THE VIRGINIA REGISTER OF REGULATIONS is an official state publication issued every other week throughout the year. Indexes are published quarterly, and are cumulative for the year. The Virginia Register has several functions. The new and amended sections of regulations, both as proposed and as finally adopted, are required by law to be published in the Virginia Register. In addition, the Virginia Register is a source of other information about state government, including petitions for rulemaking, emergency regulations, executive orders issued by the Governor, and notices of public hearings on regulations.

ADOPTION, AMENDMENT, AND REPEAL OF REGULATIONS
An agency wishing to adopt, amend, or repeal regulations must first publish in the Virginia Register a notice of intended regulatory action; a basis, purpose, substance and issues statement; an economic impact analysis prepared by the Department of Planning and Budget; the agency’s response to the economic impact analysis; a summary; a notice giving the public an opportunity to comment on the proposal; and the text of the proposed regulation.

Following publication of the proposal in the Virginia Register, the promulgating agency receives public comments for a minimum of 60 days. The Governor reviews the proposed regulation to determine if it is necessary to protect the public health, safety and welfare, and if it is clearly written and easily understandable. If the Governor chooses to comment on the proposed regulation, his comments must be transmitted to the agency and the Registrar no later than 15 days following the completion of the 60-day public comment period. The Governor’s comments, if any, will be published in the Virginia Register. Not less than 15 days following the completion of the 60-day public comment period, the agency may adopt the proposed regulation.

The Joint Commission on Administrative Rules (JCAR) or the appropriate standing committee of each house of the General Assembly may meet during the promulgation or final adoption process and file an objection with the Registrar and the promulgating agency. The objection will be published in the Virginia Register. Within 21 days after receipt by the agency of a legislative objection, the agency shall file a response with the Registrar, the objecting legislative body, and the Governor.

When final action is taken, the agency again publishes the text of the regulation as adopted, highlighting all changes made to the proposed regulation and explaining any substantial changes made since publication of the proposal. A 30-day final adoption period begins upon final publication in the Virginia Register.

The Governor may review the final regulation during this time and, if he objects, forward his objection to the Registrar and the agency. In addition to or in lieu of filing a formal objection, the Governor may suspend the effective date of a portion or all of a regulation until the end of the next regular General Assembly session by issuing a directive signed by a majority of the members of the appropriate legislative body and the Governor. The Governor’s objection or suspension of the regulation, or both, will be published in the Virginia Register. If the Governor finds that changes made to the proposed regulation have substantial impact, he may require the agency to provide an additional 30-day public comment period on the changes. Notice of the additional public comment period required by the Governor will be published in the Virginia Register.

The agency shall suspend the regulatory process for 30 days when it receives requests from 25 or more individuals to solicit additional public comment, unless the agency determines that the changes have minor or inconsequential impact.

A regulation becomes effective at the conclusion of the 30-day final adoption period, or at any other later date specified by the promulgating agency, unless a legislative objection has been filed, in which event the regulation, unless withdrawn, becomes effective on the date specified, which shall be after the expiration of the period for which the Governor has provided for additional public comment; (ii) the Governor and the General Assembly exercise their authority to suspend the effective date of a regulation until the end of the next regular legislative session; or (iv) the agency suspends the regulatory process, in which event the regulation, unless withdrawn, becomes effective on the date specified, which shall be after the expiration of the 30-day public comment period and no earlier than 15 days from publication of the readopted action. A regulatory action may be withdrawn by the promulgating agency at any time before the regulation becomes final.

FAST-TRACK RULEMAKING PROCESS
Section 2.2-4012.1 of the Code of Virginia provides an exemption from certain provisions of the Administrative Process Act for agencies to adopt regulations deeming the Governor to be noncontroversial. To use this process, Governor’s concurrence is required and advance notice must be provided to certain legislative committees. Fast-track regulations will become effective on the date noted in the regulatory action if no objections to using the process are filed in accordance with § 2.2-4012.1.

EMERGENCY REGULATIONS
Pursuant to § 2.2-4011 of the Code of Virginia, an agency, upon consultation with the Attorney General, and at the discretion of the Governor, may adopt emergency regulations that are necessitated by an emergency situation. An agency may also adopt an emergency regulation when Virginia statutory law or the appropriation act or federal law or federal regulation requires that a regulation be effective in 280 days or less from its enactment. The emergency regulation becomes operative upon its adoption and filing with the Registrar of Regulations, unless a later date is specified. Emergency regulations are limited to no more than 12 months in duration; however, may be extended for six months under certain circumstances as provided for in § 2.2-4011 D. Emergency regulations are published as soon as possible in the Register. During the time the emergency status is in effect, the agency may proceed with the adoption of permanent regulations through the usual procedures. To begin promulgating the replacement regulation, the agency must (i) file the Notice of Intended Regulatory Action with the Registrar within 60 days of the effective date of the emergency regulation and (ii) file the proposed regulation with the Registrar within 180 days of the effective date of the emergency regulation. If the agency chooses not to adopt the regulations, the emergency status ends when the prescribed time limit expires.

STATEMENT
The foregoing constitutes a generalized statement of the procedures to be followed. For specific statutory language, it is suggested that Article 2 (§ 2.2-4006 et seq.) of Chapter 40 of Title 2.2 of the Code of Virginia be examined carefully.

TITLE 18. AGRICULTURE
BOARD OF AGRICULTURE AND CONSUMER SERVICES

Agency Decision

Statutory Authority: § 3.2-3906 of the Code of Virginia.
Name of Petitioner: H. Ronald Coake.
Nature of Petitioner's Request: The petitioner is requesting that the Board of Agriculture and Consumer Services amend the regulation to prohibit a person from applying, dispensing, or using any pesticide or herbicide on property without written permission from the property owner and without notification of the application that includes the material safety data sheet.
Agency Decision: Request denied.
Statement of Reason for Decision: The Board of Agriculture and Consumer Services denied the petitioner's request for rulemaking for the following reasons:
1. The requirements that anyone intending to apply pesticides obtain written permission from the property owner in advance of the application and provide the property owner with the Material Data Safety Sheet for the pesticide product(s) being applied would be excessively burdensome to implement and impractical to enforce on the part of the agency, exceedingly expensive to comply on the part of the regulated community, and it would unnecessarily delay and reduce the effectiveness of pesticides, particularly in the case of time-sensitive applications.
2. The investigation of complaints regarding violations of the proposed written permission requirement would be extremely onerous on the agency and would divert existing staff and limited resources away from essential inspections and investigations.
Agency Contact: Erin Williams, Policy and Planning Coordinator, Department of Agriculture and Consumer Services, Oliver Hill Building, 102 Governor Street, Richmond, VA 23219, telephone (804) 786-1308, or email erin.williams@vdacs.virginia.gov.

Agency Decision

Statutory Authority: § 3.2-3906 of the Code of Virginia.
Name of Petitioner: H. Ronald Coake.
Nature of Petitioner's Request: The petitioner is requesting that the Board of Agriculture and Consumer Services amend the regulation to require the revocation of the business license of any person who applies any pesticide or herbicide on property without written permission from the property owner and without notification to the property owner that includes the material safety data sheet. The petitioner is also requesting that the Board of Agriculture and Consumer Services amend the regulation to include provisions regarding the restoration of property and environmental cleanup.
Agency Decision: Request denied.
Statement of Reason for Decision: The Board of Agriculture and Consumer Services denied the petitioner's request for rulemaking for the following reasons:
1. The revocation of the license of anyone who fails to obtain written permission from the property owner in advance of a pesticide application or fails to provide the property owner with the Material Data Safety Sheet for the pesticide product(s) being applied would constitute an exceedingly severe penalty for the violation of the proposed requirements which the agency believes to be excessively burdensome and impractical to implement or comply.
2. Enforcing a written permission requirement would be extremely onerous on the agency and would divert existing staff and limited resources away from essential inspections and investigations.
3. The Pesticide Control Act is not the proper mechanism to mandate the environmental remediation or restitution sought in the petition, as other legal means exist to pursue such remedies.
Agency Contact: Erin Williams, Policy and Planning Coordinator, Department of Agriculture and Consumer Services, Oliver Hill Building, 102 Governor Street, Richmond, VA 23219, telephone (804) 786-1308, or email erin.williams@vdacs.virginia.gov.

