The table printed below lists regulation sections, by Virginia Administrative Code (VAC) title, that have been amended, added or repealed in the *Virginia Register* since the regulations were originally published or last supplemented in VAC (the Fall 2005 VAC Supplement includes final regulations published through *Virginia Register* Volume 21, Issue 24, dated August 8, 2005). Emergency regulations, if any, are listed, followed by the designation “emer,” and errata pertaining to final regulations are listed. Proposed regulations are not listed here. The table lists the sections in numerical order and shows action taken, the volume, issue and page number where the section appeared, and the effective date of the section.

TITLE 4. CONSERVATION AND NATURAL RESOURCES

BOARD OF GAME AND INLAND FISHERIES

REGISTRAR'S NOTICE: The Board of Game and Inland Fisheries is exempt from the Administrative Process Act pursuant to subdivision A 3 of § 2.2-4002 of the Code of Virginia when promulgating regulations regarding the management of wildlife. The department is required by § 2.2-4031 of the Code of Virginia to publish all proposed and final wildlife management regulations, including length of seasons and bag limits allowed on the wildlife resources within the Commonwealth of Virginia.

Title of Regulation: 4 VAC 15-320. Fish: Fishing Generally.

Effective Date: May 17, 2006.

Agency Contact: Phil Smith, Policy Analyst and Regulatory Coordinator, Department of Game and Inland Fisheries, 4016 West Broad Street, Richmond, VA 23220, telephone (804) 367-1000, FAX (804) 367-0488, or e-mail regcomments@dgif.virginia.gov.

Summary:
The amendment eliminates the $1.00 fee per visitor to Department of Game and Inland Fisheries-owned fish hatcheries.

D. Seasons; hours and methods of fishing; size and creel limits; hunting and trapping. The open seasons for fishing, as well as fishing hours, methods of taking fish and the size, possession and creel limits, and hunting and trapping for department-owned or department-controlled lakes, ponds, streams or boat access sites shall conform to the regulations of the board unless otherwise excepted by posted rules by the director or his designee. Such posted rules shall be displayed at each lake, pond, stream or boat access site, in which case the posted rules shall be in effect. Failure to comply with posted rules concerning seasons, hours, methods of taking, bag limits, and size, possession and creel limits shall constitute a violation of this regulation.

E. Other uses. Camping overnight or building fires (except in developed and designated areas), swimming, or wading in department-owned or department-controlled lakes, ponds or streams (except by anglers, hunters and trappers actively engaged in fishing, hunting or trapping), is prohibited. All other uses shall conform to the regulations of the board unless excepted by posted rules.

F. Fishing tournaments, etc. It shall be unlawful to organize, conduct, supervise or solicit entries for fishing tournaments, rodeos or other fishing events on lakes, ponds, or streams owned by the department, for which prizes are offered, awarded or accepted based on size or numbers of fish caught, either in money or other valuable considerations. This chapter will not prohibit events approved by the department that are intended to promote youth fishing or provide instruction, provided no prizes, as defined above, are awarded and no participation fees are charged.

G. The department maintains operation of and visitor access to state-owned fish hatcheries. To offset the cost of supervising visitors at the fish hatcheries, a fee of $1.00 will be charged per visitor.

MARINE RESOURCES COMMISSION

REGISTRAR'S NOTICE: The following regulation filed by the Marine Resources Commission is exempt from the Administrative Process Act in accordance with § 2.2-4006 A 12 of the Code of Virginia; however, the commission is required to publish the full text of final regulations.

Title of Regulation: 4 VAC 20-530. Pertaining to American Shad.

Statutory Authority: § 28.2-201 of the Code of Virginia.

Effective Date: March 31, 2006.

Agency Contact: Deborah R. Cawthon, Agency Regulatory Coordinator, Marine Resources Commission, 2600
Washington Avenue, 3rd Floor, Newport News, VA 23607, telephone (757) 247-2248, FAX (757) 247-2002, or e-mail debbie.cawthon@mrc.virginia.gov.

Summary:

The amendments provide for a limited access bycatch fishery for American shad in the Spawning Reaches Bycatch Area.

4 VAC 20-530-20. Definition.

The following words and terms when used in this chapter shall have the following meanings unless the context clearly indicates otherwise.

"Bycatch area" means those tidal waters of (i) the James River, from the James River Bridge upstream to a line connecting Dancing Point and New Sunken Meadow Creek; (ii) the York River, from the George P. Coleman Bridge upstream to the Rt. 33 Eltham and Lord Delaware bridges at West Point; and (iii) the Rappahannock River, from the Norris Bridge upstream to the Rt. 360 Downing Bridge at Tappahannock.

"Chesapeake Bay" means all Virginia tidal waters west of the Colregs Demarcation Line that connect the Cape Henry Lighthouse in Virginia Beach to the Cape Charles Lighthouse on Smith Island.

"Coastal area" means all Virginia tidal waters east of the Colregs Demarcation Line that connect the Cape Henry Lighthouse in Virginia Beach to the Cape Charles Lighthouse on Smith Island.

"Spawning Reaches Bycatch Area" means those tidal waters of (i) the James River, from a line connecting Dancing Point and New Sunken Meadow Creek, upstream to the 14th Street Bridge in Richmond; (ii) the York River and its tributaries, from the Rt. 33 Eltham and Lord Delaware bridges at West Point, upstream in the Pamunkey River to a line connecting Liberty Hall and the opposite shore and upstream in the Mattaponi River to the Route 360 Bridge at Aylett; and (iii) the Rappahannock River, from the Rt. 360 Downing Bridge at Tappahannock, upstream to the Route 1 Falmouth Bridge.

A. It shall be unlawful for any person to catch and retain possession of American shad from the Chesapeake Bay, except as described in 4 VAC 20-530-31 and 4 VAC 20-530-32.

B. It shall be unlawful for any person to possess aboard a vessel or land any American shad harvested from the coastal area.

C. It shall be unlawful for any person to possess any American shad taken from the Chesapeake Bay, except as described in 4 VAC 20-530-31 and 4 VAC 20-530-32, or the coastal area.

A. Any registered commercial fisherman meeting the conditions described in this subsection shall be eligible to participate in the American shad bycatch fishery:

1. The registered commercial fisherman shall apply for a VMRC American Shad Bycatch Permit and possess that permit while fishing, landing, or selling his catch of American shad.

2. The registered commercial fisherman shall complete the VMRC American Shad Bycatch Survey form to describe his pending fishing activity.

B. It shall be unlawful for any person to possess aboard a vessel more than 10 American shad. When more than one registered and permitted fisherman is fishing on the same vessel, it shall be unlawful to possess more than 10 American shad aboard that vessel.

C. It shall be unlawful for any person to possess aboard a vessel or land any American shad, unless that person possesses at least an equal number of fish of only the following food-grade species: spot, croaker, bluefish, catfish, striped bass or white perch.

D. Possession of American shad by any person permitted in accordance with this regulation section shall be lawful only when those American shad were harvested from the bycatch area. Possession of any American shad harvested in Virginia waters that are outside of the bycatch area shall constitute a violation of this regulation, except as described in 4 VAC 20-530-32.

E. American shad harvested only as bycatch by anchored gill nets and staked gill nets may be possessed or retained for sale in accordance with the provisions of this regulation. It shall be unlawful for any person to harvest, land or possess any American shad taken by any commercial gear, except anchored gill net or staked gill net, or any recreational gear.

F. Every fisherman permitted for the American shad bycatch fishery shall contact the commission's interactive voice response system once weekly to report the following for the preceding weekly period: name, registration number, number of fishing trips taken, water body fished, number of nets set, number of American shad caught and number retained.

4 VAC 20-530-32. Spawning Reaches Bycatch Area fishery.

A. Any registered commercial fisherman meeting the conditions described in this section shall be eligible to participate in the American shad bycatch fishery in the Spawning Reaches Bycatch Area, as described in 4 VAC 20-530-20:

1. The registered commercial fisherman shall have reported harvests of striped bass from the Spawning Reaches Bycatch Area during the months of February or March in at least five years during the 1996 through 2005 period.

2. The registered commercial fisherman shall apply for a VMRC American Shad Spawning Reaches Bycatch Permit and possess that permit while fishing, landing, or selling his bycatch of American shad.

3. The registered commercial fisherman shall complete the VMRC American Shad Spawning Reaches Bycatch Survey Form to describe his pending fishing activity.
B. Except as described in subsection C of this section, it shall be unlawful for any person to possess aboard a vessel more than five American shad in any one day. When more than one registered and permitted fisherman is fishing on the same vessel, it shall be unlawful to possess more than five American shad aboard that vessel in any one day, except as described in subsection C of this section.

C. In any one day it shall be unlawful for any person permitted to harvest American shad as bycatch from the Spawning Reaches Bycatch Area to possess aboard a vessel or land any American shad if that person takes, harvests or possesses any American shad from the bycatch area described in 4 VAC 20-530-20 during that same day.

D. It shall be unlawful for any person to possess aboard a vessel or land any American shad from the Spawning Reaches Bycatch Area unless that person possesses at least an equal number of fish of only the following food-grade species: spot, croaker, bluefish, catfish, striped bass or white perch.

E. Possession of American shad by any person permitted in accordance with this section shall be lawful only when those American shad were harvested from the Spawning Reaches Bycatch Area, except as provided in 4 VAC 20-530-31 and subsection C of this section.

F. American shad harvested only as bycatch by anchored gill nets and staked gill nets may be possessed or retained for sale in accordance with the provisions of this regulation. It shall be unlawful for any person to harvest, land or possess any American shad taken by any commercial gear, except anchored gill net or staked gill net or any recreational gear.

G. Every fisherman permitted by the bycatch program for American shad from the Spawning Reaches Bycatch Area shall contact the commission’s interactive voice response system once weekly to report the following for the preceding weekly period: name, registration number, number of fishing trips taken, water body fished, number of nets set, number of American shad caught, and number retained.

Effective Date: May 17, 2006.

Summary:

This regulation establishes permitting requirements for discharges of wastewater from car wash operations. These discharges are considered to be point sources of pollutants and thus are subject to regulation under the VPDES permit program. The existing general permit expires on October 15, 2007. This regulatory action reissues this general permit in order to continue making the permit available for car washes after that date. This is a reissuance of an existing regulation, and there are no changes to the regulation.

