Preamble:

This action temporarily reduces the minimum germination rate for peanut seed from 75% to 70% in order to ensure adequate supply of seed for Virginia's producers for the 2006 growing season. This action is initiated at the request of the State Certified Seed Board.

Unfavorable weather conditions during the 2005 growing and harvesting season adversely affected the germination rate of peanuts produced for seed. Germination tests conducted by the Seed Laboratory in the Virginia Department of Agriculture and Consumer Services indicate that the amount of seed failing to meet the minimum germination standard established by regulation will result in insufficient seed of certain varieties of Virginia-grown peanuts to plant during the 2006 season. This action is necessary to ensure the adequate availability of peanut seed.

The Board of Agriculture and Consumer Services will receive, consider, and respond to petitions by any interested person at any time with respect to reconsideration or revision of the amendments to this regulation.

2 VAC 5-390-180. Minimum germination standard for peanut seed.

Peanuts for agricultural seed as defined in § 3.1-263 of the Code of Virginia shall have a 75% minimum total germination. ~~The enforcement of this section is suspended effective March 1, 1998. This section shall remain in suspension until July 1, 1998. However, effective March 1, 2006, and continuing until July 1, 2006, the minimum total germination shall be 70%.~~

Summary:

The purpose of this action is to increase the dispensing fee paid by Medicaid for the dispensing of brand name drug products by pharmacy providers. This change is in response to a very specific mandate from the General Assembly in the 2005 Appropriation Act, Item 326 MMM 2, which requires the Department of Medical Assistance Services to raise the dispensing fee for brand name prescription drugs from \$3.75 to \$4.00. Since July 1, 2003, DMAS has paid pharmacists a dispensing fee of \$3.75 for each brand name or generic drug prescription filled for any Medicaid recipient. This fee was paid in addition to any reimbursement paid to the pharmacy for the prescription itself. The 2004 General Assembly directed the agency to

Final Regulations

increase the generic drug-dispensing fee from \$3.75 up to \$4.00, while the dispensing fee for brand name drugs remained at \$3.75. This final action fulfills the 2005 mandate to increase the brand name dispensing fee to \$4.00.

12 VAC 30-80-40. Fee-for-service providers: pharmacy.

Payment for pharmacy services shall be the lowest of items 1 through 5 (except that items 1 and 2 will not apply when prescriptions are certified as brand necessary by the prescribing physician in accordance with the procedures set forth in 42 CFR 447.331 (c) if the brand cost is greater than the Centers for Medicare and Medicaid Services (CMS) upper limit of VMAC cost) subject to the conditions, where applicable, set forth in subdivisions 6 and 7 of this section:

1. The upper limit established by the CMS for multiple source drugs pursuant to 42 CFR 447.331 and 447.332, as determined by the CMS Upper Limit List plus a dispensing fee. If the agency provides payment for any drugs on the HCFA Upper Limit List, the payment shall be subject to the aggregate upper limit payment test.

2. The methodology used to reimburse for generic drug products shall be the higher of either (i) the lowest Wholesale Acquisition Cost (WAC) plus 10% or (ii) the second lowest WAC plus 6.0%. This methodology shall reimburse for products' costs based on a Maximum Allowable Cost (VMAC) list to be established by the single state agency.

a. In developing the maximum allowable reimbursement rate for generic pharmaceuticals, the department or its designated contractor shall:

(1) Identify three different suppliers, including manufacturers, that are able to supply pharmaceutical products in sufficient quantities. The drugs considered must be listed as therapeutically and pharmaceutically equivalent in the Food and Drug Administration's most recent version of the Approved Drug Products with Therapeutic Equivalence Evaluations (Orange Book). Pharmaceutical products that are not available from three different suppliers, including manufacturers, shall not be subject to the VMAC list.