TITLE 12. HEALTH
STATE BOARD OF HEALTH
Proposed Regulation

Public Hearing Information:
March 7, 2013 - 1 p.m., Department of Health, Conference Center, 9960 Mayland Drive, 2nd Floor, Henrico, VA
March 12, 2013 - 1 p.m., John Marshall Public Library, 6209 Rose Hill Drive, Alexandria, VA
Public Comment Deadline: March 29, 2013.
Agency Contact: Erik Bodin, Director, Office of Licensure and Certification, Department of Health, 9960 Mayland Drive, Suite 401, Richmond, VA 23233, telephone (804) 367-2102, FAX (804) 527-4502, or email erik.bodin@vdh.virginia.gov.

Basis: Section 32.1-127 of the Code of Virginia, as amended by Chapter 670 of the 2011 Acts of Assembly, mandated the State Board of Health to promulgate emergency regulations. Chapter 670 further authorizes the Board of Health to continue to regulate facilities in which five or more first trimester abortions per month are performed as a category of hospital after the emergency regulations expire. The Board of Health, in accordance with the Administrative Process Act (§ 2.2-2000 et seq. of the Code of Virginia) has been directed to adopt regulations to implement the provisions of the Act that became effective on March 26, 2011. Having adopted the emergency regulations, the board now seeks to make appropriately revised regulations permanent.

Purpose: The intent of this regulatory action is to promote and assure the health and safety of patients who receive first trimester abortion services. The need for these regulations has been extensively and publically articulated over the past several years during the annual sessions of the Virginia General Assembly. The statutory language of § 32.1-127 of the Code of Virginia as amended by Chapter 670 of the 2011 Acts of Assembly mandates that the regulatory action include minimum standards for facilities performing five or more first trimester abortions per month. The standards are required to
include those for construction and maintenance, operation, staffing and equipping, qualifications and training of staff, and infection prevention, disaster preparedness, and facility security.

Substance: The majority of the provisions in this regulatory action are currently contained in the emergency regulations. However, some revisions to the provisions of the emergency regulations have been proposed as part of this action. The following is a summary of key provisions of the proposed regulations:

1. Definitions.

f. Records that are confidential under federal or state law shall be maintained as confidential by OLC and shall not be further disclosed except as permitted by law.

g. Abortion facilities shall ensure that employees mandated to report suspected child abuse or neglect under § 63.2-1509 of the Code of Virginia comply with the reporting requirements of § 63.2-1509.

a. The facility shall develop, implement, and maintain policies and procedures to ensure safety within the abortion facility and on its grounds and to minimize hazards to all occupants.

b. Each facility shall develop, implement, and maintain policies and procedures to ensure reasonable precautions are taken to protect all occupants from hazards of fire and other disasters.

c. The abortion facility's structure, its component parts and all equipment such as elevators, heating, cooling, ventilation, and emergency lighting, shall be kept in good repair and operating condition.

d. When patient monitoring equipment is utilized, a written preventive maintenance program shall be developed and implemented.

a. Abortion facilities shall comply with state and local codes, zoning, and building ordinances and the Uniform Statewide Building Code. In addition, abortion facilities shall comply with Part 1 and sections 3.1-1 through 3.1-8 and section 3.7 of Part 3 of the 2010 Guidelines for Design and Construction of Health Care Facilities of the Facilities Guidelines Institute, which shall take precedence over the Uniform Statewide Building Code pursuant to § 32.1-127.001 of the Code of Virginia.

b. Entities operating as of the effective date of these regulations as identified by the department through submission of Reports of Induced Termination of Pregnancy pursuant to 12VAC5-550-120 or other means and that are now subject to licensure may be licensed in their current buildings if such entities submit a plan with the application for licensure that will bring them into full compliance with this provision within two years from the date of licensure.

c. In order to determine whether the abortion facility is in compliance with this provision, the commissioner may obtain additional information from the facility or its architect concerning the design and construction of the facility.

This regulatory action also proposes the following amendments to 12VAC5-410 (Regulations for the Licensure of Hospitals in Virginia.)

12VAC5-410-10: The following text is stricken from the definition of outpatient hospital: "Outpatient abortion clinics are deemed a category of outpatient hospitals."

Rationale - Abortion facilities will be regulated pursuant to 12VAC5-412, not 12VAC5-410.

12VAC5-410-60: Deletes the term "outpatient abortions" from the provision authorizing VDH to require a hospital to have separate licenses for different types of services.

Rationale - Abortion facilities will be regulated pursuant to 12VAC5-412, not 12VAC5-410.

Issues: The primary advantages of the proposed regulatory action to the public are the requirements for health and safety protections at abortion facilities. The primary disadvantage to the public associated with the proposed action is some abortion facilities may need to renovate or relocate their facility in order to comply with the regulations. 12VAC5-410-370 of the proposed regulations allows entities operating as of the effective date of the emergency regulations to be licensed in their current buildings if the abortion facility submits a plan with the application for licensure that will bring the facility into full compliance with the provisions of 12VAC5-410-370 within two years from the date of licensure. The costs of those renovations or relocations might be passed on to the facilities' patients or potentially result in some facilities electing to cease operations at some point in the future. VDH does not foresee any additional disadvantages to the public. The primary advantage to the agency and the Commonwealth is the promotion of public health and safety. There are no disadvantages associated with the proposed regulations in relation to the agency or the Commonwealth.

Department of Planning and Budget's Economic Impact Analysis:

Summary of the Proposed Amendments to Regulation.

Chapter 670 of the 2011 Virginia Acts of Assembly amended and reenacted § 32.1-127 of the Code of Virginia. Chapter 670 (2011) specified that facilities in which five or more first trimester abortions per month are performed shall be classified as a category of hospital and mandated the Board of Health (Board) to adopt regulations governing the licensure of such entities within 280 days of its enactment. For that reason, the Board utilized the emergency rulemaking process authorized by the Administrative Process Act for promulgating emergency regulations and filing a Notice of Intended Regulatory Action.

Following that regulatory action, the Virginia Department of Health (VDH) has developed proposed permanent regulations to replace the emergency regulations upon their expiration. The permanent regulations are necessary to support the implementation of the amendments to § 32.1-127 enacted by Chapter 670 (2011). The proposed regulations contain provisions pertaining to definitions, procedures for initial licensure and license renewal, organization and management, infection prevention, patient care, quality assurance, medical
records and reports, disaster preparedness, facility security, functional safety and maintenance, and design and construction.

Estimated Economic Impact.

Facilities Impact: As stated above, Chapter 670 (2011) specified that facilities in which five or more first trimester abortions per month are performed shall be classified as a category of hospital. The Code of Virginia § 32.1-127.001 requires the Board of Health to promulgate regulations that "include minimum standards for the design and construction of hospitals, nursing homes, and certified nursing facilities consistent with the current edition of the Guidelines for Design and Construction of Hospital and Health Care Facilities issued by the American Institute of Architects Academy of Architecture for Health." Accordingly, the proposed regulations state that "abortion facilities shall comply with Part I and sections 3.1-1 through 3.1-8 and section 3.7 of Part 3 of the 2010 Guidelines for Design and Construction of Health Care Facilities of the Facilities Guidelines Institute." These are the particular standards that are relevant to facilities that perform first trimester abortions.

The public benefit of this regulation is to ensure that facilities that regularly perform first trimester abortions adhere to minimum health and safety standards. These standards pertain to organization and management, infection prevention, patient care, quality assurance, medical records and reports, disaster preparedness, facility security, functional safety and maintenance, and design and construction.

Based on a survey conducted by the Department of Health, all but one of the 20 abortion facilities licensed under the emergency regulations has to renovate space and/or purchase equipment to comply with these requirements. The costs for each facility to comply with the requirements differ greatly depending on the size of the facility, and in particular on how close the facility already is in following the Guidelines for Design and Construction of Hospital and Healthcare Facilities. VDH surveyed the facilities for this information and their estimated costs of compliance. One facility already meets the requirements and thus will not incur additional costs. Fifteen of the remaining facilities did provide their own estimates which are as follows: $75,000, $87,000, $118,100, $180,000, $200,000, $200,000, $250,000, $300,000, $300,000, $328,800, $376,700, $400,000, $734,000, $5,000,000, and $6,000,000.