9 VAC 25-194-40. Effective date of the permit.

This general permit will become effective on October 15, 2007. This general permit will expire five years after the effective date. This general permit is effective for any covered owner upon compliance with all the provisions of 9 VAC 25-194-50 and the receipt of this general permit.

Any owner whose registration statement is accepted by the board will receive the following permit and shall comply with the requirements therein and be subject to all requirements of 9 VAC 25-31.

TITLE 9. ENVIRONMENT

STATE WATER CONTROL BOARD

REGISTRAR’S NOTICE: The following regulation filed by the State Water Control Board is exempt from the Administrative Process Act in accordance with § 2.2-4006 A 9 of the Code of Virginia, which exempts general permits issued by the State Water Control Board pursuant to the State Water Control Law (§ 62.1-44.2 et seq.), Chapters 24 (§ 62.1-242 et seq.) and 25 (§ 62.1-254 et seq.) of Title 62.1 if the board (i) provides a Notice of Intended Regulatory Action in conformance with the provisions of § 2.2-4007 B; (ii) following the passage of 30 days from the publication of the Notice of Intended Regulatory Action, forms a technical advisory committee composed of relevant stakeholders, including potentially affected citizens, to assist in the development of the general permit; (iii) provides notice and receives oral and written comment as provided in § 2.2-4007; and (iv) conducts at least one public hearing on the proposed general permit.

AUTHORIZATION TO DISCHARGE UNDER THE VIRGINIA POLLUTANT DISCHARGE ELIMINATION SYSTEM AND THE VIRGINIA STATE WATER CONTROL LAW

In compliance with the provisions of the Clean Water Act, as amended, and pursuant to the State Water Control Law and regulations adopted pursuant thereto, owners of car wash facilities are authorized to discharge to surface waters within the boundaries of the Commonwealth of Virginia, except those specifically named in board regulations or policies which prohibit such discharges.

The authorized discharge shall be in accordance with this cover page, Part I -- Effluent Limitations and Monitoring...
Requirements, Part II -- Conditions Applicable to All VPDES Permits, as set forth herein.

PART I.

A. EFFLUENT LIMITATIONS AND MONITORING REQUIREMENTS.

1. During the period beginning with the permittee's coverage under this general permit and lasting until the permit's expiration date, the permittee is authorized to discharge wastewater originating from car wash facilities that discharge a monthly average flow rate less than or equal to 5,000 gallons per day from outfall(s):

Such discharges shall be limited and monitored by the permittee as specified below:

2. There shall be no discharge of floating solids or visible foam in other than trace amounts.

B. Special conditions.

1. The permittee shall perform inspections of the effluent and maintenance of the wastewater treatment facilities at least once per week and document activities on the operational log. This operational log shall be made available for review by the department personnel upon request.

2. No sewage shall be discharged from a point source to surface waters from this facility except under the provisions of another VPDES permit specifically issued for that purpose.

3. There shall be no chemicals added to the water or waste which may be discharged other than those listed on the owner's accepted registration statement, unless prior approval of the chemical(s) is granted by the board.

4. Wastewater should be reused or recycled whenever feasible.

5. The permittee shall comply with the following solids management plan:
   a. There shall be no discharge of floating solids or visible foam in other than trace amounts.
   b. All settling basins shall be cleaned frequently in order to achieve effective treatment.
   c. All solids resulting from the car wash facility covered under this general permit, shall be handled, stored and disposed of so as to prevent a discharge to state waters of such solids.

6. Washing of vehicles or containers bearing residue of animal manure or toxic chemicals (fertilizers, organic chemicals, etc.) into the wastewater treatment system is prohibited. If the facility is a self-service operation, the permittee shall post this prohibition on a sign prominently located and of sufficient size to be easily read by all patrons.

7. Any permittee discharging into a municipal separate storm sewer shall notify the owner of the municipal separate
storm sewer system of the existence of the discharge within 30 days of coverage under the general permit and provide the following information: the name of the facility, a contact person and phone number, and the location of the discharge.

8. The permittee shall notify the department as soon as they know or have reason to believe:

a. That any activity has occurred or will occur that would result in the discharge, on a routine or frequent basis, of any toxic pollutant that is not limited in this permit, if that discharge will exceed the highest of the following notification levels:

(1) One hundred micrograms per liter;
(2) Two hundred micrograms per liter for acrolein and acrylonitrile; five hundred micrograms per liter for 2,4-dinitrophenol and for 2-methyl-4,6-dinitrophenol; and one milligram per liter for antimony;
(3) Five times the maximum concentration value reported for that pollutant in the permit application; or
(4) The level established by the board.

b. That any activity has occurred or will occur that would result in any discharge, on a nonroutine or infrequent basis, of a toxic pollutant that is not limited in this permit, if that discharge will exceed the highest of the following notification levels:

(1) Five hundred micrograms per liter;
(2) One milligram per liter for antimony;
(3) Ten times the maximum concentration value reported for that pollutant in the permit application; or
(4) The level established by the board.

PART II.
CONDITIONS APPLICABLE TO ALL VPDES PERMITS.
A. Monitoring.

1. Samples and measurements taken as required by this permit shall be representative of the monitored activity.

2. Monitoring shall be conducted according to procedures approved under 40 CFR Part 136 or alternative methods approved by the U.S. Environmental Protection Agency unless other procedures have been specified in this permit.

3. The permittee shall periodically calibrate and perform maintenance procedures on all monitoring and analytical instrumentation at intervals that will ensure accuracy of measurements.

B. Records.

1. Records of monitoring information shall include:

a. The date, exact place, and time of sampling or measurements;

b. The individuals who performed the sampling or measurements;

c. The dates and times analyses were performed;

d. The individuals who performed the analyses;

e. The analytical techniques or methods used; and

f. The results of such analyses.

2. Except for records of monitoring information required by this permit related to the permittee’s sewage sludge use and disposal activities which shall be retained for a period of at least five years, the permittee shall retain records of all monitoring information, including all calibration and maintenance records and all original strip chart recordings for continuous monitoring instrumentation, copies of all reports required by this permit, and records of all data used to complete the registration statement for this permit, for a period of at least three years from the date of the sample, measurement, report or request for coverage. This period of retention shall be extended automatically during the course of any unresolved litigation regarding the regulated activity or regarding control standards applicable to the permittee, or as requested by the board.

C. Reporting monitoring results.

1. The permittee shall submit the results of the monitoring required by this permit not later than the 10th day of the month after monitoring takes place, unless another reporting schedule is specified elsewhere in this permit. Monitoring results shall be submitted to the department's regional office.

2. Monitoring results shall be reported on a Discharge Monitoring Report (DMR) or on forms provided, approved or specified by the department.

3. If the permittee monitors any pollutant specifically addressed by this permit more frequently than required by this permit using test procedures approved under 40 CFR Part 136 or using other test procedures approved by the U.S. Environmental Protection Agency or using procedures specified in this permit, the results of this monitoring shall be included in the calculation and reporting of the data submitted in the DMR or reporting form specified by the department.

4. Calculations for all limitations which require averaging of measurements shall utilize an arithmetic mean unless otherwise specified in this permit.

D. Duty to provide information. The permittee shall furnish to the department, within a reasonable time, any information which the board may request to determine whether cause exists for modifying, revoking and reissuing, or terminating this permit or to determine compliance with this permit. The board may require the permittee to furnish, upon request, such plans, specifications, and other pertinent information as may be necessary to determine the effect of the wastes from his discharge on the quality of state waters, or such other information as may be necessary to accomplish the purposes of the State Water Control Law. The permittee shall also furnish to the department upon request, copies of records required to be kept by this permit.

E. Compliance schedule reports. Reports of compliance or noncompliance with, or any progress reports on, interim and final requirements contained in any compliance schedule of
this permit shall be submitted no later than 14 days following each schedule date.

F. Unauthorized discharges. Except in compliance with this permit or another permit issued by the board, it shall be unlawful for any person to:

1. Discharge into state waters sewage, industrial wastes, other wastes, or any noxious or deleterious substances; or
2. Otherwise alter the physical, chemical or biological properties of such state waters and make them detrimental to the public health, or to animal or aquatic life, or to the use of such waters for domestic or industrial consumption, or for recreation, or for other uses.

G. Reports of unauthorized discharges. Any permittee who discharges or causes or allows a discharge of sewage, industrial waste, other wastes or any noxious or deleterious substance into or upon state waters in violation of Part II F; or who discharges or causes or allows a discharge that may reasonably be expected to enter state waters in violation of Part II F, shall notify the department of the discharge immediately upon discovery of the discharge, but in no case later than 24 hours after said discovery. A written report of the unauthorized discharge shall be submitted to the department within five days of discovery of the discharge. The written report shall contain:

1. A description of the nature and location of the discharge;
2. The cause of the discharge;
3. The date on which the discharge occurred;
4. The length of time that the discharge continued;
5. The volume of the discharge;
6. If the discharge is continuing, how long it is expected to continue;
7. If the discharge is continuing, what the expected total volume of the discharge will be; and
8. Any steps planned or taken to reduce, eliminate and prevent a recurrence of the present discharge or any future discharges not authorized by this permit.

Discharges reportable to the department under the immediate reporting requirement of other regulations are exempted from this requirement.

H. Reports of unusual or extraordinary discharges. If any unusual or extraordinary discharge including a bypass or upset should occur from a treatment works and the discharge enters or could be expected to enter state waters, the permittee shall promptly notify, in no case later than 24 hours, the department by telephone after the discovery of the discharge. This notification shall provide all available details of the incident, including any adverse affects on aquatic life and the known number of fish killed. The permittee shall submit the report to the department in writing within five days of discovery of the discharge in accordance with Part II I 2. Unusual and extraordinary discharges include but are not limited to any discharge resulting from:

1. Unusual spilage of materials resulting directly or indirectly from processing operations;
2. Breakdown of processing or accessory equipment;
3. Failure or taking out of service some or all of the treatment works; and
4. Flooding or other acts of nature.

I. Reports of noncompliance. The permittee shall report any noncompliance which may adversely affect state waters or may endanger public health.

1. An oral report shall be provided within 24 hours from the time the permittee becomes aware of the circumstances. The following shall be included as information which shall be reported within 24 hours under this subsection:

   a. Any unanticipated bypass; and
   b. Any upset which causes a discharge to surface waters.