(2) Identify that the use of a VMAC rate is lower than the Federal Upper Limit (FUL) for the drug. The FUL is a known, widely published price provided by CMS; and

(3) Distribute the list of state VMAC rates to pharmacy providers in a timely manner prior to the implementation of VMAC rates and subsequent modifications. DMAS shall publish on its website, each month, the information used to set the Commonwealth's prospective VMAC rates, including, but not necessarily limited to:

(a) The identity of applicable reference products used to set the VMAC rates;

(b) The Generic Code Number (GCN) or National Drug Code (NDC), as may be appropriate, of reference products;

(c) The difference by which the VMAC rate exceeds the appropriate WAC price; and

(d) The identity and date of the published compendia used to determine reference products and set the VMAC rate. The difference by which the VMAC rate exceeds the appropriate WAC price shall be at least or equal to 10% above the lowest-published wholesale acquisition cost for products widely available for purchase in the Commonwealth and shall be included in national pricing compendia.

b. Development of a VMAC rate that does not have a FUL rate shall not result in the use of higher-cost innovator brand name or single source drugs in the Medicaid program.

c. DMAS or its designated contractor shall:

(1) Implement and maintain a procedure to add or eliminate products from the list, or modify VMAC rates, consistent with changes in the fluctuating marketplace. DMAS or its designated contractor will regularly review manufacturers' pricing and monitor drug availability in the marketplace to determine the inclusion or exclusion of drugs on the VMAC list; and

(2) Provide a pricing dispute resolution procedure to allow a dispensing provider to contest a listed VMAC rate. DMAS or its designated contractor shall confirm receipt of pricing disputes within 24 hours, via telephone or facsimile, with the appropriate documentation of relevant information, e.g., invoices. Disputes shall be resolved within three business days of confirmation. The pricing dispute resolution process will include DMAS' or the contractor's verification of accurate pricing to ensure consistency with marketplace pricing and drug availability. Providers will be reimbursed, as appropriate, based on findings. Providers shall be required to use this dispute resolution process prior to exercising any applicable appeal rights.

3. The provider's usual and customary charge to the public, as identified by the claim charge.

4. The Estimated Acquisition Cost (EAC), which shall be based on the published Average Wholesale Price (AWP) minus a percentage discount established by the General Assembly (as set forth in subdivision 8 of this section) or, in the absence thereof, by the following methodology set out in subdivisions a through c below.

a. Percentage discount shall be determined by a statewide survey of providers' acquisition cost.

b. The survey shall reflect statistical analysis of actual provider purchase invoices.

c. The agency will conduct surveys at intervals deemed necessary by DMAS.

5. Payment for pharmacy services will be as described above however, payment for legend drugs will include the allowed cost of the drug plus only one dispensing fee per month for each specific drug. Exceptions to the monthly

dispensing fees shall be allowed for drugs determined by the department to have unique dispensing requirements. ~~The dispensing fee of \$3.75 (effective July 1, 2003) for brand name drugs shall remain in effect.~~ The dispensing fee for *brand name and generic* drugs is \$4.00.

6. The Program pays additional reimbursement for unit dose dispensing systems of dispensing drugs. DMAS defines its unit dose dispensing system coverage consistent with that of the Board of Pharmacy of the Department of Health Professions (18 VAC 110-20-420). This service is paid only for patients residing in nursing facilities. Reimbursements are based on the allowed payments described above plus the unit dose per capita fee to be calculated by DMAS' fiscal agent based on monthly per nursing home resident service per pharmacy provider. Only one service fee per month may be paid to the pharmacy for each patient receiving unit dose dispensing services. Multisource drugs will be reimbursed at the maximum allowed drug cost for specific multiple source drugs as identified by the state agency or CMS' upper limits as applicable. All other drugs will be reimbursed at drug costs not to exceed the estimated acquisition cost determined by the state agency. The original per capita fee shall be determined by a DMAS analysis of costs related to such dispensing, and shall be reevaluated at periodic intervals for appropriate adjustment. The unit dose dispensing fee is \$5.00 per recipient per month per pharmacy provider.

7. Determination of EAC was the result of a report by the Office of the Inspector General that focused on appropriate Medicaid marketplace pricing of pharmaceuticals based on the documented costs to the pharmacy. An EAC of AWP minus 10.25% shall become effective July 1, 2002.

The dispensing fee for *brand name and generic* drugs of \$4.00 ~~and the dispensing fee for brand name drugs of \$3.75 (effective July 1, 2003)~~ shall remain in effect, creating a payment methodology based on the previous algorithm (least of 1 through 5 of this subsection above) plus a dispensing fee where applicable.