Given the Department of General Services’ (DGS) expertise in building design and construction, the Department of Planning and Budget requested that DGS provide their own cost projections. DGS estimates that it costs approximately $447 per square foot to build a new hospital, and $200 to $447 per square foot to convert/renovate existing professional office space to meet hospital standards. Based on a survey, the largest facility which does not already meet the requirements is 12,000 square feet. Using the high end of DGS’ estimated range ($447 per square foot), this indicates that it could cost up to $5,364,000 for the largest facility not already in compliance to renovate or build to meet the physical requirements. DGS points out that the $447 figure does not include land acquisition or demolition costs. Thus, DGS’ high-end cost estimate is consistent with the estimates provided by the facilities.

For those clinics that choose to renovate, there will likely be some reduction in operating capacity while the facility is being renovated. The impact of such adjustments cannot be determined.

Administrative Impact: VDH estimates that it will take no more than 16 hours for each facility to comply with the annual reporting, recordkeeping, and other administrative requirements associated with this regulation (including submitting an application, participating in an onsite inspection survey, and developing a plan of correction). Concerning the type of professional skills necessary for preparing required reports and other documents, the proposed regulations specify that each clinic’s administrator: 1) ensures the development, implementation, and enforcement of all policies and procedures, including patient rights, 2) employs qualified personnel and ensuring appropriate personnel orientation, training, education, and evaluation, 3) ensures the accuracy of public information materials and activities, 4) ensures an effective budgeting and accounting system is implemented, and 5) maintains compliance with applicable laws and regulations and implementing corrective action.

The proposed regulations allow entities operating as of the effective date of the emergency regulations to be licensed in the facility’s current buildings if the facility submits a plan with the application for licensure that will bring the facility into full compliance with the provisions of the proposed regulations within two years from the date of licensure. The existing clinics were licensed over a four month period (in July, August, September, and October 2012). These facilities will need to show full compliance with the building standards two years after their initial licensure, i.e., in July 2014 through October 2014.

Health Department Impact: VDH anticipates that the implementation and enforcement of these regulations will require the addition of two full time medical facility inspector positions at an estimated annual cost of $145,600. Funds would be non-general fund licensing fees (1%) and general fund (99%) and would be ongoing expenditures. VDH has received additional funding in the 2012 Appropriation Act which will enable it to cover this expense.

Businesses and Entities Affected. The proposed regulations affect the 20 abortion facilities operating in the Commonwealth. Some architectural and construction firms may receive additional demand for their services due to the statutory and regulatory requirements that abortion facilities meet the minimum standards for the design and construction of hospitals.
Localities Particularly Affected. The 20 abortion facilities operating in the Commonwealth are located in the following localities: Alexandria (2), Blacksburg, Charlottesville (2), Fairfax (2), Falls Church (2), Henrico, Manassas, Newport News, Norfolk (2), Richmond (2), Roanoke (2), and Virginia Beach (2).

Projected Impact on Employment. Some architectural and construction firms may receive additional demand for their services due to the statutory and regulatory requirements that abortion facilities meet the minimum standards for the design and construction of hospitals. This may modestly increase employment at these firms.

Employment at abortion facilities may be impaired if these regulations result in any temporary or permanent closures of abortion facilities.

Effects on the Use and Value of Private Property. Some architectural and construction firms may receive additional demand for their services due to the statutory and regulatory requirements that abortion facilities meet the minimum standards for the design and construction of hospitals. This may modestly increase the value of these firms. The proposed requirements associated with the new establishment of licensure for abortion facilities increase costs for these entities and could increase the value of these facilities.

Small Businesses: Costs and Other Effects. The majority of abortion facilities in operation in the Commonwealth appear to qualify as small businesses. Several others are affiliated with a large nonprofit organization. Based on available information, it appears that the majority of small businesses affected will incur between $100,000 and $400,000 in construction and equipment costs. For those clinics which choose to renovate, there will likely be some reduction in operating capacity while the facility is being renovated. The clinic may have to find other temporary quarters during the construction work, or temporarily not offer services.

VDH estimates that it will take no more than 16 hours for each facility to comply with the annual reporting, recordkeeping, and other administrative requirements associated with this regulation (including submitting an application, participating in an onsite inspection survey, and developing a plan of correction). Concerning the type of professional skills necessary for preparing required reports and other documents, the proposed regulations specify that each clinic's administrator: 1) ensures the development, implementation, and enforcement of all policies and procedures, including patient rights, 2) employs qualified personnel and ensuring appropriate personnel orientation, training, education, and evaluation, 3) ensures the accuracy of public information materials and activities, 4) ensures an effective budgeting and accounting system is implemented, and 5) maintains compliance with applicable laws and regulations and implementing corrective action. Finally, there is a $75 annual licensure fee for each facility.

Small Businesses: Alternative Method that Minimizes Adverse Impact. Chapter 670 (2011) is specific in stating the design requirements of these regulations; thus, there is no apparent method that both minimizes the adverse impact to small businesses (abortion facilities) and still complies with the Code of Virginia.

Real Estate Development Costs. The statutory and regulatory requirements that abortion facilities meet the minimum standards for the design and construction of hospitals increase real estate development costs for these clinics. Facility renovation and equipment costs for the majority of these clinics will be less than $400,000. For at least three facilities, the costs will likely be less than $100,000. For two facilities, meeting the proposed requirements will cost several million dollars. The costs depend upon the facility's square footage and how close it currently is in following the Guidelines for Design and Construction of Hospital and Healthcare Facilities. One facility already meets the requirements and will accordingly not incur additional costs.

Legal Mandate. The Department of Planning and Budget (DPB) has analyzed the economic impact of this proposed regulation in accordance with § 2.2-4007.04 of the Administrative Process Act and Executive Order Number 14 (10). Section 2.2-4007.04 requires that such economic impact analyses include, but need not be limited to, a determination of the public benefit, the projected number of businesses or other entities to whom the regulation would apply, the identity of any localities and types of businesses or other entities particularly affected, the projected number of persons and employment positions to be affected, the projected costs to affected businesses or entities to implement or comply with the regulation, and the impact on the use and value of private property. Further, if the proposed regulation has an adverse effect on small businesses, § 2.2-4007.04 requires that such economic impact analyses include (i) an identification and estimate of the number of small businesses subject to the regulation; (ii) the projected reporting, recordkeeping, and other administrative costs required for small businesses to comply with the regulation, including the type of professional skills necessary for preparing required reports and other documents; (iii) a statement of the probable effect of the regulation on affected small businesses; and (iv) a description of any less intrusive or less costly alternative methods of achieving the purpose of the regulation. A small business is defined in § 2.2-4007.1 of the Code of Virginia as "a business entity, including its affiliates, that (i) is independently owned and operated and (ii) employs fewer than 500 full-time employees or has gross annual sales of less than $6 million."

The analysis presented above represents DPB's best estimate of these economic impacts.

Agency Response to Economic Impact Analysis: The Virginia Department of Health (VDH) has reviewed the economic impact analysis prepared by the Department of Planning and Budget dated November 21, 2012, and subsequently revised on January 7, 2013, based on additional
information provided by the agency. VDH concurs with the Department of Planning and Budget's Economic Impact Analysis for the proposed Regulations for the Licensure of Abortion Facilities. Given the addition of more up-to-date information the revised cost estimate is not inconsistent with the initial estimate made by VDH.

Summary:

The proposed regulations are necessary to support the implementation of the amendments to § 32.1-127 of the Code of Virginia enacted by Chapter 670 of the 2011 Acts of Assembly. Pursuant to Chapter 670 of the 2011 Acts of Assembly, the proposed regulations establish licensure requirements for facilities performing five or more first trimester abortions per month. For purposes of licensure, these facilities are classified as a category of hospital. The proposed regulations contain provisions pertaining to definitions, procedures for licensure or license renewal, organization and management, infection prevention, patient care, quality assurance, medical records and reports, disaster preparedness, facility security, functional safety and maintenance, and design and construction.

