 C of the Code of Virginia require DEQ to develop TMDLs for pollutants responsible for each impaired water contained in Virginia's 303(d) TMDL Priority List and Report.

Hunting Camp Creek is located in Bland County and flows through Bastian. The 8.5 mile segment begins at the impoundment above the community of Suiter and continues to the mouth at Wolf Creek. The stream parallels Route 615 and Route 52.

STATE WATER CONTROL BOARD

Proposed Consent Special Order

Anderson Oil Company

The State Water Control Board proposes to enter into a consent special order with Anderson Oil Company (Anderson). The parties have agreed to the terms of a consent special order for settlement of violations of State Water Control Law at an underground storage tank (UST) facility.

Anderson operates a UST facility located at 201 Emmet Street in Charlottesville, Virginia, and stores petroleum in these USTs under the requirements of the state underground storage tank regulation. Based on an inspection of the facility and review of submitted documentation, DEQ found Anderson to be in violation of the regulation. The proposed order will require Anderson to submit release detection records for the USTs and will assess a civil charge in settlement of the violations.

The board will receive written comments relating to the proposed order for 30 days from the date of publication of this notice. Comments should be addressed to David C. Robinett, Department of Environmental Quality, P.O. Box 3000, Harrisonburg, VA 22801, and should refer to the order. The proposed order may be examined at the Department of Environmental Quality, Valley Regional Office, 4411 Early Road, Harrisonburg, VA. A copy of the order may be obtained in person or by mail from the DEQ office.

Comments may also be submitted via electronic mail to dcrbinett@deq.virginia.gov. In order to be considered, electronic comments must be received prior to the close of the comment period and must include the name, address and telephone number of the person making the comment.

Proposed Special Order

Town of Abingdon - Wolf Creek Water Reclamation Facility

The State Water Control Board proposes to take an enforcement action against the above listed facility. Under the terms of the proposed special order, the owner of this facility has agreed to be bound by the terms and conditions of a schedule of compliance contained in the appendix of the order. The requirements contained in the order bring the facility into compliance with state law and protects water quality.

On behalf of the State Water Control Board, the Department of Environmental Quality will receive comments relating to the special order for 30 days after the date of publication of this notice. Comments should be addressed to Dallas Sizemore, Department of Environmental Quality, Southwest Regional Office, P.O. Box 1688, Abingdon, VA 24212 and should refer to the consent special order. Comments can also be sent by e-mail to drszemore@deq.state.va.us. Anyone wishing to comment must include their name, address and phone number and all comments must be received before the end of the comment period.

The final CSO is available at www.deq.state.va.us/enforcement/notices.html and at the above office during regular business hours. Copies can be requested from Mr. Sizemore at the address above or at (276) 623-6777.

The proposed order may be examined at the Department of Environmental Quality, 355 Deadmore Street, Abingdon, Virginia. A copy of the order may be obtained in person or by mail from the above office.

Proposed Consent Special Order

Town of Berryville

The State Water Control Board proposes to enter into a consent special order with the Town of Berryville to resolve violations of the State Water Control Law and regulations at the Berryville sewage treatment plant (STP) in Clarke County, Virginia. The facility discharges to the Shenandoah River in the Shenandoah River subbasin and the Potomac River basin.

The STP is exceeding its design capacity and experiencing effluent limitation violations due to an Inflow and Infiltration (I&I) problem in its collection system. In addition, the STP has experienced unpermitted discharges to State waters.

The proposed consent special order settles outstanding Notices of Violation and incorporates a schedule of compliance to upgrade the STP to meet permit effluent limitations and address the I&I problem. The order also assesses a civil charge for the violations.

The board will receive written comments relating to the proposed consent special order for 30 days from the date of publication of this notice. Comments should be addressed to Steven W. Hetrick, Department of Environmental Quality, Post Office Box 3000, Harrisonburg, VA 22801, and should refer to the consent special order. Comments may also be submitted via electronic mail to swhetrick@deq.state.va.us. In order to be considered, electronic comments must be received prior to the close of the comment period and must include the name, address, and telephone number of the person making the comment.

The final CSO is available at www.deq.state.va.us/enforcement/notices.html and at the above office during regular business hours. Copies can be requested from Mr. Hetrick at the address above or at (540) 434-2525.

The proposed order may be examined at the Department of Environmental Quality, Valley Regional Office, 4411 Early Road, Harrisonburg, VA 22801. A copy of the order may be obtained in person or by mail from this office.
Proposed Consent Special Order

The Town of Kilmarnock

The State Water Control Board proposes to issue a consent special order to The Town of Kilmarnock to resolve certain alleged violations of environmental laws and regulations that occurred at the town’s wastewater treatment plant located in Kilmarnock, Virginia. The proposed order requires that the town submit and implement upon approval, a plan and schedule to comply with the effluent limits for TKN (Total Kjeldahl Nitrogen), zinc, and copper, and pay a civil charge to address the noncompliance.

On behalf of the State Water Control Board, the Department of Environmental Quality will receive for 30 days from the date of publication of this notice written comments relating to the proposed consent special order. Comments should be addressed to Cynthia Akers, Department of Environmental Quality, Piedmont Regional Office, 4949-A Cox Road, Glen Allen, VA 23060; or sent to the email address of eakers@deq.virginia.gov. All comments received by email must include name, address and phone number of the person making the comments. A copy of the order may be obtained in person or by mail from the above office.

December 16, 2004 - Public comments may be submitted until 5 p.m. on this date.

Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that the Board of Education intends to amend regulations entitled 8 VAC 20-30, Regulations Governing Adult High School Programs. The purpose of the proposed action is twofold. First, adult high school programs, at which adults are able to earn a standard or advanced studies diploma, will be required to maintain the same high standards as regular day school programs. Second, the change provides a high-standard alternative diploma (the Adult Education Diploma) for adults who are unable to complete the requirements for a standard or advanced studies diploma.

Contact: Dr. Margaret N. Roberts, Office of Policy and Public Affairs, Department of Education, P.O. Box 2120, James Monroe Bldg., 101 N. 14th St., 25th Floor, Richmond, VA 23219, telephone (804) 225-2540, FAX (804) 225-2524, e-mail mroberts@mail.vak12ed.edu.

December 17, 2004 - Public comments may be submitted until 5 p.m. on this date.

Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that the Board of Education intends to repeal regulations entitled 8 VAC 20-140, Regulations Governing Retention Schedule for Uniform Pupil Accounting Records. The purpose of the proposed action is to repeal the regulation because it is in conflict with the Code of Virginia. Section 42.1-82 of the Code of Virginia vests the Library of Virginia with the authority to set the retention and disposition schedules for public records. The Library of Virginia has developed a retention schedule specific to the maintenance of records in Virginia’s public schools. Therefore, the Board of Education no longer has the authority to set this schedule.

Virginia Register of Regulations

442
Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that the Board of Education intends to repeal regulations entitled 8 VAC 20-470, Nurses, Physicians, and Therapist Standards. The purpose of the proposed action is to repeal the regulation because the requirements are unnecessary. Section 22.1-274 of the Code of Virginia states that local school boards may employ school nurses, physicians, physical therapists, occupational therapists and speech therapists under the same provisions as provided by the board regulation. Since the Code of Virginia already permits schools divisions to employ these personnel and board regulations are not required, this regulation is unnecessary.