8. Home infusion therapy.

a. The following therapy categories shall have a pharmacy service day rate payment allowable: hydration therapy, chemotherapy, pain management therapy, drug therapy, total parenteral nutrition (TPN). The service day rate payment for the pharmacy component shall apply to the basic components and services intrinsic to the therapy category. Submission of claims for the per diem rate shall be accomplished by use of the CMS 1500 claim form.

b. The cost of the active ingredient or ingredients for chemotherapy, pain management and drug therapies shall be submitted as a separate claim through the pharmacy program, using standard pharmacy format. Payment for this component shall be consistent with the current reimbursement for pharmacy services. Multiple applications of the same therapy shall be reimbursed one service day rate for the pharmacy services. Multiple applications of different therapies shall be reimbursed at

100% of standard pharmacy reimbursement for each active ingredient.

9. Supplemental rebate agreement. Based on the requirements in § 1927 of the Social Security Act, the Commonwealth of Virginia has the following policies for the supplemental drug rebate program for Medicaid recipients:

a. The model supplemental rebate agreement between the Commonwealth and pharmaceutical manufacturers for legend drugs provided to Medicaid recipients, submitted to CMS on February 5, 2004, and entitled Virginia Supplemental Drug Rebate Agreement Contract A and Amendment #2 to Contract A has been authorized by CMS.

b. The model supplemental rebate agreement between the Commonwealth and pharmaceutical manufacturers for drugs provided to Medicaid recipients, submitted to CMS on February 5, 2004, and entitled Virginia Supplemental Drug Rebate Agreement Contract B and Amendment #2 to Contract B has been authorized by CMS.

c. The model supplemental rebate agreement between the Commonwealth and pharmaceutical manufacturers for drugs provided to Medicaid recipients, submitted to CMS on February 5, 2004, and entitled Virginia Supplemental Drug Rebate Agreement Contract C, and Amendments #1 and #2 to Contract C has been authorized by CMS.

e. Prior authorization requirements found in § 1927(d)(5) of the Social Security Act have been met.

f. Nonpreferred drugs are those that were reviewed by the Pharmacy and Therapeutics Committee and not included on the preferred drug list. Nonpreferred drugs will be made available to Medicaid beneficiaries through prior authorization.

Final Regulations

REGISTRAR'S NOTICE: The Department of Medical Assistance Services has claimed an exemption from the Administrative Process Act in accordance with § 2.2-4006 A 4 a of the Code of Virginia, which excludes regulations that are necessary to conform to changes in Virginia statutory law or the appropriation act where no agency discretion is involved. The Department of Medical Assistance Services will receive, consider and respond to petitions by any interested person at any time with respect to reconsideration or revision.

Title of Regulation: 12 VAC 30-80. Methods and Standards for Establishing Payment Rates; Other Types of Care (amending 12 VAC 30-80-190).

Statutory Authority: §§ 32.1-324 and 32.1-325 of the Code of Virginia.

Effective Date: May 1, 2006.

Agency Contact: Carla Russell, Provider Reimbursement, Department of Medical Assistance Services, 600 East Broad Street, Suite 1300, Richmond, VA 23219, telephone (804) 225-4586, FAX (804) 786-1680 or e-mail carla.russell@dmas.virginia.gov.

Summary:

This regulatory action amends the section that defines the methodology for physician fee schedule rate setting under the Resource Based Relative Value Scale system by increasing reimbursement for physicians delivering emergency room services by 3.0% as mandated by Item 326 JJJ of the 2005 Appropriation Act.

12 VAC 30-80-190. State agency fee schedule for RBRVS.

A. Reimbursement of fee-for-service providers. Effective for dates of service on or after July 1, 1995, the Department of Medical Assistance Services (DMAS) shall reimburse fee-for-service providers, with the exception of home health services (see 12 VAC 30-80-180) and durable medical equipment services (see 12 VAC 30-80-30), using a fee schedule that is based on a Resource Based Relative Value Scale (RBRVS).