12VAC5-412-50. Request for issuance.
A. Abortion facility licenses shall be issued by the commissioner. All applications for licensure shall be submitted initially to the department's Office of Licensure and Certification (OLC).
B. Each abortion facility shall be designated by a distinct identifying name which shall appear on the application for licensure. Any change of name shall be reported to the OLC within 30 days.
C. Application for initial licensure of an abortion facility shall be accompanied by a copy of the abortion facility's certificate of use and occupancy or a statement from the facility's certified architect or engineer that the facility is substantially complete and eligible for a certificate of occupancy.
D. The OLC shall consider an application complete when all requested information and the appropriate nonrefundable application fee are submitted.
E. Written notification from the applicant to OLC that it is ready for the on-site survey must be received 30 days prior to OLC scheduling of the initial licensure survey. Applicants for initial licensure shall be notified of the time and date of the initial licensure survey, after the notice of readiness is received by the OLC.
F. A license shall not be assigned or transferred. A new application for licensure shall be made at least 30 days in advance of a change of ownership or location.

12VAC5-412-60. License expiration and renewal.
A. Licenses shall expire at midnight April 30 following the date of issue and shall be renewable annually, upon filing of a renewal application and payment of the appropriate nonrefundable renewal application fee. Renewal applications shall only be granted after a determination by the OLC that the applicant is in substantial compliance with this chapter.
B. The annual license renewal application shall be submitted to the OLC at least 60 days prior to the expiration date of the current license. A renewal application submitted more than 60 days past the expiration of the current license shall not be accepted.
C. Any abortion facility failing to submit an acceptable plan of correction as required in 12VAC5-412-110 shall not be eligible for license renewal.

12VAC5-412-70. Return and/or reissuance of license.
A. It is the responsibility of the abortion facility's governing body to maintain a current and accurate license at all times.
B. An abortion facility shall give written notification 30 calendar days in advance of implementing any of the following planned changes:
   1. Change of location.
   2. Change of ownership.
   3. Change of name.
   4. Voluntary closure.
   5. Change of administrator.
Notices shall be sent to the attention of the director of the OLC.
C. The license issued by the commissioner shall be returned to the OLC when any of the changes listed in subsection B of this section occur. In addition, if the abortion facility is no longer operational, or the license has been suspended or revoked, the license shall be returned to the OLC within five calendar days of the abortion facility closing. The abortion facility's patients and the OLC shall be notified where all patient records will be located.
D. The OLC shall determine if any changes affect the terms of the license or the continuing eligibility for a license. A licensing representative may inspect the abortion facility during the process of evaluating a change.
E. The abortion facility will be notified in writing by the OLC whether a license can be reissued or a new application is needed.

12VAC5-412-80. Allowable variances.
A. The commissioner may authorize a temporary variance only to a specific provision of this chapter. In no event shall a temporary variance exceed the term of the license. An abortion facility may request a temporary variance to a particular standard or requirement contained in a particular provision of this chapter when the standard or requirement poses an impractical hardship unique to the abortion facility and when a temporary variance to it would not endanger the safety or well-being of patients. The request for a temporary variance shall describe how compliance with the current standard or requirement constitutes an impractical hardship unique to the abortion facility. The request should include proposed alternatives, if any, to meet the purpose of the standard or requirement that will ensure the protection and well-being of patients. At no time shall a temporary variance be extended to general applicability. The abortion facility may withdraw a request for a temporary variance at any time.
B. The commissioner may rescind or modify a temporary variance if: (i) conditions change; (ii) additional information becomes known that alters the basis for the original decision; (iii) the abortion facility fails to meet any conditions attached to the temporary variance; or (iv) results of the temporary variance jeopardize the safety or well-being of patients.
C. Consideration of a temporary variance is initiated when a written request is submitted to the commissioner. The commissioner shall notify the abortion facility in writing of the receipt of the request for a temporary variance. The licensee shall be notified in writing of the commissioner's decision on the temporary variance request. If granted, the commissioner may attach conditions to a temporary variance to protect the safety and well-being of patients.
D. If a temporary variance is denied, expires, or is rescinded, routine enforcement of the standard or requirement to which the temporary variance was granted shall be resumed.

12VAC5-412-90. Right of entry.

Pursuant to § 32.1-25 of the Code of Virginia, any duly designated employee of the Virginia Department of Health shall have the right to enter upon and into the premises of any licensed abortion facility, or any entity the department has reason to believe is operated or maintained as an abortion facility without a license, in order to determine the state of compliance with the provisions of this chapter and applicable laws. Any such employee shall properly identify himself as an inspector designated by OLC; the abortion facility may verify the identity of the inspector prior to his admission. Such entries and inspections shall be made with the permission of the owner or person in charge, unless an inspection warrant is obtained after denial of entry from an appropriate circuit court. If the owner, or person in charge, refuses entry, this shall be sufficient cause for immediate revocation or suspension of the license. If the entity is unlicensed, the owner or person in charge shall be subject to penalties and other actions pursuant to § 32.1-27 of the Code of Virginia.

12VAC5-412-100. On-site inspection.

A. An OLC representative shall make periodic unannounced on-site inspections of each abortion facility as necessary, but not less often than biennially. If the department finds, after inspection, noncompliance with any provision of this chapter, the abortion facility shall receive a written licensing report of such findings. The abortion facility shall submit a written plan of correction in accordance with provisions of 12VAC5-412-110.

B. The abortion facility shall make available to the OLC’s representative any requested records and shall allow access to interview the agents, employees, contractors, and any person under the abortion facility’s control, direction, or supervision. If copies of records are removed from the premises, patient names and addresses contained in such records shall be redacted by the abortion facility before removal.

C. If the OLC’s representative arrives on the premises to conduct a survey and the administrator, the nursing director, or a person authorized to give access to patient records is not available on the premises, such person or the designated alternate shall be available on the premises within one hour of the surveyor’s arrival. A list of patients receiving services on the day of the survey as well as a list of all of the abortion facility’s patients for the previous 12 months shall be provided to the surveyor within two hours of arrival if requested. Failure to be available or to respond shall be grounds for penalties in accordance with § 32.1-27 of the Code of Virginia and denial, suspension, or revocation of the facility’s license in accordance with 12VAC5-412-130.

12VAC5-412-110. Plan of correction.

A. Upon receipt of a written licensing report, each abortion facility shall prepare a written plan of correction addressing each licensing violation cited at the time of inspection.

B. The administrator shall submit, within 15 working days of receipt of the inspection report, an acceptable plan of correction as determined by the OLC. The plan of correction shall contain for each violation cited:

1. A description of the corrective action or actions to be taken and the personnel to implement the corrective action;
2. The expected correction date, not to exceed 30 working days from the exit date of the survey;
3. A description of the measures implemented to prevent a recurrence of the violation; and
4. The signature of the person responsible for the validity of the report.

C. The administrator shall be notified whenever any item in the plan of correction is determined to be unacceptable. Failure to submit an acceptable plan of correction may result in a penalty in accordance with § 32.1-27 of the Code of Virginia or in denial, revocation, or suspension of a license in accordance with 12VAC5-412-130.

D. The administrator shall be responsible for assuring the plan of correction is implemented and monitored so that compliance is maintained.

12VAC5-412-120. OLC complaint investigations.

A. The OLC shall investigate any complaints regarding alleged violations of this chapter and applicable law. When the investigation is complete, the abortion facility and the complainant, if known, will be notified of the findings of the investigation.

B. As required by the OLC, the administrator shall submit a plan of correction for any deficiencies found during a complaint investigation in accordance with 12VAC5-412-110 and shall be responsible for assuring the plan of correction is implemented and monitored so that compliance is maintained.

12VAC5-412-130. Violation of this chapter or applicable law; denial, revocation, or suspension of license.

A. When the department determines that an abortion facility is (i) in violation of any provision of Article 1 (§ 32.1-123 et seq.) of Chapter 5 of Title 32.1 of the Code of Virginia or of any applicable regulation, or (ii) is permitting, aiding, or abetting the commission of any illegal act in the abortion facility, the department may deny, suspend, or revoke the license to operate an abortion facility in accordance with § 32.1-135 of the Code of Virginia.

Emergency Regulation

Statutory Authority: § 37.2-203 of the Code of Virginia.

Agency Contact: Linda B. Grasewicz, Senior Planner, Department of Behavioral Health and Developmental Services, Jefferson Building, 1220 Bank Street, 12th Floor, Richmond, VA 23219, telephone (804) 786-0040, FAX (804) 371-0092, or email lindagrasewicz@dbhds.virginia.gov.

Emergency Regulation

Chapter 3 of the 2012 Virginia Acts of Assembly (Budget Bill Item 315 V.3) requires the Department of Behavioral Health and Developmental Services to promulgate regulations to establish an Individual and Family Support Program. The legislation states that the department shall promulgate such regulations within 280 days or less from the enactment date of the act. The enactment date was June 11, 2012. Therefore, this is an "emergency situation" according to § 2.2-4011 of the Administrative Process Act.