2. A written report shall be submitted within five days and shall contain:

   a. A description of the noncompliance and its cause;
   b. The period of noncompliance, including exact dates and times, and if the noncompliance has not been corrected, the anticipated time it is expected to continue; and
   c. Steps taken or planned to reduce, eliminate, and prevent reoccurrence of the noncompliance.

The board may waive the written report on a case-by-case basis for reports of noncompliance under Part II I if the oral report has been received within 24 hours and no adverse impact on state waters has been reported.

3. The permittee shall report all instances of noncompliance not reported under Parts II I 1 or 2, in writing, at the time the next monitoring reports are submitted. The reports shall contain the information listed in Part II I 2.

NOTE: The immediate (within 24 hours) reports required in Part II G, H and I may be made to the department's regional office. Reports may be made by telephone or by FAX. For reports outside normal working hours, leave a message and this shall fulfill the immediate reporting requirement. For emergencies, the Virginia Department of Emergency Management maintains a 24-hour telephone service at 1-800-468-8892.

J. Notice of planned changes.

1. The permittee shall give notice to the department as soon as possible of any planned physical alterations or additions to the permitted facility. Notice is required only when:

   a. The permittee plans alteration or addition to any building, structure, facility, or installation from which there is or may be a discharge of pollutants, the construction of which commenced:

      (1) After promulgation of standards of performance under § 306 of the Clean Water Act which are applicable to such source; or
(2) After proposal of standards of performance in accordance with § 306 of the Clean Water Act which are applicable to such source, but only if the standards are promulgated in accordance with § 306 within 120 days of their proposal;

b. The alteration or addition could significantly change the nature or increase the quantity of pollutants discharged. This notification applies to pollutants which are subject neither to effluent limitations nor to notification requirements specified elsewhere in this permit; or

c. The alteration or addition results in a significant change in the permittee’s sludge use or disposal practices, and such alteration, addition, or change may justify the application of permit conditions that are different from or absent in the existing permit, including notification of additional use or disposal sites not reported during the permit application process or not reported pursuant to an approved land application plan.

2. The permittee shall give advance notice to the department of any planned changes in the permitted facility or activity which may result in noncompliance with permit requirements.

K. Signatory requirements.

1. Registration statement. All registration statements shall be signed as follows:

a. For a corporation: by a responsible corporate officer. For the purpose of this section, a responsible corporate officer means: (i) a president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy-making or decision-making functions for the corporation, or (ii) the manager of one or more manufacturing, production, or operating facilities, provided the manager is authorized to make management decisions that govern the operation of the regulated facility including having the explicit or implicit duty of making major capital investment recommendations, and initiating and directing other comprehensive measures to assure long-term environmental compliance with environmental laws and regulations; the manager can ensure that the necessary systems are established or actions taken to gather complete and accurate information for permit application requirements; and where authority to sign documents has been assigned or delegated to the manager in accordance with corporate procedures;

b. For a partnership or sole proprietorship: by a general partner or the proprietor, respectively; or

c. For a municipality, state, federal, or other public agency: by either a principal executive officer or ranking elected official. For purposes of this section, a principal executive officer of a public agency includes: (i) the chief executive officer of the agency, or (ii) a senior executive officer having responsibility for the overall operations of a principal geographic unit of the agency.

2. Reporting requirements. All reports required by permits and other information requested by the board shall be signed by a person described in Part II K 1 or by a duly authorized representative of that person. A person is a duly authorized representative only if:

a. The authorization is made in writing by a person described in Part II K 1;

b. The authorization specifies either an individual or a position having responsibility for the overall operation of the regulated facility or activity such as the position of plant manager, operator of a well or a well field, superintendent, position of equivalent responsibility, or an individual or position having overall responsibility for environmental matters for the company. A duly authorized representative may thus be either a named individual or any individual occupying a named position; and

c. The written authorization is submitted to the department.

3. Changes to authorization. If an authorization under Part II K 2 is no longer accurate because a different individual or position has responsibility for the overall operation of the facility, a new authorization satisfying the requirements of Part II K 2 shall be submitted to the department prior to or together with any reports or information to be signed by an authorized representative.

4. Certification. Any person signing a document under Part II K 1 or 2 shall make the following certification:

"I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to ensure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations."

L. Duty to comply. The permittee shall comply with all conditions of this permit. Any permit noncompliance constitutes a violation of the State Water Control Law and the Clean Water Act, except that noncompliance with certain provisions of this permit may constitute a violation of the State Water Control Law but not the Clean Water Act. Permit noncompliance is grounds for enforcement action; for permit termination, revocation and reissuance, or modification; or denial of a permit renewal application.

The permittee shall comply with effluent standards or prohibitions established under § 307(a) of the Clean Water Act for toxic pollutants and with standards for sewage sludge use or disposal established under § 405(d) of the Clean Water Act within the time provided in the regulations that establish these standards or prohibitions or standards for sewage sludge use or disposal, even if this permit has not yet been modified to incorporate the requirement.

M. Duty to reapply. If the permittee wishes to continue an activity regulated by this permit after the expiration date of this permit, the permittee shall submit a new registration statement.
at least 180 days before the expiration date of the existing permit, unless permission for a later date has been granted by the board. The board shall not grant permission for registration statements to be submitted later than the expiration date of the existing permit.

N. Effect of a permit. This permit does not convey any property rights in either real or personal property or any exclusive privileges, nor does it authorize any injury to private property or invasion of personal rights, or any infringement of federal, state or local law or regulations.

O. State law. Nothing in this permit shall be construed to preclude the institution of any legal action under, or relieve the permittee from any responsibilities, liabilities, or penalties established pursuant to any other state law or regulation or under authority preserved by § 510 of the Clean Water Act. Except as provided in permit conditions on "bypassing" (Part II U) and "upset" (Part II V), nothing in this permit shall be construed to relieve the permittee from civil and criminal penalties for noncompliance.

P. Oil and hazardous substance liability. Nothing in this permit shall be construed to preclude the institution of any legal action or relieve the permittee from any responsibilities, liabilities, or penalties to which the permittee is or may be subject under Article 11 (§ 62.1-44.34:14 et seq.) of the State Water Control Law.

Q. Proper operation and maintenance. The permittee shall at all times properly operate and maintain all facilities and systems of treatment and control (and related appurtenances) which are installed or used by the permittee to achieve compliance with the conditions of this permit. Proper operation and maintenance also includes effective plant performance, adequate funding, adequate staffing, and adequate laboratory and process controls, including appropriate quality assurance procedures. This provision requires the operation of back-up or auxiliary facilities or similar systems which are installed by the permittee only when the operation is necessary to achieve compliance with the conditions of this permit.

R. Disposal of solids or sludges. Solids, sludges or other pollutants removed in the course of treatment or management of pollutants shall be disposed of in a manner so as to prevent any pollutant from such materials from entering state waters.

S. Duty to mitigate. The permittee shall take all reasonable steps to minimize or prevent any discharge or sludge use or disposal in violation of this permit which has a reasonable likelihood of adversely affecting human health or the environment.

T. Need to halt or reduce activity not a defense. It shall not be a defense for a permittee in an enforcement action that it would have been necessary to halt or reduce the permitted activity in order to maintain compliance with the conditions of this permit.

U. Bypass.

1. The permittee may allow any bypass to occur which does not cause effluent limitations to be exceeded, but only if it also is for essential maintenance to assure efficient operation. These bypasses are not subject to the provisions of Part II U 2 and U 3.

2. Notice.
   a. Anticipated bypass. If the permittee knows in advance of the need for a bypass, prior notice shall be submitted, if possible, at least 10 days before the date of the bypass.
   b. Unanticipated bypass. The permittee shall submit notice of an unanticipated bypass as required in Part II I.

3. Prohibition of bypass.
   a. Bypass is prohibited, and the board may take enforcement action against a permittee for bypass, unless:
      (1) Bypass was unavoidable to prevent loss of life, personal injury, or severe property damage;
      (2) There were no feasible alternatives to the bypass, such as the use of auxiliary treatment facilities, retention of untreated wastes, or maintenance during normal periods of equipment downtime. This condition is not satisfied if adequate back-up equipment should have been installed in the exercise of reasonable engineering judgment to prevent a bypass which occurred during normal periods of equipment downtime or preventive maintenance; and
      (3) The permittee submitted notices as required under Part II U 2.
   b. The board may approve an anticipated bypass, after considering its adverse effects, if the board determines that it will meet the three conditions listed in Part II U 3 a.

V. Upset.

1. An upset constitutes an affirmative defense to an action brought for noncompliance with technology based permit effluent limitations if the requirements of Part II V 2 are met. A determination made during administrative review of claims that noncompliance was caused by upset, and before an action for noncompliance, is not a final administrative action subject to judicial review.

2. A permittee who wishes to establish the affirmative defense of upset shall demonstrate through properly signed, contemporaneous operating logs, or other relevant evidence that:
   a. An upset occurred and that the permittee can identify the causes of the upset;
   b. The permitted facility was at the time being properly operated;
   c. The permittee submitted notice of the upset as required in Part II I; and
   d. The permittee complied with any remedial measures required under Part II S.

3. In any enforcement proceeding the permittee seeking to establish the occurrence of an upset has the burden of proof.

W. Inspection and entry. The permittee shall allow the director, or an authorized representative, upon presentation of
Final Regulations

credentials and other documents as may be required by law to:

1. Enter upon the permittee's premises where a regulated facility or activity is located or conducted, or where records must be kept under the conditions of this permit;
2. Have access to and copy, at reasonable times, any records that must be kept under the conditions of this permit;
3. Inspect at reasonable times any facilities, equipment (including monitoring and control equipment), practices, or operations regulated or required under this permit; and
4. Sample or monitor at reasonable times, for the purposes of assuring permit compliance or as otherwise authorized by the Clean Water Act and the State Water Control Law, any substances or parameters at any location.

For purposes of this section, the time for inspection shall be deemed reasonable during regular business hours, and whenever the facility is discharging. Nothing contained herein shall make an inspection unreasonable during an emergency.

X. Permit actions. Permits may be modified, revoked and reissued, or terminated for cause. The filing of a request by the permittee for a permit modification, revocation and reissuance, or termination, or a notification of planned changes or anticipated noncompliance does not stay any permit condition.