B. Fee schedule.

1. For those services or procedures which are included in the RBRVS published by the Centers for Medicare and Medicaid Services (CMS) as amended from time to time, DMAS' fee schedule shall employ the Relative Value Units (RVUs) developed by CMS as periodically updated.

2. DMAS shall calculate the RBRVS-based fees using conversion factors (CFs) published from time to time by CMS. DMAS shall adjust CMS' CFs by ~~an additional factor~~ ~~factor~~ ~~factors~~ so that no change in expenditure will result solely from the implementation of the RBRVS-based fee schedule. DMAS shall calculate a separate additional factor for (i) obstetrical/gynecological procedures (defined as maternity care and delivery procedures, female genital system procedures, obstetrical/gynecological-related radiological procedures, and mammography procedures, as defined by the American Medical Association's (AMA) annual publication of the Current Procedural Terminology (CPT) manual) and for (ii) ~~all other procedures set through the RBRVS process combined.~~ DMAS may revise the

additional factors when CMS updates its RVUs or CFs so that no change in expenditure will result solely from such updates. Except for this adjustment, DMAS' CFs shall be the same as those published from time to time by CMS. The calculation of the additional factors shall be based on the assumption that no change in services provided will occur as a result of these changes to the fee schedule. The determination of the additional factors required above shall be accomplished by means of the following calculation:

a. The estimated amount of DMAS expenditures if DMAS were to use Medicare's RVUs and CFs without modification, is equal to the sum, across all relevant procedure codes, of the RVU value published by the CMS, multiplied by the applicable conversion factor published by the CMS, multiplied by the number of occurrences of the procedure code in DMAS patient claims in the most recent period of time (at least six months).

b. The estimated amount of DMAS expenditures, if DMAS were not to calculate new fees based on the new CMS RVUs and CFs, is equal to the sum, across all relevant procedure codes, of the existing DMAS fee multiplied by the number of occurrences of the procedures code in DMAS patient claims in the period of time used in subdivision 4 2 a of this subsection.

c. The relevant additional factor is equal to the ratio of the expenditure estimate (based on DMAS fees in subdivision 2 b of this subsection) to the expenditure estimate based on unmodified CMS values in ~~subsection A of this section~~ ~~subdivision 2 a of this subsection.~~

d. DMAS shall calculate a separate additional factor for:

(1) Emergency room services (defined as the American Medical Association's (AMA) annual publication of the Current Procedural Terminology (CPT) codes 99281, 99282, 99283, 99284, and 99285);

(2) Reserved;

(3) Reserved;

(4) Reserved; and

(5) All other procedures set through the RBRVS process combined.

3. For those services or procedures for which there are no established RVUs, DMAS shall approximate a reasonable relative value payment level by looking to similar existing relative value fees. If DMAS is unable to establish a relative value payment level for any service or procedure, the fee shall not be based on a RBRVS, but shall instead be based on the previous fee-for-service methodology.

4. Fees shall not vary by geographic locality.

5. Effective for dates of service on or after ~~September~~ ~~May~~ ~~1, 2004~~ ~~2006~~, fees ~~calculated through subdivisions 4 through 4 of this subsection for CPT codes 99281, 99282, 99283, 99284, and 99285 shall be increased by 2.0%. This increase shall not be considered in the determination of the additional factor described in subdivision 2 of this subsection~~ ~~for emergency room services (defined in~~

subdivision 2 d (1) of this subsection) shall be increased by 3.0% relative to the fees in effect on July 1, 2005. These CPT codes shall be as published by the American Medical Association in its Current Procedural Terminology (2004 edition), as may be amended from time to time.

C. Effective for dates of service on or after September 1, 2004, fees for obstetrical/gynecological procedures (defined as maternity care and delivery procedures, female genital system procedures, obstetrical/gynecological-related radiological procedures, and mammography procedures, as defined by the American Medical Association's (AMA) annual publication of the Current Procedural Terminology (CPT) manual) shall be increased by 34% relative to the fees in effect on July 1, 2004. This 34% increase shall be a one-time increase, but shall be included in subsequent calculations of the relevant additional factor described in subdivision 2 of this subsection.