The proposed emergency regulations will establish an Individual and Family Support Program (IFSP) for individuals with ID/DD who are on the waiting list for either an ID or a DD waiver. This program is required by the DOJ settlement agreement, which also stipulates that this program will be operational before the end of FY 13.

This emergency regulation establishes a support program for individuals who are living in their own homes or a family home and are on the statewide waiting list for Intellectual Disability (ID) Medicaid Waiver or the Individual and Family Developmental Disabilities Services (IFDDS) Medicaid Waiver and the family members who are supporting these individuals. Establishment of this program is required by a recent agreement signed between the Commonwealth and the Department of Justice. This
"Intellectual disability" or "ID" means a disability, expressed in conceptual, social, and practical adaptive skills, (§ 37.2-100 of the Code of Virginia)

A. The Individual and Family Support Program assists individuals with intellectual disability (ID) or developmental disabilities (DD) and their family members to access needed person-centered and family-centered resources, supports, services and other assistance as approved by the department. As such, Individual and Family Support Program funds shall be distributed directly to the requesting individual or family member or a third party designated by the individual or family member.

B. The overall objective of the Individual and Family Support Program is to support the continued residence of an individual with intellectual or developmental disabilities in his own home or the family home, which include the home of a principal caregiver.

C. Individual and Family Support Program funds shall not supplant or in any way limit the availability of services provided through a Medicaid Home and Community-Based Waiver, Early and Periodic Screening, Diagnosis and Treatment, or similar programs.

12VAC35-230-30. Program eligibility requirements.

Eligibility for Individual and Family Support Program funds shall be limited to individuals who are living in their own or a family home and are on the statewide waiting list for the Intellectual Disability (ID) Medicaid Waiver or the Individual and Family Developmental Disabilities Services (IFFDS) Medicaid Waiver and family members that are assisting those individuals.

A. Individual and Family Support Program funds shall be limited by the amount of funds allocated to the program by the General Assembly. Department approval of funding requests shall not exceed the funding available for the fiscal year.

B. Based on funding availability, the department shall establish an annual individual financial support limit, which is the maximum annual amount of funding that can be provided to support an eligible individual during the applicable fiscal year.

C. Individual and Family Support Program funds may be provided to individuals or family members in varying amounts, as requested and approved by the department, up to the established annual individual financial support limit.

D. On an annual basis, the department shall announce Individual and Family Support Program total funding availability and the annual individual financial support limit for the applicable fiscal year. This announcement shall include a summary of covered services, the application, and the application review criteria.
E. Individuals and family members may submit applications for Individual and Family Support Program funding as needs arise throughout the year. Applications shall be considered by the department on a first-come, first-serve basis until the annual allocation appropriated to the program by the General Assembly for the applicable fiscal year has been expended.

F. Individuals and their family members may apply for Individual and Family Support Program funding each year and may submit more than one application in a single year; however, the total amount approved during the year shall not exceed the annual individual financial support limit.

12VAC35-230-50. Covered services and supports.

Services and items funded through the Individual and Family Support Program are intended to support the continued residence of an individual in his own or the family home and may include:

   a. Agrees to provide the department with documentation to establish that the requested funds were used to purchase only approved services or items; and

C. The application shall be signed by the individual or family member requesting the funding.

12VAC35-230-70. Application review criteria.

Upon receipt of a completed application, the department shall:

D. Failure to use funds in accordance with the department's written notice or provide documentation that the funds were used to purchase only approved services or items may result in recovery of such by the department.

12VAC35-230-110. Termination of funding for services, supports, or other assistance.

Background:
The Division of Securities and Retail Franchising (division) is proposing changes to the securities regulations in Title 21 of the Virginia Administrative Code. As the division reviewed and revised portions of the regulations, regulatory changes at the federal level dealing with the regulation of investment advisors occurred. These changes required the division to review rules governing investment advisors under state jurisdiction, including custody rule as advised by the North American Securities Administration Associations, Inc. (NASSA) This change, along with other conforming changes to Chapter 80 (21VAC5-80) will allow Virginia to have regulations governing investment advisors that are the same as regulations in other states and ease compliance for the new investment advisors that resulted from the changes made to federal law. In conjunction with those changes, the division made other changes for clarity, made changes to names, cleaned up grammatical errors, and added necessary definitions, etc. Many of the amendments are not controversial or substantive.

Summary:
Proposed amendments delete the definition of and references to the National Association of Securities Dealers, Inc. (NASD) and substitute the new name Financial Industry Regulatory Authority, Inc. (FINRA). References to the Central Registration Depository (CRD) and Investment Advisor Registration Depository (IARD) were cross-referenced and made consistent. Proposed definitions are added to Chapter 10 (21VAC5-10) to provide clarification to terms used, including adding definitions for "qualified investment advisor representative" and "social media." For consistency purposes, proposed revisions to other rules are made to comport with the changes to 21VAC5-10.

Substantial changes are proposed to 21VAC5-20-260, 21VAC5-20-280, and 21VAC5-20-330, which regulate broker-dealer activity. Proposed amendments to 21VAC5-20-260 clean up the language that requires broker-dealers to annually inspect their Virginia offices and change the reference from "supervisor" to the more specific "principal." Comprehensive proposed amendments to 21VAC5-20-280 include:

1. 21VAC5-20-280 A 3, further defines the term "reasonable basis" for broker-dealers that make securities recommendations;
2. 21VAC5-20-280 A 10, revisions allow a broker-dealer to deliver a prospectus to an investor by electronic means if the investor opts into the broker-dealer's program for such delivery;
3. 21VAC5-20-280 A 15, proposes to combine provisions from former 21VAC5-20-280 E, as well as add other examples of known broker-dealer manipulative, deceptive, or fraudulent practices into one subdivision. By combining the provisions into one subdivision, broker-dealers will be able to review and revise their supervision and compliance procedures by referencing most applicable regulations by reviewing one subdivision;
4. 21VAC5-20-280 A 27 through A 40, revises and relocates provisions governing broker-dealer business conduct currently found in 21VAC5-20-280 E 6 and G;
5. 21VAC5-20-280 B 6, 7, and 8, conforms to the changes to 21VAC5-20-280 A, prohibit a broker-dealer agent from failing to comply with continuing education requirements, and prohibit broker-dealer agents from failing to properly identify the broker-dealer under which he is registered;
6. 21VAC5-20-280 C, moves language governing examination and qualifications requirements for broker-dealer agents to 21VAC5-20-150; and
7. 21VAC5-20-280 F is moved from 21VAC5-20-280 to a new section numbered 21VAC5-20-285. The provisions of 21VAC5-20-280 G are moved to 21VAC5-20-280 A 40. 21VAC5-20-280 H is already covered in the securities act and is proposed to be repealed. A new section numbered 21VAC5-20-285 is proposed. This is not new language. Provisions pertaining to the notice currently required to be provided by broker-dealers who offer and sell designated securities to their customers and is, therefore, not prohibited business conduct currently found in 21VAC5-20-280 F is moved to new section 21VAC5-20-285.

21VAC5-20-330 addresses the networking arrangements between broker-dealers and financial institutions. The proposed regulation addresses certain practices related to these networking arrangements, including:
1. Reviews of the provisions of the networking arrangement 90 days prior to implementation by division staff.
2. Proposed 21VAC5-20-330 C 1 c allows a financial institution affiliate to register with the commission as a broker-dealer, which in turn, will allow both the affiliate and the broker-dealer under this contractual arrangement to dually employ agents.
3. Proposed 21VAC5-20-330 C 7 adds additional prohibited conduct provisions for only those broker-dealers conducting business under these contractual relationships, including accepting compensation from financial institutions, identifying the appropriate affiliations to the public, failing to follow the contract terms, and using nonregistered employees of the financial institution or any affiliate of the financial institution.

Proposed amendment to 21VAC5-30-80 adds the NASAA Church Extension Fund Securities guidelines to the list of adopted NASAA statements of policy.