Y. Transfer of permits.

1. Permits are not transferable to any person except after notice to the department. Except as provided in Part II Y 2, a permit may be transferred by the permittee to a new owner or operator only if the permit has been modified or revoked and reissued, or a minor modification made, to identify the new permittee and incorporate such other requirements as may be necessary under the State Water Control Law and the Clean Water Act.

2. As an alternative to transfers under Part II Y 1, this permit may be automatically transferred to a new permittee if:
   a. The current permittee notifies the department at least 30 days in advance of the proposed transfer of the title to the facility or property;
   b. The notice includes a written agreement between the existing and new permittees containing a specific date for transfer of permit responsibility, coverage, and liability between them; and
   c. The board does not notify the existing permittee and the proposed new permittee of its intent to modify or revoke and reissue the permit. If this notice is not received, the transfer is effective on the date specified in the agreement mentioned in Part II Y 2 b.

Z. Severability. The provisions of this permit are severable, and, if any provision of this permit or the application of any provision of this permit to any circumstance, is held invalid, the application of such provision to other circumstances, and the remainder of this permit, shall not be affected thereby.

REGISTRAR'S NOTICE: The State Water Control Board is claiming an exemption from the Administrative Process Act in accordance with § 2.2-4006 A 3 of the Code of Virginia, which excludes regulations that consist only of changes in style or form or corrections of technical errors. The State Water Control Board will receive, consider and respond to petitions by any interested person at any time with respect to reconsideration or revision.

Summary:
The amendment corrects the total phosphorus allocation for Tyson Foods - Temperanceville from 980 pounds per year to 1,142 pounds per year. At the State Water Control Board meeting on September 21, 2005, nutrient waste load allocations were adopted for significant dischargers in the Shenandoah-Potomac, Rappahannock, and Eastern Shore Basins. The board was notified that these final allocations accounted for changes based on revised design flow values for some facilities, and waste loads for all the listed dischargers shown in whole pounds per year, rather than rounded off to two significant figures as shown in previous draft amendments. Upon close review of the final regulation text, it was noted that the total phosphorus allocation for Tyson Foods - Temperanceville was still shown as rounded off to two significant figures and did not account for a revision to the design flow value, while the total nitrogen allocation was correct. The total phosphorus sum for the Eastern Shore Basin dischargers was also correct, necessitating only a technical correction to the individual value for Tyson's total phosphorus allocation.

EDITOR'S NOTICE: Subsections A and B of 9 VAC 25-720-110 are not amended; therefore, the text of those subsections is not set out.

TITLE 12. HEALTH

DEPARTMENT OF MEDICAL ASSISTANCE SERVICES

Titles of Regulations:  12 VAC 30-50. Amount, Duration, and Scope of Medical and Remedial Care Services (amending 12 VAC 30-50-10, 12 VAC 30-50-120, 12 VAC 30-50-140, and 12 VAC 30-50-150).

Public Hearing Date:  N/A -- Public comments may be submitted until June 16, 2006.  (See Calendar of Events section for additional information)

Effective Date:  July 3, 2006.

Agency Contact:  Adrienne Fegans, Administration/Director's Office, Department of Medical Assistance Services, 600 East Broad Street, Suite 1300, Richmond, VA 23219, telephone (804) 786-4112, FAX (804) 786-1680, or e-mail adrienne.fegans@dmas.virginia.gov.

Basis:  Section 32.1-325 of the Code of Virginia grants to the Board of Medical Assistance Services the authority to administer and amend the Plan for Medical Assistance.  Section 32.1-324 of the Code of Virginia authorizes the Director of DMAS to administer and amend the Plan for Medical Assistance according to the board's requirements.

The Medicaid authority as established by § 1902 (a) of the Social Security Act (42 USC § 1396a) provides governing authority for payments for services.

Item 322 J of the 2003 Appropriation Act directed DMAS to collect and report information on all new prior authorization requirements implemented on or after the start of state fiscal year (FY) 2004.  As a result of the findings of this study, the department is making the regulatory changes necessary to make the prior authorization process for outpatient psychiatric services more efficient for providers.  In this regulatory action, DMAS is modifying the service limit for outpatient psychiatric services during the patient's first treatment year.

Item 325 WW of the 2003 Appropriation Act directed DMAS to promulgate emergency regulations to require prior authorization of MRI, CAT, and PET scans.  It is not changing its MRI/CAT/PET scan preauthorization program, but it provides clarification for its providers.

Purpose:  One purpose of this action is to implement changes to the prior authorization procedures for outpatient psychiatric services to make the process more efficient for providers.  The significant change is modifying the service limit on outpatient psychiatric services and allowing for 26 visits in the first year of treatment without prior authorization, and up to an additional 26 visits during the first year of treatment with authorization.  All outpatient psychiatric services rendered after the first treatment year will continue to require prior authorization.

This prior authorization change will protect the health and welfare of Medicaid recipients as they initially access outpatient psychiatric services.  The provider will be able to thoroughly evaluate the patient's needs, and develop and implement a treatment plan during the 26 initial visits before prior authorization is required.

When the codes were selected for the prior authorization of MRI/CAT/PET scans, DMAS included both MRA and CTA procedure codes.  These procedures were not considered by DMAS as different from other MRI or CAT scans.  This regulatory action will also provide clarification of the DMAS MRI/CAT/PET scan preauthorization program that is currently in place.

Substance:  Outpatient psychiatric services are currently limited to an initial availability of five sessions, without prior authorization during the first treatment year.  This regulatory action will change that to an initial availability of 26 sessions, without prior authorization during the first treatment year.  Currently, an additional extension of up to 47 sessions during the first treatment year must be prior authorized by DMAS or its designee.  This regulatory action will change that to an additional extension of up to 26 sessions during the first treatment year.

In addition, this regulatory action provides needed clarification of the MRI/CAT/PET scan preauthorization program currently in place, and changes one of the words that form the acronym CAT from "Computer" to "Computerized."

Issues:  There are no disadvantages to the public for the approval of the proposed regulations for prior authorization.  The advantages to the public are that the prior authorization process will be more efficient for providers and more in line with industry standards.  For outpatient psychiatric services, Medicaid currently pays for five visits in the first year of treatment before a prior authorization is required.  While this appears straightforward, it is actually difficult for providers to navigate.  The difficulty is that the current limit of five is reached quickly, is not per provider, and providers do not know if a recipient has already received five visits with another provider.  Likewise, DMAS does not know that the first five visits have been provided until the Agency has been billed.

There are no disadvantages to the public for the approval of the proposed regulations pertaining to outpatient, nonemergency MRI/CAT/PET scans.  The prior authorization process has not changed.  This regulatory action merely clarifies the standards that providers are already following.  The advantage to both the providers and DMAS is that the providers will have a better understanding of the regulation.
Fast-Track Regulations

Rationale for Using Fast-Track Process: Because the department obtained input from providers during the study on more efficient prior authorization requirements, it is anticipated that there will be no opposition to these requested regulatory changes to the prior authorization processes for outpatient psychiatric services provided to Medicaid fee-for-service clients.

Further, DMAS does not expect opposition to the regulation pertaining to the MRI/CAT/PET scan preauthorization program. The regulations are already in place. No additional scans have been added to the prior authorization process. This regulatory change merely provides clarification to providers of the agency’s intent for the outpatient scan preauthorization program.

Department of Planning and Budget’s Economic Impact Analysis:

Summary of the proposed regulation. The proposed regulations will increase the number of initial outpatient psychiatric visits for which no prior authorization required from five sessions during the first year to 26 sessions, making the prior authorization requirements less stringent. Additionally, the proposed changes will make several clarifications to the existing prior authorization requirements to avoid confusion.

Result of analysis. The benefits likely exceed the costs for all proposed changes.

Estimated economic impact. The proposed regulations will make the prior authorization requirements for outpatient psychiatric visits less stringent. Currently, no prior authorization is required for the initial five sessions during the first year of the treatment. Starting with the sixth session, providers must obtain prior authorization from the Department of Medical Assistance Services (DMAS). With the proposed changes, providers will be able to provide up to 26 initial sessions during the first year of the treatment without having to obtain prior authorization from DMAS.

Prior authorization is a well-known cost-containment mechanism. It increases the costs of providing care and provides incentives to refrain from unnecessary outpatient psychiatric treatment. The costlier the prior authorization requirement, the stronger the incentives to not overutilize. However, the prior authorization mechanism also increases the costs of providing necessary care alike and may discourage the use of needed services. In addition, the prior authorization mechanism imposes significant administrative costs on DMAS just as it does on providers.

The fiscal effect of the proposed less stringent prior authorization requirements will be to reduce administrative expenses incurred by DMAS and by providers and to increase outpatient treatment expenditures as some of the services that would be denied under the current regulations would be paid under the proposed regulations. According to DMAS, in FY 2005, six full-time employees were handling the prior authorization requests with combined annual salaries of approximately $240,000. However, DMAS has plans in place to transfer the prior authorization function to a contractor. In fact, a contract is already signed assuming a prior authorization limit of 26 as proposed rather than five as currently exists. DMAS estimates that an additional $350,000 would be required to adjust the prior authorization limit in the contract from 26 to five. This indicates that the administrative costs of the more stringent prior authorization program to DMAS are about $350,000.

The fiscal effect of the proposed changes on outpatient treatment expenditures could be estimated by using denial rates and average cost per outpatient psychiatric claim. Before 2003, prior authorization was required after the 26th outpatient psychiatric session in the first year. In 2003, General Assembly mandated that prior authorization be obtained after the fifth session. Thus, in essence, the proposed changes will revert back to the prior authorization requirements that existed before 2003, providing an opportunity to estimate the potential impact on denial rates.

Based on the available data, in FY 2002, when prior authorization was required after the 26th session, the denial rate was very small (0.4%). In other words, almost all of the prior authorization applications were approved. In FY 2004, prior authorization was required starting with the sixth session rather than five. Under more stringent prior authorization requirements, the denial rate increased significantly to 4.3% of the requests. Moreover, in FY 2005, the denial rate almost doubled to 8.1% of the requests. In the first quarter of FY 2006, the denial rate went down to 2.1%. Considering denied treatment requests would have been paid under the less stringent requirements, this data seems to suggest that the proposed changes would increase outpatient psychiatric treatment expenditures significantly. However, according to DMAS, due to reporting changes and other factors such as managed care expansions, the changes in denial rates cannot be solely attributed to the change in prior authorization requirements and hence are not useful for estimating the fiscal impact of the proposed changes.