Preamble:

Section 2.2-4011 of the Administrative Process Act states that an emergency situation is (i) a situation involving an imminent threat to public health or safety or (ii) a situation in which Virginia statutory law, the Virginia appropriation act, or federal law requires that a regulation shall be effective in 280 days or less from its enactment, or in which federal regulation requires a regulation to take effect no later than 280 days from its effective date. This suggested emergency regulation meets the standard at § 2.2-4011 A (ii) of the Code of Virginia as discussed below.

This regulatory action is intended to implement the mandated physician rate increases included in the 2005 Appropriation Act. Items 326 VVV, WWW, and XXX directed various physician rate increases for an effective date of May 1, 2006. Specifically, the Act mandated a 2.5% increase for obstetrical and gynecological services, a 5.0% increase for pediatric services and a 5.0% increase for adult primary and preventive care services. In order to implement these rate increases, 12 VAC 30-80-190 needs to be amended. This section of the administrative code defines the methodology for physician fee schedule rate setting under the Resource Based Relative Value Scale (RBRVS) system.

A. Reimbursement of fee-for-service providers. Effective for dates of service on or after July 1, 1995, the Department of Medical Assistance Services (DMAS) shall reimburse fee-for-service providers, with the exception of home health services (see 12 VAC 30-80-180) and durable medical equipment services (see 12 VAC 30-80-30), using a fee schedule that is based on a Resource Based Relative Value Scale (RBRVS).

B. Fee schedule.

1. For those services or procedures which are included in the RBRVS published by the Centers for Medicare and Medicaid Services (CMS) as amended from time to time,

Emergency Regulations

DMAS' fee schedule shall employ the Relative Value Units (RVUs) developed by CMS as periodically updated.

2. DMAS shall calculate the RBRVS-based fees using conversion factors (CFs) published from time to time by CMS. DMAS shall adjust CMS' CFs by ~~an additional factor~~ *factors* so that no change in expenditure will result solely from the implementation of the RBRVS-based fee schedule. ~~DMAS shall calculate a separate additional factor for (i) obstetrical/gynecological procedures (defined as maternity care and delivery procedures, female genital system procedures, obstetrical/gynecological-related radiological procedures, and mammography procedures, as defined by the American Medical Association's (AMA) annual publication of the Current Procedural Terminology (CPT) manual) and for (ii) all other procedures set through the RBRVS process combined.~~ DMAS may revise the additional factors when CMS updates its RVUs or CFs so that no change in expenditure will result solely from such updates. Except for this adjustment, DMAS' CFs shall be the same as those published from time to time by CMS. The calculation of the additional factors shall be based on the assumption that no change in services provided will occur as a result of these changes to the fee schedule. The determination of the additional factors required above shall be accomplished by means of the following calculation:

a. The estimated amount of DMAS expenditures if DMAS were to use Medicare's RVUs and CFs without modification, is equal to the sum, across all relevant procedure codes, of the RVU value published by the CMS, multiplied by the applicable conversion factor published by the CMS, multiplied by the number of occurrences of the procedure code in DMAS patient claims in the most recent period of time (at least six months).

b. The estimated amount of DMAS expenditures, if DMAS were not to calculate new fees based on the new CMS RVUs and CFs, is equal to the sum, across all relevant procedure codes, of the existing DMAS fee multiplied by the number of occurrences of the procedures code in DMAS patient claims in the period of time used in ~~subdivision 4 of this subsection (B)(2)(a) above.~~

c. The relevant additional factor is equal to the ratio of the expenditure estimate ~~(based on DMAS fees in subdivision 2 of this subsection) (B)(2)(b) above~~ to the expenditure estimate based on unmodified CMS values in ~~subsection A of this section (B)(2)(a) above.~~

d. DMAS shall calculate a separate additional factor for:

(i) *Reserved.*

(ii) *Obstetrical/Gynecological Services (defined as Maternity Care and Delivery procedures, Female Genital System procedures, Obstetrical/Gynecological-related radiological procedures, and mammography procedures, as defined by the American Medical Association's (AMA) annual publication of the Current Procedural Terminology (CPT) manual);*

(iii) *Pediatric Services (defined as Evaluation and Management (E&M) procedures, excluding those listed*

in (B)(5) below, as defined by the AMA's annual publication of the CPT manual for recipients under age 21);

(iv) Adult Primary and Preventive Services (defined as E&M procedures, excluding those listed in (B)(5) below, as defined by the AMA's annual publication of the CPT manual for recipients age 21 and over); and,

(v) All other procedures set through the RBRVS process combined.