Chapter 20 contains the Rules that apply to the regulation of broker-dealers as defined in § 13.1-504 of the Act. Many of the proposed changes to this chapter address gaps in regulation, as well as codify known Division administrative practices in order to provide full and adequate notice of said practices to broker-dealers. As described above, several Rule sections under Chapter 20 have proposed changes that will be consistent with the revisions to Chapter 10, such as references to FINRA, CRD, and IARD.

Substantial changes are proposed to Sections 260, 280 and 330, which contain regulations regarding broker-dealer activity. The Division proposes to revise these three sections to conform the regulation with known broker-dealer industry practices in the areas of supervisory procedures, annual Virginia office inspections, broker-dealer and broker-dealer agent business conduct, and offers and sales of securities by broker-dealers through financial institutions under certain contractual arrangements. To highlight the proposed changes, the Division has revised and amended the following sections:

Section 260 Supervision.

The proposed changes address the lack of clarity in some of the current language. In addition, the Division proposes to replace the generic term "supervisor" with the more specific term "principal" to ensure that broker-dealer firms use appropriately trained professionals to supervise their agents. A definition for "principal" is proposed.

Section 280 Prohibited Business Conduct.

The Division proposes to revise a number of subsections governing broker-dealer and agent business conduct. After reviewing other state and federal regulations governing broker-dealer business conduct, each provision under this section was reviewed and revised to add clarity, consistency, and conformity with current broker-dealer practices. Major proposed revisions include:

Subdivision A 3. Language is proposed to further define the term "reasonable basis" for broker-dealers who make securities recommendations.

Subdivision A 10. Proposed revisions to this section would allow a broker-dealer to deliver a prospectus to an investor by electronic means if the investor opts into the broker-dealer's program for such delivery.

Subdivision A 15. This section proposes to combine provisions from former subsection E, as well as add other examples of known broker-dealer manipulative, deceptive, or fraudulent practices into one subdivision. By combining the
provisions into one subdivision, broker-dealers would be able to review and revise their supervision and compliance procedures by referencing most applicable regulations by reviewing one subdivision.

Subdivision A 27-40. These proposed new regulations also govern broker-dealer business conduct. Several of the proposed sections are revised provisions previously found in current subsections E 6 and G. Each additional proposed provision originated from other regulatory agencies and was reviewed and vetted by the Staff based upon its experience with broker-dealer audits and investigations.

Subdivision B 6, 7 and 8. This subdivision governs conduct by broker-dealer agents. The changes are proposed to conform to the changes to Subsection 280 A. Proposed subdivision 7 prohibits a broker-dealer agent from failing to comply with continuing education requirements. Proposed subdivision 8 prohibits broker-dealer agents from failing to properly identify the broker-dealer under which he or she is registered.

Subsection C. The current subsection is proposed to be deleted and moved to Rule 21 VAC 5-20-150. That section governs examination and qualification requirements for broker-dealer agents, and the Division felt it was more appropriate to associate with that section of the regulations. Former subsection D becomes the new subsection C.

Subsection D. Former subsection E was repealed and the provisions were moved to subdivision A 15, as described above.

Subsection F. Former subsection F, as proposed, is removed from Section 280 and is renumbered as Rule 21 VAC 5-20-285.

Subsections G and H. As previously stated, the provisions of subsection G are proposed to be moved to subdivision A 40. Subsection H already is covered in the Act and is proposed for repeal.

Section 285. Customer Notice for Designated Securities. This is not new language. The proposed change moves the language from subsection 280 F to the proposed new section 285. This notice is currently required to be provided by broker-dealers who offer and sell designated securities to their customers and therefore is not prohibited business conduct.

Section 330. Sales at Financial Institutions. This regulation governs the offer and sale of securities at financial institutions. The proposed changes address current practices in which contractual arrangements exist between financial institutions (and their affiliates) and broker-dealers. The proposed amendments include a requirement that the proposed arrangement between the respective institutions be filed with the Division 90 days prior to the implementation of the agreement. Additional proposed changes define the regulatory duties under the securities act for each institution.

Proposed subsection C 1 c allows a financial institution affiliate to register with the Commission as a broker-dealer, which, in turn, will allow both the affiliate and the broker-dealer under this contractual arrangement to dually employ agents. This proposal is an exception to the prohibition against dual agent registration.

Proposed subsection C 7 adds additional prohibited conduct provisions only for those broker-dealers conducting business under these contractual relationships, including accepting compensation from financial institutions, identifying the appropriate affiliations to the public, failing to follow the contract terms, and using non-registered employees of the financial institution or any affiliate of the financial institution.

Proposed Revisions to Chapter 30. Securities Registration. The Division proposes to amend section 80 to add the North American Securities Administrators Association, Inc.'s ("NASAA") Church Extension Fund Securities guidelines to the list of adopted statements of policy.

Proposed Revisions to Chapter 40. Exempt Securities and Federal Covered Securities. Since the implementation of the National Securities Markets Improvement Act of 1996 ("NSMIA") preempted the registration requirements of a number of nationally registered securities, including those listed on certain national securities exchanges, the Division proposes to repeal several sections governing these entities from the regulations governing exempt securities. Sections 40, 60, 80, 90 are proposed for repeal. However, because certain options, warrants and rights to purchase the listed securities were not included when NSMIA was adopted, and are currently exempted by the regulations being repealed, new Rule 21 VAC 5-40-180 is proposed to preserve the exemption for the non-preempted securities listed on these exchanges.

Proposed Revisions to Chapter 80. Investment Advisors. Many of the proposed revisions are minor, as described in the opening portion of this Order. There are proposed minor revisions in sections 190 and 200. More major proposed revisions are as follows:

Section 145. Custody Rule. The Division proposes to repeal the current investment advisor custody rule, section 145, and replace it with the NASAA model custody rule, which will be number 146. This will allow investment advisors who are registered in multiple jurisdictions to be governed by a uniform rule.

Section 160. Recordkeeping requirements of investment advisors. The Division proposes adding several new provisions to the investment advisor recordkeeping requirements to conform them to the proposed new custody rule in proposed section 146.

Section 170. Supervision of investment advisor representatives. The Division's proposed changes revise this
section to clarify that investment advisors are required to conduct an annual physical inspection of all business offices.

The Division recommends that the proposed revisions be considered for adoption. The Division also recommends that a hearing be held only if requested by those interested parties who specifically indicate that a hearing is necessary and the reasons therefore.

A copy of the proposed revisions may be obtained from the Division by interested parties by telephone, mail, or e-mail request and also can be found at the Division's website: www.scc.virginia.gov/srf. Any comments to the proposed rules must be received by March 1, 2013.

Accordingly, IT IS THEREFORE ORDERED THAT:

(1) The proposed revisions are appended hereto and made a part of the record herein.

(2) Comments or requests for hearing on the proposed revisions must be submitted in writing to Joel H. Peck, Clerk, State Corporation Commission, c/o Document Control Center, P.O. F. Every broker-dealer shall no less often than annually conduct a physical inspection of each business office of the broker-dealer to ensure (i) the agent or agents at the respective business office have not violated any statutory provisions of the Act or regulations promulgated by the commission and (ii) the written procedures and compliance requirements of the broker-dealer are enforced.

21VAC5-20-280. Prohibited business conduct.

A. Every broker-dealer and agent registered or required to be registered pursuant to § 13.1-505 of the Act is required to observe high standards of commercial honor and just and equitable principles of trade in the conduct of his business. The acts and practices described below in this rule, among others, are considered contrary to such standards and may constitute grounds for denial, suspension, or revocation of registration or such other action authorized by the Act. The conduct set forth in subsections A through C of this section is not exhaustive. No broker-dealer who is registered or required to be registered shall:

1. Engage in a pattern of unreasonable and unjustifiable delays in the delivery of securities purchased by any of its customers or in the payment upon request of free credit balances reflecting completed transactions of any of its customers, or take any action that directly or indirectly interferes with a customer's ability to transfer his account; provided that the account is not subject to any lien for moneys owed by the customer or other bona fide claim, including, but not limited to, seeking a judicial order or decree that would bar or restrict the submission, delivery or
acceptance of a written request from a customer to transfer his account;  
2. Induce trading in a customer's account which is excessive in size or frequency in view of the financial resources and character of the account;  
3. Recommend to a customer the purchase, sale or exchange of any security without reasonable grounds to believe that the recommendation is suitable for the customer based upon reasonable inquiry concerning the customer's investment objectives, financial situation, risk tolerance and needs, and any other relevant information known by the broker-dealer. The reasonable basis to recommend any such transaction to a customer shall be based upon the risks associated with a particular security, and the information obtained through the diligence and inquiry of the broker-dealer to ascertain the customer's investment profile. A customer's investment profile includes, but is not limited to, the customer's investment objectives, financial situation, risk tolerance and needs, tax status, age, other investments, investment experience, investment time horizon, liquidity needs, and any other relevant information known by the broker-dealer or of which the broker-dealer is otherwise made aware in connection with such recommendation;