While the existing denial data is not reliable to estimate the fiscal impact on medical expenditures, in order to justify a $350,000 increase in contract costs, the denial rate must decrease by 20.4% from their current level, which is practically impossible. After carefully analyzing historical denial data, DMAS' best estimate for clinical necessity denials is about only 1.5% to 2%. Given this denial rate, the benefits of the proposed changes will significantly exceed the costs. For example, if the proposed less stringent prior authorization requirements reduce the denial rate to "0%" and the average cost per claim is about $65, we could expect at the most about a $34,261 increase in outpatient treatment expenditures while the administrative savings would be about $350,000. In addition, there will be administrative savings to providers. Thus, expected administrative savings to DMAS and the providers seem to greatly outweigh the expected increase in medical expenditures as a result of less claims being denied.

The expected net fiscal benefit from the proposed less stringent prior authorization requirements are likely to be offset to some degree by the adverse incentives it will provide to providers. Less stringent prior authorization requirements may weaken provider incentives not to overutilize outpatient psychiatric services.

1 2002-2004 Appropriation Act, Item 325 DDD(2).
2 Assuming 26,355 prior authorization requests per year, which is the average of requests received in FY 2004 and 2005 and $65 for average claim costs.
psychiatric services and add to the medical expenditures. Even though the overutilization is possible, its magnitude is unlikely to be at a level that is sufficient to render the proposed changes cost ineffective.

The remaining proposed changes will clarify that MRAs and CTAs are subject to prior authorization requirements just as MRIs and CATs. When the prior authorization requirements for these diagnostic scans were adopted, the language did not specifically list MRAs and CTAs as requiring prior authorization because DMAS never considered these tests being significantly different from MRIs and CATs. Upon realizing significant confusion among the providers, DMAS issued a memorandum in 2003 to clarify the intent of the regulation. Even though the confusion has been addressed by the 2003 memorandum, the proposed changes will clarify the regulatory language. Thus, no significant economic impact is expected from this particular proposed change other than reducing the likelihood of confusion among the providers who may be unaware of the 2003 memorandum.

Businesses and entities affected. The proposed outpatient psychiatric prior authorization requirements apply to approximately 600 psychiatrists, 1,104 clinical psychologists, 98 psychiatric clinical nurse specialists, 1,769 licensed clinical social workers, 1,117 licensed professional counselors, 12 marriage and family therapists, and 40 Community Service Boards. The other proposed changes apply to 98 hospitals, approximately, 4,150 radiologists, and 152 independent labs. Also, the recipients utilizing services from all of these providers will be affected.

Localities particularly affected. The proposed regulations apply throughout the Commonwealth.

Projected impact on employment. Less stringent prior authorization requirements are expected to reduce the staffing needs of the contractor who will be administering this program and the providers as a result of lower number of prior authorization requests that will be initiated and decided. Thus, a reduction in demand for labor is expected.

Effects on the use and value of private property. The proposed regulations are expected to provide some administrative savings to the providers. Lower administrative savings should improve their profitability and contribute to asset values of their businesses.

Small businesses: costs and other effects. All of the affected entities except recipients, hospitals, and Community Service Boards could be considered as small businesses. As, discussed, these small businesses are likely to see a reduction in administrative costs associated with the reduced number of prior authorizations that have to be secured before providing services.

Small businesses: alternative method that minimizes adverse impact. The proposed regulations are not anticipated to create an adverse impact on small businesses.

Legal mandate. The Department of Planning and Budget (DPB) has analyzed the economic impact of this proposed regulation in accordance with § 2.2-4007 H of the Administrative Process Act and Executive Order Number 21 (02). Section 2.2-4007 H requires that such economic impact analyses include, but need not be limited to, the projected number of businesses or other entities to whom the regulation would apply, the identity of any localities and types of businesses or other entities particularly affected, the projected number of persons and employment positions to be affected, the projected costs to affected businesses or entities to implement or comply with the regulation, and the impact on the use and value of private property. Further, if the proposed regulation has an adverse effect on small businesses, § 2.2-4007 H requires that such economic impact analyses include (i) an identification and estimate of the number of small businesses subject to the regulation; (ii) the projected reporting, recordkeeping, and other administrative costs required for small businesses to comply with the regulation, including the type of professional skills necessary for preparing required reports and other documents; (iii) a statement of the probable effect of the regulation on affected small businesses; and (iv) a description of any less intrusive or less costly alternative methods of achieving the purpose of the regulation. The analysis presented above represents DPB’s best estimate of these economic impacts.

Agency’s Response to the Department of Planning and Budget’s Economic Impact Analysis: The agency has reviewed the economic impact analysis prepared by the Department of Planning and Budget regarding the regulations concerning Amount, Duration, and Scope of Medical and Remedial Care Services (12 VAC 30-50) and Family Access to Medical Insurance Security Plan (FAMIS) (12 VAC 30-141). The agency raises no issues with the analysis prepared by the Department of Planning and Budget.

Summary:

The amendments implement changes to the prior authorization procedures for outpatient psychiatric services by modifying the service limit on outpatient psychiatric services to allow for 26 visits in the first year of treatment without prior authorization, and up to an additional 26 visits during the first year of treatment with authorization. All outpatient psychiatric services rendered after the first treatment year will continue to require prior authorization.

In addition, amendments clarify the department’s MRI/CAI/PET scan preauthorization program by specifying that MRI scans include Magnetic Resonance Angiography scans and CAT scans include Computed Tomography Angiography.

12 VAC 30-50-10. Services provided to the categorically needy with limitations.

The following services are provided with limitations as described in Part III (12 VAC 30-50-100 et seq.) of this chapter:

1. Inpatient hospital services other than those provided in an institution for mental diseases.
2. Outpatient hospital services.
3. Other laboratory and x-ray services; nonemergency outpatient Magnetic Resonance Imaging (MRI), Computerized Axial Tomography (CAT) scans, including Computed Tomography Angiography (CTA), and Posi
Emission Tomography (PET) scans performed for the purpose of diagnosing a disease process or physical injury require prior authorization.

4. Rural health clinic services and other ambulatory services furnished by a rural health clinic.

5. Federally Qualified Health Center (FQHC) services and other ambulatory services that are covered under the plan and furnished by an FQHC in accordance with § 4231 of the State Medicaid Manual (HCFA Pub. 45-4).

6. Early and periodic screening and diagnosis of individuals under 21 years of age, and treatment of conditions found.

7. Family planning services and supplies for individuals of child-bearing age.

8. Physicians’ services whether furnished in the office, the patient’s home, a hospital, a skilled nursing facility, or elsewhere.

9. Medical and surgical services furnished by a dentist (in accordance with § 1905(a)(5)(B) of the Act).

10. Medical care or any other type of remedial care recognized under state law, furnished by licensed practitioners within the scope of their practice as defined by state law; podiatrists, optometrists and other practitioners.

11. Home health services: intermittent or part-time nursing service provided by a home health agency or by a registered nurse when no home health agency exists in the area; home health aide services provided by a home health agency; and medical supplies, equipment, and appliances suitable for use in the home; physical therapy, occupational therapy, or speech pathology and audiology services provided by a home health agency or medical rehabilitation facility.

12. Clinic services.

13. Dental services.

14. Physical therapy and related services, including occupational therapy and services for individuals with speech, hearing, and language disorders (provided by or under supervision of a speech pathologist or audiologist).

15. Prescribed drugs, prosthetic devices, and eyeglasses prescribed by a physician skilled in diseases of the eye or by an optometrist.

16. Other rehabilitative services, screening services, preventive services.

17. Nurse-midwife services.

18. Case management services as defined in, and to the group specified in, 12 VAC 30-50-95 et seq. (in accordance with § 1905(a)(19) or § 1915(g) of the Act).

19. Extended services to pregnant women: pregnancy-related and postpartum services for a 60-day period after the pregnancy ends and any remaining days in the month in which the 60th day falls (see 12 VAC 30-50-510). (Note: Additional coverage beyond limitations.)

20. Pediatric or family nurse practitioners' service.

21. Any other medical care and any other type of remedial care recognized by state law, specified by the Secretary: transportation.

22. Program of All-Inclusive Care for the Elderly (PACE) services as described and limited in Supplement 6 to Attachment 3.1-A (12 VAC 30-50-320).

12 VAC 30-50-120. Other laboratory and x-ray services.

A. Services must be ordered or prescribed and directed or performed within the scope of a license of the practitioner of the healing arts.

B. Prior authorization is required for the following nonemergency outpatient procedures: Magnetic Resonance Imaging (MRI), Computer including Magnetic Resonance Angiography (MRA), Computerized Axial Tomography (CAT) scans, including Computed Tomography Angiography (CTA), or Positron Emission Tomography (PET) scans performed for the purpose of diagnosing a disease process or physical injury. The referring physician ordering the scan must obtain the prior authorization in order for the servicing provider to be reimbursed for the scan. Nonemergency outpatient MRI, CAT and PET scans that are not prior authorized will not be covered or reimbursed by the Department of Medical Assistance Services (DMAS).

12 VAC 30-50-140. Physician’s services whether furnished in the office, the patient’s home, a hospital, a skilled nursing facility or elsewhere.

A. Elective surgery as defined by the Program is surgery that is not medically necessary to restore or materially improve a body function.

B. Cosmetic surgical procedures are not covered unless performed for physiological reasons and require Program prior approval.

C. Routine physicals and immunizations are not covered except when the services are provided under the Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) Program and when a well-child examination is performed in a private physician’s office for a foster child of the local social services department on specific referral from those departments.