3. For those services or procedures for which there are no established RVUs, DMAS shall approximate a reasonable relative value payment level by looking to similar existing relative value fees. If DMAS is unable to establish a relative value payment level for any service or procedure, the fee shall not be based on a RBRVS, but shall instead be based on the previous fee-for-service methodology.

4. Fees shall not vary by geographic locality.

5. Effective for dates of service on or after September 1, 2004, fees calculated through subdivisions 1 through 4 of this subsection for CPT codes 99281, 99282, 99283, 99284, and 99285 shall be increased by 2.0%. This increase shall not be considered in the determination of the additional factor described in subdivision 2 of this subsection. These CPT codes shall be as published by the American Medical Association in its Current Procedural Terminology (2004 edition), as may be amended from time to time.

C. Effective for dates of service on or after ~~September May 1, 2004 2006~~, fees for ~~Obstetrical/Gynecological procedures Services (defined as maternity care and delivery procedures, female genital system procedures, obstetrical/gynecological-related radiological procedures, and mammography procedures, as defined by the American Medical Association's (AMA) annual publication of the Current Procedural Terminology (CPT) manual in (B)(2)(d)(ii) above)~~ shall be increased by ~~34%~~ 2.5% relative to the fees in effect on July 1, 2004 2005. ~~This 34% increase shall be a one-time increase, but shall be included in subsequent calculations of the relevant additional factor described in subdivision 2 of this subsection.~~

D. Effective for dates of service on or after May 1, 2006, fees for *Pediatric Services (defined in (B)(2)(d)(iii) above)* shall be increased by 5.0% relative to the fees in effect on July 1, 2005.

E. Effective for dates of service on or after May 1, 2006, fees for *Adult Primary and Preventive Services (defined in (B)(2)(d)(iv) above)* shall be increased by 5.0% relative to the fees in effect on July 1, 2005.

GOVERNOR

EXECUTIVE ORDER NUMBER 10 (2006)

CABINET RESPONSIBILITY FOR THE DEPARTMENT OF MINORITY BUSINESS ENTERPRISE

Importance of the Issue

The Commonwealth needs to continue to improve its record of procuring goods and services from businesses owned by minorities and women as well as small businesses. Virginia is fully committed to equal opportunity in procurement. It is incumbent on everyone in leadership in state government to do their utmost to make the state's procurement practices more inclusive. The Department of Minority Business Enterprise plays an especially critical role in these efforts. The Department is the lead agency in promoting greater inclusiveness in procurement.

At present, the Secretary of Administration oversees the Department of General Services, which coordinates procurement generally, while the Secretary of Commerce and Trade oversees the Department of Minority Business Enterprise. It is appropriate to consolidate all procurement efforts under the Secretary of Administration. This action will improve the inclusiveness of the state's procurement efforts and to increase the efficiency and effectiveness of the state's procurement efforts generally. This action will also increase accountability for the state's procurement efforts.

Transfer of the Department of Minority Business Enterprise to the Secretary of Administration

Section 2.2-204 of the Code of Virginia assigns the Department of Minority Business Enterprise to the Secretary of Commerce and Trade. Section 2.2-204 also permits the Governor, by executive order, to assign any agency listed in this section to another secretary. Accordingly, I hereby transfer responsibility for the Department of Minority Business Enterprise from the Secretary of Commerce and Trade to the Secretary of Administration.

This Executive Order shall become effective upon its signing and shall remain in full force and effect unless amended or rescinded by further executive order.

Given under my hand and under the Seal of the Commonwealth of Virginia this 3rd day of February 2006.