5. Exercise any discretionary power in effecting a transaction for a customer's account without first obtaining written discretionary authority from the customer, unless the discretionary power relates solely to the time or price for the execution of orders;  
6. Execute any transaction in a margin account without securing from the customer a properly executed written margin agreement promptly after the initial transaction in the account, or fail, prior to or at the opening of a margin account, to disclose to a noninstitutional customer the operation of a margin account and the risks associated with trading on margin at least as comprehensively as required by NASD FINRA Rule 2341 2264;  
7. Fail to segregate customers' free securities or securities held in safekeeping;  
8. Hypothecate a customer's securities without having a lien thereon unless the broker-dealer secures from the customer a properly executed written consent promptly after the initial transaction, except as permitted by Rules of the SEC;  
9. Enter into a transaction with or for a customer at a price not reasonably related to the current market price of a security or receiving an unreasonable commission or profit;  
10. Fail to furnish to a customer purchasing securities in an offering, no later than the date of confirmation of the transaction, either a final prospectus or a preliminary prospectus and an additional document, which together include all information set forth in the final prospectus by the following means: (i) hard copy prospectus delivery or (ii) electronic prospectus delivery.  
When a broker-dealer delivers a prospectus electronically, it must first allow its clients to affirmatively opt-in to the program. The acknowledgement of the opt-in may be by any written or electronic means, but the broker-dealer is required to acknowledge the opt-in. For any client that chooses not to opt-in to electronic delivery, the broker-dealer shall continue to deliver to the client a hard copy of the prospectus;  
11. Introduce customer transactions on a "fully disclosed" basis to another broker-dealer that is not exempt under § 13.1-514 B 6 of the Act;

   b. Charge a fee based on the activity, value or contents (or lack thereof) of a customer account unless written disclosure pertaining to the fee, which shall include information about the amount of the fee, how imposition of the fee can be avoided and any consequence of late payment or nonpayment of the fee, was provided no later than the date the account was established or, with respect to an existing account, at least 60 days prior to the effective date of the fee;  
13. Offer to buy from or sell to any person any security at a stated price unless the broker-dealer is prepared to purchase or sell at the price and under such conditions as are stated at the time of the offer to buy or sell;  
14. Represent that a security is being offered to a customer "at a market" or a price relevant to the market price unless the broker-dealer knows or has reasonable grounds to believe that a market for the security exists other than that made, created or controlled by the broker-dealer, or by any person for whom he is acting or with whom he is associated in the distribution, or any person controlled by, controlling or under common control with the broker-dealer;  
15. Effect any transaction in or Offer, induce the purchase or sale of, or effect any transaction in, any security by means of any manipulative, deceptive or fraudulent device, practice, plan, program, design or contrivance, which may include but not be limited to:  
   a. Effecting any transaction in a security which involves no change in the beneficial ownership thereof;
b. Entering an order or orders for the purchase or sale of any security with the knowledge that an order or orders of substantially the same size, at substantially the same time and substantially the same price, for the sale of any security, has been or will be entered by or for the same or different parties for the purpose of creating a false or misleading appearance of active trading in the security or a false or misleading appearance with respect to the market for the security; however, nothing in this subdivision shall prohibit a broker-dealer from entering bona fide agency cross transactions for its customers;

c. Effecting, alone or with one or more other persons, a series of transactions in any security creating actual or apparent active trading in the security or raising or depressing the price of the security, for the purpose of inducing the purchase or sale of the security by others;

d. Entering into a transaction with a customer in any security at an unreasonable price or at a price not reasonably related to the current market price of the security or receiving an unreasonable commission or profit;

g. Engaging in a pattern or practice of making contradictory recommendations to different investors of similar investment objective for some to sell and others to purchase the same security, at or about the same time, when not justified by the particular circumstances of each investor;

h. Failing to make a bona fide public offering of all the securities allotted to a broker-dealer for distribution by, among other things, (i) transferring securities to a customer, another broker-dealer or a fictitious account with the understanding that those securities will be returned to the broker-dealer or its nominees or (ii) parking or withholding securities;

i. Effecting any transaction in or inducing the purchase or sale of any security by means of any manipulative, deceptive, or other fraudulent device or contrivance including but not limited to the use of boiler room tactics or use of fictitious or nominee accounts;

(2) Failing to include with the confirmation, the notice disclosure contained under 21VAC5-20-285, except the following shall be exempt from this requirement:

(a) Transactions in which the price of the designated security is $5.00 or more, exclusive of costs or charges; however, if the designated security is a unit composed of one or more securities, the unit price divided by the number of components of the unit other than warrants, options, rights, or similar securities must be $5.00 or more, and any component of the unit that is a warrant, option, right, or similar securities, or a convertible security must have an exercise price or conversion price of $5.00 or more;

(b) Transactions that are not recommended by the broker-dealer or agent;

(c) Transactions by a broker-dealer: (i) whose commissions, commission equivalents, and mark-ups from transactions in designated securities during each of the preceding three months, and during 11 or more of the preceding 12 months, did not exceed 5.0% of its total commissions, commission-equivalents, and mark-ups from transactions in designated securities during each of the preceding 12 months; and

(d) Any transaction or transactions that, upon prior written request or upon its own motion, the commission conditionally or unconditionally exempts as not encompassed within the purposes of this section;

(3) For purposes of this section, the term "designated security" means any equity security other than a security:

17. Publish or circulate, or cause to be published or circulated, any notice, circular, advertisement, newspaper article, investment service, or communication of any kind which purports to report any transaction as a purchase or sale of any security unless the broker-dealer believes that the transaction was a bona fide purchase or sale of the security; or which purports to quote the bid price or asked price for any security, unless the broker-dealer believes that the quotation represents a bona fide bid for, or offer of, the security;

18. Use any advertising or sales presentation in such a fashion as to be deceptive or misleading. An example of such practice would be a distribution of any nonfactual data, material or presentation based on conjecture, unfounded or unrealistic claims or assertions in any brochure, flyer, or display by words, pictures, graphs or otherwise designed to supplement, detract from, supersede or defeat the purpose or effect of any prospectus or disclosure;

19. Fail to make reasonably available upon request to any person expressing an interest in a solicited transaction in a security, not listed on a registered securities exchange or quoted on an automated quotation system operated by a national securities association approved by regulation of the commission, a balance sheet of the issuer as of a date within 18 months of the offer or sale of the issuer's securities and a profit and loss statement for either the fiscal year preceding that date or the most recent year of operations, the names of the issuer's proprietor, partners or officers, the nature of the enterprises of the issuer and any available information reasonably necessary for evaluating the desirability or lack of desirability of investing in the securities of an issuer. All transactions in securities described in this subdivision shall comply with the provisions of § 13.1-507 of the Act;

20. Fail to disclose that the broker-dealer is controlled by, controlling, affiliated with or under common control with the issuer of any security before entering into any contract with or for a customer for the purchase or sale of the security, the existence of control to the customer, and if disclosure is not made in writing, it shall be supplemented by the giving or sending of written disclosure at or before the completion of the transaction;

D. C. No person shall publish, give publicity to, or circulate any notice, circular, advertisement, newspaper article, letter, investment service or communication which, though not purporting to offer a security for sale, describes the security, for a consideration received or to be received, directly or indirectly, from an issuer, underwriter, or dealer, without fully disclosing the receipt, whether past or prospective, of such consideration and the amount thereof.

(5) Whose issuer has net tangible assets in excess of $4,000,000 as demonstrated by financial statements dated within no less than 15 months that the broker or dealer has reviewed and has a reasonable basis to believe are true and complete in relation to the date of the transaction with the person, and

F. Customer notice requirements follow:

IMPORTANT CUSTOMER NOTICE READ CAREFULLY

You have just entered into a solicited transaction involving a security which may not trade on an active national market. The following should help you understand this transaction and be better able to follow and protect your investment.