D. Outpatient psychiatric services.

1. Psychiatric services are limited to an initial availability of five 26 sessions, without prior authorization during the first treatment year. An additional extension of up to 42 26 sessions during the first treatment year must be prior authorized by DMAS or its designee. The availability is further restricted to no more than 26 sessions each succeeding year when prior authorized by DMAS or its designee. Psychiatric services are further restricted to no more than three sessions in any given seven-day period. Consistent with § 6403 of the Omnibus Budget Reconciliation Act of 1989, medically necessary psychiatric services shall be covered when prior authorized by DMAS or its designee for individuals younger than 21 years of age when the need for such services has been identified in an EPSDT screening.
2. Psychiatric services can be provided by psychiatrists or by a licensed clinical social worker, licensed professional counselor, licensed clinical nurse specialist-psychiatric, or a licensed marriage and family therapist under the direct supervision of a psychiatrist.*

3. Psychological and psychiatric services shall be medically prescribed treatment that is directly and specifically related to an active written plan designed and signature-dated by either a psychiatrist or by a licensed clinical social worker, licensed professional counselor, licensed clinical nurse specialist-psychiatric, or licensed marriage and family therapist under the direct supervision of a psychiatrist.*

4. Psychological or psychiatric services shall be considered appropriate when an individual meets the following criteria:
   
a. Requires treatment in order to sustain behavioral or emotional gains or to restore cognitive functional levels which that have been impaired;
   
b. Exhibits deficits in peer relations, dealing with authority; is hyperactive; has poor impulse control; is clinically depressed or demonstrates other dysfunctional clinical symptoms having an adverse impact on attention and concentration, ability to learn, or ability to participate in employment, educational, or social activities;
   
c. Is at risk for developing or requires treatment for maladaptive coping strategies; and
   
d. Presents a reduction in individual adaptive and coping mechanisms or demonstrates extreme increase in personal distress.

5. Psychological or psychiatric services may be provided in an office or a mental health clinic.

E. Any procedure considered experimental is not covered.

F. Reimbursement for induced abortions is provided in only those cases in which there would be a substantial endangerment of health or life to the mother if the fetus was carried to term.

G. Physician visits to inpatient hospital patients over the age of 21 are limited to a maximum of 21 days per admission within 60 days for the same or similar diagnoses or treatment plan and is further restricted to medically necessary authorized (for enrolled providers)/approved (for nonenrolled providers) inpatient hospital days as determined by the Program.

EXCEPTION: SPECIAL PROVISIONS FOR ELIGIBLE INDIVIDUALS UNDER 21 YEARS OF AGE: Consistent with 42 CFR 441.57, payment of medical assistance services shall be made on behalf of individuals under 21 years of age, who are Medicaid eligible, for medically necessary stays in general hospitals and freestanding psychiatric facilities in excess of 21 days per admission when such services are rendered for the purpose of diagnosis and treatment of health conditions identified through a physical examination. Payments for physician visits for inpatient days shall be limited to medically necessary inpatient hospital days.

H. (Reserved.)

I. Reimbursement shall not be provided for physician services provided to recipients in the inpatient setting whenever the facility is denied reimbursement.

J. (Reserved.)

K. For the purposes of organ transplantation, all similarly situated individuals will be treated alike. Transplant services for kidneys, corneas, hearts, lungs, and livers shall be covered for all eligible persons. High dose chemotherapy and bone marrow/stem cell transplantation shall be covered for all eligible persons with a diagnosis of lymphoma, breast cancer, leukemia, or myeloma. Transplant services for any other medically necessary transplantation procedures that are determined to not be experimental or investigational shall be limited to children (under 21 years of age). Kidney, liver, heart, and bone marrow/stem cell transplants and any other medically necessary transplantation procedures that are determined to not be experimental or investigational require preauthorization by DMAS. Cornea transplants do not require preauthorization. The patient must be considered acceptable for coverage and treatment. The treating facility and transplant staff must be recognized as being capable of providing high quality care in the performance of the requested transplant. Standards for coverage of organ transplant services are in 12 VAC 30-50-540 through 12 VAC 30-50-580.

L. Breast reconstruction/prostheses following mastectomy and breast reduction.

   1. If prior authorized, breast reconstruction surgery and prostheses may be covered following the medically necessary complete or partial removal of a breast for any medical reason. Breast reductions shall be covered, if prior authorized, for all medically necessary indications. Such procedures shall be considered noncosmetic.

   2. Breast reconstruction or enhancements for cosmetic reasons shall not be covered. Cosmetic reasons shall be defined as those which are not medically indicated or are intended solely to preserve, restore, confer, or enhance the aesthetic appearance of the breast.

M. Admitting physicians shall comply with the requirements for coverage of out-of-state inpatient hospital services. Inpatient hospital services provided out of state to a Medicaid recipient who is a resident of the Commonwealth of Virginia shall only be reimbursed under at least one the following conditions. It shall be the responsibility of the hospital, when requesting prior authorization for the admission, to demonstrated demonstrate that one of the following conditions exists in order to obtain authorization. Services provided out of state for circumstances other than these specified reasons shall not be covered.

   1. The medical services must be needed because of a medical emergency;

   2. Medical services must be needed and the recipient's health would be endangered if he were required to travel to his state of residence;

   3. The state determines, on the basis of medical advice, that the needed medical services, or necessary supplementary resources, are more readily available in the other state;
4. It is general practice for recipients in a particular locality to use medical resources in another state.

N. In compliance with 42 CFR 441.200, Subparts E and F, claims for hospitalization in which sterilization, hysterectomy, or abortion procedures were performed shall be subject to review of the required DMAS forms corresponding to the procedures. The claims shall suspend for manual review by DMAS. If the forms are not properly completed or not attached to the bill, the claim will be denied or reduced according to DMAS policy.

O. Prior authorization is required for the following nonemergency outpatient procedures: Magnetic Resonance Imaging (MRI), Computerized Axial Tomography (CAT) scans, including Computed Tomography Angiography (CTA), or Positron Emission Tomography (PET) scans performed for the purpose of diagnosing a disease process or physical injury. The referring physician ordering nonemergency outpatient Magnetic Resonance Imaging (MRI), Computerized Axial Tomography (CAT) scans, or Positron Emission Tomography (PET) scans must obtain prior authorization from the Department of Medical Assistance Services (DMAS) for those scans. The servicing provider will not be reimbursed for the scan unless proper prior authorization is obtained from DMAS by the referring physician.

*Licensed clinical social workers, licensed professional counselors, licensed clinical nurse specialists-psychiatric, and licensed marriage and family therapists may also directly enroll or be supervised by psychologists as provided for in 12 VAC 30-50-150.

12 VAC 30-50-150. Medical care by other licensed practitioners within the scope of their practice as defined by state law.

A. Podiatrists' services.

1. Covered podiatry services are defined as reasonable and necessary diagnostic, medical, or surgical treatment of disease, injury, or defects of the human foot. These services must be within the scope of the license of the podiatrists' profession and defined by state law.

2. The following services are not covered: preventive health care, including routine foot care; treatment of structural misalignment not requiring surgery; cutting or removal of corns, warts, or calluses; experimental procedures; acupuncture.

3. The Program may place appropriate limits on a service based on medical necessity or for utilization control, or both.

B. Optometrists' services. Diagnostic examination and optometric treatment procedures and services by ophthalmologists, optometrists, and opticians, as allowed by the Code of Virginia and by regulations of the Boards of Medicine and Optometry, are covered for all recipients. Routine refractions are limited to once in 24 months except as may be authorized by the agency.

C. Chiropractors' services are not provided.

D. Other practitioners' services; psychological services, psychotherapy. Limits and requirements for covered services are found under Outpatient Psychiatric Services (see 12 VAC 30-50-140 D).

1. These limitations apply to psychotherapy sessions provided, within the scope of their licenses, by licensed psychologists or licensed clinical social workers/licensed professional counselors/licensed clinical nurse specialists-psychiatric/licensed marriage and family therapists who are either independently enrolled or under the direct supervision of a licensed clinical psychologist. Psychiatric services are limited to an initial availability of five 26 sessions without prior authorization. An additional extension of up to 42 26 sessions during the first treatment year must be prior authorized by DMAS or its designee. The availability is further restricted to no more than 26 sessions each succeeding treatment year when prior authorized by DMAS or its designee. Psychiatric services are further restricted to no more than three sessions in any given seven-day period.

2. Psychological testing is covered when provided, within the scope of their licenses, by licensed clinical psychologists or licensed clinical social workers/licensed professional counselors/licensed clinical nurse specialists-psychiatric, marriage and family therapists who are either independently enrolled or under the direct supervision of a licensed clinical psychologist.

A. Reimbursement for the services covered under FAMIS fee-for-service and PCCM and MCHIPs shall be as specified in this section.

B. Reimbursement for physician services, surgical services, clinic services, prescription drugs, laboratory and radiological services, outpatient mental health services, early intervention services, emergency services, home health services, immunizations, mammograms, medical transportation, organ transplants, skilled nursing services, well baby and well child care, vision services, durable medical equipment, disposable medical supplies, dental services, case management services, physical therapy/occupational therapy/speech-language therapy services, hospice services, school-based health services, and certain community-based mental health services shall be based on the Title XIX rates.

C. Reimbursement to MCHIPs shall be determined on the basis of the estimated cost of providing the MCHIP benefit package and services to an actuarially equivalent population. MCHIP rates will be determined annually and published 30 days prior to the effective date.

D. Exceptions.

1. Prior authorization is required after five visits in a fiscal year for physical therapy, occupational therapy and speech therapy provided by home health providers and outpatient rehabilitation facilities and for home health skilled nursing visits. Prior authorization is required after five 26 visits for outpatient mental health visits in the first year of service and prior authorization is required for the following nonemergency outpatient procedures: Magnetic Resonance

Imaging, computer including magnetic resonance angiography (MRA), computerized axial tomography (CAT) scans, including computed tomography angiography (CTA), or positron emission tomography (PET) scans performed for the purpose of diagnosing a disease process or physical injury.

2. Reimbursement for inpatient hospital services will be based on the Title XIX rates in effect for each hospital. Reimbursement shall not include payments for disproportionate share or graduate medical education payments made to hospitals. Payments made shall be final and there shall be no retrospective cost settlements.

3. Reimbursement for outpatient hospital services shall be based on the Title XIX rates in effect for each hospital. Payments made will be final and there will be no retrospective cost settlements.

4. Reimbursement for inpatient mental health services other than by free standing psychiatric hospitals will be based on the Title XIX rates in effect for each hospital. Reimbursement will not include payments for disproportionate share or graduate medical education payments made to hospitals. Payments made will be final and there will be no retrospective cost settlements.

5. Reimbursement for outpatient rehabilitation services will be based on the Title XIX rates in effect for each rehabilitation agency. Payments made will be final and there will be no retrospective cost settlements.

6. Reimbursement for outpatient substance abuse treatment services will be based on rates determined by DMAS for children ages 6 through 18. Payments made will be final and there will be no retrospective cost settlements.

7. Reimbursement for prescription drugs will be based on the Title XIX rates in effect. Reimbursements for Title XXI do not receive drug rebates as under Title XIX.