Guidelines and Procedures for Calculating Appropriate Environmental Civil Charges and Civil Penalties -- Notice and Opportunity for Public Comment

The State Air Pollution Control Board, the State Water Control Board, and the Virginia Waste Management Board (the boards) are seeking public comment on a draft guidance document entitled "Civil Charges and Civil Penalties in Administrative Actions." In 2005, the Governor and General Assembly amended the authority for environmental civil charges and civil penalties, and directed the boards to:

develop and provide an opportunity for public comment on guidelines and procedures that contain specific criteria for calculating the appropriate penalty for each violation based upon the severity of the violations, the extent of any potential or actual environmental harm, the compliance history of the facility or person, any economic benefit realized from the noncompliance, and the ability of the person to pay the penalty. (2005 Acts c. 706)

In response, staff from the Department of Environmental Quality (the department) have developed the draft guidance noted above, which may be obtained from the department's website at <http://www.deq.virginia.gov/enforcement/manual.html>, or by requesting a copy from the contact below.

Anyone wishing to submit comments for the public comment file may do so by mail, e-mail, or facsimile to John E. Ely, Division of Enforcement, Department of Environmental Quality, P.O. Box 10009, Richmond, VA 23240-0009, telephone (804) 698-4249; facsimile (804) 698-4277, and e-mail jeely@deq.virginia.gov. Comments must be in writing and include the name and address of the commenter. In order to be considered comments must be received by 5 p.m. on or before May 3, 2006.

DEPARTMENT OF ENVIRONMENTAL QUALITY

Announcement of a Second Public Comment Period on Revised Draft Water Quality Improvement Study

Purpose of notice: To seek public comment on the revised draft "General Standard (Benthic) Total Maximum Daily Load Development for Upper North Fork Holston River" water quality improvement study by the Virginia Department of Environmental Quality and the Department of Conservation and Recreation.

Description of study: The 4.8 mile long "impaired" stream segment of North Fork Holston River begins at the confluence with Robertson Branch in Saltville and extends downstream to Tumbling Creek. The stream is impaired for the Aquatic Life Use - violations of the general standard for aquatic organisms. Virginia agencies have identified sources of chlorides that decrease the number and variety of aquatic organisms in the waters of the North Fork Holston River just downstream of Saltville in Smyth County and Washington County, Virginia.

The study reports that chloride is impairing the aquatic community and recommends a total maximum daily load, or TMDL, for the impaired water. A TMDL is the total amount of a pollutant a water body can contain and still meet water quality standards. To restore water quality, contamination levels have to be reduced to the TMDL amount.

How a decision is made: The development of a TMDL includes a public comment period and public meetings. The draft document was revised after the final public meeting and it is the revised document that is available for public review and comment. After public comments have been considered and addressed, DEQ will submit the TMDL report to the U.S. Environmental Protection Agency for approval.

How to comment: DEQ accepts written comments by e-mail, fax or postal mail. Written comments should include the name, address and telephone number of the person commenting and be received by DEQ during the comment period, March 20, 2006, to April 19, 2006.

To review draft TMDL report: The revised draft TMDL report for the impaired water is available after March 20, 2006, from the contact below or on the DEQ website at www.deq.virginia.gov/tmdl.

Contact for additional information: Nancy T. Norton, P.E., Regional TMDL Coordinator, Department of Environmental Quality, Southwest Regional Office, 355 Deadmore Street, P.O. Box 1688, Abingdon, VA 24212-1688, telephone (276) 676-4807, FAX (276) 676-4899, or e-mail ntnorton@deq.virginia.gov.

STATE CORPORATION COMMISSION

Administrative Letter 2006-2

TO: All Carriers Licensed to Market Credit Life Insurance or Credit Accident and Sickness Insurance in Virginia

RE: Credit Insurance Experience Exhibits
§ 38.2-3730 of the Code of Virginia

In accordance with § 38.2-3730 B of the Code of Virginia, adjustments to the prima facie rates applicable to credit life and credit accident and sickness insurance for the triennium commencing January 1, 2007, will be established and published later this year. This letter serves as a reminder to all carriers licensed to write either or both of these coverages that the Credit Insurance Experience Exhibit (CIEE) for the 2005 reporting year, from which information will be obtained to properly calculate these rates, must be submitted to the Commission no later than April 1, 2006. All companies were instructed, by letter dated December 1, 2005, to submit a copy of this exhibit to the Life and Health Forms and Rates Section of the Bureau of Insurance, (the Bureau). Because of the time constraints under which the rate calculation must be completed, it is imperative that complete and accurate CIEEs are provided to the Bureau on or before April 1, 2006.