Q. What is meant by the BID and ASK price and the spread?

A. The BID is the price at which you could sell your securities at this time. The ASK is the price at which you bought. Both are noted on your confirmation. The difference between these prices is the “spread,” which is also noted on the confirmation, in both a dollar amount and a percentage relative to the ASK price.

Q. How can I follow the price of my security?

A. For the most part, you are dependent on broker-dealers that trade in your security for all price information. You may be able to find a quote in the newspaper, but you should keep in mind that the quote you see will be for dealer-to-dealer transactions (essentially wholesale prices and will not necessarily be the prices at which you could buy or sell).

Q. How does the spread relate to my investments?

A. The spread represents the profit made by your broker-dealer and is the amount by which your investment must increase (the BID must rise) for you to break even. Generally, a greater spread indicates a higher risk.

Q. How do I compute the spread?

A. If you bought 100 shares at an ASK price of $1.00, you would pay $100 (100 shares X $1.00 = $100). If the BID price at the time you purchased your stock was $.50, you could sell the stock back to the broker-dealer for $50 (100 shares X $.50 = $50). In this example, if you sold at the BID price, you would suffer a loss of 50%.

Q. Can I sell at any time?

A. Maybe. Some securities are not easy to sell because there are few buyers, or because there are no broker-dealers who buy or sell them on a regular basis.

Q. Why did I receive this notice?

A. The laws of some states require your broker-dealer or sales agent to disclose the BID and ASK price on your confirmation and include this notice in some instances. If the BID and ASK were not explained to you at the time you discussed this investment with your broker, you may have further rights and remedies under both state and federal law.

Q. Where do I go if I have a problem?

A. The laws of some states require your broker-dealer or agent.
A. If you cannot work the problem out with your broker-dealer, you may contact the Virginia State Corporation Commission or the securities commissioner in the state in which you reside, the United States Securities and Exchange Commission, or the National Association of Securities Dealers, Inc.

G. No broker-dealer or agent shall engage in any conduct that constitutes a dishonest or unethical practice, including, but not limited to, forgery, embezzlement, nondisclosure, incomplete disclosure or misstatement of material facts, manipulative or deceptive practices, or fraudulent course of business.

H. No broker-dealer or agent shall engage in any conduct specified in subsection A, B, C, D, E, or G of this section which shall be grounds under the Act for imposition of a penalty, denial of a pending application, refusal to renew, revocation of an effective registration, or any other action the Act shall allow.

A. Broker-dealers that solicit the purchase and sale of designated securities shall provide the following notice to customers:

The written agreement must provide for the first examination to occur within six months of becoming subject to this subdivision, except that, if the investment advisor maintains client funds or securities pursuant to this section as a qualified custodian, the agreement must provide for the first examination to occur no later than six months after obtaining the internal control report. audited, and the audited financial statements are distributed, as described in subdivision 4 of this subsection and the investment advisor notifies the commission in writing that the investment advisor intends to provide audited financial statements as described above. Such notification is required to be provided on Form ADV.

3. Notwithstanding subdivision B 6 of this section, an investment advisor is not required to obtain an independent verification of client funds and securities maintained by a qualified custodian if all of the following are met:

STATE AIR POLLUTION CONTROL BOARD
State Implementation Plan Revision - 1997 Fine Particulate Matter National Ambient Air Quality Standards

Purpose of notice: The Department of Environmental Quality (DEQ) is seeking comments on the overall plan and on the issue of whether the plan enables the Northern Virginia PM$_{2.5}$ Nonattainment Area to maintain compliance with the 1997 PM$_{2.5}$ NAAQS until at least 2025.

Public hearing: A public hearing will be conducted at the Fairfax County Government Center, in conference room 2/3, at 7 p.m. on February 25, 2013. The Fairfax County Government Center is located at 12000 Government Center Parkway, Fairfax, VA 22035. A map and directions may be found at http://www.fairfaxcounty.gov/maps/county/government-center.htm.

Description of proposal: The proposal consists of the following:

1. Air quality maintenance plan in support of a concurrent request to redesignate the Northern Virginia PM$_{2.5}$ Nonattainment Area (Counties of Arlington, Fairfax, Loudoun, and Prince William; Cities of Alexandria, Fairfax, Falls Church, Manassas, and Manassas Park) to attainment: The purpose of the plan is to ensure that emissions of PM$_{2.5}$, sulfur dioxide (SO$_2$), and nitrogen oxides (NO$_x$) do not exceed the 2007 attainment year levels through 2025, enabling the area to continue meeting the 1997 NAAQS for PM$_{2.5}$. The plan contains control measures that are currently in place and will be continued in order to maintain the PM$_{2.5}$, SO$_2$, and NO$_x$ emissions at or below the 2007 levels. These measures include, but are not limited to, federal control programs for on-road and non-road engines as well as limitations on local power plants. The plan also contains a program of contingency measures to be implemented if the air quality monitoring stations in the area record a violation of the 1997 PM$_{2.5}$ NAAQS or if emissions in the area increase above the 2007 levels, as well as information concerning emissions estimates, growth assumptions, emission factors, and reduction assumptions.

2. Motor vehicle emissions budgets for the years 2007, 2017, and 2025: The purpose of the motor vehicle emissions budgets is to ensure that transportation emissions conform to the requirements of the proposed plan for maintaining compliance with the 1997 PM$_{2.5}$ NAAQS (transportation conformity).

The proposed PM$_{2.5}$ redesignation request and maintenance plan were prepared by the Metropolitan Washington Air Quality Committee (MWAQC), which consists of elected officials from the affected localities and representatives of state transportation and air quality planning agencies.

The maintenance plan, which contains the motor vehicle emissions budgets, will be submitted as a SIP revision in conjunction with a request to Environmental Protection Agency from the Commonwealth to redesignate the Northern Virginia PM$_{2.5}$ Nonattainment Area as attainment/maintenance. DEQ is accepting comments on both the redesignation request and maintenance plan, but the redesignation request will not be submitted as part of the SIP revision.

Federal information: This notice is being given to satisfy the public participation requirements of federal regulations (40 CFR 51.102). The proposed maintenance plan and supporting technical documents will be submitted as a revision to the Commonwealth of Virginia SIP under § 110(a) of the federal Clean Air Act in accordance with 40 CFR 51.104.

How to comment: DEQ accepts written comments by email, fax, and postal mail. In order to be considered, comments must include the full name, address, and telephone number of the person commenting and be received by DEQ no later than the last day of the comment period. Both oral and written comments are accepted at the public hearing. DEQ prefers that comments be provided in writing, along with any supporting documents or exhibits. Comments on the redesignation request and maintenance plan must be submitted to Doris A. McLeod at the address below.

To review the proposal: The proposal and any supporting documents are available on the DEQ Air Public Notices for Plans website at http://www.deq.state.va.us/Programs/Air/PublicNotices/airplansandprograms.aspx. The documents may also be obtained by contacting the DEQ representative named above.

Notice of Periodic Review

the Control and Abatement of Air Pollution, specifically, Article 28 (Emission Standards for Automobile and Light Duty Truck Coating Application Systems (Rule 4-28)) of 9VAC5-40, Existing Stationary Sources.

The purpose of the review is to determine whether the regulations should be terminated, amended, or retained in its current form. The review of the regulations will be guided by the principles listed in Executive Order Number Fourteen (2010) and § 2.2-4007.1 of the Code of Virginia. In addition, the department and the board are seeking public comment on ways to minimize the economic impact on small businesses in a manner consistent with the purpose of the regulations.

The regulation may be viewed on the DEQ air regulation webpage at http://www.deq.state.va.us/Programs/Air/LawsRegulations Guidance.aspx.

The purpose of the regulation is to control emissions from specific types of existing stationary sources to protect human health and the environment. How a decision is made: The development of a TMDL includes 2 sets of public meetings and comment periods; one to initiate the study and another to present the final draft TMDL report. This meeting is the first for the Pamunkey River and tributaries project. After the final public meeting and all public comments have been considered and addressed, DEQ will submit the TMDL report to the U.S. Environmental Protection Agency and the State Water Control Board for approval.

How to comment: DEQ accepts written comments by email, fax or postal mail. Written comments should include the name, address and telephone number of the person commenting and be received by DEQ during the comment period, which will begin on Friday, February 22, 2013, and end on Monday, March 25, 2013.