8. Reimbursement for covered prescription drugs for noninstitutionalized FAMIS recipients receiving the fee-for-service or PCCM benefits will be subject to review and prior authorization when their current number of prescriptions exceeds nine unique prescriptions within 180 days, and as may be further defined by the agency's guidance documents for pharmacy utilization review and the prior authorization program. The prior authorization process shall be applied consistent with the process set forth in 12 VAC 30-50-210 A 7.

**Preamble:**

The amendments (i) delete references associated with the Hampton Roads Shellfish Relay Area, which are now contained in 4 VAC 20-566; (ii) delete references to the Back River Shell Planting Area 115; (iii) extend the lawful season for harvest of clams by patent tong in the Newport News Shellfish Management area; (iv) change the date a person may not clam by patent tong from the Newport News Shellfish Management Area; and (v) remove the call requirement on clams at the Hampton Roads Shellfish Relay Area.

**4 VAC 20-560-20. Shellfish management areas.**

A. The York River Shellfish Management Area shall consist of all public grounds located inshore of a line beginning at the entrance to the Virginia Institute of Marine Science boat basin at Gloucester Point, running northwesterly to Buoy No. 30, thence northwesterly to Buoy No. 32, thence northwesterly to Buoy No. 34, then northwesterly to Pages Rock Buoy, thence northwesterly and ending at Clay Bank Wharf.

B. The Poquoson River Shellfish Management Area shall consist of all public grounds bounded by a line beginning at Hunts Point Survey Taylor and running northwesterly to Survey Station Spit, thence northeasterly to Survey Station Cabin North, thence east to Survey Station Cabin South, thence southeasterly following the general shoreline (not to include any creeks or canals) to the flag pole near Survey Station 80 at York Point, thence 175 degrees to Day Marker No. 14 and returning to Hunts Point Survey Taylor.

C. The Back River Shellfish Management Area shall consist of all current public clamming grounds bounded by a line from corner 3 on Shell Plant 115 through corner 17, a daymarker, on Shell Plant 115, 237.42 feet to a point being the point of beginning; thence southeasterly to corner number 1 Public Clamming Ground (PCG#12); thence southeasterly to corner number 3A Public Clamming Ground (PCG#12); thence northeasterly to corner number 3 Public Clamming Ground (PCG#12); thence northwesterly to corner number 2 Public Clamming Ground (PCG#12); thence southerly to the POB. Also, for a period of one year, throughout 1994, Shell Plant 115 will also be included in the Back River Shellfish Management Area.

D. The James River Broodstock Management Area is located inside Public Ground No. 1, Warwick County, south of the James River Bridge, further described as follows: Beginning at a corner number 611 (State Plane Coordinates North 249766.12 East 2596017.56); thence Grid Azimuth 308-39-51, 1074.35’ to a corner number 613 (State Plane Coordinates North 250437.32 East 2595178.68); thence Grid Azimuth 28-15-00, 366.30’ to a corner number 614 (State Plane Coordinates North 250759.99 East 2595352.06); thence Grid Azimuth 132-36-45, 1114.51’ to a corner number 612 (State Plane Coordinates North 250005.43 East 2596172.28); thence Grid Azimuth 212-53-03, 284.97” to a corner number 611, being the point of beginning, containing 8.04 acres.

E. The York River Broodstock Management Area shall consist of the area under any portion of the George P. Coleman Memorial Bridge, in addition to the area within 300 feet of the eastern, or downstream, side of the George P. Coleman Memorial Bridge and the area within 300 feet of the western, or upstream, side of the George P. Coleman Memorial Bridge.

F. The Newport News Shellfish Management Area shall consist of all current public clamming grounds bounded by a line beginning at the intersection of the James River Bridge and Public Ground No. 1, Warwick County, downstream side; thence east southeasterly along the boundary to corner #5, Public Ground No. 1, Warwick County; thence southeast along the boundary to a corner (249,066.55/2,595,681.74); thence southeast along the boundary to the intersection of a line between the James River Bridge and the northwest corner of Newport News Shipbuilding and Drydock Company shipyard near station “HELO,” said line being perpendicular to the James River Bridge; thence southeast along the defined line to the northwest corner of the shipyard; thence downstream to the offshore end of the floating drydock; thence to the offshore end of shipyard pier #6 just south of “Stack”; thence to the offshore end of pier #2 (F R Priv); thence to FI Y “A” off the end of the pier just south of 23rd Street; thence to the offshore end of pier #9 (2 F Y siren); thence to the offshore end of the old coal pier downstream of pier #9; thence to navigational aid FI G “13”; thence to the northeast corner of the Fan Building on the south island of the Monitor Merrimac Bridge Tunnel; thence southerly along the downstream side of the Monitor Merrimac Bridge Tunnel to the first overhead light structure on the bridge tunnel north of the small boat channel hump; thence northwesterly to corner #3, lease #10091 (Hazelwood); thence northwesterly along the boundary to corner #2, lease #10091 (Hazelwood); thence southeasterly to corner #1, Public Ground No. 2, Nansemond County; thence northwesterly along the boundary to corner #6, at the intersection of Public Ground No. 2, Nansemond County, and Public Ground No. 6, Isle of Wight County; thence northwesterly along the boundary to corner #614, Public Ground No. 6, Isle of Wight County; thence northwesterly along the boundary to corner #2, Public Ground No. 6, Isle of Wight County; thence northwesterly along the boundary to the intersection of the James River Bridge and Public Ground No. 6, Isle of Wight County; thence northwesterly along the downstream side of the James River.
Emergency Regulations

Bridge to the intersection with Public Ground No. 1, Warwick County, at the point of beginning.

G. The Back River Reef Broodstock Management Area shall consist of the area within a 2000' radius of the center buoy, with a position of 37° 08' 12" north, 76° 13' 54" west.

H. The Hampton Roads Shellfish Relay Area shall consist of all condemned clamming grounds bounded by a line beginning at the upstream side of the large fishing pier on the southeast side of Old Point Comfort, thence upstream along the shoreline to Newport News Creek, thence to the southeast corner of the Monitor Merrimac Bridge Tunnel island along the downstream side, thence to F1 R "12", thence to the northeast corner of the Fan Building on the southern island of the bridge tunnel, thence southerly along the downstream side of the bridge tunnel to the south line of Public Ground Number 1, Nansemond County, thence easterly along the Public Ground to Craney Island Disposal Area, thence clockwise around the boundaries of the disposal area to its intersection with the shore, thence along the shore to the northeast corner of Craney Island, thence through navigational aid F1 Q "21" to the point where it intersects a line drawn from the shoreward end of pier number 6 at Lamberts Point to the southeast corner of Tanner Point, thence along the shore to the point of intersection with the riprapped shoreline of the Hampton Roads Bridge-Tunnel island at Fort Wool, thence easterly around this island to its easternmost point, thence north northwesterly to the intersection of the shoreline and the upstream side of the large fishing pier on the east side of Old Point Comfort at the point of beginning.

I. The Middle Ground Light Broodstock Management Area shall consist of the area within a 1000' radius of the navigational light, with a position of 36° 56.7' north, 76° 23.5' west.

J. The York Spit Reef Broodstock Management Area shall consist of the area contained within the defined latitudes and longitudes: northwest corner 37° 14' 75" N-76° 14' 20" W, northeast corner 37° 14' 75" N-76° 13' 30" W, southwest corner 37° 14' 05" N-76° 14' 20" W, southeast corner 37° 14' 05" N-76° 13' 30" W.

A. The lawful season for the harvest of clams by patent tong from the York River Shellfish Management Area shall be August 15 through November 30.

B. The lawful season for the harvest of clams by patent tong from the Poquoson River Shellfish Management Area shall be March 15 through May 1.

C. The lawful season for the harvest of clams by patent tong from the Back River Shellfish Management Area shall be January 1 through March 31.

D. It shall be unlawful for any person to harvest clams by patent tong from either the York River, Poquoson River, or Back River Shellfish Management Area except as provided in subsections A, B, and C of this section.

E. Shell planting area 115 in Back River will be closed at the end of the 1994 season for evaluation by the VMRC Fisheries Management Division.

F. The lawful season for the harvest of clams by patent tong from the Newport News Shellfish Management Area shall be December 1 through March 15 April 30, except that if the catch of clams per tong-hour for the previous season is less than 174 clams per tong-hour, the lawful season shall extend through March 31.

G. F. It shall be unlawful for any person to harvest clams by patent tong from the Newport News Shellfish Management Area from April 1 May 1 through November 30, except that if the catch of clams per tong-hour for the previous season is less than 174 clams per tong-hour, it shall be unlawful for any person to harvest clams by patent tong from the Newport News Shellfish Management Area from April 1 through November 30.

4 VAC 20-560-50. Time of day and harvest restrictions.

A. It shall be unlawful for any person to harvest clams by patent tong from either the York River or Poquoson River Shellfish Management Area before sunrise or after 2 p.m.

B. It shall be unlawful for any person to harvest clams by patent tong from the Back River Shellfish Management Area before sunrise or after 4 p.m.

C. It shall be unlawful for any person to harvest clams by patent tong from either the York River, Poquoson River, Newport News or Back River Shellfish Management Area on Saturday or Sunday.

D. It shall be unlawful for any person to harvest any shellfish from the James River Broodstock Management Area, Back River Reef Broodstock Management Area, Middle Ground Light Broodstock Management Area, York Spit Reef Broodstock Management Area, or York River Broodstock Management Area at any time.

E. It shall be unlawful for any person to harvest clams by patent tong from the Newport News Shellfish Management Area before sunrise or after 2 p.m.

F. It shall be unlawful for any person to possess any amount of hard clams from the Newport News Shellfish Management Area or the Hampton Roads Shellfish Relay Area which consists of more than 2.0% by number of clams, which can be passed through a 1-3/8 inch inside diameter culling ring. The 2.0% allowance shall be measured by the marine patrol officer from each container or pile of clams.

Virginia Coastal Zone Management Program

Notice of public meeting: A public meeting will be convened at the Department of Environmental Quality, Central Office, 629 East Main Street, Richmond, Virginia, on May 15, 2006, at 4 p.m. in the 1st floor conference room.