Attached to this administrative letter are examples of some of the problems identified with CIEE filings in previous years. In some instances, although information was correct, an explanation was necessary to properly evaluate the information. Companies are hereby directed to review the attachment to ensure that similar problems do not recur this year. Please note that the CIEE must be filed on a direct basis, i.e. before taking into account reinsurance ceded, and that "NONE" should be clearly stated on the first page of a CIEE that does not contain Virginia experience.

In order to expedite the review of each CIEE that contains Virginia experience, we encourage companies to complete the attached questionnaire and ask that it be submitted with the completed CIEE. To help facilitate the completion of the questionnaire, companies may download it from the Bureau's website at:

<http://www.scc.virginia.gov/division/boi/webpages/boiinsurerforms.htm>

We also encourage companies to submit the CIEEs and the questionnaires to the Life and Health Forms and Rates Section via e-mail at the address noted below.

Please contact the Bureau with any questions or requests for clarification of any of the above as early as possible. The CIEE filings, as well as questions, should be directed to Robert F. Grissom, Senior Insurance Market Examiner, Life and Health Division, P.O. Box 1157, Richmond, Virginia 23218, telephone (804) 371-9110, or e-mail bob.grissom@scc.virginia.gov.

/s/ Alfred W. Gross
Commissioner of Insurance

General Notices/Errata

The following are examples of problems identified in filings of the Credit Insurance Experience Exhibits (CIEEs) in previous reporting years. Companies are directed to review the information below to ensure that similar problems do not recur in their 2005 CIEEs. Any of the following situations legitimately applicable to a 2005 CIEE should include an appropriate explanation in the attached questionnaire.

- **Wrong state submitted, state not indicated, or Virginia experience not separated.** The Bureau received a number of exhibits in which a section was missing, the wrong state or year was submitted, or Virginia experience was not provided separately, i.e. Grand Totals.
- **Prima facie premium not listed.** The prima facie premium is needed to evaluate the rates. Each company should explicitly state the prima facie premium on the appropriate exhibit line, even if it is the same as earned premium.
- **Prima facie premiums greater than earned premiums.** While this may not be a problem, our experience is that most companies charge the maximum rate allowed. This may be indicative of a miscalculation, especially on MOB business.
- **Earned premiums greater than prima facie premium.** For MOB business, this may be indicative of a miscalculation. Such premiums violate statutes unless the premium rates have been approved. If the premium rates have been approved, we ask that reporting carriers provide the Bureau with the approval date(s) to facilitate our analysis.
- **Changes in the reserves reported from the end of one reporting year to the beginning of the subsequent reporting year.** This can cause previously charged premium and claims to disappear. It can also cause claims without corresponding premium and vice versa. Restatement of opening reserves merely results in delay and unnecessary expense for the Bureau and, in light of the purpose of these CIEEs, companies should ensure that opening reserves (at the beginning of the year) are equal to closing reserves (at the end of the previous year).
- **Claim reserve errors.** These cause inaccurate incurred claims and may also indicate inadequate reserves for the product line.
- **Premium reserve errors.** These cause inaccurate premium reserve calculations.
- **Assumption reinsurance transactions.** If any business is transferred by assumption reinsurance, include a cover letter identifying the companies involved and the reserve amounts impacted by the transaction.
- **Company Name Changes or Mergers.** If the reporting company has changed its name and/or has been involved in a merger, full details should be provided to enable the Bureau of Insurance to appropriately combine experience for the past three years.

- **Calculation of Earned Premium at Prima Facie Rates.** Prima facie premium must be calculated using the prima facie rates approved and published by the Bureau effective January 1, 2004. Approval by the Bureau to charge alternate rates or use alternative rate structures does not constitute a change to the published prima facie rates, and these alternative rates or rates structures should not be used in calculating earned premium at prima facie rates.