Purpose of meeting: The Coastal Zone Management Act (15 CFR § 923.84) requires NOAA’s Office of Ocean and Coastal Resource Management (OCRM) to conduct periodic evaluations of the performance of states and territories with federally approved coastal management programs. As part of this evaluation, a public meeting will be convened to receive public comments regarding the operation of the Virginia Coastal Zone Management Program from September 2003 to the present. Written comments are also encouraged and will be accepted until May 31, 2006.

Meeting contact: Laura McKay, VA CZM Program Manager, 629 East Main Street, Richmond, VA 23219, telephone (804) 698-4323, e-mail laura.mckay@deq.virginia.gov.

How to comment: Comments on the performance of the Virginia Coastal Zone Management program can also be submitted in writing directly to the National Oceanic and Atmospheric Administration by May 31, 2006, at the following address: Mr. Ralph Cantral, Chief, National Policy and Atmospheric Administration, NOS/NOAA, 1305 East West Highway, Silver Spring, MD 20910.

To review documents: For more information about the Virginia Coastal Zone Management Program and this federal evaluation, visit www.deq.virginia.gov/coastal.

If you require paper copies of any of these documents, please contact the Virginia Coastal Zone Management Program through Rachel Bollene at (804) 698-4122.

Total Maximum Daily Load (TMDL) - Lynnhaven Bay, Broad Bay and Linkhorn Bay

The Department of Environmental Quality (DEQ), the Department of Conservation and Recreation, the Hampton Roads Planning District Commission (HRPDC), and the City of Virginia Beach seek written and oral comments from interested persons on the DRAFT Implementation Plan to begin to achieve the total maximum daily load (TMDL) targets established for fecal coliform bacteria in Lynnhaven Bay, Broad Bay and Linkhorn Bay in Virginia Beach, Virginia.

The Final Bacteria TMDL report that establishes the loading limits for the Lynnhaven, Broad and Linkhorn Bays is available on DEQ’s website at http://www.deq.virginia.gov. These waters are identified in Virginia’s 1998 303(d) TMDL Priority List and Report as impaired due to violations of the state’s water quality standard for fecal coliform bacteria in shellfish waters.

Section 303(d) of the Clean Water Act and § 62.1-44.19:7 C of the Code of Virginia require DEQ to develop TMDLs for pollutants responsible for each impaired water contained in Virginia’s 303(d) TMDL Priority List and Report. The Code of Virginia further requires DEQ to prepare implementation plans for the TMDL and take measures to implement those plans.

This second public meeting on the development of the Lynnhaven, Broad and Linkhorn Bay TMDL implementation plan will be held on Thursday, May 4, 2006, at 7 p.m. at the Princess Anne High School, 4000 Virginia Beach Boulevard, Virginia Beach, Virginia. This meeting specifically seeks public comments on the strategies and actions developed and enumerated in the draft implementation plan to achieve the water quality goals for the fecal bacteria for the greater Lynnhaven River Watershed in Virginia Beach.

The public comment period will begin on May 5, 2006, and end on June 4, 2006. Copies of the report are available at the DEQ website, http://www.deq.virginia.gov/tmdl/, the Hampton Roads Planning District Commission website http://www.hrpdc.org/RFP_RFQs/Public%20Notices1.shtml, and the City of Virginia Beach website http://www.vbgov.com/city_hall/hot_topics/. Questions or information requests should be addressed to Chester Bigelow at DEQ, John Carlock at the HRPDC, or Steve McLaughlin at the City of Virginia Beach and should include the name, address, and telephone number of the person submitting the comments. Requests should be sent to Chester Bigelow, Department of Environmental Quality, 629 East Main Street, Richmond, VA 23240, telephone (804) 698-4554, FAX (804) 698-4116, or e-mail ccbigelow@deq.virginia.gov; John M. Carlock, Hampton Roads Planning District Commission, 723 Woodlake Drive, Chesapeake, VA 23320, telephone (757)420-8300, FAX (757)523-4881, e-mail jcarlock@hrpdc.org; or Steve McLaughlin, City of Virginia Beach, Public Works/Engineering 2405 Courthouse Drive, Bldg. 2, Room 345, Virginia Beach, VA 23456-9031, telephone (757) 385-4131, or e-mail smclaugh@vbgov.com.

STATE WATER CONTROL BOARD

Proposed Consent Special Order - Robert L. Ingram, Jr.
Purpose of notice: To seek public comment on a proposed consent order from the Department of Environmental Quality for a facility in Norfolk, Virginia.

Consent order description: The State Water Control Board proposes to issue a consent order to Robert L. Ingram, Jr. to address alleged violations of the Virginia Pollutant Discharge Elimination System (VPDES) General Permit Regulation for Storm Water Discharges Associated with Industrial Activity. The location of the facility where the alleged violations occurred is 2400 East Indian River Road, Norfolk. The consent order describes a settlement to resolve (i) failure to provide nonstorm water certification, maintain a stormwater pollution prevention plan, document and/or conduct routine site inspections and staff training, and submit a timely application; (ii) operating without a permit; and (iii) poor housekeeping practices. The consent order incorporates a schedule of compliance actions and requires the facility to pay a civil charge.

How to comment: DEQ accepts comments from the public by e-mail, fax, or postal mail. All comments must include the name, address, and telephone number of the person commenting and be received by DEQ within the comment period. The public may review the proposed consent order at the DEQ office named below or on the DEQ website at www.deq.virginia.gov.

Proposed Consent Special Order - City of Virginia Beach
Purpose of notice: To seek public comment on a proposed consent order from the Department of Environmental Quality for a facility in Virginia Beach, Virginia.

Consent order description: The State Water Control Board proposes to issue a consent order to the City of Virginia Beach to address alleged violations of Virginia State Water Control Law. The location of the facility where the alleged violations occurred is the neighborhood lake known as Lake Trant, Virginia Beach. The consent order describes a settlement to resolve alleged violations of the Virginia Water Protection Permit to dredge Lake Trant.

How to comment: DEQ accepts comments from the public by e-mail, fax or postal mail. All comments must include the name, address, and telephone number of the person commenting and be received by DEQ within the comment period. The public may review the proposed consent order at the DEQ office named below or on the DEQ website at www.deq.virginia.gov.

Proposed Consent Special Order - White’s Truck Stop, Inc.
Purpose of notice: To seek public comment on a proposed consent order from the Department of Environmental Quality for a facility in Raphine, Virginia.

Consent order description: The State Water Control Board proposes to issue a consent order to White’s Truck Stop, Inc. to address alleged violations of its VPDES Permit VA0024074. The location of the facility where the alleged violations occurred is 2440 Raphine Road. The consent order describes a settlement to resolve permit violations. It requires the
company to take corrective actions to address the violations and pay a civil charge.

How to comment: DEQ accepts comments from the public by e-mail, fax or postal mail. All comments must include the name, address and telephone number of the person commenting and be received by DEQ within the comment period. NOTICE
Only those meetings which are filed with the Registrar of Regulations by the filing deadline noted at the beginning of this publication are listed. Since some meetings are called on short notice, please be aware that this listing of meetings may be incomplete. Also, all meetings are subject to cancellation and the Virginia Register deadline may preclude a notice of such cancellation. If you are unable to find a meeting notice for an organization in which you are interested, please check the Commonwealth Calendar at www.vipnet.org or contact the organization directly.

For additional information on open meetings and public hearings held by the standing committees of the legislature during the interim, please call Legislative Information at (804) 698-1500 or Senate Information and Constituent Services at (804) 698-7410 or (804) 698-7419/TTY, or visit the General Assembly web site’s Legislative Information System (http://leg1.state.va.us/lis.htm) and select “Meetings.”

DEPARTMENT OF CONSERVATION AND RECREATION

† April 25, 2006 - 7:30 p.m. -- Public Hearing
Albemarle County Office Building, 1600 5th Street, Meeting Room A, Charlottesville, Virginia.  A public hearing regarding the realignment of the Thomas Jefferson Soil and Water Conservation District. The public is invited to comment on the request of the City of Charlottesville to join the existing organization of the Thomas Jefferson Soil and Water Conservation District (TJSWCD). On March 16, 2006, the Virginia Soil and Water Conservation Board approved a petition from Charlottesville City suggesting the need for realigning the existing Thomas Jefferson Soil and Water Conservation District by including the City of Charlottesville. State law empowers the board to review and decide about the formation of districts and resolve changes with district boundaries. The TJSWCD is a political subdivision of the Commonwealth and is currently comprised of Albemarle, Fluvanna, Louisa, and Nelson counties. Virginia’s 47 soil and water conservation districts promote natural resource conservation and stewardship, and work directly with landowners, property managers and other citizens. Among the reasons presented by Charlottesville City for joining the TJSWCD are the ability to participate in the rapidly expanding area of available conservation programs that require the expertise and assistance of conservation districts, primarily from a water quality standpoint; the ability to utilize and work with the TJSWCD in technical and educational programs; a need for local elected representation knowledgeable in conservation issues to serve the City of Charlottesville; and the need to more effectively and efficiently implement environmental management programs. NOTE: Verbal and written comments provided to the board will be considered as the board makes its decision. The board reserves the right to limit the comment time period for each speaker to a reasonable time period. April 21, 2006 - Public comment may be submitted until this date.

Notice is hereby given in accordance with § 2.2-4007 of the Code of Virginia that the State Water Control Board intends to amend regulations entitled 9 VAC 25-210, Virginia Water Protection Permit Regulation. The purpose of the proposed action is to amend and revise the Virginia Water Protection Permit (VWPP) Regulation and consider whether the following changes should be made: (i) to incorporate changes to the Code of Virginia relating to the emergency permitting of water withdrawal projects; (ii) to incorporate the U.S. Supreme Court’s ruling in Virginia vs. Maryland; (iii) to include changes already made to the general permit regulations that corrected administrative procedures, clarified application and permitting requirements, and allowed for a more efficient application review process; (iv) to implement a formal pre-application scoping process for water supply projects; (v) to clarify the requirement for cumulative impact assessment for water supply projects; (vi) to clarify requirements for alternatives analysis for water supply projects; (vii) to investigate ways to simplify, clarify and improve coordination of state agency reviews and comments for water supply projects; (viii) to clarify who does and does not need a permit for a water withdrawal by more clearly defining certain terms in light of the statutory “grandfathering” of certain withdrawals; and (ix) to clarify the process and criteria for establishing minimum instream flow requirements and evaluation of responses during drought conditions.
